## **Independent Auditor's Report**

The Plan Administrator  
Life's WORC 403(b) Retirement Plan  
Garden City, New York

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We were engaged to perform audits of the financial statements of Life's WORC 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### ***Disclaimer of Opinion***

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### ***Basis for Disclaimer of Opinion***

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and MG Trust Company and ING did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

### ***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule of Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

### 1. Description of the Plan

The following description of Life's WORC 403(b) Retirement Plan (the Plan), which is sponsored by Life's WORC (WORC), is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan that provides retirement benefits to substantially all full-time and part-time employees of WORC (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

#### *Eligibility*

Employees of WORC, except for non-resident aliens, collective bargaining employees, and leased employees, are eligible to participate in the Plan on their first day of employment. Participants become eligible for discretionary employer matching contributions after three months of service, with such contributions commencing on the first day of the month following attainment of eligibility. There is no age requirement to enter the Plan.

#### *Contributions*

Participants may contribute an elected percentage or flat dollar amount of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions are recorded in the period during which the participant's salary is reduced under a salary reduction agreement with WORC. Participants are also permitted to make rollover contributions of amounts received from other qualified retirement plans, subject to approval by the Plan administrator.

WORC may make discretionary employer matching contributions as a percentage of eligible compensation deferred by participants, including catch-up contributions. During the 2024 Plan year, WORC matched 50% of participant contributions up to 6% of eligible compensation. Discretionary employer matching contributions for the year ended June 30, 2024 totaled \$320,980.

WORC may also make discretionary employer non-elective contributions. If such contributions are made, they are allocated to participants based on a uniform percentage of eligible compensation. Participants must have performed 1,000 hours of service during the Plan year and be employed on the last day of the plan year, except in the event of death, disability or retirement during the year, in order to be eligible for an allocation of discretionary employer non-elective contributions. No discretionary employer non-elective contributions were made for the year ended June 30, 2024.

Discretionary employer matching contributions and non-elective contributions are subject to approval by WORC's Board of Directors.

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of contributions into various investment options offered by the Plan.

### ***Participant Accounts***

Each participant's account is credited with the participant's contributions, the Employer's contributions, and investment earnings, and charged for withdrawals and with an allocation of certain administrative expenses. The benefit to which a participant is entitled is the vested portion of their account.

### ***Vesting***

Participants are 100% vested in their individual deferral, Roth, and rollover contributions and the allocated earnings thereon.

Participants vest in WORC's matching and non-elective contributions at a three-year cliff, and employees are 100% vested after three years of service.

### ***Payment of Benefits***

A participant is eligible to receive a distribution from their deferral and Employer contribution balances under the following circumstances: (a) retirement, (b) termination of employment, (c) disability, (d) death, and (e) attaining 59½ years of age. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

### ***Forfeitures***

Forfeitures are created when participants terminate employment before becoming entitled to their fully vested benefits under the Plan. Forfeitures are first used to pay reasonable Plan expenses and are then used to reduce future Employer contributions. In Plan year 2024, forfeitures in the amount of \$2,119 were used to pay reasonable Plan expenses. As of June 30, 2024 and 2023, forfeited non-vested accounts totaled \$258,928 and \$81,875, respectively.

### ***Notes Receivable from Participants***

Participants may borrow from their account balance a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance, limited by the highest loan balance in the last 12 months. Discretionary employer matching contribution funds are excluded in determining the loan availability amount. Loans are secured by the participant's account and bear an interest rate at the prime rate plus 1% or at local prevailing rates as determined by the Plan Administrator, which would be made under similar circumstances and is fixed for the term of the loan. Notes are repaid ratably through payroll deductions. Notes receivable must be fully repaid within five years, unless the note is for the purchase of a primary residence, in which case the note must be fully repaid within 15 years. Each participant may not have more than one loan outstanding at any time.

### ***Administrative Expenses***

Expenses of the Plan (such as investment management fees, redemption fees, commissions, and other transaction costs) are allocated to participants' accounts based on their account balances in each of the investment funds and are shown net of appreciation in fair value of investments on the statement of changes in net assets available for benefits. Participant loan and distribution fees are charged directly to participant accounts.

### 2. Summary of Significant Accounting Policies

#### *Basis of Accounting*

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### *Annual Reporting Requirements*

Prior to January 1, 2009, MG Trust Company and ING, the Plan's former trustees, maintained records at a contract level, not Plan level, and administratively decided not to provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees. As such, neither WORC nor MG Trust Company and ING have been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, if any, could not be determined.

#### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

#### *Investment Valuation and Income Recognition*

The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

#### *Payment of Benefits*

Benefits are recorded when paid.

#### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. During 2024, distributions in the amount of \$51,664 were used to satisfy Plan loan defaults and are recorded within benefits paid to participants and beneficiaries in the accompanying statement of changes in net assets available for benefits. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

### 3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at June 30, 2024, as compared to those used at June 30, 2023.

*Money Market Fund* - The money market fund is valued at the unadjusted quoted market prices, which represents the net asset value of shares owned by the Plan at year-end.

*Mutual Funds* - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

### *June 30, 2024*

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,136,162	\$ -	\$ -	\$ 18,136,162
Money market fund	417,966	-	-	417,966
<b>Total Investments</b>	<b>\$ 18,554,128</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 18,554,128</b>

### *June 30, 2023*

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,736,358	\$ -	\$ -	\$ 17,736,358
Money market fund	227,479	-	-	227,479
<b>Total Investments</b>	<b>\$ 17,963,837</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 17,963,837</b>

#### 4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of June 30, 2024 and 2023, net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the years ended June 30, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company, a qualified institution.

#### 5. Party-in-Interest and Related Party Transactions

Fees paid to Ascensus Trust Company by the Plan were included as a reduction of the investment return on each fund. The Plan paid \$47,317 in investment management services to Ascensus Consulting, the Plan's third-party administrator. In addition, the Plan paid \$87,707 to Wealth Enhancement Group for investment advisory services. The Plan also paid Millennium Investment and Retirement Advisors \$1,750 for fiduciary-related services. These transactions qualify as party-in-interest transactions, which are deemed to be exempt from prohibited transactions rules, as defined by Department of Labor regulations. Notes receivable from participants also qualify as party-in-interest transactions.

#### 6. Risk and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

### 7. Tax Status

The Plan has adopted the Ascensus LLC Volume Submitter 403(b) Plan (the 403(b) Plan). Accordingly, the Plan is permitted to rely on the opinion letter, dated January 1, 2018, stating that the 403(b) Plan was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 8. Plan Termination

Although it has not expressed any intent to do so, WORC has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all participants' accounts would become fully vested and distributed, in accordance with the provisions of the Plan.

### 9. Subsequent Events

The Plan has evaluated subsequent events through April 14, 2025, the date the financial statements were available to be issued.

Effective July 1, 2024, the Plan ended its recordkeeping and custodial arrangements with Ascensus Trust Company and entered into an administrative services and recordkeeping arrangement with Sentinel Benefits Group, LLC, with custodial services to be provided by Charles Schwab Institutional (Schwab). Plan assets were moved to Schwab at that time. Concurrently, the Plan adopted the Sentinel Benefits Group, Inc. 403(b) Volume Submitter Plan.
