Independent Auditors' Report

To the Plan Administrator
Henry Street Settlement 403(b) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Henry Street Settlement 403(b) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institution as of June 30, 2024 and 2023 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

To the Plan Administrator
Henry Street Settlement 403(b) Retirement Savings Plan
Page 3

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of: (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended June 30, 2024 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. Henry Street Settlement 403(b) Retirement Savings Plan

Notes to Financial Statements

June 30, 2024

1. Description of Plan

Henry Street Settlement (the "Employer") adopted the Henry Street Settlement 403(b) Retirement Savings Plan (the "Plan") as of November 1, 2005. The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a contributory defined contribution plan that provides retirement, disability and death benefits to eligible employees of the Employer. Requirements for Employer contributions are attainment of age of 21 or older and one year of service. For participant contributions, eligibility commences immediately upon employment. Employees covered by a collective bargaining agreement are excluded from receiving Employer contributions, but can still make voluntary participant contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to have pre-tax or Roth voluntary contributions made to the Plan from their annual compensation subject to statutory regulations under the Internal Revenue Code ("IRC"). The Plan includes an automatic deferral feature of 2% of eligible compensation. Employees may opt out of the automatic deferral feature at any time. Employer contributions are based on a match of participants' contributions up to 1% of eligible compensation, plus a discretionary contribution of 5% of participants' eligible compensation, as defined in the Plan document, and permitted by the IRC. The Plan accepts rollovers and transfers from other qualified plans.

Participant Accounts

Each participant's account is credited with the participant's contributions and Employer contributions, as well as allocations of Plan earnings. The contributions are allocated among the investment options according to the participant's instructions. Allocations are based on participant earnings, deferrals, account balances, or specific participant transactions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (*continued*)

Vesting

Participants are 100% vested in their rollover contributions, voluntary contributions and any allocated earnings or losses thereon. Employer match contributions vest 100% after three years of service. Employer discretionary contributions vest as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
1 year or less	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants are 100% vested in all contributions if employed on or after normal retirement age or upon death, disability or Plan termination.

Forfeitures

As of June 30, 2024 and 2023, forfeited non-vested accounts totaled \$87,007 and \$26,967. These accounts will be used to reduce future Employer contributions and administrative expenses. During fiscal 2024, the Plan elected to use \$106,986 of forfeited non-vested accounts to reduce Employer contribution and \$2,210 of forfeited non-vested accounts to pay administrative expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate adjusted by 1% of the first day of the calendar quarter that the loan is originated. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years. However, loans used to acquire any dwelling unit which, within a reasonable time, is to be used as a principal residence of the participant shall provide for periodic repayment over a reasonable period of time that may exceed five years. A default occurs if a borrower fails to pay all scheduled payments by the end of the calendar quarter following the calendar quarter in which the missed payment was due. When notes receivable from participants go into default or otherwise violate the provisions of the Plan documents the participant loan balance is reduced and a benefit payment is recorded as "deemed distribution".

1. Description of Plan (*continued*)

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account as permitted by the Plan. The Plan's policy is to make payments in one lump sum, in substantially equal installments, or in annuity payments.

A participant may apply for a hardship withdrawal at any time. This withdrawal must be for an immediate financial need for which funds are not reasonably available from other resources. Hardships include post-secondary educational expenses for the participant, their spouse, or their dependents, medical expenses to the extent not otherwise reimbursed under the Employer's medical programs, expenses for the purchase of a principal residence or major alterations thereto, to prevent eviction from or foreclosure on a principal residence, to pay for funeral or burial expenses or immediate and heavy financial need as determined based on Internal Revenue Service ("IRS") regulations.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Fair Value Measurement and Disclosure

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. As of June 30, 2024 and 2023, all of the Plan's investments, that were valued at fair value, were valued using Level 1 inputs.

2. Summary of Significant Accounting Policies *(continued)*

Investments and Income Recognition

Plan investments in mutual funds are stated at fair value. The Plan's mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investment in the Lincoln NY Stable Value Account, a stable value fund, is valued at contract value, which represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, when a distributable event occurs, the participant loan balance is reduced and a benefit payment is recorded as a deemed distribution. Reinstatement of previously deemed distributions may occur.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Fees related to the administration of the Plan are paid directly by the Plan and are included in these financial statements. Other investment related expenses are paid directly by the respective investment vehicle and are included in net appreciation in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is April 14, 2025.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments held at June 30, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the year ended June 30, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Lincoln Financial Group Trust Company, Inc. (“Lincoln”), a qualified institution.

4. Stable Value Fund

The Plan holds a fully benefit-responsive group annuity contract issued by Lincoln National Life Insurance Company (“Lincoln National”) called the Lincoln Stable Value Fund (the “Lincoln Investment Contract”). Lincoln maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Lincoln Investment Contract issuer is contractually obligated to repay the principal and a specified interest rate to the Plan, subject to the claims paying ability of Lincoln National. Participants invested in the Lincoln Investment Contract through the Lincoln Stable Value Fund.

As the Lincoln Investment Contract is fully benefit-responsive, contract value is the relevant measurement for the portion of the net assets available for benefits attributable to the Lincoln Investment Contract. Contract value, as reported to the Plan by Lincoln National represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the transfer of all or a portion of their investment at contract value. Participants may have requested a lump sum distribution with a market value adjustment determined by Lincoln National. The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its contractual obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Lincoln Investment Contract is maintained under a group annuity contract which guarantees minimum interest rates and may credit interest that exceeds the minimum guaranteed rate. The crediting interest rate is based on several factors determined by Lincoln National including mortality and expense risks, interest rate guarantees, investment income earned on invested assets, and amortization of any capital gains or losses from the sale of invested assets. Such interest rates are reviewed on a quarterly basis for resetting. During 2024, the average yield earned by the Plan was equal to the yield earned (i.e. interest credited) on the group annuity contract, which was 1.18%. The crediting interest rate may not be less than 1.00%. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

Henry Street Settlement 403(b) Retirement Savings Plan

Notes to Financial Statements
June 30, 2024

4. Stable Value Fund *(continued)*

Certain events limit the ability of the Plan to transact at contract value with Lincoln National. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan) (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the assets, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (i) an uncured violation of the Plan's investment guidelines, (ii) a breach of material obligation under the contract, (iii) a material misrepresentation, or (iv) a material amendment to the agreement without consent of the issuer.

The Lincoln NY Stable Value Account represents approximately 10% and 11% of the net assets available for benefits as of June 30, 2024 and 2023. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (A2 as of October 2023), Standard and Poor's (A+ as of September 2023), A.M. Best (A as of December 2023), and Fitch Ratings (A+ as of December 2023).

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participant accounts would become 100% vested.

6. Tax Status

The Plan has adopted a restated prototype plan document effective May 1, 2019 which is intended to satisfy the Internal Revenue Service's final 403(b) regulations. The prototype plan document preparer received an opinion letter dated March 31, 2017 from the Internal Revenue Service. Although the Plan has been amended, the Employer believes that the Plan is designed and currently being operated in accordance with applicable sections of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions for periods since 2021; however, there are currently no examinations for any tax periods in progress.

Henry Street Settlement 403(b) Retirement Savings Plan

Notes to Financial Statements

June 30, 2024

7. Parties-In-Interest

Certain Plan investments are managed by Lincoln, the Plan's custodian and therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA and are reflected in the statements of net assets available for benefits as notes receivable from participants.

Certain employees of the Employer, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

8. Prohibited Transactions

During the current and prior Plan years, the Employer failed to remit to the Plan certain participants' contributions totaling \$158 and \$243,276, within the period prescribed by Department of Labor regulations. Delays in remitting the contributions to the Plan were due to administrative oversight. Plan management is in the process of correcting the delinquent contributions by calculating and remitting lost earnings.

9. Risks and Uncertainties

The Plan's investments include investment securities that, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to June 30, 2024 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

10. Reconciliation of Financial Statements to Form 5500
