INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
The Summit School, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Summit School, Inc. 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE SUMMIT SCHOOL, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

NOTE 1 - DESCRIPTION

The following description of The Summit School, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - The Plan is a defined contribution profit-sharing plan established by The Summit School, Inc. (Company). The Plan generally covers all employees who have been employed at least 12 months, during which they have completed at least 1,000 hours of service and attained the age of 21. The Plan provides for participant contributions, employer discretionary contributions and participant-directed investments. The Plan qualifies under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions - The Plan allows eligible employees to contribute an amount not to exceed the lesser of 100% of their pretax annual compensation or an amount that, when added to other additions to a participant's account in any plan year (exclusive of earnings), does not exceed the maximum limitation on annual additions to a participant's account under the applicable provision of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions are made through payroll deductions. Each participant designates the percentage of his or her contributions, which are to be invested in one or more of the available investment options. Participants may increase or decrease the amount of their contributions quarterly and have the opportunity to change their investment allocations daily. Participants are also permitted to contribute distributions received from other qualified retirement plans.

Employer Contributions - The Company is not generally required to contribute to the Plan but may make discretionary profit-sharing contributions or discretionary matching contributions not to exceed 25% of eligible compensation, as determined by the Board of Directors. Discretionary contributions are allocable to those participants who have completed at least 1,000 hours of service during the Plan year and are either employed on the last day of the Plan year or have terminated employment during the Plan year as a result of retirement, death or disability. The Company made a \$50,000 discretionary profit-sharing contribution for the year ended June 30, 2024. In the event that the Plan is determined to be a "top-heavy plan" as defined in the IRC, employer contributions are required under a formula based on the compensation of the Plan participants.

Participant Accounts - Each participant's account is credited with allocations of the employee's elective deferrals, Company contributions, forfeitures and Plan earnings. Allocation of any Company contributions not based on employee contributions is based on the compensation of the eligible participants as defined by the Plan. Plan earnings and losses are allocated based on the account balances of the participants. The benefit to which a participant is entitled is that which can be provided from the participant's vested account balance.

Investments - Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are automatically invested in the same investment options directed by the participants for their contributions. The Plan currently offers several mutual funds as investment options for participants.

Vesting - Participants are immediately vested in their contributions and investment earnings thereon. Vesting in the Company's discretionary contributions and investment earnings thereon is based on years of credited service. A participant becomes fully vested after three years of credited service. A participant also becomes fully vested in his or her account upon retirement, death or disability. The Plan provides for alternative vesting in the event it is determined to be top-heavy.

THE SUMMIT SCHOOL, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

NOTE 1 - DESCRIPTION (Continued)

Forfeitures - The nonvested portion of a participant's account is forfeited upon termination of employment. Forfeitures are allocated to participants in the same manner as Company profit-sharing contributions. As of June 30, 2024 and 2023, the Plan had \$288 and \$934, respectively, of unallocated forfeitures, with no forfeitures utilized during the year ended June 30, 2024.

Payment of Benefits - Plan benefits are generally payable at retirement age, as defined by the Plan, or upon the death or disability of the participant. In addition, distributions from a participant's account may be required after the participant has attained 73 years of age. Participants may elect to have their benefits distributed as a lump sum or in installments over a period not to exceed the life expectancy of the participant or the joint and last survivor life expectancy of the participant and his or her beneficiary. If employment is terminated prior to retirement, the participant may elect either distribution method described above unless the vested account balance is less than \$5,000, in which case, a lump-sum distribution will be made.

Other Provisions - For purposes of eligibility and participant vesting, service at certain other affiliated employers, designated by the Plan, qualify as service with the Plan sponsor.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statements of net assets available for benefits and related statement of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Presentation - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP).

Use of Estimates - The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, which is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 3 for discussion of fair value measurement.)

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's unrealized gains and losses on investments held during the year as well as realized gains and losses on investments bought and sold during the year.

Contributions - Participant contributions, along with any related employer matching contributions, are recorded in the period the employer withholds payroll deductions from Plan participants. Employer profit-sharing contributions are recorded in the period the Board of Directors can reasonably estimate and approve the amount determined.

THE SUMMIT SCHOOL, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Operating expenses, such as management and administrative fees, are charged directly to the participant's account and are included in administrative expenses. Fees related to the processing of distributions are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events - The Plan has evaluated events and transactions for potential recognition or disclosure through April 4, 2025, the date the financial statements were available to be issued, and determined there have been no events that have occurred that would require adjustments to the disclosures in the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Fair value measurements are assigned a level within the hierarchy based on the lowest significant input level. The three levels of the fair value hierarchy under the Fair Value Measurement topic are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability or (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Inputs reflect management's best estimate of what market participants would use in valuing the asset or liability at the measurement date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2024 and 2023.

Mutual Funds - Valued at daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

THE SUMMIT SCHOOL, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

NOTE 3 - FAIR VALUE MEASUREMENT (Continued)

The preceding method described might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes its valuation methods is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities that are to be reported at fair value. The table below presents the Plan's assets and liabilities at fair value on a recurring basis by level within the fair value hierarchy as of June 30:

	<u>Investments at Fair Value as of June 30, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>1,839,215</u>	<u>-</u>	<u>-</u>	\$ <u>1,839,215</u>
Total assets at fair value	\$ <u>1,839,215</u>	<u>-</u>	<u>-</u>	\$ <u>1,839,215</u>

	<u>Investments at Fair Value as of June 30, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>1,555,526</u>	<u>-</u>	<u>-</u>	\$ <u>1,555,526</u>
Total assets at fair value	\$ <u>1,555,526</u>	<u>-</u>	<u>-</u>	\$ <u>1,555,526</u>

NOTE 4 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to applicable statutory provisions. In the event of termination, all participants will become fully vested. The Company has not indicated any intention to terminate the Plan.

NOTE 5 - CERTIFIED INVESTMENTS "UNAUDITED"

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at June 30, 2024 and 2023, net appreciation in fair value of investments, interest and dividends for the year ended June 30, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank and Trust Company, the custodian of the Plan.

THE SUMMIT SCHOOL, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

NOTE 6 - INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 27, 2012 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan's administrator and the Plan's sponsor believe that the Plan is designed and currently operating in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

NOTE 7 - PARTIES IN INTEREST

Certain Plan investments are shares of mutual funds managed by American Funds Services Company, an affiliate of Capital Bank and Trust Company, the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, since they are paid through revenue sharing rather than a direct payment. The Plan sponsor typically pays directly any other fees related to the Plan's operations, including direct payment to the third-party administrator, which was not covered by revenue sharing. At times, certain administrative expenses of maintaining the Plan are paid by the Plan, if not otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Lastly, certain administrative functions are performed by employees of the Company at no cost to the Plan.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
