New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of 401(a) Profit-Sharing Plan for Employees of Palladia, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the 401(a) Profit-Sharing Plan for Employees of Palladia, Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Palladia, Inc. (the Company). Employees who were 21 years of age or older and had completed 1,000 hours or more of service were eligible to participate in the Plan. Employees who completed 1,000 hours of service and were 21 years or older before December of the calendar year of their employment were eligible to participate on July 1 of that same calendar year; otherwise, such employees were eligible to participate on July 1 of the calendar year following their anniversary date. In addition, employees must have been active employees on the first and last day of the Plan year in order to receive a profit-sharing contribution for that Plan year. State Street Bank and Trust Company (State Street) is the trustee of the Plan and Transamerica Retirement Solutions, LLC (Transamerica) is the recordkeeper. Bank of America, N.A. (Bank of America) holds the cash held in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On December 4, 2014, the Company entered into a membership transaction agreement with Services for the UnderServed, Inc. (SUS), a New York not-for-profit corporation. Under the terms of the agreement, SUS became the sole member of the Company and each of the operating entities. In effect, SUS took over the control of management of the Plan.

Effective January 1, 2017, no new profit-sharing contributions and no new participants are accepted by the Plan. Effective the same date, the Company elected to become a participating employer in the Services for the UnderServed 403(b) Plan, which is also a defined contribution plan subject to the provisions of ERISA.

Effective July 1, 2021, the Plan document was restated with the Plan name 401(a) Profit-Sharing Plan for Employees of Palladia, Inc. The name of the plan had formerly been Palladia, Inc. Retirement Plan.

Contributions

The Plan does not allow contributions from participants or rollover contributions from another qualified defined benefit or defined contribution plan.

Investment Options

All of the Plan's investment options are fully participant-directed. Participants may direct the investment of their account balances into any of the Plan's available investment options.

Participant Accounts

Each participant's account is credited with an allocation of the Plan's net earnings and losses. Participant accounts are charged for withdrawals and an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances,

401(a) Profit-Sharing Plan for Employees of Palladia, Inc.

Notes to Financial Statements

or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

The Plan does not allow participants to borrow from their participant accounts.

Vesting

The Plan was frozen effective January 1, 2017 and all existing account balances became fully vested at that time.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or an annuity. Normal retirement age is 65 under the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan. Administrative expenses paid by the Company for the Plan are excluded from these financial statements. Management fees and operating expenses charged to the Plan for its investments are deducted from investment returns for such

401(a) Profit-Sharing Plan for Employees of Palladia, Inc.

Notes to Financial Statements

investments. Transaction fees, such as distribution, withdrawal, and investment buying or selling fees, are paid by the Plan and charged directly to the participant's account.

Payment of Benefits

Benefits are recorded when paid.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Certified Investments

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and cash held as of June 30, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the year ended June 30, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by State Street and Bank of America, qualified institutions.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - This level consists of inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - This level consists of inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

401(a) Profit-Sharing Plan for Employees of Palladia, Inc.

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 or 2023.

Mutual Funds - The shares of mutual funds are valued at quoted market prices in an exchange and active market, which represent the net asset value (NAV) of shares held by the Plan at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

June 30, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,098,298	\$ -	\$ -	\$ 3,098,298
Total Investments, at fair value	\$ 3,098,298	\$ -	\$ -	\$ 3,098,298

June 30, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,067,054	\$ -	\$ -	\$ 3,067,054
Total Investments, at fair value	\$ 3,067,054	\$ -	\$ -	\$ 3,067,054

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended June 30, 2024 and 2023.

6. Nonparticipant-Directed Assets

Information about the net assets relating to the nonparticipant-directed assets is as follows:

<i>June 30,</i>	2024	2023
Cash	\$ 3,661	\$ 3,661
Total	\$ 3,661	\$ 3,661

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the events of Plan termination, participants would remain 100% vested in their accounts.

8. Tax Status

The Plan adopted the Transamerica Retirement Solutions, LLC Pre-Approved 401(k) Profit Sharing Plan basic Plan document, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states the pre-approved Plan document, as then designed,

401(a) Profit-Sharing Plan for Employees of Palladia, Inc.

Notes to Financial Statements

satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Related Party and Party-in-Interest Transactions

Transactions with Bank of America, State Street, and Transamerica qualify as exempt party-in-interest transactions.

10. Subsequent Events

Plan management has evaluated events through April 18, 2025, the date the financial statements were available to be issued, and there were no subsequent events requiring adjustments to the financial statements or disclosures as stated herein.
