As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Independent Auditors' Report (Continued)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Valley Christian Schools, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Christian Schools, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valley Christian Schools, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Independent Auditors' Report (Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets Held for Investment Purposes for the year ended June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditors' Report (Continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description Of The Plan

The following brief description of Valley Christian Schools, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information purposes only. Participants should refer to the Plan document for more complete description of the Plan's provisions.

General

The Plan was established for participation on September 1, 2012 and was restated January 1, 2020. The Plan is a defined contribution plan covering all eligible employees of Valley Christian School, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Under the provisions of the Plan, each employee shall be eligible to participate in the Plan upon attaining the age of 21. Enrollment is on the first which eligibility requirements are satisfied.

Contributions

Each participant may elect to reduce his or her compensation and have such amounts contributed to the Plan as before-tax contributions. Such contributions are excluded from a participant's taxable compensation in accordance with the provisions of Section 401(k) of the Internal Revenue Code (IRC).

The IRC imposes certain restrictions on the amount of annual additions to an individual participant's accounts, as well as an aggregate limit on contributions. The annual limit on a participant's before-tax contribution was \$23,000 and \$22,500 for 2024 and 2023, respectively. Plan participants who are age 50 and older may elect to make an additional catch-up of \$7,500 and \$7,500 for 2024 and 2023, respectively. These elective deferrals are for eligible participants whose elective deferrals have been restricted by either a statutory ceiling or by a plan limit.

The Company may make matching contributions to eligible employees. For the year ended June 30, 2024 and for the six months ended June 30, 2023, the Company made matching contributions equal to 100% of the participants' contributions up to 4% of the employees' compensation. Participants are immediately vested in their voluntary contributions plus matching contributions and actual earnings thereon.

The Plan also allows rollover contributions, within IRS parameters, of part or all of a "qualified total distribution" received by a participant from a qualified plan of a previous employer. Rollover contributions into the Plan are 100% vested and non-forfeitable at all times.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment Of Benefits

At termination or retirement, if a participant's vested account is \$5,000 or less, his or her vested account will be paid in a single sum. Otherwise, a participant may choose from the options of benefit available under the Plan.

A participant may withdraw all or any part of his or her vested account resulting from rollover contributions.

Death Benefits

If a participant dies before benefits start, his or her vested account will be paid to the beneficiary under one or more options available under the Plan.

If a participant dies after receiving benefits, death benefits will be paid according to the option he/she elected.

Administrative Expenses

Fees for the investment managers and contract administrative fees are paid out of assets of the Plan. The Company pays all other fees incurred by the Plan and provides personnel who perform various administrative services. The expenses incurred by the Company are not included in the accompanying financial statements.

(2) Summary Of Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Page -10-

Change In Reporting Period

Effective January 1, 2023, the Plan changed to a June 30th year end. Accordingly, the 2023 financial statements are for a six month period.

Use Of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions Receivable

Employee contributions receivable arise from employee contributions that are withheld from employee's salary, but have yet to be remitted to the Plan by the Company. Employer contributions receivable arise from discretionary matching that are to be remitted to the Plan by the Company for wages that have been previously paid to employees. The Plan charges off uncollectible receivables when future receipts are deemed probable.

Investment Valuation And Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The Plan has adopted fair value measurements, which among other things requires enhanced disclosures about investments that are measured and reported at fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

**VALLEY CHRISTIAN SCHOOLS INC. 401(k) PROFIT
SHARING PLAN**

Notes To Financial Statements (Continued)

Page -11-

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at their price. The mutual funds held by the Plan are considered to be actively traded.

Pooled separate accounts: Fair value was determined based on the value of the underlying assets and securities, the majority of which have observable Level 1 pricing inputs, including publicly quoted prices and quoted prices for similar assets in active or non-active markets.

VALLEY CHRISTIAN SCHOOLS INC. 401(k) PROFIT SHARING PLAN

Notes To Financial Statements (Continued)

Page -12-

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment Of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan has performed an evaluation of subsequent events through April 11, 2025, which is the date the financial statements were available to be issued, and has considered any relevant matters in the preparation of the financial statements and footnotes.

(4) Investment Contracts With Insurance Company

The Plan entered into one fully benefit-responsive contracts with Principal Life Insurance Company which are fixed income option annuity contracts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contracts are presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts as of June 30, 2024 and 2023, was \$926,591 and \$842,284 and crediting interest rate was 1.55% and 1.30%, respectively.

Certain events limit the Plan's ability to transact at contract value with Principal Life Insurance Company. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or other required prohibited transactions exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with

the Plan and settle at an amount different from the contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan's administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

(5) Financial Data Certified By The Investment Company Administered Trust Fund

The plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA as of and for the year ended June 30, 2024 and for the six months ended June 30, 2023. Accordingly, as permitted under such election, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"), the custodian for the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of June 30, 2024 and 2023.
- Investment income as shown in the statements of changes in net assets available for benefits for the year ended June 30, 2024 and for the six months ended June 30, 2023.
- Investment information included in the accompanying schedule of assets (held at year-end) as of June 30, 2024. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(6) Plan Termination

Although the Company intends to continue the Plan and to make regular contributions, the Company reserves the right to terminate the Plan at any time, and its continuance is not guaranteed. The Company also has reserved the right to amend or otherwise modify the Plan or to discontinue any further contributions or payments under the Plan by a resolution of its Board. In the event of a termination of the Plan or discontinuance of contributions, the account of each affected participant shall become non-forfeitable.

Notes To Financial Statements (Continued)

Page -15-

(7) **Income Tax Status**

The Plan is an adoption of a regional prototype plan, which has received a notification letter from the Key District Director having jurisdiction with the Plan. The Revenue Service permits the employer to rely on the notification letter. Therefore, the employer will not submit the Plan to the Internal Revenue Service for advance determination as to whether the Plan meets the qualification requirements of section 401 of the Internal Revenue Code of 1986 with respect to the Plan's initial qualification.

The prototype plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC. The Plan follows the *Accounting for Uncertainty in Income Taxes* accounting standard which requires the Plan to determine whether a tax position (and the related tax benefit) is more likely than not to be sustained upon examination by the applicable taxing authority, based solely on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon settlement, presuming that the tax position is examined by the appropriate taxing authority that has full knowledge of all relevant information. During the year ended June 30, 2024 and the six months ended June 30, 2023, the Company evaluated its tax positions to determine the existence of uncertainties, and did not note any matters that would require recognition or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan is no longer subject to U.S. federal tax audits on its Form 5500 by taxing authorities for years ending prior to December 31, 2021. The years subsequent to this year contain matters that could be subject to differing interpretations of applicable tax laws and regulations. Although the outcome of tax audits is uncertain, the Plan believes no issues would arise.

(8) **Party-In-Interest Transactions**

Plan investments are managed by Silver Oak Securities Inc. and Nova 401k Associates. Fees paid by the Plan to Silver Oak Securities Inc. and to Nova 401k Associates, for investment management services were included as a reduction of the return on each fund and additional management fees in the amount of \$55,280 and \$12,031, respectively. Delaware charter Guarantee & Trust Company d/b/a Principal Trust Company is the custodian as defined by the Plan was paid \$38,634 and \$17,451, respectively, for custodian and record keeping services. These transactions qualify as party-in-interest transactions. These transactions qualify as party-in-interest transaction and are exempt from the prohibited transaction rules of ERISA.

Page -16-

(9) Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in the U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.
