Report of Independent Auditors

Advisory Committee
Nexsen Pruet 401(k) Profit Sharing Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 ("ERISA") Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Nexsen Pruet 401(K) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for Plan benefits – liquidation basis as of September 11, 2024 and December 31, 2023, and the related statements of changes in net assets available for Plan benefits - liquidation basis for the period from January 1, 2024 to September 11, 2024 and year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the period from January 1, 2024 through September 11, 2024 and as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Advisory Committee
Nexsen Pruet 401(k) Profit Sharing Plan

Opinion on the Financial Statements (continued)

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Terminating Plan and Liquidation Basis of Accounting

As further discussed in Note 1 to the accompanying financial statements, the Board of Directors of Nexsen Pruet, LLC, the Plan sponsor, elected to discontinue contributions effective April 1, 2023 and terminate the Plan, at which time management determined liquidation was imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting to the liquidation basis of accounting effective January 1, 2023. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Advisory Committee
Nexsen Pruet 401(k) Profit Sharing Plan

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance auditing standards generally accepted in the United States, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

BPS

Tax / Assurance / Consulting

Advisory Committee
Nexsen Pruet 401(k) Profit Sharing Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Notes to Financial Statements
September 11, 2024 and December 31, 2023

1. Description of Plan

The following description of the Nexsen Pruet 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants may refer to the Plan's documents for a more complete description of the Plan's provisions.

On April 1, 2023, the Firm consummated a business combination with another law firm. In anticipation of that transaction, on March 31, 2023, the Firm's Board of Directors elected to freeze contributions and begin the process of terminating the Plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective April 1, 2023, the Plan was formally amended to discontinue contributions to the Plan, at which time participants became 100% vested in their accounts. Participants were provided instructions on how to distribute their account balances in the Plan. All Plan assets were either distributed directly to participants or rolled over into an individual retirement account in the participant's name, depending on the participant's election. For participants who did not make an election by August 15, 2024, their entire balance was forced out by either an automatic rollover to an individual retirement account if their account balance was greater than \$1,000, or paid directly to the participant if their account balance was less than \$1,000.

General

The Plan is a defined contribution plan sponsored by Nexsen Pruet, LLC (the "Firm") for the benefit of certain employees. The Plan is subject to the provisions of ERISA.

Through March 31, 2023, employees who met the age requirement of at least 21 years old were eligible to make employee elective deferral contributions as of the first day of the calendar month immediately following or coinciding with such employee's completion of one month of service.

Through March 31, 2023, all employees who met the age requirement of at least 21 years old, completed one month of service, earned at least 1,000 hours of service during the plan year, and were employed on the last day of the plan year, were eligible to receive nonelective and matching employer contributions as of the first day of the calendar month immediately following or coinciding the date such employee met the eligibility requirements.

1. Description of Plan

Contributions

Through March 31, 2023, employees could make annual deferral contributions of up to 90% of their eligible compensation as defined in the Plan document, subject to contribution limitations specified by applicable laws and regulations. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions, up to the maximum annual amount permitted by statute. Participants could also contribute amounts rolled over from other qualified benefit plans. Participants who were still employed could elect to convert any part of their employee deferral and fully vested discretionary matching and nonelective employer contributions portions of their account, which were not part of an outstanding loan balance, as designated Roth contributions for purposes of the Plan.

All employer contributions are made at the discretion of the Firm, but may not exceed the maximum amount allowable as an income tax deduction to the Firm. During 2023, employer discretionary contributions were made to participants based on their eligible plan compensation for the period January 1 through March 31, 2023. For the year ended December 31, 2023, the Firm made discretionary employer profit sharing and matching contributions to eligible participants' accounts in the Plan totaling approximately \$1,258,000.

For the year ended December 31, 2023, the Firm also made nonelective employer contributions of approximately \$40, to certain eligible non-key participants active on the last day of the Plan year to meet top-heavy minimum contribution requirements.

No contributions were made to the Plan during the period from January 1, 2024 to September 11, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of discretionary employer contributions, if any, plan earnings (losses), and administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined.

Participants could elect to allocate contributions among a variety of investment fund options. Earnings and losses were allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. For self-directed brokerage accounts through Fidelity BrokerageLink, earnings are tracked by specific investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Notes Receivable from Participants

Under the terms of the Plan, participants could borrow from their accounts, subject to certain restrictions. All loans must be made on a uniform and nondiscriminatory basis, be adequately secured, bear a reasonable interest rate, and have a definite repayment schedule over a reasonable period of time not to exceed five years (unless for the purpose of purchasing a principal residence). Loans are limited to the lesser of \$50,000, reduced by a participant's highest outstanding loan balance in the previous 12 months, or 50% of the current value of the participant's vested interest in their account. Loans are secured by the balance in the participant's account. Interest rates are established on the date of the loan based on rates charged for similar types of loans by other lenders. Outstanding notes receivable from participants had interest rates ranging from 4.25% to 9.50% as of December 31, 2023. Principal and interest is paid ratably through payroll deductions.

In April 2024, outstanding notes receivable from participants totaling approximately \$304,000 were transferred through a direct rollover from the Plan to another qualified plan.

Vesting

Participants are immediately 100% vested in their participant contributions plus actual earnings thereon.

Effective April 1, 2023, employees became 100% vested in the employer contributions portion of their account. Prior to April 1, 2023, vesting in discretionary employer contributions was based on years of credited service according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. Description of Plan (continued)

Payment of Benefits

Upon retirement, disability, death, termination of employment, participants or their beneficiaries may elect to receive their vested portion of Plan assets in either a lump sum or installments over a specified period as provided by the Plan. While employed by the Firm, participants are permitted to withdraw contributions made on a pre-tax basis before age 59½ only in cases of severe financial hardship.

Forfeited Accounts

Participant forfeitures may be used to reduce the Firm's contributions or be used to pay Plan expenses. As of September 11, 2024 and December 31, 2023, unallocated forfeitures available totaled \$0 and approximately \$10, respectively. Forfeitures of approximately \$250 were used to reduce employer contributions for the year ended December 31, 2023.

Administrative Expenses

The Plan pays all trustee, recordkeeping, and investment advisory fees. All administrative expenses not paid by the Plan are paid by the Firm.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared in accordance with accounting principles generally accepted in the United States ("US GAAP"). In accordance with US GAAP, the Plan changed its basis of accounting to the liquidation basis of accounting effective January 1, 2023.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements
September 11, 2024 and December 31, 2023

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a distribution based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. Trustee Certifications

Information disclosed in the accompanying financial statements as of and for the period from January 1, 2024 to September 11, 2024 and as and for the year ended December 31, 2023 related to investments, notes receivable from participants, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan.

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were used by the Plan and Level 2 inputs were only used when Level 1 inputs were not available.

Mutual funds – Valued at the daily closing price as reported by the funds. The mutual funds held by the Plan were open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value (“NAV”) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – The money market fund was invested in the Vanguard Treasury Money Market Fund. The Company invested in the money market fund to provide daily liquidity. Fair value was based on the NAV that can be validated with a sufficient level of observable activity (i.e. purchases and sales at NAV).

Self-directed brokerage accounts – Consisted of common stocks, mutual funds, government bonds, and cash and cash equivalents. Fair values of all self-directed brokerage account investments, except for corporate bonds and cash and cash equivalents, were valued at the closing price reported on the active market on which individual securities are traded. Corporate bonds are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings. Cash and cash equivalents are stated at cost, which approximates fair value.

Stable value fund – The Plan invested in the Fidelity Managed Income Portfolio Class II (“FMIP”), a collective trust that invests in benefit-responsive investment contracts, fixed income securities, and money market funds. FMIP is valued at the NAV of units of the account. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV of this account is based on the fair values of the underlying investments held less the account’s liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

4. Fair Value Measurements (continued)

Although Plan management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents fair value measurement information for the Plan's investments:

	December 31, 2023		
	Level 1	Level 2	Total
Mutual funds	\$ 133,151,871	\$ --	\$ 133,151,871
Money market fund	7,311,879	--	7,311,879
Self-directed brokerage accounts	7,024,748	--	7,024,748
Total investments in fair value hierarchy	\$ 147,488,498	\$ --	147,488,498
Investment measured at NAV (a)			6,166,350
Total investments			\$ 153,654,848

(a) Represents a stable value fund which is measured at NAV as a practical expedient and therefore is not classified in the fair value hierarchy.

5. Income Tax Status

The Plan is a volume submitter defined contribution plan, provided by Fidelity, designed to be in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The IRS has determined and informed Fidelity by a letter dated June 30, 2020, that the volume submitter plan, as then designed, was in accordance with applicable sections of the IRC. Although the volume submitter plan has been amended and restated since the date of the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at September 11, 2024 and December 31, 2023. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transactions

Plan investments include interests in registered investment companies and an interest in a stable value fund managed by Fidelity. All transactions with Fidelity qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for recordkeeping services amounted to approximately \$6,000 and \$26,000 during the period from January 1, 2024 to September 11, 2024 and during the year ended December 31, 2023, respectively.

Comperio Retirement Consulting, Inc. provided investment advisory services to the Plan. All transactions with this company qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to approximately \$19,000 and \$75,000 during the period from January 1, 2024 to September 11, 2024 and during the year ended December 31, 2023, respectively.

These transactions, as well as participant notes receivable, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

7. Subsequent Events

Management has evaluated events and transactions after September 11, 2024 through April 17, 2025 the date the financial statements were issued, for subsequent events. There were no subsequent events to report.
