INDEPENDENT AUDITOR'S REPORT

Maui Divers of Hawaii, Ltd. Employee Stock Ownership Plan:

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Maui Divers of Hawaii, Ltd. Employee Stock Ownership Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MAUI DIVERS OF HAWAII, LTD. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

As of and for the Years Ended December 31, 2023 and 2022

NOTE A – DESCRIPTION OF PLAN

General

The following brief description of Maui Divers of Hawaii, Ltd. Employee Stock Ownership Plan (Plan), provides information for general purposes only. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

Maui Divers of Hawaii, Ltd. (Company) established the Plan, effective as of January 1, 1997, and as amended. The Plan was amended and restated effective January 1, 2021. The Plan operates as an employee stock ownership plan (ESOP) that funds certain benefits for employees who have met the eligibility requirements. The Plan is administered by its trustees.

Eligibility

Employees of the Company are generally eligible to participate in the Plan after one year of service provided they complete at least 500 hours of service during the plan year. Leased employees are ineligible. Participants who do not have at least 500 hours of service during such plan year or are not employed on the last working day of the plan year, are generally not eligible for an allocation of the Company's common stock for such year.

Employer Contributions

The Company may make employer discretionary contributions in the form of cash or the Company's common stock to the Plan. Company contributions are conditioned on its deductibility. The Plan does not permit participant voluntary contributions.

Payment of Benefits

Distributions on account of death, disability, or retirement (age 55 years) are made in the plan year following the plan year in which such events occur. Distributions for other separations from service shall also commence in the plan year following the plan year in which the participant's service terminates. For vested benefits over \$5,000, the plan benefit will be distributed and paid in substantially equal annual installments over a period of five years. For vested benefits from \$1,001 to \$5,000, the distribution is subject to the written consent of the participant and the participant's spouse. Vested benefits equal to or less than \$1,000, will be distributed and paid in a lump sum. Distributions are made in cash.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

As of and for the Years Ended December 31, 2023 and 2022

NOTE A – DESCRIPTION OF PLAN (Continued)

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustees of the Plan prior to the time that such rights are to be exercised. The trustees are not permitted to vote any allocated shares for which instructions have not been given by a participant.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Plan earnings are allocated to each participant's account based upon the ratio of the participant's account balance to the total of all participant account balances. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the trustees from the forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balance in his or her account based on total years of service with the Company. Participants are 25% vested after two years of service, 50% after three years of service, 75% after four years of service, and 100% vested after five years of service.

Put Option

The Company's common stock includes a put option that is held by the Plan and its participants. Under federal income tax regulations, the Company's common stock is not readily available on an established market, and is subject to trading limitations. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The Company can pay for the purchase with interest over a period not exceeding five years. The purpose of the put option is to ensure that the participant has the ability to ultimately receive cash for the shares of the Company's common stock.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in the Company's common stock into investments that are more diversified. Participants who attain the age of 55 with at least ten years of participation in the Plan may elect to diversify a portion of their accounts. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50%. Participants who elect to diversify can receive a direct distribution or a rollover to their 401(k) plan or an individual retirement account.

As of and for the Years Ended December 31, 2023 and 2022

NOTE A – DESCRIPTION OF PLAN (Continued)

Forfeitures

Forfeitures of terminated non-vested account balances allocated to remaining participants amounted to \$5,534 and \$3,965 for the years ended December 31, 2023 and 2022, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the trustees to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates, it is reasonably possible that such estimates may change within the near term, and such differences could be material to the financial statements.

Investment Valuation and Appreciation Recognition

The Plan's investments are stated at fair value. Interest income is recorded when earned. Dividend income is accrued on the ex-dividend date. Purchases and sales are recorded on a trade-date basis. Net appreciation includes the Plan's gain or losses on investments bought and sold as well as held during the year. The Plan's valuation policies utilize information provided by an independent valuation specialist. See Note D for discussion of fair value measurements.

Payment of Benefits

Benefits are recorded on the accrual basis.

Expenses

Expenses are recognized when incurred. Expenses to maintain the Plan may be paid by the Company or the Plan. The Company has historically paid substantially all of the operating expenses for the Plan.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

As of and for the Years Ended December 31, 2023 and 2022

NOTE C – INVESTMENT IN COMMON STOCK OF MAUI DIVERS OF HAWAII, LTD.

At December 31, 2023 and 2022, the Plan's investment in the common stock of the Company consisted of the following:

	<u>2023</u> <u>Allocated</u>	<u>2022</u> <u>Allocated</u>
Number of shares	1,629,000	1,629,000
Cost	\$2,047,340	\$2,047,340
Fair value	\$2,313,180	\$1,775,610

The estimated fair values of the common stock at December 31, 2023 and 2022 of \$1.42 and \$1.09 per share, respectively, were based on independent valuations.

NOTE D – FAIR VALUE MEASUREMENTS

U.S. GAAP provides a hierarchy that prioritizes the inputs to the valuation methodologies used to measure fair value. There are three levels of the fair value hierarchy. Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement. The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methodologies used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan investments in mutual funds are valued using quoted market prices and money market funds are valued at stated value, Level 1 inputs. The Plan holds a Level 3 investment in the Company's common stock. The investment in the Company's common stock is valued based on an annual independent appraisal. This appraisal was primarily based on a combination of the market and income valuation approaches. The appraiser took into account, after a risk analysis, historical and projected cash flow and net earnings, weighted average cost of capital, debt, market comparisons, and applicable discounts and premiums. There are no investments valued using Level 2 inputs. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

As of and for the Years Ended December 31, 2023 and 2022

NOTE E – ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by the trustees. Company contributions are held and managed by the trustees, who are responsible for administering the investment of the Plan's assets and making distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the trustees' fees may be paid either by the Company or the Plan.

NOTE F – TAX STATUS

In a letter dated October 19, 2015, the Internal Revenue Service (IRS) indicated that the Plan is qualified under the Internal Revenue Code (IRC) and the trust established under the Plan is tax-exempt. The Plan has been amended since receiving the determination letter. The trustees believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the trustees believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

U.S. GAAP requires the trustees to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The trustees have evaluated the Plan's tax positions as of December 31, 2023 and 2022 and for the years ended December 31, 2023 and 2022, and determined that the Plan had no uncertain tax positions required to be reported in accordance with U.S. GAAP. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any open tax periods.

NOTE G – RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in the Company's common stock that is administered by the trustees and, therefore, these transactions qualify as party in interest transactions. As previously noted, the Company may pay the expenses of the Plan.

The Plan has a number of service providers including an independent valuation specialist. Such parties are considered parties in interest under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

NOTE H – TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to Plan provisions and the provisions of ERISA. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and ERISA. Upon termination of the Plan, the Company would direct the trustees to pay all liabilities and expenses of the trust fund. In the event of plan termination, all participants will become 100% vested in their accounts.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

As of and for the Years Ended December 31, 2023 and 2022

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in the Company's common stock, mutual funds, and money market funds, which are exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, or other such techniques. Due to the level of risk associated with the investments, it is reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan and Company operate in the State of Hawaii. Local, national, and international events can have severe, adverse effects on economic conditions in Hawaii. These financial statements do not include the adjustments that would result if the Plan were to account for future losses or asset impairments, as the effects on the financial statements of the Plan from such changes in economic conditions are not presently determinable.

NOTE J – SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events through April 15, 2025, which is the date the financial statements were available to be issued, and determined that the Plan did not have any subsequent events requiring adjustment to the financial statements or disclosure in the notes to the financial statements.
