Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Holton-Arms School, Inc. Tax Deferred Savings & Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2024, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Holton-Arms School, Inc. Tax Deferred Savings & Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements referred to above of Holton-Arms School, Inc. Tax Deferred Savings & Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Holton-Arms School, Inc. Tax Deferred Savings & Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Holton-Arms School, Inc. Tax Deferred Savings & Retirement Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements referred to above.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Holton-Arms School, Inc. Tax Deferred Savings & Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Holton-Arms School, Inc. Tax Deferred Savings & Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Holton-Arms School, Inc. Tax Deferred Savings & Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Plan Administrator
Holton-Arms School, Inc.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Auditors' Report on the 2023 Financial Statements

Predecessor auditors were engaged to audit the 2023 financial statements of Holton-Arms School, Inc. Tax Deferred Savings & Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, Holton-Arms School, Inc. Tax Deferred Savings & Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, they were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

Holton-Arms School, Inc. Tax Deferred Savings & Retirement Plan has excluded from the 2023 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded from the 2023 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions were not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2023 financial statements. In the predecessor auditors report dated April 11, 2024, they indicated that because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2023 financial statements.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Holton-Arms School, Inc. Tax Deferred Savings & Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established by Holton-Arms School, Inc. (the School) effective January 1, 1961. The Plan covers substantially all employees of the School who, in accordance with universal availability requirements, work on average 20 hours or more per week. For all contributions other than participant elective deferrals, all employees are eligible to participate in the Plan unless the employee is under the age of 21, covered by any collective bargaining agreement, an independent contractor, a student or a substitute teacher. Participants may enter the Plan on the first day of the month coinciding with, or following, their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make voluntary pre-tax or Roth contributions to the Plan up to 100% of compensation, as defined by the Plan agreement, or as a flat dollar amount, not to exceed the maximum allowable contribution under the Internal Revenue Code (IRC), which totaled \$23,000 and \$22,500, respectively for the calendar years ended December 31, 2024 and 2023. Participants who have attained age 50 before the end of the Plan year may make additional contributions subject to limitations imposed by the IRC, which totaled \$7,500 for the calendar years ended December 31, 2024 and 2023. Participants with more than 15 years of service may also make a qualified organization catch-up deferral. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

At its discretion, the School may make matching contributions for eligible participants, based on years of service equal to a percentage of participants' elective deferrals. For the year ended June 30, 2024, matching contributions were equal to 100% of salary deferrals as follows:

Years of Service	Matching Percentage
Less than 15 years	5%
15 to 24 years	6%
25 or more years	7%

The School may also make an additional matching contribution to employees actively employed at June 30. For the year ended June 30, 2024, the School did not make any additional matching contributions.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

At its discretion, the School made a nonelective contribution equal to 3% of participants' eligible compensation for the year ended June 30, 2024. Participants need not contribute to the Plan to receive the nonelective contribution; however, must meet other eligibility requirements consistent with matching contributions. The School's matching nonelective contributions are calculated and contributed every payroll period over the course of the Plan year.

Participant Accounts

Accounts are participant-directed and are credited with participant and School contributions, an allocation of Plan earnings, and are charged any direct expenses related to the specific account. Allocations are based on participant account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held at Delaware Charter Guarantee & Trust Company dba: Principal Trust Company (Principal). Previously, participants could direct their contributions into any funds held by the Plan, which were held at Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA and CREF) and Corebridge Retirement Services representing The Variable Annuity Life Insurance Company (VALIC). Participants may continue to hold investments at TIAA and CREF and VALIC, but contributions are not permitted to these accounts. These funds include a variety of investment options with various objectives and degrees of financial risk.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon and any rollover contributions to the Plan. Participants hired before July 1, 2009 are immediately vested in School matching and nonelective contributions. Participants hired on or after July 1, 2009 vest in School matching and nonelective contributions based on years of service. For this purpose, a year of service is a 12-month period during which a participant is credited with at least 1,000 hours of service. Participants become fully vested upon completing two years of service. Participants are also fully vested upon reaching normal retirement age, death, or total disability.

Notes Receivable from Participants

Participants invested in Principal may borrow a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, without regard to the intended use of the funds. The minimum note amount is \$1,000 and a participant can have no more than one outstanding note at one time. Notes are collateralized by the participant's vested account balance. Note repayments are made through payroll deductions and bear interest at the prime rate, as stated in the Wall Street Journal at the time of note origination. Note terms range from one to five years. Participants are able to continue making loan payments after termination of employment.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Plan Loans

Prior to March 1, 2015, participants could borrow directly from TIAA (outside of the Plan) subject to certain limitations. Loans initiated prior to March 1, 2015 continue to be repaid per the original payment schedule, however, no new loans were allowed after that date. Applicants who received a loan from TIAA were required to pledge 110% of the loan amount in their TIAA Traditional Annuity account in the Plan for the period of time the loan is outstanding.

As of June 30, 2024, and 2023, the loan balances outstanding between TIAA and the Plan's participants, based on their accumulations in the TIAA Traditional Annuity account, totaled \$60,305 and \$58,893, respectively. Accordingly, as of June 30, 2024 and 2023, 110% of outstanding loans from TIAA, or \$66,334 and \$64,783, respectively, serves as collateral for the related loans in the TIAA Traditional Annuity account, which is included in investments on the accompanying statements of net assets available for benefits. During the year ended June 30, 2024, there were no TIAA Traditional Annuity accumulations used to satisfy plan loan defaults. However, there were loans in default of \$60,305 and \$57,376 as of June 30, 2024 and 2023, respectively. Loans in default represent situations where the participant has defaulted on the terms of the loan agreement but has not yet incurred a distributable event. Therefore, the investments securing these loans remain Plan assets until a distributable event occurs and TIAA may act on the collateral.

Policy Loans

Prior to March 1, 2015, policy loans were available through VALIC. Loans initiated prior to March 1, 2015 continue to be repaid per the original payment schedule, however, no new loans are allowed after this date. Participants who received a loan from VALIC were required to pledge 100% of the loan amount in their overall account balance. As of June 30, 2024 and 2023, the loan balances outstanding between VALIC and the Plan's participants totaled \$23,819 and \$22,824, respectively. Accordingly, as of June 30, 2024 and 2023, 100% of outstanding loans from VALIC, served as collateral for the related loans, which is included in investments on the accompanying statements of net assets available for benefits. There were no policy loan defaults during the year ended June 30, 2024. However, there were loans in default of \$12,967 as of June 30, 2024 and 2023.

Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid by lump sum, installments over a number of years, or purchase of an annuity, based upon election of the participant as defined in the Plan or the IRC.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59½. In addition, upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits (Continued)

Upon termination of service, participants with vested account balances of less than \$5,000 will be subject to mandatory distributions without consent. Distributions from the Plan are payable in the form of a lump sum, installment payments, or an annuity, equal to the value of the participant's vested account, as defined by the Plan.

Forfeitures

Forfeitures of discretionary contributions are used to pay Plan expenses and reduce the School's future contributions. Forfeited nonvested discretionary contribution accounts totaled \$-0- and \$6,776 on June 30, 2024, and 2023, respectively. During the year ended June 30, 2024, the Company used \$3,441 of forfeited nonvested discretionary accounts to pay Plan expenses, and \$3,369 to reduce the School's contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution retirement plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain individual contracts included in the Plan's investment in the TIAA Traditional Annuity, Corebridge Fixed Accounts and Principal Fixed Income account are considered to be fully benefit-responsive.

Historical Plan Administration

The Plan was historically viewed as an amalgamation of individual annuity and custodial accounts, and the Plan administrator and its service providers did not maintain financial information at a plan level. Because historical records were not maintained or are not available at a plan level, the Plan may have excluded from the accompanying statements of net assets available for benefits certain annuity and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009. In recognition of these recordkeeping matters, the Department of Labor (DOL) released Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (FAB 2009-2), as transitional relief, to address situations where a plan's management is not able to obtain historical records. If FAB 2009-02 is implemented, the DOL has indicated that they will not reject Form 5500 where contracts are excluded as long as certain conditions were met. Further, FAB 2009-02 suggests that plan administrators make good faith efforts to include known contracts. While the Plan administrator has, in good faith, included all known contracts, because of certain incomplete records, there is uncertainty that all contracts have been included. However, the Plan administrator believes that excluded annuities or custodial accounts, if any, would meet the conditions of FAB 2009-02.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the School. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Reclassification

Certain reclassifications have been made to the 2023 financial statements to conform to the 2024 financial statement presentation. These reclassifications do not affect net assets available for benefits as previously reported.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

Subsequent events were evaluated through April 2, 2025, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATIONS FROM QUALIFIED INSTITUTIONS

Information presented in the accompanying statements and schedule as June 30, 2024 and 2023, and for the year ended June 30, 2024 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived from information certified to be complete and accurate by Delaware Charter Guarantee & Trust Company, dba: Principal Trust Company and Principal Life Insurance Company, the custodian and trustee of the Plan, Teachers Insurance and Annuity Association and College Retirement Equities Fund and Corebridge Retirement Services representing The Variable Annuity Life Insurance Company, the insurance carriers of the Plan, as permitted by the election made by the Plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

HOLTON-ARMS SCHOOL, INC. TAX DEFERRED SAVINGS & RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value.

Fixed Annuity Contracts – Following guidance provided by TIAA and CREF, management has determined that contract value approximates fair value for its fixed annuity contracts that are not fully benefit-responsive. Contract value represents the accumulation of contributions made under the contract, plus guaranteed and additional interest, less funds used to pay benefits and administrative expenses of the contract.

The conclusion that contract value approximates fair value for the TIAA Traditional Annuity is supported by two approaches: 1) the theoretical transfer of assets owned by a pension plan, and 2) a quantitative model based on assumptions of future interest rates and related discounted cash flows.

Differences in the credit spreads from corporate bonds are assumed to represent the overall illiquidity of the TIAA Traditional Annuity and those associated U.S. Treasury yields represent a credit spread for a highly rated insurance company. Thus, the interest rate used to discount future cash flows under a TIAA Traditional Annuity contract would approximate the contract's crediting rate and the present value would, therefore, approximate current contract value.

Because participants transact at contract value, the fair value approaches and assumptions related to the TIAA Traditional Annuity are only reviewed annually for financial reporting purposes.

Mutual Funds – Mutual funds are valued at the quoted price of shares held by the Plan at year-end.

Variable Annuities – Variable annuities are stated at their net asset value as reported by independent pricing sources based on the fair value of the underlying assets and liabilities at the measurement date. The net asset value is used as a practical expedient to estimate fair value.

Pooled Separate Accounts – Pooled separate accounts are stated at their net asset value as reported by the investment manager of the fund based on the fair value of the underlying assets and liabilities at the measurement date. The net asset value is used as a practical expedient to estimate fair value.

There have been no changes in the methodologies used at June 30, 2024 and 2023.

HOLTON-ARMS SCHOOL, INC. TAX DEFERRED SAVINGS & RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023:

	2024				Total

a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

There were no transfers between levels of investments during the year ended June 30, 2024.

Investments in pooled separate accounts and variable annuities provide for daily liquidity and have no redemption features or other restrictions.

NOTE 5 FIXED ANNUITY CONTRACTS

TIAA

The TIAA Traditional Annuity consists of guaranteed fixed annuity contracts that, during the accumulation phase, provide a guarantee of principal, a guaranteed minimum interest rate, and the potential for additional discretionary interest if declared by TIAA. Additionally, the discretionary rate applied to contributions received during a reporting period may differ from the discretionary rate applied to account balances at the end of the prior reporting period. Such contracts may be converted to an annuity based on the accumulation in the account. Participants who elect to direct their contributions to this account enter into individual contracts with TIAA that provide various options.

HOLTON-ARMS SCHOOL, INC. TAX DEFERRED SAVINGS & RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

NOTE 5 FIXED ANNUITY CONTRACTS (CONTINUED)

TIAA (Continued)

As a result, the TIAA Traditional Annuity consists of certain individual participant contracts that are considered to be fully benefit-responsive and others that are not considered to be fully benefit-responsive because provisions in the contract contain liquidity restrictions that can limit the participant's ability to make withdrawals from the contract. The portion of the TIAA Traditional Annuity that is fully benefit-responsive is presented on the face of the statements of net assets available for benefits at contract value. The portion of the TIAA Traditional Annuity that is not considered to be fully benefit-responsive is presented on the face of the statements of net assets available for benefits at fair value, which management has determined to approximate contract value.

As of June 30, the portions of the TIAA Traditional Annuity that were fully benefit-responsive and nonbenefit-responsive were as follows:

	<u>2024</u>	<u>2023</u>
Fully Benefit-Responsive	\$ 720,468	\$ 1,091,808
Nonbenefit-Responsive	10,271,483	10,823,062
Total	<u>\$ 10,991,951</u>	<u>\$ 11,914,870</u>

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on an annual basis for resetting.

Principal

The Plan entered into a benefit-responsive investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Principal is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at June 30, 2024 and 2023 was \$693,192 and \$982,280, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

NOTE 5 FIXED ANNUITY CONTRACTS (CONTINUED)

Principal (Continued)

Certain events limit the ability of the Plan to transact at contract value with Principal. Such events include the following: 1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal, TIAA and CREF, and VALIC. Principal, TIAA and CREF, and VALIC is a custodian or trustee defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Other parties-in-interest include recordkeepers and professional service firms who provide services to the Plan. Administrative expenses paid by the Plan to parties-in-interest totaled \$57,367 for the year ended June 30, 2024. Certain employees of the School who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE 7 INCOME TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2017 received from the Internal Revenue Service (IRS) on the prototype plan indicating that the Plan is qualified under Section 403(b) of the IRC and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
