INDEPENDENT AUDITOR'S REPORT

To the Trustees of
The Equity Project Charter School 403(b) Deferred Compensation Plan
549 Audubon Avenue
New York, NY 11040

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Equity Project Charter School 403(b) Deferred Compensation Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Equity Project Charter School 403(b) Deferred Compensation Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the Principal Trust Company, a qualified institution, as of June 30, 2024 and 2023, and for the year ended June 30, 2024 stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Equity Project Charter School 403(b) Deferred Compensation Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Equity Project Charter School 403(b) Deferred Compensation Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Equity Project Charter School 403(b) Deferred Compensation Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Equity Project Charter School 403(b) Deferred Compensation Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements – continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of June 30, 2024 and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions as of June 30, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

1. Plan Description

The following description of The Equity Project Charter School ("School") 403(b) Plan ("Plan") provides general information only. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

There were certain provisions for the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") and the Coronavirus, Aid, Relief and Economic Security Act (CARES) for eligible plans. Although the plan document has not been formally amended, the provisions were available to plan participants.

General – The Plan is a defined contribution plan covering only full-time employees of the School. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on July 1, 2009, formally restated on March 31, 2017 and formally amended in June of 2024 with an effective date of July 1, 2024. The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility – All full time employees are eligible to participate in the 403(b) Plan on the first day of employment.

The eligibility requirement to receive a matching contribution by the School for a full time employee is to be an active participant at any time during the Plan year.

Contributions – Each year, participants may contribute to the Plan, a percentage of their pretax annual wages, not to exceed a specific dollar amount determined by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for employer matching contributions. The School matches employee contributions on a discretionary basis to be determined by the School and applied to all participants on a uniform basis. The matching contribution is directed to participants accounts based on the allocation selected for their elective contribution. Contributions are subject to certain limitations. As of June 30, 2024 and 2023, employer matching contributions totaled \$287,720 and \$256,075, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the School's contribution and (b) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Upon enrollment in the Plan, participants direct the investments of their contributions into various investment options offered by the Plan. The Plan offered mutual funds as investment options for participants.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant becomes 100% vested over three years of credited service in accordance with the Plan document. Vesting occurs as follows:

Years of Credited Service	Vesting Percentage
Less than 1	0%
1	50%
2 or more	100%

Participant Notes Receivable - Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at a range of 3.25% - 8.50%, based on the prime interest rate plus 1 percent. Principal and interest is paid ratably through bimonthly payroll deductions. As of June 30, 2024 and 2023, the Plan had outstanding loans to participants with principal balances totaling \$209,965 and \$201,011, respectively.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

1. Plan Description – continued

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the face value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures may be used to reduce employer contributions or to pay administrative expense of the Plan, as determined by the School at its sole discretion. Forfeitures that have not been used to pay administrative expenses or used to reduce employer contributions are to be allocated to participants as of the last day of the Plan Year in which such forfeitures are determined. At June 30, 2024 and 2023, there were \$7,522 and \$1,128 respectively, of forfeitures that had not yet been utilized by the Plan as outlined above.

Hardship Withdrawals – Under certain conditions, participants, while still employed by the School, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, School tuition, funeral expenses for the primary beneficiary, or to prevent eviction or foreclosure from the participant's principal residence.

2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. The School's board of directors determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and the insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivable from participants are considered by the Plan administrator to be in default, the loan balance is reduced and recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses has been recorded as of June 30, 2024 and 2023.

Payments of Benefits – Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the School. Expenses that are paid by the School are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments. A participant's share of administration expenses is allocated on a pro rata basis based on the value of the account balance over the total assets of the Plan. Investment-related expenses are included in the net appreciation of fair value of investments. A participant's share of individual expenses including loan processing, Qualified Domestic Relations Order (QDRO), distribution fees, and other expenses are incurred and paid by each account based on a participant's use of these Plan features.

3. Fair Value Measurements (Unaudited)

FASB ASC 820, Fair Value Measurements, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and NAV is used as a practical expedient by the Plan to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30,

Assets at Fair Value as of June 30, 2024

	<u>NAV</u>	<u>Total</u>
Mutual funds	<u>\$ 8,548,462</u>	<u>\$ 8,548,462</u>

4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at June 30, 2024 and 2023, and net depreciation in fair value of investments, interest and dividends for the year ended June 30, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company, the trustee of the Plan.

5. Related Party and Party in Interest Transactions

Principal Trust Company Inc. is the trustee of the Plan's investments and therefore certain transactions qualify as party in interest transactions. Fees paid by the Plan for administration amounted to \$3,989 for the year ended June 30, 2024 and are exempt party in interest transactions. Participant and School contributions are held by the trustee, which invests cash received, interest and dividend income and proceeds from capital transactions in accordance with directives from the respective participants and makes distributions to requesting participants. Certain administrative functions are performed by officers or employees of the School. No such officer or employee receives compensation from the Plan. Administrative expenses for the trustee's fees, except for certain transaction fees, are paid directly by the School.

Participant loans also qualify as exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intention to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants are fully vested in their accounts.

7. Tax Status

The School has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service dated March 31, 2017, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although, the plan has been amended since adopting the pre-approved plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified.

8. Risk and Uncertainties

a. Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Other Matters

a. Delinquent Participant Contributions

In accordance with the DOL's Regulation 2510.3102, the Plan Sponsor is required to remit participant contributions as soon as they can be reasonably segregated from the employer's general assets. A total of \$40,954 in 403(B) withholdings from participant's payroll during the period January 2010 to January 2023, were not remitted timely. Plan management assessed the impact of lost earnings that are applicable on the late remittances related to amounts withheld from wages and determined interest in the amount of \$517 is due to the Plan.

b. Operational Plan Error

During the Plan year ended June 30, 2023, Plan management determined that there was an operational Plan error. Part-time employees had been improperly excluded from participating in the Plan. The provision to exclude "part-time employees" from participation had not been implemented according to the Plan document. The Plan document was formally amended July 1, 2024, to properly exclude part-time employees. Although the Plan document is now properly excluding the part-time employees, the Plan administrator is currently engaging ERISA counsel and plans to apply to the IRS for the Plan to be retroactively restated so that part-time employees are excluded from the Plan since inception. At this time no amounts have been accrued within these financial statements, and through the audit opinion date for missed elective deferrals and employer matching contributions.

10. Subsequent Events

The plan sponsor has evaluated the June 30, 2024 financial statements for subsequent events through March 11, 2025, the date the financial statements were available to be issued.
