The Board of Directors
401(k) Profit Sharing Plan for Employees of Residential Management Services, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of 401(k) Profit Sharing Plan for Employees of Residential Management Services, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2024 and 2023, and for the year ended June 30, 2024 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of and for the year ended June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

June 30, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of 401(k) Profit Sharing Plan for Employees of Residential Management Services, Inc. (Company) (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. All employees who are age eighteen or older are eligible to participate in the Plan and may make salary deferral or rollover contributions. Employees who are eighteen or older and have completed one year of service, including 1,000 hours, and are employed on the last day of the Plan year are eligible to receive employer-based contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

At the discretion of the Board of Directors, the Company can make a contribution to the Plan for all eligible participants. The contribution is allocated to the accounts of eligible participants on the basis of the ratio that each eligible participant's compensation bears to the total compensation of all participants for the Plan year. For the Plan year ended June 30, 2024 the Board approved a discretionary contribution of \$2,384,565, prior to the application of forfeitures.

Participants may contribute a portion of their wages to the Plan through salary deferrals provided that the annual contribution does not exceed the maximum permitted by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans at the discretion of the plan administrator. These contributions are placed in a separate account for the participant called a participant rollover account. All contributions are subject to certain limitations under the Internal Revenue Code.

Participant Accounts

Participants direct the investment of contributions to their accounts into various investment options offered by the Plan within Mutual of America Life Insurance Company's (Mutual of America) pooled separate accounts under their group annuity contract, including money market funds, fixed income mutual funds and equity mutual funds. Participants may also elect to maintain their investment in Mutual of America's general account which provides a guaranteed rate of interest.

Each participant's account is credited with the participant's and the Company's contribution and Plan earnings or loss, and charged with an allocation of administrative expenses.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion, earnings and forfeitures is based on years of continuous service. A participant is 100% vested on a graduated basis after five years of credited service. Participants may also become immediately vested in their employer's contributions upon attaining the age 65, termination of the Plan or due to death or disability.

Vesting, Continued

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years or more	100%

Note Receivables from Participants

Participants of the Plan are allowed to receive loans of up to 50% of their vested account balances. Amounts may be borrowed between \$1,000 and \$50,000, utilizing the participant's remaining account balance as security for the loan. The interest rate for a loan is based on the prime rate plus 1% at the time of the loan. Loans must be repaid through payroll deductions within five years unless the loan is used for the purchase of the participant's primary residence, in which case the loan may be repaid under an alternative time frame as determined by the plan administrator. Participants who do not repay their loans under certain circumstances, as defined in the Plan, will be deemed to have received a distribution for federal income tax purposes under the Plan.

Hardship Withdrawals

In the event of financial hardship, as defined under the Plan and under current Internal Revenue Service regulations, participants are permitted to receive hardship withdrawals of a portion of their vested account balance.

Payment of Benefits

Benefits are payable to employees under normal retirement and other circumstances including termination, disability and death. The Plan allows various benefit payment options depending on the circumstances of withdrawal as described above. Various terminated participant account balances are included in the Plan as of the end of each Plan year and may be distributed in accordance with the Plan's procedures.

Participants are allowed to receive distributions of their rollover contributions upon request.

Forfeitures

The Plan instrument provides that the plan administrator may apply forfeited non-vested accounts of terminated participants against the amount of the employer contribution that is payable to the Plan. The plan administrator may first, at their discretion, utilize the forfeitures to pay Plan expenses or to restore the non-vested accounts of prior terminated participants who return to the Company in certain circumstances as defined in the Plan.

At the discretion of the Company's Board of Directors, the Company may increase the employer contribution to the Plan in an amount equal to the net forfeitures of the Plan.

The Company has added forfeited non-vested accounts of \$47,124 to the Company's contribution for the year ended June 30, 2024. The Company has elected to utilize \$100,839 of forfeitures to offset the Company's employer contributions as of June 30, 2024. At June 30, 2024 and 2023, forfeited non-vested accounts totaled \$97,635 and \$48,917, respectively.

NOTE 2 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Employer Contribution Receivable

Employer contribution receivable is measured at the amount owed to participants by the Company at June 30, 2024 and 2023.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of June 30, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

All administrative costs of the Plan are paid by the employer except for custodial and investment fees and certain administrative fees for participant loans and forfeitures which are deducted against the participants' self-directed accounts.

**401(K) PROFIT SHARING PLAN FOR EMPLOYEES OF
RESIDENTIAL MANAGEMENT SERVICES, INC.**

Notes to Financial Statements

June 30, 2024 and 2023

NOTE 3 – TAX STATUS

The Plan is based on the Non-Standardized Pre-Approved Profit Sharing Plan of Mutual of America Life Financial Group, which received a determination letter from the IRS dated November 30, 2020, stating that the Plan was designed in accordance with the provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since the effective date of the determination letter, the plan administrator believes the Plan is qualified and the related trust is tax-exempt based on the advice of the Plan's third party administrator.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 – RISKS AND UNCERTAINTIES

Investments and Market Conditions

The Plan participants invest in various investment options offered by the Plan. Investment options offered in the Plan are subject to various risks, such as interest rate, market value and credit risks. Market risks include global events which could impact the value of investments securities, such as pandemics, international conflicts or financial institution collapses. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Concentrations of Credit Risk

The Plan's financial instruments that are exposed to concentrations of credit risk are investments and the Plan's contribution receivable from its sponsor. The Plan holds its investments within an unallocated group annuity contract with Mutual of America, a regulated and supervised insurance company. The Plan has not experienced any losses, other than those losses through investment activity, and management believes its deposits with Mutual of America, its investments and its receivables from its sponsor are not subject to significant credit risk.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Mutual of America Life Insurance Company, an insurance company holding and administering Plan investments, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

Information Prepared and Certified by Custodian, Continued

The net investment income of the Plan for the year ended June 30, 2024 is as follows:

	<u>2024</u>
Net appreciation in fair value of investments	\$2,089,244
Interest credited to general account	<u>85,000</u>
Total investment activity	<u>2,174,244</u>
Interest income on notes receivable from participants	<u>17,920</u>
Total investment income	<u>\$2,192,164</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for limited procedures on the participant loan balances and comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Pooled separate accounts: The values of the pooled separate accounts are based on the fair values of the underlying investments.

Insurance company general account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.
