Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **SAN FRANCISCO CONSERVATORY OF MUSIC DC RETIREMENT PLAN (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

Note 1 - Plan Description:

The following description of the San Francisco Conservatory of Music DC Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established September 1, 1972 and initially restated effective July 1, 2009. The Plan is sponsored by San Francisco Conservatory of Music (the Conservatory) to provide benefits to eligible employees, as defined in the Plan document. The Plan is a custodial accounts plan invested in mutual funds, variable and fixed annuity contracts. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was restated effective July 1, 2010 to amend the definition of eligible compensation and the Plan loan policies. The Plan was also amended, effective December 1, 2011, to change the entry date for the employer discretionary matching contributions and non-elective discretionary contributions.

The Plan was restated effective January 1, 2018 to conform with TIAA's simplified ERISA 403(b) volume submitter plan. TIAA has received a favorable opinion letter regarding the qualified status of the volume submitter plan from the Internal Revenue Service (IRS). The restatement did not require any changes in the Plan's provisions.

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES Act) that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The Plan implemented certain other provisions of the CARES Act to allow eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes are to be adopted at a later date in accordance with applicable law and IRS guidance.

The Plan was restated effective October 1, 2020 to change the provisions of the Plan relating to loans, Roth contributions, the investment lineup, and allocation of fees.

Notes to the Financial Statements

Eligibility

All employees, except for student employees and non-resident employees who do not receive U.S. sourced earned income, are eligible to make pre-tax compensation deferrals to the Plan on the first day following the date of employment. All eligible employees, except for student employees, non-resident employees who do not receive U.S. sourced earned income, and union employees, who have completed required hours of service for two consecutive years are eligible to receive employer discretionary matching contributions. All eligible employees who have completed required hours of service and are employed on the last day of the Plan year, and employees not employed on the last day of the Plan year if the termination is due to retirement, disability or death, are eligible to receive employer non-elective discretionary contributions.

Contributions

Participants may make salary deferral and/or Roth after-tax contributions up to the maximum amount allowable under current income tax regulations to the Plan. Participants may rollover amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year or completed 15 years of service are eligible to make catch-up contributions.

The Conservatory may make discretionary matching contributions equal to a percentage of the participant's eligible compensation provided the participant defers (including catch-up contributions) a minimum 5% of eligible compensation. No employer non-elective discretionary contributions were made during the year ended June 30, 2024.

Payment of Benefits

Upon termination of service due to normal retirement, death or disability, a participant may elect to receive an amount equal to the value of the participant's interest in his or her account in either a lump sum distribution, installment payments or various types of annuities. Withdrawals from a participant's account during the participant's employment are limited to financial requirements meeting the hardship provisions of the Plan. Withdrawals of rollover contributions are allowed only upon termination of employment and can be re-deposited to the Plan. Upon termination, a participant with a balance of \$5,000 or less is to have his/her vested account, excluding rollover account, paid out in a lump sum distribution into an individual retirement account (IRA) unless otherwise elected by the participant. None of the terminated participants at June 30, 2024 have requested to withdraw from the Plan as of that date.

Notes to the Financial Statements

Participant Accounts

The Plan assets are held in separate funds with Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF). Each participant's account is credited with the participant's salary deferral and Roth after-tax contributions, the participant's qualified rollover contributions, the Conservatory's contributions and the earnings on the participant's account and is charged with an allocation of administrative expenses. Earning allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Upon enrollment in the Plan, a participant may direct employee and the Conservatory's contributions to any of the available investment options. Participants may change their investment options at any time throughout the year via direct access to TIAA and CREF.

Vesting

Participant contributions, including rollovers of funds from other qualified retirement plans and earnings thereon are immediately 100% vested. The portion of the participant's accounts attributable to the Conservatory's contributions are also vested 100%.

Policy Loans

Participants may borrow from TIAA and CREF using a portion of their plan account as security for the loan. The Plan Administrator has concluded that these loans are not Plan assets and that such arrangements are exempt transactions. Participants are allowed to borrow a minimum of \$1,000 and up to the lesser of 50% of their vested account balance or \$50,000 reduced by the excess of the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan over the participant's current outstanding loan balance on the date of the loan. A portion of the participant's account is reserved in collateral (held in the TIAA Traditional Annuity) to cover 110% of the outstanding loan in case of default. The loan must be repaid directly to TIAA and CREF within a five-year period unless the loan is to purchase the participant's principal residence in which case the maximum repayment period is ten years. In case of a loan default, the outstanding principal balance plus interest are considered distributed and the amount is withdrawn from the participant's account. Such withdrawal is reflected as a deduction from net assets in the Statement of Changes in Net Assets Available for Benefits.

At June 30, 2024 and 2023, there were three and six policy loans totaling \$14,921 and \$27,284, respectively. The loan interest rate is fixed and determined at the current prime lending rate plus two percentage points. At June 30, 2024, interest rates on outstanding loans of 5.28% per annum.

San Francisco Conservatory of Music DC Retirement Plan

Notes to the Financial Statements

Notes Receivables from Participants

The Plan allows participants to borrow from unmatched pre-tax elective deferrals or rollovers from other plans a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of their account balance. Loan terms range from one to five years, except for loans to purchase a primary residence. The loans are secured by the balance in the participant's account and the interest rate is fixed for the duration of the loan per the Plan Loan Policy. Principal and interest are paid ratably through payroll deductions. A participant may only have two loans outstanding at a time. As of June 30, 2024, interest rates on loans outstanding ranged from 4.25% - 9.50% per annum.

Plan Record Keeper/Trustee/Custodian

TIAA and CREF serve as the record keepers and Custodians of the Plan. TIAA, FSB, a federal savings association, may also serve as a directed Trustee or Custodian of the Plan assets record kept by TIAA.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Investments of the Plan are held by the Custodians and invested based solely upon instructions received from participants.

The Plan's investments in mutual funds, variable annuity contracts, a pooled separate account and fixed annuity contracts (non-fully benefit-responsive) are reported at fair value as of the last day of the plan year. The TIAA fixed annuities (fully benefit-responsive) are reported at contract value, as described in Note 5. Contract value is the relevant measure for the portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Conservatory's management determines the Plan's valuation policies, utilizing information provided by TIAA and CREF. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Other income is recorded on an accrual basis (see Note 6).

San Francisco Conservatory of Music DC Retirement Plan

Notes to the Financial Statements

The net appreciation (depreciation) of investments in the Statement of Changes in Net Assets Available for Benefits includes both the unrealized appreciation (depreciation) in the aggregate fair value of investments and realized gains and losses on sale of investments purchased and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as an adjustment of net appreciation (depreciation) in fair value of investments.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since June 30, 2024.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document. No allowance for credit losses has been recorded as of June 30, 2024 and 2023.

Benefits to Participants

Benefits to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Conservatory and are excluded from these financial statements.

Fees related to the administration of distributions and the quarterly fee for plan recordkeeping and administration support are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

San Francisco Conservatory of Music DC Retirement Plan

Notes to the Financial Statements

Subsequent Events

The Plan Administrator evaluated subsequent events from June 30, 2024 through April 9, 2025, the date the financial statements were available to be issued, and has determined that there were no material subsequent events that required recognition or additional disclosure in the financial statements.

Note 3 - Information Certified by TIAA and CREF:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at June 30, 2024 and 2023, and net appreciation in fair value of investments, interest and dividend income, interest income on notes receivable from participants, and other income for the year ended June 30, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF.

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

San Francisco Conservatory of Music DC Retirement Plan

Notes to the Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying Statement of Net Assets Available for Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used as of June 30, 2024 and 2023.

Mutual funds: valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuity contracts: The CREF variable annuity accounts are valued at the daily unit value published on NASDAQ. The funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the funds. The CREF variable annuity accounts consist of eight investment portfolios: Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation-Linked Bond, Social Choice, and Money Market accounts.

The TIAA Access variable annuity accounts are funded through a separate investment account of TIAA registered under the Investment Company Act of 1940, which invests in proprietary and non-proprietary mutual funds through various sub-accounts. Subaccount unit values are calculated daily and are available on the TIAA website, TIAA.org. The underlying investments are generally valued using market quotations obtained from independent pricing services. These contracts are valued using the NAV practical expedient as reported by TIAA. The NAV practical expedient is based on the underlying investments. These contracts do not have any unfunded commitments and can be redeemed daily.

Pooled separate account: The TIAA Real Estate (REA) account is a pooled separate account in which daily unit values are published on NASDAQ. The REA generally invests in real estate properties and real estate-related investments. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally priced using quoted prices in active markets or values obtained from independent pricing sources. Unit values are calculated each day and are posted at TIAA.org. The fund is not traded on NASDAQ. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account.

San Francisco Conservatory of Music DC Retirement Plan

Notes to the Financial Statements

Fixed annuity contracts: The Plan has investments in non-fully benefit-responsive TIAA Traditional Annuity (RA and RC) contracts, which are presented at contract value and which approximate fair value, on the Statement of Net Assets Available for Benefits. Transactions involving the purchases and sales of individual RA and RC contracts are not observable in a public marketplace, but contract value is a good approximation of fair value as supported by the fact that new contributions represent current transactions between willing buyers and sellers as prescribed in the relevant U.S. GAAP guidance. As these transactions continue to occur with continued participant contributions at current stated contract values, the market-observable presumption is that the contract value of current funding represents a good approximation of fair value based on the willingness of the participant to continue to contribute. For each contribution, TIAA continues to record a contractual liability for the current contribution and does not consider such liability to have any embedded gain or loss. Further, TIAA has concluded that contract value approximates fair value using a quantitative model based on assumptions of future interest rates and related discounted cash flows. The contract value equals the accumulated cash contributions and interest credited to the Plan's contract, less withdrawals. These Retirement Annuity contracts are individually owned contracts in which lump sum withdrawals are not permitted, and participant initiated transfers may only be made in ten annual installments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of June 30, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

There were no unfunded commitments as of June 30, 2024 and 2023.

a) This category is primarily comprised of the TIAA Access Nuveen Lifecycle funds.

San Francisco Conservatory of Music DC Retirement Plan

Notes to the Financial Statements

The TIAA Access Nuveen Lifecycle funds seek high total return over time through a combination of capital appreciation and income. Each of the funds is designed to provide a single diversified portfolio manage with a target retirement date.

The following table sets forth a summary of changes in the fair value of the Plan’s Level 3 assets for the year ended June 30, 2024:

	<u>Fixed Annuity Contract</u>	
Balance, beginning of year	\$	2,576,432
Interest income and net appreciation		124,101
Purchases		-
Sales		(88,570)
Transfers - net		(41,664)
Balance, end of year	\$	2,570,299

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes to economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan’s Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value as of June 30, 2024	Fair Value as of June 30, 2023	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values

San Francisco Conservatory of Music DC Retirement Plan

Notes to the Financial Statements

Calculation of a weighted average was not feasible. Additionally, a Plan level weighted average would not be a meaningful measurement with respect to any individual contract.

Note 5 - Fully Benefit-Responsive Contracts:

The Plan has traditional investment contracts with TIAA and CREF. The traditional investment contracts are sub-contracts, representing both fully benefit-responsive and non-fully benefit-responsive contracts. For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute of the net assets available for benefits attributable to the traditional investment contract. These contracts are included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Traditional investment contracts amounted to \$2,779,375 and \$2,092,092 as of June 30, 2024 and 2023, respectively.

The traditional investment contracts held by the Plan are guaranteed investment contracts held in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the fixed annuity investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited. The average yield earned by the Plan is adjusted to reflect the actual interest rate credited to participants calculated by dividing the annualized earnings credited to participants for all fully benefit-responsive investment contracts by the fair value of all fully benefit-responsive investment contracts.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed and reset by the issuer on an annual basis. The contract also offers the opportunity for additional amounts in excess of the guaranteed rate. When declared, additional amounts remain in effect for the 12-month period that begins each March 1.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

San Francisco Conservatory of Music DC Retirement Plan

Notes to the Financial Statements

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events may be different under each contract and include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreements without the consent of the issuer.

Participants are permitted to transfer funds between their CREF accounts and into their TIAA Retirement Annuity at any time. However, transfers out of the TIAA annuity into any CREF account by an active participant can only be made through a Transfer Payout Annuity (TPA), which provides for the transfer of funds in substantially equal installments over a period of ten years.

Note 6 - Related Party and Party-in-Interest Transactions:

Certain Plan investments are managed by TIAA and CREF. Such transactions, while defined as party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

TIAA and CREF provides certain administrative services to the Plan pursuant to a Recordkeeping Services Agreement (RSA) between the Plan and TIAA and CREF. TIAA and CREF receives revenue from investment service providers for services TIAA and CREF provides to the funds. This revenue is used to offset certain amounts owed to TIAA and CREF for its administrative services to the Plan.

San Francisco Conservatory of Music DC Retirement Plan

Notes to the Financial Statements

If the revenue received by TIAA and CREF from such investment service providers exceeds the amount owed under the RSA, TIAA and CREF remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024, the Plan earned \$24,995 included as other income in the Statement of Changes in Net Assets Available for Benefits. Plan administrative expenses paid for by the Plan for 2024 were \$50,052 included as administrative expenses in the Statement of Changes in Net Assets Available for Benefits. The Plan or Plan Sponsor may make a payment to TIAA and CREF for administrative expenses not covered by revenue sharing.

Certain administrative functions are performed by officers or employees of the Conservatory. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Conservatory.

Note 7 - Plan Termination:

Although the Conservatory has not expressed any intent to do so, the Conservatory has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. All participants are currently 100% vested in their entire account.

Note 8 - Income Tax Status:

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. Effective January 1, 2018, the Plan adopted a standardized form of the simplified ERISA 403(b) volume submitter plan sponsored by TIAA. A favorable opinion letter from the IRS was issued on August 7, 2017 regarding the qualified status of the volume submitter 403(b) plan on which the terms of the Plan are based. The Plan has not filed for a determination letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 9 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of the investments offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

A total of 26% and 24% of the Plan's investments are held in accounts with TIAA and CREF at June 30, 2024 and 2023, respectively, as noted below. This is considered to be a concentration of credit risk.

<u>Investments</u>	<u>2024</u>		<u>2023</u>
