## REPORT OF INDEPENDENT AUDITORS

Board of Trustees  
Strategic Insurance Trust Health Plan  
New Albany, Indiana

### Opinion

We have audited the financial statements of Strategic Insurance Trust Health Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (cash basis) as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits (cash basis) for the year ended June 30, 2024 and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (cash basis) of the Plan as of June 30, 2024 and 2023, and the changes in its net assets available for benefits (cash basis) for the year ended June 30, 2024 in accordance with the cash basis of accounting described in Note 1.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Basis of Accounting

We draw attention to Note 1 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Board of Trustees  
Strategic Insurance Trust Health Plan  
New Albany, Indiana

Other Matter—Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule (cash basis) of assets held at the end of year is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule (cash basis), we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule (cash basis) is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

---

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND DESCRIPTION OF THE TRUST

The following description of the Strategic Insurance Trust Health Plan (the Plan) provides only general information. Participants should refer to their individual employers and their associated benefit agreements for a complete description of the provision of benefits provided.

Strategic Insurance Trust (the Trust) is the sponsor of the Plan. Originally, six entities, Blue River Services, Inc., Carey Services, Inc., LIFEDesigns, Inc. New Horizons Rehabilitation, Inc., Rauch, Inc., and RBR Alliance, Inc. (collectively referred to as "Trust Members") combined their health and welfare benefit plans and originally formed the Trust as a multiple employer welfare arrangement (MEWA) established to provide health coverage to eligible employees, spouses and their dependents of the Trust Members. As a MEWA, the reporting requirements for the health and welfare benefits were the responsibility of the individual Trust Members and not the Trust itself. Effective January 1, 2018, the Trust was granted status as a voluntary employee benefit association (VEBA). As a VEBA, the Trust sponsors the Plan and includes the combined activity of all Trust Members. Effective July 1, 2023, LIFEDesigns, Inc. left the Trust.

The Plan was fully insured through Anthem (the Insurer) for 2024. The Plan provides health and welfare benefits to the eligible employees, spouses and their dependents of the Trust Members. Contributions from both the employer and employees of the Trust Members are distributed to the Plan on a regular basis. The Plan then remits the distributions to the Insurer on behalf of the Trust Members to cover the required health insurance premiums. The health insurance agreements are fully funded meaning the Trust Members and the Plan are responsible only for the required premiums and the Insurer bear the cost of providing health coverage.

Significant accounting policies and provisions followed by the Plan are summarized below:

#### Basis of Accounting

The financial statements of the Plan are prepared on the cash basis of accounting. This method, permitted under the Department of Labor (DOL) Rules and Regulations, records additions including contributions and interest when received rather than when earned and deductions including distributions and administrative expenses when paid rather than when incurred.

#### Use of Estimates

The preparation of financial statements in conformity with the cash basis of accounting requires the Plan to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### Certificates of Deposit

Certificates of deposit were held with a local financial institution and generally ranged in maturity from six to twelve months. Certificates of deposit were recorded at contract value in the financial statements.

# STRATEGIC INSURANCE TRUST HEALTH PLAN

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

---

### Valuation of Investments

Investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when received. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Contributions

The Plan agreement provides that the Trust Members shall fund the Plan to the extent necessary to provide eligible employees with medical benefits eligible under the Plan. Eligible employees are required to make contributions based on their premium status and coverage elections.

### Benefits

The Plan provides medical benefits to eligible participants and their dependents. Participants must have 60 days of employment service with at least 30 hours per week to be able to participate in the benefits. Participants can elect individual or family coverage.

### Expenses of the Plan

Expenses of the Plan, including disbursements to providers and administrative expenses, are paid by the Plan as incurred.

### Federal Income Tax Status

In 2018, the Plan was granted tax exempt status under section 501(c)(9) of the Internal Revenue Code (IRC). The exemption is on all income except unrelated business income as noted under Section 511 of the IRC which is an unrelated trade or business of an exempt organization as any trade or business which is not substantially related to the exercise or performance of its exempt purpose. The Plan files Federal Form 990 – Return of Organization Exempt from Income Tax, which is an informational return only.

Accounting principles generally accepted in the United States of America require the management of the Plan to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2024 and , there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan has filed its tax returns for periods through June 30, 2023. These income tax returns are generally open to examination by the relevant taxing authorities for a period of three years from the later of the date the return was filed or its due date (including approved extensions).

### Plan Termination

Although the Plan has not expressed intent to discontinue the Plan, it may do so at any time upon resolution by the Board of Directors. In the event the Plan terminates the Plan, the Plan will continue to administer the Plan until all obligations have been paid.

### Other

Although it has not expressed any intention to do so, the Plan has the right to modify the benefits provided to active employees, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions set forth in Employee Retirement Income Security Act of 1974.

### Reinsurance

The Plan has no reinsurance since the claims are fully insured through the Plan and the health insurance agreement with the Insurer.

### Subsequent Events

The Plan has evaluated events or transactions occurring subsequent to the statement of net assets available for benefits date for recognition and disclosure in the accompanying financial statements through the date the financial statements were available to be issued, which is April 14, 2025.

## **2. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

# STRATEGIC INSURANCE TRUST HEALTH PLAN

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2024 and 2023.

- *Money market mutual funds*: Valued based at the subscription and redemption activity at a \$1 stable net asset value (NAV). However, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of the securities.
- *Fixed income obligations*: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

The following table sets forth by level, within the hierarchy, the Plan's assets and liabilities measured at fair value on a recurring basis as of June 30, 2024. There were no investments to be classified as of June 30, 2023.

	June 30, 2024			
	Total	Level 1	Level 2	Level 3
Assets				
Investments				
Money market mutual funds	\$ 28,525	\$ -0-	\$ 28,525	\$ -0-
Fixed income obligations	1,980,755	-0-	1,980,755	-0-
Total investments	<u>\$ 2,009,280</u>	<u>\$ -0-</u>	<u>\$ 2,009,280</u>	<u>\$ -0-</u>

### 3. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under the DOL Rules and Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Trust Members and certain others. Certain expenses of the Plan are paid by Trust Members who provide certain administrative services at no cost to the Plan including accounting fees. Blue & Co., LLC is the independent auditor for the Plan. Anthem is the Plan's insurer. JA Benefits LLC is the Plan's insurance broker. Each receives payment for their services.

### 4. OTHER DISCLOSURES

During 2024 and 2023, there were no other transactions, obligations in default or leases in default which would require disclosure under the DOL Rules and Regulations for Reporting and Disclosures.

### 5. RISKS AND UNCERTAINTIES

The Plan holds investments, which are exposed to various risks such as interest rate, market, and credit. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term that could materially affect amounts reported in the statements of net assets available for benefits (cash basis).
