## Independent Auditor's Report

To the Plan Administrator of  
Edward M. Kennedy Community Health Center, Inc. 403(b) Plan:

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Edward M. Kennedy Community Health Center, Inc. 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Edward M. Kennedy Community Health Center, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Edward M. Kennedy Community Health Center, Inc. 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Edward M. Kennedy Community Health Center, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Edward M. Kennedy Community Health Center, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Edward M. Kennedy Community Health Center, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

***Auditor's Responsibilities for the Audit of the Financial Statements*** (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## EDWARD M. KENNEDY COMMUNITY HEALTH CENTER, INC. 403(B) PLAN

Notes to Financial Statements  
June 30, 2024 and 2023

---

### 1. DESCRIPTION OF PLAN

The following description of Edward M. Kennedy Community Health Center, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

#### a. General

The Plan's purpose is to provide retirement income to employees of Edward M. Kennedy Community Health Center, Inc. (the Plan Sponsor) (the Health Center). The Plan is a 403(b) defined contribution retirement plan covering substantially all eligible employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is established pursuant to Section 403(b) of the Internal Revenue Code (the Code). The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Sponsor's Board of Directors.

#### b. Eligibility

Participants are eligible to start contributing to the Plan on their first day of employment. Participants are eligible for Plan Sponsor discretionary matching and non-elective contributions after completing one year of service and attaining eighteen years of age. Participants must be employed on the last day of the plan year to be eligible for an allocation of discretionary non-elective contributions.

#### c. Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, up to the maximum allowed by the Code, including a catch-up provision for those aged 50 years or older. The Plan allows participants to make post-tax (Roth) contributions into the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor provides a discretionary matching contribution for eligible employees of up to 50% of eligible employees' contributions up to 5% of employee compensation. During plan year 2024, the Plan Sponsor contributed \$280,523 of discretionary matching contributions to the Plan. The Plan Sponsor also provides for a discretionary non-elective contribution. The discretionary non-elective contribution is allocated to eligible participants based on participant compensation. The Plan Sponsor did not make a discretionary non-elective contribution for the year ended June 30, 2024.

#### d. Participant Accounts

Each participant's account is credited with the Plan Sponsor's discretionary matching and non-elective contributions, if any, the participant's contributions, an allocation of plan earnings and appreciation of investments and is charged with direct expenses and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the plan document. The accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### 1. DESCRIPTION OF PLAN (Continued)

#### e. Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants vest in discretionary matching and non-elective contributions after three years of eligible service based upon a three year cliff vesting schedule, upon attaining the age of 65, or upon death or disability.

#### f. Payment of Benefits

The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65, with no option for early retirement. There are retirement benefits available upon retirement, disability and death. Upon termination of service, a participant may elect to receive installments, annuities or a lump-sum amount of the participant's vested balance. The Plan requires balances up to \$5,000 to be paid out to participants upon termination with the Plan Sponsor.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the Plan Administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to the Code or standards established by the Secretary of the Treasury or their delegate.

#### g. Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan allowed is \$1,000. Participants may only have one outstanding loan at a time. The loans are secured by the balance in the participant's account. Interest, as determined by the Plan Administrator, is due on the outstanding principal balance at the rate a bank would charge for a loan of that type. Principal and interest are paid ratably through payroll deductions.

#### h. Forfeitures

Forfeitures represent non-vested discretionary matching and non-elective contributions forfeited by participants who terminate their employment with the Health Center. Forfeitures are retained by the Plan and used to reduce future administrative expenses of the Plan or are used to offset future discretionary matching and non-elective contributions. The Plan had \$14,914 and \$9,314 of unallocated forfeitures as of June 30, 2024 and 2023, respectively. The Plan Sponsor used \$1,686 of forfeitures to pay Plan expenses and decrease the discretionary matching contributions during fiscal year 2024.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

#### Use of Estimates

The preparation of the financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Investment Valuation and Income Recognition

Pooled separate accounts and mutual funds are reported at fair value. Pooled separate accounts are measured at net asset value (NAV) as a practical expedient. Fair value of mutual funds is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisor and qualified institutions. See Note 4 for discussion of fair value measurement.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully-benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments sold, as well as held during the year.

#### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when incurred. No allowances for credit losses have been recorded as of June 30, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

#### Contributions

Contributions from plan participants and discretionary matching contribution are recorded in the year which the participant contributions and discretionary matching contributions are withheld from compensation. Discretionary non-elective contributions are recorded when such contributions are authorized by the Plan Sponsor.

#### Payment of Benefits

Benefits are recorded when paid.

#### Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Health Center and are excluded from these financial statements. Fees related to the administration of plan loans and processing of distributions are charged directly to the participant's account and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. Investment-related expenses are included in net appreciation of investments.

#### Subsequent Events

Subsequent events have been evaluated through April 14, 2025, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

### 3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mutual of America Life Insurance Company (Mutual of America), Fidelity Management Trust Company (Fidelity) and Voya Retirement Insurance and Annuity Company (Voya), the qualified institutions, have certified to the completeness and accuracy of all investments reported in accompanying statements of net assets available for benefits as of June 30, 2024 and 2023, and the supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of June 30, 2024, and the related investment transactions and investment income reported in the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2024.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and supplemental schedule.

### 4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

## EDWARD M. KENNEDY COMMUNITY HEALTH CENTER, INC. 403(B) PLAN

Notes to Financial Statements  
June 30, 2024 and 2023

### 4. FAIR VALUE MEASUREMENT (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

*Pooled separate accounts:* The pooled separate accounts are stated at the market value which equals the number of participation units owned in the subaccount multiplied by unit value of the participation unit. The unit values of participation units in the subaccounts are determined by Voya based on the value of the underlying mutual fund held in the subaccount, minus the fund's liabilities, which are the contract charges imposed by Voya, divided by the number of participation units outstanding. This value is also commonly referred to as the NAV of the participation units, which is considered by Plan management to be a practical expedient to determine fair market value. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the pooled separate accounts will be sold for an amount different from NAV. As of June 30, 2024 and 2023, the Plan has no plans to sell the pooled separate accounts at different from NAV. The daily charges imposed on these subaccounts for any valuation period are equal to the daily mortality and expense risk charge and the daily administrative charge multiplied by the number of calendar days in the valuation period. The value of each accumulation unit is published on Voya's website each business day. There are no unfunded commitments from participants in the Plan who invest in these accounts.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price and, accordingly, these investments are valued using observable inputs. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the methodologies used at June 30, 2024 and 2023.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

**4. FAIR VALUE MEASUREMENT (Continued)**

The following table presents the category, fair value, redemption frequency, and redemption notice period for the Plan's pooled separate accounts, the fair values of which are estimated using the NAV per share as of June 30:

	<u>Fair Value</u>		<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>

Total pooled separate accounts	<u>\$ 18,117,788</u>	<u>\$ 14,318,741</u>		

- (a) These funds seek to approximate as closely as practicable, before fees and expenses, the total rate of return of common stocks publicly traded in the United States, as represented by the S&P 500 Index.
- (b) These investments seek to allocate assets among equity, bond and money market funds based on its predetermined glide path as the fund approaches its target date, becoming more conservative prior to retirement, as time elapses.
- (c) These investments seek to provide long-term growth of capital. The funds pursue its investment objective by investing, under normal circumstances, at least 80% of its net assets in common stock, which includes securities convertible or exchangeable into common stock traded on U.S. exchanges. The fund's investments include securities issued by established, large-cap companies. The fund's investments also include the securities of large, established foreign issuers that are traded on U.S. exchanges, including American and Global Depositary Receipts.
- (d) These investments seek a high level of current income. The funds normally invest at least 80% of net assets in debt securities. It invests primarily in debt securities issued or guaranteed by the U.S. government, its agencies or instrumentalities or non-U.S. governmental entities; debt securities of U.S. and non-U.S. corporate issuers (including convertible debt); and mortgage-related securities, including "sub-prime" mortgages, and asset-backed securities. The funds invest in securities with a broad range of maturities and maintain an average portfolio maturity which varies based upon the judgment of the funds' investment adviser.
- (e) The primary objective of the funds is to maximize long-term total return by investing a broad range of equity, fixed income alternative asset classes in the U.S. and other markets throughout the world, both developed and emerging.
- (f) The funds invest in real estate properties, other real estate-related investments, and securities. Underlying securities are generally priced using values obtained from independent pricing sources.

### 4. FAIR VALUE MEASUREMENT (Continued)

- (g) The funds seek the highest level of income consistent with preservation of capital. The fund invests most of its assets in high-quality, very short-term debt securities issued by corporations, banks and governments.

### 5. TAX STATUS

The Plan Sponsor has obtained an opinion letter dated March 31, 2017, in which the Internal Revenue Service (IRS) that the restated prototype plan document was in compliance with applicable requirements of the Code. The Plan Administrator timely adopted the restated prototype plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently being operated in accordance with the Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested and all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

### 7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and transactions with investment funds managed and held by the qualified institutions along with administrative processing fees paid to the qualified institutions are considered party-in-interest transactions. During fiscal year 2024, the Plan paid the qualified institutions fees related to the administration of participant loans and processing of distributions, recordkeeping, and investment advisory service fees totaling \$79,214.

### 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

### 9. GUARANTEED INVESTMENT CONTRACT WITH VOYA

The Plan has a guaranteed investment contract with Voya. Voya maintains the contributions in a general account. The accounts are credited with participant contributions and investment income and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

## EDWARD M. KENNEDY COMMUNITY HEALTH CENTER, INC. 403(B) PLAN

Notes to Financial Statements

---

### 9. **GUARANTEED INVESTMENT CONTRACT WITH VOYA (Continued)**

Because the guaranteed investment contract is fully-benefit-responsive, contract value is the relevant measure attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of their investment at contract value. The contract limits the percentage of the investment for periodic elective transfers to variable investments within the Plan during any twelve-month period.

The contract is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. The guarantee is based on the ability of Voya to meet its financial obligations from the general assets of Voya. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than three percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

### 10. **GUARANTEED INVESTMENT CONTRACT WITH MUTUAL OF AMERICA**

The Plan also has a guaranteed investment contract with Mutual of America. Mutual of America maintains the contributions in a general account. The accounts are credited with participant contributions and investment income and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully-benefit-responsive, contract value is the relevant measure attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported by Mutual of America, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of their investment at contract value. The contract limits the percentage of the investment for periodic elective transfers to variable investments within the Plan during any twelve-month period.

The contract is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. The guarantee is based on the ability of Mutual of America to meet its financial obligations from the general assets of Mutual of America. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than three percent. Such interest rates are reviewed on a quarterly basis for resetting.

### 10. **GUARANTEED INVESTMENT CONTRACT WITH MUTUAL OF AMERICA** (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuers.
