(1) Name: **CONDON, OMEARA, MCGINTY & DONNELLY**

(2) EIN: **13-3628255**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

Independent Auditor's Report

To the Trustees and the Participants of the
Japan Society, Inc. Defined Contribution
Plan (RA)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2024 financial statements of Japan Society, Inc. Defined Contribution Plan (RA) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The 2024 financial statements comprise the statement of net assets available for benefits as of June 30, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information"), by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of June 30, 2024 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2024 financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Report on Compiled 2023 Financial Statement

Plan management is responsible for the accompanying financial statement of Japan Society, Inc. Defined Contribution Plan (RA), which comprises the statement of net assets available for benefits as of June 30, 2023, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement of Japan Society, Inc. Defined Contribution Plan (RA) as of and for the year ended June 30, 2023.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule – Schedule H - Part IV - Line 4(i) – Schedule of Assets (Held at End of Year) as of June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JAPAN SOCIETY, INC.
DEFINED CONTRIBUTION PLAN (RA)

Notes to Financial Statements
June 30, 2024

Note 1 – Description of the Plan

The following description of the Japan Society, Inc. Defined Contribution Plan (RA) (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan established in 1977 (the Plan was amended and restated effective April 1, 2024). On April 1, 2024, the Japan Society, Inc. Tax Deferred Annuity Plan (SRA/GSRA) was merged into the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”). All employees of the Japan Society, Inc. and Subsidiary (collectively, the “Society”) who meet certain eligibility requirements are eligible to participate in the Plan. The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

In December 2019, Congress passed the Setting Every Community Up for Retirement Enhancement Act that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act which were effective on January 1, 2020, require changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) that included numerous employee benefit plan provisions to assist plan sponsors and participants.

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in the Plan’s 2025 fiscal year and thereafter. Accordingly, there is no material impact to the Plan’s fiscal 2024 financial statements.

Contributions

Participants may make pre-tax and Roth contributions to the Plan, subject to certain limitations as defined by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Society makes a nonelective 10% contribution of each eligible participant’s compensation to the Plan. Full-time employees are eligible for the employer nonelective contribution after 6 consecutive months of service whereas part-time employees must work 6 months of service and 1,000 hours.

JAPAN SOCIETY, INC.
DEFINED CONTRIBUTION PLAN (RA)

Notes to Financial Statements (continued)
June 30, 2024

Note 1 – Description of the Plan (continued)

Participant accounts

Each participant's account is credited with (a) the participant's contribution, (b) allocation of employer contributions, and (c) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested on the first of the month following two years of employment for the Society's nonelective contributions.

Investment options

Each participant may direct their investment accounts into various investment options. The assets of the employees are allocated into the applicable funds at the direction of the participant.

Participant loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lower of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the Federal Reserve Board Bank prime loan rate plus 1 percent. Principal and interest is paid ratably through an ACH agreement or other repayment method agreed to by the investment arrangement to repay the loan. The Plan Administrator will fix the term for repayment of any loan, however, in no instance may the term for repayment be greater than a five years, unless the loan qualifies as a home loan. Participants are limited to three outstanding loans at a time.

Payment of benefits

Upon termination of service, retirement, death, or total permanent disability, a participant may elect to receive a distribution of his or her entire accumulated plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, an annuity, partial payments, or installments. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59-1/2. Participants may also elect in-service withdrawals of their elective deferral account balances in the case of a hardship or disability. Rollover account balances may be withdrawn at any time, provided the rollover contributions have been properly segregated. Minimum required distributions for participants also apply per Internal Revenue Service ("IRS") regulations.

JAPAN SOCIETY, INC.
DEFINED CONTRIBUTION PLAN (RA)

Notes to Financial Statements (continued)
June 30, 2024

Note 1 – Description of the Plan (continued)

Plan termination

Although it has not expressed any intent to do so, the Society has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 2 – Summary of significant accounting policies

Basis of accounting

The Plan's financial statements are prepared under the accrual method of accounting except for benefits paid which are recorded on a cash basis.

Investment valuation and income recognition

The Plan's investments, except for the TIAA Traditional Annuity-Benefit Responsive contracts, are stated at fair value. The investments in the TIAA Traditional Annuity-Benefit Responsive contracts are reported by TIAA at contract value.

The fair values of accumulation units held by the Plan in variable annuity accounts, including the College Retirement Equity Fund ("CREF") registered investment companies, are based on each account's daily Net Asset Value ("NAV"), which is considered by Plan management to be the best approximation of fair value. Data for NAVs are distributed to Plan administrators and client investors, and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the accrual basis. Realized and unrealized gains and losses from the assets in each account are credited to or charged against each account.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

JAPAN SOCIETY, INC.
DEFINED CONTRIBUTION PLAN (RA)

Notes to Financial Statements (continued)
June 30, 2024

Note 2 – Summary of significant accounting policies (continued)

Fair value measurements

For assets measured at fair value on a recurring basis, accounting standards require quantitative disclosures about the fair value measurement separately for each major class of assets. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets.

Level 2 – Quoted prices for identical assets in markets that are not active, quoted prices for similar assets in active markets, inputs other than quoted market prices, and inputs derived principally from observable market data.

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Contributions

Contributions from participants are recorded as they are withheld from their wages.

Risks and uncertainties

Investment securities are exposed to various risks such as interest rate, market, credit and liquidity risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits as of June 30, 2024. The Plan's investments are not insured or protected by the Pension Benefit Guaranty Corporation, or any other governmental agency, and accordingly, the Plan is subject to the normal investment risks associated with investments.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from these estimates.

Payment of benefits

Benefit payments to participants or their beneficiaries are recorded when paid.

Note 2 – Summary of significant accounting policies (continued)

Administrative expenses

Certain transaction-related participant expenses, such as those associated with loan maintenance, if any, and administration, are paid by the Plan and are included in the accompanying financial statements.

Certain administrative functions are performed by employees of the Society. No such employees receive compensation from the Plan.

Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through April 11, 2025, which is the date the financial statements were available to be issued.

Note 3 – Investments

Investments at contract value

The Plan holds a portfolio of investment contracts that is composed of traditional annuity contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the contract value of investment contracts held by the Plan at June 30, 2024 and June 30, 2023:

	<u>2024</u>	<u>2023</u>

Annuities

The TIAA Traditional Annuity is an unallocated fixed annuity that is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

JAPAN SOCIETY, INC.
DEFINED CONTRIBUTION PLAN (RA)

Notes to Financial Statements (continued)
June 30, 2024

Note 3 – Investments (continued)

Annuities (continued)

When participants choose to allocate a portion of their retirement savings to a TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

All Group Supplemental Retirement Annuity contracts provide for full participant-directed liquidity.

Valuation methodologies

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2024 and June 30, 2023:

- The fair values of registered investment company investments ("mutual funds") are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).
- The value of each pooled separate investment account is determined at the close of each business day based on the fair value of the respective investments. The value of each account is expressed in "units". The "unit value" is the dollar value of one unit and is determined at the close of each business day by dividing the total fair value of each account by the total number of units in the account. The value of each participant's account on any date is determined by multiplying the number of units held by the "unit value" at the close of the business day.
- Investments in TIAA Traditional Annuity Non-Benefit Responsive contracts are reported at contract value by TIAA, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Contract value is deemed to approximate fair value for these contracts based on observation of recent participant investments at contract value and by comparison of historical and current yields of highly rated long-term corporate bonds to historical and current crediting interest rates of the contracts, taking into consideration the liquidity restrictions applicable to the contracts.

Note 4 – Information certified by the Custodians

TIAA and CREF hold the Plan's investment assets and execute investment transactions and disburse benefit payments to eligible participants or their beneficiaries. TIAA and CREF have certified to the Plan Administrator that the following information is complete and accurate to the best of their knowledge:

- a) Schedule of Assets (Held for Investment) as of June 30, 2024 and June 30, 2023.
- b) Statement of Changes in Net Assets Available for Benefits for the year ended June 30, 2024.

As permitted by Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator requested that no audit procedures be performed with respect to the information so certified.

Note 5 – Party-in-interest transactions

Plan investments are shares of funds managed by TIAA and CREF. TIAA and CREF are the Custodians as defined by the Plan, and therefore, these transactions qualify as party-in-interest. The Plan also invested in other mutual funds managed by a variety of other fund managers. These transactions would also qualify as party-in-interest.

Certain administrative fees related to the administration of this Plan were paid by the Society. These transactions also qualify as party-in-interest transactions.

Note 6 – Tax status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (“IRC”). The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.
