INDEPENDENT AUDITORS' REPORT

The Trustees
Buffalo Laborers' Security Fund

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed audits of the financial statements of Buffalo Laborers' Security Fund (the Fund), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Fund (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2024, and for the period August 7, 2023 to June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Fund, and determining that the Fund's transactions that are presented and disclosed in the financial statements are in conformity with the Fund's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Additional Information

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

We have audited the 2023 financial statements, and in our report dated November 17, 2023, we expressed an unmodified opinion on those 2023 financial statements.

Notes to Financial Statements

1. Description of Plan:

The following description of Buffalo Laborers' Security Fund (the Fund) provides only general information. Participants should refer to the Fund agreement for a more complete description of the Fund's provisions.

General:

The Fund is a noncontributory defined contribution profit-sharing plan covering participants who perform work within the jurisdiction of Laborers' International Union of North America, Local 210 (Laborers' Local 210) who are parties to a collective bargaining agreement between participating employers in Western New York State and the union. The Fund is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participating contractors are required to make monthly contributions based on employee hours worked. Amounts contributed by employers are accumulated in each participant's account. The required contribution per hour worked is \$5.00 for heavy highway work and \$4.50 for building trades work (\$4.25 in 2023).

Participant Accounts:

Each participant's account is credited with employer contributions based on hours worked and an allocation of investment earnings, net of administrative expenses. Allocations of Fund earnings and administrative expenses are based on account balances, as defined by the Fund agreement.

Vesting:

Participants are immediately fully vested in their individual accounts.

Eligibility of Benefits:

Participants become eligible for retirement benefits when the following occurs:

- a. Terminate employment with all contributing employers for a period of 12 consecutive months;
- b. Retire at or after age 65; or
- c. Become totally and permanently disabled.

Payment of Benefits:

When a participant becomes eligible for benefits, a lump sum payment is made to the participant.

2. Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Fund are prepared on the accrual basis.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Pursuant to the Trust Agreement establishing the Fund, the Trustees invest all amounts held under the Fund. The Fund's investments are stated at fair value. Inputs to the valuation methodology for mutual funds are unadjusted quoted prices in active markets. The Fund uses unadjusted net asset value (NAV) as a practical expedient to determine fair value of the common collective trusts. The guaranteed interest account is valued based on applying the stated contractual interest rate to daily balances, less a market value adjustment upon contract liquidation.

In August 2023, the Fund sold all of its investments and transferred the proceeds to Lincoln Financial Group (Lincoln) so that participants can direct the allocation of their contributions and accounts into investments offered by Lincoln.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation on investments is charged or credited to the net assets of the Fund.

Employer Contributions Receivable:

Employer contributions due but not received prior to year-end are recorded as employer contributions receivable. Employer contributions due that are delinquent and contributions due as a result of employer payroll audits are recorded net of an allowance for estimated credit losses based on management's assessment of the current status of accounts, historical trends, and forecasted economic conditions. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to employer contributions receivable.

Property and Equipment:

Property and equipment is stated at cost net of accumulated depreciation. Depreciation is provided using the straight-line method over estimated useful asset lives. Maintenance and repairs are charged to operations as incurred; significant improvements are capitalized.

Investments and Fair Value Measurements:

Accounting guidance established a three-level fair value hierarchy that prioritizes the inputs used to measure assets at fair value. Inputs refer broadly to the assumptions that market participants would use in pricing the asset, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset and are based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own perceptions about the assumptions market participants would use in pricing the asset and are based on the best information available.

The three levels of fair value hierarchy are as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Fund has the ability to access on the reporting date.

Level 2 - Inputs other than quoted market prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specific (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable for the asset or liability. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs.

The Fund uses net asset value (NAV) per share (or its equivalent) as a practical expedient to determine the fair value of investments that (i) do not have a readily determinable fair value predicated upon quoted prices in active markets, and (ii) have the attributes of an investment company or prepare their financial statements consistent with the measurement principles of an investment company.

The fair values of investment assets valued at fair value are determined as follows as of June 30, 2024 and 2023:

	Based on		
	Level 1	Level 3	NAV
2024			
Interest Bearing Cash	\$ 98,385	\$ -	\$ -
Mutual Funds	33,840,288	-	-

Common Collective			
Trusts	-	-	8,084,153
	\$ 17,580,509	\$ 1,863,300	\$ 8,084,153

Payment of Benefits:

Benefits are recorded when paid.

Subsequent Events:

The Fund has evaluated events and transactions for potential recognition or disclosure through April 14, 2025 (the date the financial statements were available to be issued).

3. Financial Information Certified by the Trustee (Unaudited):

In accordance with the Department of Labor's Regulation 2520.103-8, a certified "Statement of Account" for the Plan has been provided by Lincoln Financial Group Trust Company, Inc. as of June 30, 2024 and for the period August 7, 2023 to June 30, 2024. The plan administrator has obtained a certification from the trustee that such information is complete and accurate as follows:

- 2024 Statement of Net Assets Available for Benefits - Investments.
- 2024 Statement of Changes in Net Assets Available for Benefits - Net appreciation in fair value of investments of \$3,713,042 and dividends of \$866,890.
- Schedule of Assets (Held at End of Year) - all items and amounts.

4. Property and Equipment:

	2024	2023
Equipment	\$ 31,813	\$ 32,746
Less accumulated depreciation	29,195	27,192
	<u>\$ 2,618</u>	<u>\$ 5,554</u>

5. Related Party Transactions:

The Fund is related through common trustees to Buffalo Laborers’ Welfare Fund (the Welfare Fund). The Fund reimburses the Welfare Fund, based on periodic time studies, for its share of office and administrative expenses. The Fund was allocated \$41,421 and \$35,875 of expenses from the Welfare Fund in 2024 and 2023. Amounts payable to the Welfare Fund were \$4,959 and \$876 at June 30, 2024 and 2023.

The Fund also shares office space with Buffalo Laborers’ Pension Fund (the Pension Fund) and provides for payments monthly based on its pro-rata share of office space used as a percentage of the occupancy and other operating expenses paid by the Pension Fund. Rental expenses paid for 2024 and 2023 were \$4,019 and \$4,022. There were no amounts payable to the Pension fund as of June 30, 2024 and 2023.

All related party transactions are in the normal course of business and all obligations are settled when due.

6. Plan Termination:

The Fund was established with the intent it will be maintained for an indefinite period of time. However, the funding for the Fund is conditioned on collective bargaining agreements remaining in effect that provide for continued employer contributions to the Fund. Therefore, the Trustees reserve the right to terminate the Fund, in whole or in part, at any time and for any reason.

7. Tax Status:

The Internal Revenue Service has determined that the Fund meets the requirements of Section 401(a) of the Internal Revenue Code and is exempt from income taxes under the provisions of Section 501(a).

8. Risks and Uncertainties:

The Fund invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.
