INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Rolling Hills Preparatory School
Defined Contribution Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Rolling Hills Preparatory School Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2024 and 2023 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplementary Information Required by ERISA

The supplementary information listed in the table of contents as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 1 – Description of the Plan

The following description of the Rolling Hills Preparatory School Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Internal Revenue Code (IRC) Section 403(b) plan which covers substantially all full-time employees of Rolling Hills Preparatory School (the School), with the exception of certain excluded groups of employees as defined in the plan document. Employees become eligible to make contributions on the first of the month following the hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrative Committee is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Each year, participants may elect to make pre-tax contributions up to the maximum amount allowed by law. Additionally, participants may elect to make after-tax (Roth) contributions up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution and defined benefit plans (rollovers). Participants must be at least 21 years of age to receive the School's discretionary matching contributions. The School matches up to 5% of eligible compensation that a participant contributes to the Plan. During the year ended June 30, 2024, the School made contributions of \$191,354. Participants direct the investment of their contributions and the School's contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the School's discretionary matching contributions, and plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**ROLLING HILLS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 1 – Description of the Plan (Continued)

Vesting

Participants are vested immediately in their contributions and the School's discretionary matching contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate will vary, depending on how the retirement balance is invested, but will remain fixed for the duration of the loan. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits

On termination of service due to disability, retirement, death, or other severance of employment, a participant or beneficiary may elect to receive either (a) a lump-sum amount equal to the value of the vested interest in the participant's account, (b) partial payments, (c) installment payments over a period not to exceed the life expectancy of the participant or the joint and last survivor life expectancy of the participant and their designated beneficiary, or (d) apply the vested portion of their account toward the purchase of an annuity contract.

In-Service Withdrawals

Participants who are at least 59-½ years of age are entitled to receive a distribution of all or any portion of their vested account balance.

NOTE 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

**ROLLING HILLS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 2 – Summary of Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and insurance carriers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the School. Expenses that are paid by the School are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through April 8, 2025, the date the financial statements were available to be issued.

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 3 – Certified Investments

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), the insurance carriers of the Plan, have certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value and contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest, dividends, and other income
- Schedule of assets held at end of year

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**ROLLING HILLS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 4 – Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for identical or similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Pooled separate account: The pooled separate account consists of a real estate account (REA), which generally invests in real estate properties and real estate-related investments, and these are valued based on the investments held. The fund's value is principally derived from the market value of the underlying real estate or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA is generally priced using values obtained from independent pricing sources. Unit values are calculated daily.

NOTE 4 – Fair Value Measurements (Continued)

Non-benefit responsive annuity contracts: Valued at fair value which, the insurance carriers have concluded based on its assumptions and analysis, does not differ significantly from contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan’s contracts, less any withdrawals.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value measurements as of June 30, 2024 and 2023:

NOTE 5 – Annuity Contracts

Non-Benefit Responsive Contracts

The TIAA Traditional Annuity Non-Benefit Responsive and TIAA Traditional Annuity Non-Benefit Responsive 2 (collectively, TIAA Traditional) are fixed annuity contracts that are fully and unconditionally guaranteed by TIAA. At June 30, 2024 and 2023, TIAA Traditional contracts totaled \$614,967 and \$602,927, respectively.

During the accumulation phase, the TIAA Traditional contracts provide a guarantee of principal, a guaranteed minimum rate of interest, and the potential of additional interest if declared by TIAA. Additional interest is not guaranteed. When the accumulation in TIAA Traditional contracts is converted to an annuity based on life expectancy, the present value of the stream of payments is equal to the accumulation.

**ROLLING HILLS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 5 – Annuity Contracts (Continued)

Non-Benefit Responsive Contracts (Continued)

The TIAA Traditional contracts are reported at contract value, which approximates fair value. Contract value provides a good approximation of fair value because if an initial contribution for a TIAA participant is allocated to TIAA Traditional contracts, the account balances are equal to the amount of such contribution. When a participant dies or selects an income or lump-sum benefit, the transaction occurs at the accumulated balance. This would suggest that the value of an accumulation in a TIAA Traditional contract is equal to no more than the participant's fund balance.

The crediting rate is supported by the investment performance of a large, diversified portfolio, is correlated with the highest quality debt security yields, and is adjusted for contract liquidity.

Fully Benefit-Responsive Contracts

The Plan invests in fully benefit-responsive guaranteed investment contracts, TIAA Traditional Benefit-Responsive and TIAA Stable Value, with TIAA, a New York-domiciled non-profit legal reserve life insurance company. TIAA maintains the contributions in a general account. At June 30, 2024 and 2023, the fully benefit-responsive contracts totaled \$372,288 and \$405,372, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than three and one percent for TIAA Traditional Benefit-Responsive and TIAA Stable Value contracts, respectively. The crediting rate is reviewed on a semiannual basis for resetting, with an option for additional amounts as determined by the TIAA and CREF Board of Trustees. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**ROLLING HILLS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 5 – Annuity Contracts (Continued)

Fully Benefit-Responsive Contracts (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 – Plan Loans

Participants may borrow directly from funds owned by TIAA outside the Plan (plan loans). Plan loans are not included in the Plan's financial statements and interest is paid directly to TIAA. Plan loans are not assets of the Plan but are collateralized 110% by plan assets held in the TIAA Traditional Annuity contracts. At June 30, 2024, one outstanding plan loan totaled \$74 and bears interest at 5.28%. There were no defaulted plan loans as of June 30, 2024.

**ROLLING HILLS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 7 – Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by TIAA and CREF. TIAA and CREF are the insurance carriers for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, during the year ended June 30, 2024, the Plan made direct payments to the insurance carriers of \$8,586, which were not covered by revenue sharing.

TIAA provides certain administrative services to the Plan pursuant to the Record Keeping Services Agreement (the Agreement) between the School and TIAA. TIAA receives revenue from certain investment product service providers for services TIAA provides to the funds. This revenue is used to offset certain amounts owed to TIAA for its administrative services.

If the revenue received by TIAA from such investment product service providers exceeds the amount owed under the Agreement, TIAA remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay administrative expenses or allocated to the accounts of the participants. The Plan or plan sponsor may make a payment to TIAA for administrative expenses not covered by revenue sharing and fee leveling.

During the year ended June 30, 2024, excess revenue totaling \$5,136 was recognized as other income on the statement of changes in net assets available for benefits. Plan expenses of \$24,032 was paid to other service providers for the plan year ended June 30, 2024. The balance of the revenue credit account at June 30, 2024 and 2023 totaled \$12,728 and \$5,824, respectively. The School pays directly any other fees related to the Plan's operations.

NOTE 8 – Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**ROLLING HILLS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 9 – Tax Status

On August 7, 2017, the IRS stated that the volume submitter 403(b) plan adopted by the Plan, as then designed, qualifies under Section 403(b) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
