## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
Marin Horizon School 403(b) DC Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audits**

We have performed audits of the accompanying financial statements of Marin Horizon School 403(b) DC Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Marin Horizon School 403(b) DC Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Disclaimer of Opinion**

We do not express an opinion on the financial statements of Marin Horizon School 403(b) DC Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### **Basis for Disclaimer of Opinion**

Marin Horizon School 403(b) DC Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 9 to the financial statements, the Marin Horizon School 403(b) DC Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marin Horizon School 403(b) DC Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audits of the Financial Statements**

Our responsibility is to conduct audits of Marin Horizon School 403(b) DC Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Marin Horizon School 403(b) DC Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of delinquent participant contributions for the year the ended June 30, 2024, and of assets (held at end of year) as of June 30, 2024, (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis of Disclaimer of Opinion for the Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules.

1. DESCRIPTION OF THE PLAN

The following description of Marin Horizon School 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by the Marin Horizon School (the "School", "Employer" and "Organization"), pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC) was established February 1, 1987, and restated effective July 1, 2019, and amended on July 12, 2022. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or proven financial hardship. The Plan covers all employees of the School who meet certain eligibility requirements. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, related to participant loans and distributions. The Plan was amended effective July 12, 2022, to formally adopt these provisions.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The School has until the end of the first Plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The School is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The School has delegated certain responsibilities for the operation and administration of the Plan. Recordkeeping services and third-party administrative services are provided by T. Rowe Price Retirement Plan Services, Inc. (T. Rowe Price) and Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) (TIAA and CREF are here after referred to as "TIAA"). TIAA and Reliance Trust Company, serve as the Plan's asset custodians (collectively, "Custodians"). The Custodians are responsible for the custody and management of the Plan's assets.

Effective July 1, 2019, the Plan froze future contributions to TIAA. Participants were allowed to maintain their current accounts with TIAA due to certain investment limitations. TIAA continues to administer these accounts, which primarily consist of investments, earnings and participant distributions.

Notes to Financial Statements  
June 30, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees, except those who work less than 20 hours per week and whose maximum elective deferrals would not exceed \$200 are immediately eligible to participate in and make elective deferrals into the Plan. In order to become eligible to receive Employer non-elective contributions, participants must complete at least 840 hours of service during the Plan year.

Participant accounts

Each participant's account is credited with the participant's contributions or rollovers, if any and allocations of Employer contributions and Plan earnings, and charged with an allocation of administrative expenses and with Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants may elect to contribute into the Plan, through payroll deductions amounts up to 100% of their annual compensation, as defined by the Plan on a tax-deferred or taxed (as Roth contributions) basis, subject to certain IRC limitations. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions subject to the IRC limit. Participants are also allowed to rollover contributions from other qualified employer-sponsored retirement plans.

The School made a non-elective Employer contributions equal to 5% of a participants' eligible compensation.

Plan loans to participants

Plan loans, no longer offered as of September 2020, were available to participants through TIAA, subject to certain limitations. Plan loans were issued directly from the funds owned by TIAA and loan proceeds were not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Annuity account balance is reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. Plan loans may not exceed the present value of the participant's voluntary participant Plan contributions, as defined, and there was no limit to the number of plan loans a participant may have outstanding at any time. For active loans, investments equal to 110% of the outstanding loan amounts are reflected in the statements of net assets available for benefits and serve as a collateral for the loans.

Marin Horizon School 403(b) DC Plan  
Notes to Financial Statements  
June 30, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Plan loans to participants (continued)

The interest rate for plan loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. For loans that have collateral held in a group supplemental retirement annuity (GSRA) contract, principal repayments increase the amount of the TIAA Traditional Annuity funds available for the participant's use. For all plan loans, interest is paid directly to TIAA, and plan loans are not reflected in the statements of net assets available for benefits. Outstanding plan loan balances due to TIAA were \$9,324 and \$10,212, as of June 30, 2024 and 2023, respectively. For the year ended June 30, 2024, the interest rates on the outstanding Plan loans ranged from 4.52% to 5.09% and mature through March 1, 2026. As of June 30, 2024 and 2023, there was \$6,507 and \$6,189, respectively, in defaulted Plan loans with TIAA Traditional Annuity funds that have been deemed as distributed but remain a part of total assets until the participant has a distributable event as defined.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable (or "loan") terms are generally five years or less, but may exceed five years if the purpose of the loan is to purchase a principal residence. The notes receivable are secured by the remaining balance in participants' accounts and bear interest at a rate commensurate with local prevailing rates. Interest rates on loans outstanding ranged from 3.25%-8.25% for the year ended June 30, 2024, and mature at various dates through June 2028.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, attainment of age 59 1/2, disability or death. If a participant's vested account balance is equal to or less than \$1,000 upon termination, the balance is automatically distributed as a lump-sum distribution. Upon termination, unless affirmatively elected otherwise, if a participant's account balance is greater than \$1,000 and less than or equal to \$5,000, the balance will be automatically rolled over into an individual retirement account designated by the Committee. Upon termination, if a participant's vested account balance is greater than \$5,000, the participant may consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, an annuity, or may postpone payment to a later date and remain in the Plan. In addition to the aforementioned, hardship distributions may be made from the Participant's elective deferrals to satisfy immediate and heavy financial need as defined in the plan documents.

Vesting

Participants are immediately 100% vested all contributions, and rollover plus actual earnings thereon.

Marin Horizon School 403(b) DC Plan  
Notes to Financial Statements  
June 30, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Administrative expenses

Certain administrative expenses of the Plan, including record-keeping and audit fees, were paid by the School for the year ended June 30, 2024.

Participants may be charged for some or all of the costs and expenses of operating the Plan. Such expenses include, but are not limited to investment expenses and costs to process loans, plan distributions, and domestic relations orders. Generally, the School pays for administrative expenses related to the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent liabilities. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

Investments of the Plan are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4). Contract value represents contributions made under a contract, plus interest, less participant withdrawals and administrative expenses (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Marin Horizon School 403(b) DC Plan  
Notes to Financial Statements  
June 30, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the School, which is the pay date. Contributions from the School are recorded in the year earned to coincide with the year which the School records the contributions to its general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Custodians.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of June 30, 2024 and 2023.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through April 14, 2025, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodians, determined to be qualified institutions by the plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year) ("supplemental schedule"). The Custodians have certified that the following data included in the financial statements is complete and accurate:

Marin Horizon School 403(b) DC Plan  
Notes to Financial Statements  
June 30, 2024 and 2023

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)  
(continued)

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of June 30, 2024.
- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2024.
- Investments and notes receivable from participants reflected on the supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards require that fair value be determined based on the price that would be received for an asset or paid to transfer a liability ("exit price") in the principal or most advantageous market, in an orderly transaction between market participants. Such fair value is a market-based measurement, not an entity-specific measurement. U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

*Level 1* - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

*Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

*Level 3* - inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

*Mutual funds*: Investment securities traded on security exchanges are valued daily at closing market prices of the underlying assets.

Marin Horizon School 403(b) DC Plan  
Notes to Financial Statements  
June 30, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

*Pooled Separate Account:* The TIAA Real Estate (REA) pooled separate account invests in real estate properties and real-estate related investments. Units held in the separate account are accumulation units and calculate the contract owner's interest. Such units are valued daily to reflect investment performance and the prorated daily deduction for expense charges. The number of units credited to a participant's account is determined by dividing the dollar amount of the transaction by the unit value the next time value is computed. units are valued any day the New York Stock Exchange is open for business and may be accessed by plan sponsors and participants via the TIAA website. The pooled separate account is classified within Level 1 of the fair value hierarchy. The REA is deemed to have a readily determinable fair value and is classified within Level 1 of the fair value hierarchy.

*Variable annuity contracts - CREF Accounts:* The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF accounts are deemed actively traded. Data for values are available daily to plan administrators and client investors on TIAA's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources.

*Variable annuity contracts - TIAA Access Accounts:* The fair values of subaccount units held by the Plan in TIAA Access Accounts are calculated daily by the issuer and the underlying investments are generally valued using market quotations obtained from independent pricing sources. Data for values are available daily to Plan administrators and client investors on TIAA's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings.

*Fixed annuity contract - TIAA Traditional Annuity contracts:* The Plan's investment in the TIAA Traditional Annuity sub-contracts are reported by TIAA at contract value, which approximates fair value, and are segregated into non-fully benefit-responsive and fully benefit-responsive investment contracts. The contract value of the Plan's interest in the TIAA Traditional Annuity is determined by the accumulated cash contributions and interest credited to the contracts, less any withdrawals and expenses. The crediting rate is based on the performance of a large, diversified portfolio, is correlated with the highest debt security yields, and is adjusted for contract liquidity. The non-fully benefit-responsive contracts are presented at fair value on the face of the Plan's financial statements. The fully benefit-responsive guaranteed investment contracts are not categorized within the fair value hierarchy (See Note 5). The Plan's investments in the non-fully benefit-responsive investment contracts are presented as Level 3 fair value investments in the fair value hierarchy. The Plan sold investments and had net transfers out of non-fully benefit-responsive contracts for a total of \$25,579 and \$8,179, respectively. The Plan had reinvested interest income of non-fully benefit-responsive contracts of \$32,835, during the year ended June 30, 2024.

4. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of June 30, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>

4. FAIR VALUE MEASUREMENTS (continued)

The following table presents information about significance unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at June 30, 2023:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Non-fully Benefit- Responsive	\$ 708,887	Discounted cash flow  Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 5.85% - 6.60%

5. GUARANTEED ANNUITY CONTRACT WITH CUSTODIANS

The TIAA Traditional Annuity ("contract") is a guaranteed fixed annuity contract available as an investment option to Plan participants. The contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including the Retirement Annuity (RA) and Group Supplemental Retirement Annuity (GSRA). The RA is considered a non-fully benefit-responsive contract and the GSRA is considered a fully benefit-responsive contract.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported by TIAA. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal and a guaranteed minimum rate of interest of 3%. The contract also offers the opportunity for additional amounts in excess of the guaranteed rate. When declared, additional amounts remain in effect for the 12-month period that begins each March 1. Additional interest is not guaranteed for future years.

The contract does not permit the TIAA to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

5. GUARANTEED ANNUITY CONTRACT WITH CUSTODIANS (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring.

Subject to the terms of the Contract, the contract holder or TIAA may discontinue the Contract. Payment of the contract accumulation may be made from 90 days up to two years after such discontinuance is processed, as described in the contract.

Total fully benefit-responsive insurance company investment contracts as of June 30, 2024 and 2023, measured at contract value were as follows:

	2024	2023
TIAA Traditional Benefit-Responsive	<u>\$ 143,054</u>	<u>\$ 115,711</u>

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similar to a related party under U.S GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Reliance Trust Company earns compensation in the form of short-term interest (or float) when funds are received either without investment instructions or past the point in a day when funds can be invested. Such amounts are held by a financial institution and earn interest at an interest rate provided by the financial institution from time to time.

As such, transactions conducted by the Reliance Trust Company, including revenue sharing and fee offset agreements, qualify as party-in-interest transactions. Also, the School pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions.

Notes to Financial Statements  
June 30, 2024 and 2023

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Certain Plan investments are owned and managed by the Custodians; therefore, these transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS

The Plan has adopted the New Pinnacle Consulting Group 403(b) Volume Submitter Plan #007 document ("volume submitter plan") that received an opinion letter dated March 31, 2017, from the Internal Revenue Service stating that the volume submitter plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers on behalf of their employees. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. PLAN RECORDS MANAGEMENT

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various accounting records and supporting documents related to the Plan's 403(b) contracts and custodial accounts issued to current and former employees prior to January 1, 2009, were not available from TIAA. Consequently, the financial statements have been prepared based on available records analyzed by Plan management.

As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined. U.S. GAAP require that these accounts and the related income and distributions be included in the accompanying financial statements.
