(1) Name: **WARREN AVERETT**

(2) EIN: **45-4084437**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITORS' REPORT

To the Board of Managers
FinQuery 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Finquery 401(k) Plan (formerly, LeaseQuery 401(k) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(FORMERLY, LEASEQUERY 401(k) PLAN)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

1. DESCRIPTION OF PLAN

The following description of FinQuery 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for complete information. Effective February 8, 2024, the Plan was amended to change the name of the Plan from Leasquery 401(k) Plan to FinQuery 401(k) Plan.

General

The Plan is a defined contribution plan covering all employees of Finquery 401(k) Plan (formerly, Leasequery 401(k) Plan) (the Sponsor) except for union employees, leased employees, nonresident aliens and interns. The Plan was established on January 1, 2019, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan. The Advisory Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Sponsor's Board of Managers.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan document, subject to Internal Revenue Service (IRS) limitations. Participants may designate all or a portion of their salary deferral as Roth elective deferrals. Participants may enter the Plan immediately, where there is no minimum service requirement, coinciding with or following the date the participant satisfies the eligibility requirements. An employee is eligible to make an elective deferral contribution on the date he/she performs an hour of service as an eligible employee. The Plan also allows for Sponsor safe harbor contributions as well as non-safe harbor matching contributions and profit-sharing contributions. The Sponsor will make a safe harbor matching contribution of up to 100% of the first 2% and 50% of the matched employee contributions that exceed 2% of eligible compensation not to exceed 6% of a participant's eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Under the Automatic Enrollment Contributions arrangement, all employees who have satisfied the eligibility requirements of the Plan and have not made a salary deferral election are automatically enrolled at a 6% salary deferral rate. Participants have 30 days to opt out of the automatic contributions. The automatic contribution percentages will increase each year at 1% per year with a maximum of 9%.

Sponsor profit-sharing contributions are discretionary and are made in amounts determined annually by the Sponsors' Advisory Committee and approved by the Sponsor's Board of Managers. For the 2024 Plan year, the Sponsor did not make a profit-sharing contribution to the Plan.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Sponsor contributions and allocations of Plan earnings. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**FINQUERY 401(K) PLAN
(FORMERLY, LEASEQUERY 401(k) PLAN)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's safe harbor, non-safe harbor matching contribution and profit-sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after two years of credited service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than one	0%
One year but less than two	50%
Two years or more	100%

For the 2024 Plan year, it was determined there was a partial plan termination for all participants that terminated in 2024. The vesting for the affected plan participants will be set to 100 percent vesting. Any forfeiture of their account will be reinstated and paid to applicable participant account.

Payment of Benefits

Upon termination of employment, death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may request in-service withdrawals if they are at least 59½ or have an immediate financial hardship, as defined by the Plan document. The Plan provides for a mandatory lump-sum distribution of a participant's vested account balance if the account balance is less than \$5,000 upon severance from employment. If a participant's vested account balance exceeds \$5,000 at termination, participants may elect to postpone distributions of their account balance to a normal retirement age of 65. Payments commence as soon as administratively feasible following the close of the valuation period during which a distribution is requested or is otherwise payable. A participant may receive the value of the vested interest in his or her account as a qualified annuity or a lump-sum distribution.

Forfeitures

Forfeited accounts will be used to reduce future Sponsor contributions or pay Plan expenses. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$19,154 and \$20,137, respectively. Forfeited balances of \$32,570 and \$14,000 were utilized to offset Employer contributions and administrative fees for the year end December 31, 2024, respectively.

Plan Administration

Finquery 401(k) Plan (formerly, Leasequery 401(k) Plan) serves as the Sponsor of the Plan. Voya Retirement Insurance and Annuity Company (VRIAC) is the custodian of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

**FINQUERY 401(K) PLAN
(FORMERLY, LEASEQUERY 401(k) PLAN)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of the Voya Fixed Account. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Advisory Committee and the Plan administrator determine the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of the Plan and investment advisory services are included in administrative expenses. Investment related expenses are reflected as a reduction of investment return of such investments. See Note 6 regarding administrative and investment advisory and management fees.

Subsequent Events

Management has evaluated subsequent events through April 18, 2025, which is the date the financial statements were available to be issued, and has determined that there are no additional subsequent events that require disclosure under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*.

**FINQUERY 401(K) PLAN
(FORMERLY, LEASEQUERY 401(k) PLAN)

3. INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodian of the Plan.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value at December 31, 2024 and 2023.

Variable Annuity Accounts (mutual funds held by the variable annuity account) – The separate accounts are valued using the daily net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There are no significant restrictions such as redemption terms, or holding periods, which would limit the ability of the Plan or the participants to transact at the NAV. Participant transactions may occur daily.

Total investments, at fair value	<u>\$ 9,481,182</u>	<u>\$ -</u>	<u>\$ 9,481,182</u>	<u>\$ -</u>

5. INVESTMENT CONTRACT

In 2019, the Plan entered into a benefit-responsive investment contract with VRIAC. The Voya Fixed Account is a fixed interest option available under the investment contract. The Voya Fixed Account is an obligation of VRIAC's general account which supports all VRIAC's insurance and annuity commitments. All guarantees are based on the financial strength and claims-paying ability of VRIAC. The Voya Fixed Account guarantees principal and a guaranteed minimum interest rate for the life of the contract.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus applicable interest credited, less previous withdrawals or transfers and administrative charges. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with VRIAC, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. There are no unfunded commitments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

**FINQUERY 401(K) PLAN
(FORMERLY, LEASEQUERY 401(k) PLAN)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invested in fixed account and other investments managed by affiliates of VRIAC. These transactions qualify as exempt party-in-interest transactions. Fees of approximately \$17,000 to administer the Plan have been paid to VRIAC and approximately \$14,000 for audit fees; therefore, these transactions qualify as exempt party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Sponsor contributions.

8. TAX STATUS

The Plan has adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement. The underlying prototype plan has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the prototype plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2010-6 and 2005-16, the Plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS prototype opinion letter. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management does not believe that there are any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITORS' REPORT

To the Board of Managers
FinQuery 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Finquery 401(k) Plan (formerly, LeaseQuery 401(k) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(FORMERLY, LEASEQUERY 401(k) PLAN)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

1. DESCRIPTION OF PLAN

The following description of FinQuery 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for complete information. Effective February 8, 2024, the Plan was amended to change the name of the Plan from Leasquery 401(k) Plan to FinQuery 401(k) Plan.

General

The Plan is a defined contribution plan covering all employees of Finquery 401(k) Plan (formerly, Leasequery 401(k) Plan) (the Sponsor) except for union employees, leased employees, nonresident aliens and interns. The Plan was established on January 1, 2019, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan. The Advisory Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Sponsor's Board of Managers.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan document, subject to Internal Revenue Service (IRS) limitations. Participants may designate all or a portion of their salary deferral as Roth elective deferrals. Participants may enter the Plan immediately, where there is no minimum service requirement, coinciding with or following the date the participant satisfies the eligibility requirements. An employee is eligible to make an elective deferral contribution on the date he/she performs an hour of service as an eligible employee. The Plan also allows for Sponsor safe harbor contributions as well as non-safe harbor matching contributions and profit-sharing contributions. The Sponsor will make a safe harbor matching contribution of up to 100% of the first 2% and 50% of the matched employee contributions that exceed 2% of eligible compensation not to exceed 6% of a participant's eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Under the Automatic Enrollment Contributions arrangement, all employees who have satisfied the eligibility requirements of the Plan and have not made a salary deferral election are automatically enrolled at a 6% salary deferral rate. Participants have 30 days to opt out of the automatic contributions. The automatic contribution percentages will increase each year at 1% per year with a maximum of 9%.

Sponsor profit-sharing contributions are discretionary and are made in amounts determined annually by the Sponsors' Advisory Committee and approved by the Sponsor's Board of Managers. For the 2024 Plan year, the Sponsor did not make a profit-sharing contribution to the Plan.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Sponsor contributions and allocations of Plan earnings. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**FINQUERY 401(K) PLAN
(FORMERLY, LEASEQUERY 401(k) PLAN)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's safe harbor, non-safe harbor matching contribution and profit-sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after two years of credited service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than one	0%
One year but less than two	50%
Two years or more	100%

For the 2024 Plan year, it was determined there was a partial plan termination for all participants that terminated in 2024. The vesting for the affected plan participants will be set to 100 percent vesting. Any forfeiture of their account will be reinstated and paid to applicable participant account.

Payment of Benefits

Upon termination of employment, death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may request in-service withdrawals if they are at least 59½ or have an immediate financial hardship, as defined by the Plan document. The Plan provides for a mandatory lump-sum distribution of a participant's vested account balance if the account balance is less than \$5,000 upon severance from employment. If a participant's vested account balance exceeds \$5,000 at termination, participants may elect to postpone distributions of their account balance to a normal retirement age of 65. Payments commence as soon as administratively feasible following the close of the valuation period during which a distribution is requested or is otherwise payable. A participant may receive the value of the vested interest in his or her account as a qualified annuity or a lump-sum distribution.

Forfeitures

Forfeited accounts will be used to reduce future Sponsor contributions or pay Plan expenses. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$19,154 and \$20,137, respectively. Forfeited balances of \$32,570 and \$14,000 were utilized to offset Employer contributions and administrative fees for the year end December 31, 2024, respectively.

Plan Administration

Finquery 401(k) Plan (formerly, Leasequery 401(k) Plan) serves as the Sponsor of the Plan. Voya Retirement Insurance and Annuity Company (VRIAC) is the custodian of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

**FINQUERY 401(K) PLAN
(FORMERLY, LEASEQUERY 401(k) PLAN)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of the Voya Fixed Account. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Advisory Committee and the Plan administrator determine the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of the Plan and investment advisory services are included in administrative expenses. Investment related expenses are reflected as a reduction of investment return of such investments. See Note 6 regarding administrative and investment advisory and management fees.

Subsequent Events

Management has evaluated subsequent events through April 18, 2025, which is the date the financial statements were available to be issued, and has determined that there are no additional subsequent events that require disclosure under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*.

**FINQUERY 401(K) PLAN
(FORMERLY, LEASEQUERY 401(k) PLAN)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

3. INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodian of the Plan.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value at December 31, 2024 and 2023.

Variable Annuity Accounts (mutual funds held by the variable annuity account) – The separate accounts are valued using the daily net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There are no significant restrictions such as redemption terms, or holding periods, which would limit the ability of the Plan or the participants to transact at the NAV. Participant transactions may occur daily.

Variable annuity accounts	\$ 9,481,182	\$ -	\$ 9,481,182	\$ -
Total investments, at fair value	<u>\$ 9,481,182</u>	<u>\$ -</u>	<u>\$ 9,481,182</u>	<u>\$ -</u>

5. INVESTMENT CONTRACT

In 2019, the Plan entered into a benefit-responsive investment contract with VRIAC. The Voya Fixed Account is a fixed interest option available under the investment contract. The Voya Fixed Account is an obligation of VRIAC's general account which supports all VRIAC's insurance and annuity commitments. All guarantees are based on the financial strength and claims-paying ability of VRIAC. The Voya Fixed Account guarantees principal and a guaranteed minimum interest rate for the life of the contract.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus applicable interest credited, less previous withdrawals or transfers and administrative charges. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with VRIAC, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. There are no unfunded commitments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

**FINQUERY 401(K) PLAN
(FORMERLY, LEASEQUERY 401(k) PLAN)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invested in fixed account and other investments managed by affiliates of VRIAC. These transactions qualify as exempt party-in-interest transactions. Fees of approximately \$17,000 to administer the Plan have been paid to VRIAC and approximately \$14,000 for audit fees; therefore, these transactions qualify as exempt party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Sponsor contributions.

8. TAX STATUS

The Plan has adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement. The underlying prototype plan has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the prototype plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2010-6 and 2005-16, the Plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS prototype opinion letter. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management does not believe that there are any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
