Centare Holdings, Inc. 401(k) Plan

Financial Statements

Year Ended December 31, 2022

Independent Auditor's Report

To the Plan Administrator
Centare Holdings, Inc. 401(k) Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed audits of the accompanying financial statements of Centare Holdings, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Centare Holdings, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Centare Holdings, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Centare Holdings, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Centare Holdings, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Centare Holdings, Inc. 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of Centare Holdings, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

General

The Plan was a participant-directed defined contribution plan sponsored by Centare Holdings, Inc (the "Sponsor"). Centare Holdings, Inc. ceased to exist on August 12, 2021 due to its acquisition by Rural Sourcing, Inc. (now known as Sparq Holdings, Inc.). Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively "Empower"), were the Plan's custodians and held the Plan's investment assets and executed investment transactions. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Merger

The Sponsor entered into an acquisition agreement with Rural Sourcing, Inc., which subsequently changed its name to Sparq Holdings, Inc. As of December 31, 2022, the Plan merged and all funds held in the Plan were transferred to the Sparq Holdings, Inc. 401(k) Plan (f/k/a Rural Sourcing, Inc. 401(k) Plan).

Eligibility

Employees of the Sponsor who were not leased, non-resident aliens or under a collective bargaining agreement were eligible to participate in the Plan upon the completion of 83 hours of service in a one month period and attaining age 21. Employees could enter the Plan on the first day of the month coinciding with or following the date the eligibility requirements were met. If employed prior to August 22, 2013; the service and age requirements were waived for plan entry.

Contributions

Participants could contribute a portion of their pretax annual compensation, as defined in the Plan, up to the annual maximum allowed by the Internal Revenue Service ("IRS"). Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans ("rollovers").

Effective January 1, 2021, the Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 4% of eligible compensation. All auto-enrolled employees were subject to an annual 1% auto increase until the participant reached a 10% deferral rate, unless the employee opted out of the auto increase or if they electively changed their deferral percentage.

The Sponsor matched 100% of the participant's elective deferrals that did not exceed 4% of the participant's compensation. In addition, the Sponsor could make a discretionary profit sharing contribution equal to a discretionary percentage of a participant's elective deferrals, as determined by the Sponsor. The Sponsor made no discretionary profit sharing contributions for 2022.

Note 1: Description of Plan (Continued)

Investment Options

Participant contributions and Sponsor matching contributions were allocated among the available investment options as directed by each participant. By designating these investment alternatives for participants, allowing frequent fund transfers and providing the necessary fund information to participants, it was intended that the Plan be treated as an ERISA 404(c) Participant-Directed Account Arrangement. For a more complete description of the plan investments, refer to individual investment prospectuses.

Participant Accounts

Each participant's account was credited with the participant's contributions, the Sponsor's matching contributions and discretionary profit sharing contributions, if any, and earnings (losses) thereon. Allocations were based on participant earnings (losses), account balances, or specific participant transactions, as defined. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their voluntary contributions and Sponsor matching contributions, plus actual earnings (losses) thereon.

Vesting in the Sponsor discretionary profit sharing contributions, plus actual earnings (losses) thereon, was based on years of service and vested according to the following schedule:

<i>Years of service</i>	<i>Vesting %</i>
Less than 2 years	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 or more	100 %

Participants were considered to have completed one year of service for purpose of vesting upon completion of 1,000 hours of service at any time during the plan year.

Participants became fully vested upon retirement due to death or disability.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$0. Forfeitures were portions of participant account balances that participants surrendered by terminating employment prior to becoming fully vested. Forfeited nonvested accounts were reallocated to offset Plan expenses or Plan contributions. No amounts were used to reduce Sponsor contributions or pay plan expenses during 2022.

Notes Receivable from Participants

Participants could borrow from their account balance with a minimum note of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Notes were secured by the balance in the participant's account and bore interest between 4.25% and 6.25%. Principal and interest were paid through payroll deductions. A participant could have only one loan outstanding from the Plan.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for other reasons, a participant could elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in installments if the account balance was greater than \$5,000 under certain conditions. The Plan provided that distributions of amounts of \$5,000 or less were only paid as lump-sums. Under certain circumstances, participants could qualify to receive a hardship distribution (less applicable income taxes and penalties) from their account balance. The Plan also allowed for in-service distributions upon attaining age 59 1/2.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates and are subject to change in the near term.

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments were reported at fair value except for the fully benefit-responsive investment contract ("FBRIC"). Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

The FBRIC was reported at contract value, which was the amount participants would normally receive if they were to initiate permitted transaction under the terms of the Plan.

Notes Receivable From Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. If a participant ceased to make loan repayments and the plan administrator deemed the participant to be in default, the participant loan balance was reduced and the benefit payment was recorded.

Payment of Benefits

Benefits payments to participants were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid directly by the Plan, unless paid by the Sponsor. Expenses that were paid by the Sponsor were excluded from these financial statements. Certain expenses directly attributable to a participant's transactions were deducted from the participant's account. Investment related expenses were included in net depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through April 14, 2025, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP specifies a three-tier fair value hierarchy, which prioritizes the inputs used in estimating fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs for which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques maximized the use of observable inputs and minimized the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the U.S. Securities and Exchange Commission. These funds were required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

The method described above could produce a fair value calculation that was not indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation method was appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,213,304	\$ -	\$ -	\$ 9,213,304

Note 4: Fully Benefit-Responsive Investment Contract

The Plan maintained a fully benefit responsive investment in the Key Guaranteed Portfolio Fund through a guaranteed investment contract ("GIC") with Great-West. Great-West maintained the contributions in a general account. The account was credited with earnings on investments and charged for participant withdrawals and administration expenses. Great-West was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The investment was carried at contract value. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Centare Holdings, Inc. 401(k) Plan

Notes to Financial Statements

Note 4: Fully Benefit-Responsive Investment Contract (Continued)

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting rate was approximately 0.90% for the year ended December 31, 2021. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events limited the Plan's ability to transact at contract value with Great-West, including plan termination and other events as specified in the GIC. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer were probable of occurring. The GIC did not permit Great-West to terminate the agreement prior to the scheduled maturity date.

Note 5: Information Prepared and Certified by Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements, including investments held as of December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of American (collectively "Empower") (f/k/a Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company), the custodians of the Plan.

Note 6: Tax Status

The Plan used a volume submitter plan document. The Sponsor of the volume submitter plan document received an opinion letter from the IRS which stated that the volume submitter document satisfied the applicable provisions of the Internal Revenue Code ("IRC"). The plan administrator believed the Plan was designed and was operated in accordance with the IRC regulations and the income of the trust was tax exempt. The plan administrator analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2022 and 2021, there were no uncertain positions taken or expected to be taken.

Note 7: Party-in-Interest

Certain plan investments were managed by Empower, the Plan's custodians. These transactions and notes receivable from participants qualify as party-in-interest transactions. These transactions were not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Fees incurred by the Plan for the investment management services were included in net depreciation in fair value of investments, as they were paid through revenue sharing, rather than a direct payment. The Plan incurred administrative fees paid to Empower.

Centare Holdings, Inc. 401(k) Plan

Notes to Financial Statements

Note 8: Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

During 2022, certain participant elective deferrals were not withheld in accordance with the plan document, as defined. Corrective contributions will be made in accordance with Revenue Procedure 2021-30 on behalf of affected participants, which amounts to approximately \$119,500. This contribution will be made by Sparq Holdings, Inc. into the Sparq Holdings, Inc. 401(k) Plan and will be allocated to the respective participants in 2025.
