## INDEPENDENT AUDITOR'S REPORT

403(b) Thrift Plan Fiduciary and Board of Directors  
Chesapeake Care Resources, Inc.

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Chesapeake Care Resources, Inc. 403(b) Thrift Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Chesapeake Care Resources, Inc. 403(b) Thrift Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Chesapeake Care Resources, Inc. 403(b) Thrift Plan and to meet our other ethical responsibilities in

accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chesapeake Care Resources, Inc. 403(b) Thrift Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chesapeake Care Resources, Inc. 403(b) Thrift Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chesapeake Care Resources, Inc. 403(b) Thrift Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental Schedule of Assets (Held at Year End) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Note 1 – Description of Plan**

The following brief description of Chesapeake Care Resources, Inc. 403(b) Thrift Plan (the Plan) is provided for general information purposes only. Participants who desire more complete information should refer to the 403(b) Thrift Plan agreement and Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established by Chesapeake Care Resources, Inc. (CCR) and became effective July 1, 1991. Effective July 1, 2010, the Plan was amended and restated to comply with ERISA guidelines and the Pension Protection Act of 2006. The Plan was again amended and restated effective July 1, 2019 to comply with Internal Revenue Service Revenue Procedure 2013-22. (See Note 8.)

Effective July 1, 2019, Chesapeake Care established a 457(b) plan to receive all employer contributions (discretionary and match) for the highly compensated employees (HCEs) that previously went to the 403(b) plan. Based on this plan design, the 403(b) plan would automatically pass ACP and Section 401(a)(4) nondiscrimination testing since no HCEs would be benefiting from the employer contributions. Effective November 1, 2023, the 403(b) plan was amended to exclude HCEs from receiving employer contributions in that plan.

Contributions

All employees are eligible to participate in the Plan. However, the employer may elect to exclude those employees whose contribution would be \$200 or less annually. Each year, participants may contribute up to the Internal Revenue Service (IRS) threshold of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

CCR contributes an employer match concurrent with participant contributions during the year equal to the lesser of 50% of the participant's contribution or 50% of 3% of the participant's eligible wages. CCR also makes a discretionary contribution concurrent with the participant contributions and the employer match based on 3% of eligible wages. The employer match and discretionary contribution are calculated using the participant's eligible wages which excludes bonuses, overtime, and additional leave as defined by CCR and the Plan. The participant is eligible to start receiving the employer match and discretionary contribution after they have completed one year of service and are 21 years of age. The Plan defines one year of service as completing 1,000 hours worked as of the participant's anniversary date. For purposes of the employer match and discretionary contribution, employees are excluded if they normally work less than 20 hours per week, are part of a substitute workforce, or are collectively bargained employees. An employee's vesting percentage immediately increases to 100% if the participant dies, reaches normal retirement age, or incurs a disability during the Plan year.

**Note 1 – Description of Plan (Continued)**

Participant Accounts

Each participant's account is credited with the participant's contribution; allocations of the employer's matching and discretionary contributions; and allocations of Plan earnings (losses). Accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested immediately in their contributions plus actual earnings thereon. CCR's matching and discretionary contributions plus actual earnings thereon are subject to a prorated vesting period in which the participant is 100% vested after five years of credited service as defined by the Plan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments as defined in the Plan agreement. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Loans

The Plan refers to a separate written loan policy which defines the loan process for participants. According to this ERISA 403(b) Plan – Loan Policy, participants may borrow amounts up to 50% of the vested portion in the participant's account, not to exceed \$50,000. If there has been a loan in the preceding 12-month period, the \$50,000 maximum loan limit is reduced by the excess of the highest outstanding balance of loans during the preceding 12-month period over the outstanding current loan balance. The minimum loan amount is \$1,000, and a participant may only have two loans outstanding at any time. Loan terms may be three or five years. However, if the loan is used to acquire a principal residence of the eligible participant, the loan term may be 10, 15, or 20 years.

Under the Plan, loans to plan participants occur when monies are borrowed from Lincoln Financial Group funds and not as reductions to participant accounts. This is referred to as a Plan Loan. The funds in a participant's fixed account are used to collateralize these loans. If there are insufficient funds in a participant's fixed account when a loan occurs, investment account funds are transferred to the loan reserve account (fixed account) so that there are sufficient funds equivalent to the lien amount. As loans are repaid, the loan reserve account is reduced and funds are transferred back to the participant's investment accounts. During the contract loan, the loan principal earns interest at an annual rate of 4.5% and the loan rate of interest equals an annual rate of 7%. Participants are required to make loan payments including principal and interest on outstanding balances directly to Lincoln Financial Group. The outstanding loan balance held as collateral at June 30, 2024 and 2023 was \$141,896 and \$145,861, respectively.

Net Plan Transfers

There were no plan asset transfers in fiscal years 2024 and 2023.

Forfeited Accounts

At June 30, 2024 and 2023, forfeited non-vested accounts totaled \$1,549 and \$4,603, respectively. These accounts will be used to reduce future employer contributions. As of June 30, 2024 and 2023, the employer contributions were reduced by \$3,202 and \$750, respectively, from forfeited non-vested accounts.

**Note 2 – Summary of Significant Accounting Policies**

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year. Participants direct their contributions into various investment options offered by the Plan.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

CCR incurs certain administrative expenses related to the Plan while the participants incur certain expenses related to their individual accounts.

**Notes to the Financial Statements**  
**June 30, 2024 and 2023**

**Note 2 – Summary of Significant Accounting Policies (Continued)**

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires the plan administrator to make estimates and assumptions that affect the certain reported amounts disclosures. Accordingly, actual results could differ from those estimates.

Exclusions from Annual Reporting

CCR excludes certain participant investment accounts from the annual Form 5500 reporting based on the U.S. Department of Labor’s Field Assistance Bulletins (FAB) 2010-01 and 2009-02. These bulletins addressed transitional relief from the annual reporting and related accounting requirements for plans with respect to tax-sheltered annuity contracts and custodial accounts entered into prior to January 1, 2009. For purposes of exclusion, certain conditions must be met including 1) the contract or account was entered into before January 1, 2009; 2) contributions ceased to be made to the contract or account before January 1, 2009; 3) all rights and benefits under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without involvement of the employer; and, 4) the individual owner of the contract or account is fully vested. For convenience, the plan sponsor has elected to include those excludable contracts in its Form 5500 beginning with the plan year ending June 30, 2021.

Date of Management’s Review

Subsequent events were evaluated through April 4, 2025, which is the date the financial statements were available to be issued.

**Note 3 – Fair Value Measurements**

The fair value accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs are observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements - The fair value of money market and mutual funds are based on the closing price reported in the active market where the individual securities are traded, when available.

**CHESAPEAKE CARE RESOURCES, INC.**  
**403(b) THRIFT PLAN**  
**Notes to the Financial Statements**  
**June 30, 2024 and 2023**

**Note 3 – Fair Value Measurements (Continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan’s investment assets at fair value as measured on a recurring basis as of June 30, 2024 and 2023 which is readily determinable based on the amount invested in the Plan and interest accumulated on those investments:

<b>Assets at Fair Value as of June 30, 2024</b>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 1,825,528	\$ -	\$ -	\$ 1,825,528
Totals investments at fair value	<u>\$ 1,825,528</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,825,528</u>

<b>Assets at Fair Value as of June 30, 2023</b>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 2,330,268	\$ -	\$ -	\$ 2,330,268
Totals investments at fair value	<u>\$ 2,330,268</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,330,268</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended June 30, 2024 and 2023, are reported in net appreciation (depreciation) in fair value of investments.

The Plan’s policy is to recognize transfers between Level 1 and Level 2 and into and out of Level 3 at the end of the reporting period. For the years ended June 30, 2024 and 2023, there were no transfers between Level 1 and Level 2 and no transfers into or out of Level 3.

**Note 4 – Guaranteed Investment Contracts with Insurance Companies**

At June 30, 2024 and 2023, the Plan held investments in a fully benefit-responsive guaranteed investment contract with Lincoln National Life Insurance Company (Lincoln). Lincoln maintains contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As of June 30, 2024 and 2023, the guaranteed investment contracts with Lincoln consisted of Fixed Annuity, Multi-Fund, and Multi-Fund Select contracts.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the statement of net assets available for benefits at contract value.

The contract amount maintained in the Fixed Account is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investments reported at contract value at June 30, 2024 and 2023 were \$1,240,641 and \$1,455,871, respectively. Interest is credited daily at an interest rate that will not be less than the guaranteed minimum interest rate shown on the contract specifications. The interest crediting rate is declared on a quarterly basis. There are no

reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer and is reviewed periodically, but not less than annually.

Certain events may limit the Plan’s ability to transact at contract value with Lincoln. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that cause significant withdrawal from the Plan, and (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan’s investment guidelines, (b) a material amendment to the contract without the issuer’s consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. Lincoln deems the value of Lincoln National Life Insurance Company annuity contracts to be no less than the participant’s accumulated balance with no identification of events limiting the Plan’s ability to transact at contract value with the insurance company. Therefore, the Plan administrator does not believe that any events that would limit the Plan’s ability to transact at contract value with Plan participants are probable.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**Note 5 – Information Certified by Record Keeper and Custodian**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln National Life Insurance Company, record keeper and custodian of the plan at June 30, 2024 and 2023, has certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of June 30, 2024 and 2023, the schedule of assets held at year end as of June 30, 2024, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended June 30, 2024, and the accompanying notes to financial statements.

<b>Amounts Certified</b>	2024	2023
Investments at fair value	\$ 1,825,528	\$ 2,330,268
Investments at contract value	1,240,641	1,455,871

**403(b) THRIFT PLAN**  
**Notes to the Financial Statements**  
**June 30, 2024 and 2023**

**Note 6 – Transactions with Parties-In-Interest**

During the years ended June 30, 2024 and 2023, the Plan invested in guaranteed investment contracts with Lincoln National Life Insurance Company. In addition, certain plan investments are shares of mutual funds managed by Lincoln Financial Group (LFG). Lincoln is the record keeper and custodian for the Plan and is a subsidiary of LFG. Therefore, the investments in the guaranteed investment contracts and the mutual funds qualify as party-in-interest transactions. See Note 4 for investment contracts with insurance companies.

These related party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

**Note 7 – Plan Termination**

Although it has not expressed any intent to do so, CCR has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right to benefits.

**Note 8 – Income Tax Status**

The Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain its tax exemption. The Plan sponsor adopted a plan pre-approved by the IRS effective July 1, 2019. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.

**Note 9 – Risk and Uncertainties**

Investments

The Plan includes various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Litigation and Claims

The Plan is subject to litigation and claims arising during the ordinary course of business and Plan activities. When applicable, the Plan evaluates these uncertainties and potential contingencies based on information available. It is the opinion of management that the Plan has adequate insurance to cover losses related to uncertainties and that there would be no material adverse effect on the financial position of the Plan.
