Report of Independent Auditors

To the Plan Administrator and Participants of
the OutboundEngine 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of OutboundEngine 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of February 28, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to February 28, 2022, and the related notes to the financial statements.

, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of February 28, 2022 and December 31, 2021, and for the period from January 1, 2022 to February 28, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of OutboundEngine 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about OutboundEngine 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of OutboundEngine 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about OutboundEngine 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, including the Schedule H, Line 4a— Delinquent Participant Contributions for the Period from January 1, 2022 to February 28, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2022, and December 31, 2021, and for the Period from January 1 2022, February 28, 2022

1. Description of Plan

The following brief description of the OutboundEngine 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan was a defined contribution retirement plan sponsored by OutboundEngine, Inc. (the “Company”, or “Plan Sponsor”) for the benefit of the employees. The Plan was established on January 1, 2015. The Plan was subject to the provisions of the Employee Retirement Income Security Act (“ERISA”) of 1974.

SECURE Act

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2021, include eligibility for long-term part-time employees. In December 2022, SECURE 2.0 was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan.

Plan Termination

The Plan Sponsor was acquired by Elm Street Technology (the “Acquirer”) on September 27, 2021. Effective January 1, 2022, the Plan was effectively frozen, and participants began participating in and contributing to the Acquirer’s defined contribution retirement plan, the Elm Street Technology 401(k) Plan (the “Elm Street Plan”). Effective February 28, 2022, assets totaling \$3,559,371 were transferred to the Elm Street Plan, as a result, the Plan was deemed effectively terminated, and participants became 100% vested.

Eligibility

Employees were eligible to participate in the Plan on the first day of the Plan quarter after completing six months of service. Employees were automatically enrolled in the Plan upon meeting the eligibility criteria at a default pre-tax rate of 6% and were subject to automatic annual increases of 1% of compensation each January 1, up to a maximum of 10% of compensation. Leased, non-resident aliens, and employees covered by a collective bargaining agreement were not eligible to participate.

Contributions

Each year, participants could contribute up to 100% of pre-tax annual compensation, as defined by the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also rollover amounts representing distributions from other qualified defined contribution plans. Participants had the option of designating a portion of their elective deferral contributions as after-tax “Roth” contributions. Participants directed the investment of their contributions into the various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2022, and December 31, 2021, and for the Period from January 1 2022, February 28, 2022

1. Description of Plan (continued)

Contributions (continued)

The Company was authorized to make matching contributions and profit-sharing contributions on a discretionary basis. In order to receive matching and profit-sharing contributions, a participant must have completed six months of service during the year. Profit sharing contributions were allocated to participant accounts at the end of the Plan year. The Company did not make matching contributions or profit-sharing contributions during the period from January 1, 2022 to February 28, 2022.

Participant Accounts

Each participant's account was credited with the participant's contributions (including rollovers), the Company's matching contributions and profit-sharing contributions, and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of continuous service. A participant vested at a rate of 20% each year beginning with the second year of service with the Company. If a participant died or became disabled, as defined in the Plan, during the year, then vesting was accelerated to provide for full vesting for the participant.

Investment Options

Participants directed both employee and employer contributions to be invested amongst various investment options as made available and determined by the plan administrator, which are more fully described in the Plan literature.

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participants could not have more than two loans outstanding at any time. The loans were secured by the balance in the participant's account. The interest rates for loans were based on the prime rate plus 1%. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant could elect to receive an amount equal to all or a portion of the value of the participant's vested interest in his or her account, in the form of a lump-sum distribution. For termination of service due to other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution. A participant could withdraw part of the vested interest in his or her account upon attainment of age 65, subject to Plan provisions. Participants with account balances less than \$200 had the vested balance of their account automatically distributed directly to them without participant consent. Participants with account balances greater than \$200, but less than \$5,000, had the vested balance of their account automatically rolled into an individual retirement account without participant consent.

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2022, and December 31, 2021, and for the Period from January 1 2022, February 28, 2022

1. Description of Plan (continued)

Forfeitures

The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. Forfeited balances of terminated participants' non-vested accounts could be used to reduce future administrative expenses or Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and are expensed when they were incurred. No allowance for credit losses has been recorded as of February 28, 2022 or December 31, 2021. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance was reduced, and a benefit payment was recorded.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in appreciation (depreciation) of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2022, and December 31, 2021, and for the Period from January 1 2022, February 28, 2022

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. There were no material subsequent events that require recognition or additional disclosure in the financial statements.

3. Information Certified by the Custodian (unaudited)

Certain information related to investments disclosed in the accompanying financial statements including net appreciation (depreciation) in fair value of investments and interest and dividends for the period from January 1, 2022 to February 28, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Hand Benefit & Trust (a BPAS Company), the custodian of the Plan.

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means;• If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2022, and December 31, 2021, and for the Period from January 1 2022, February 28, 2022

4. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 28, 2022 and December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant-directed brokerage accounts: This asset category represents a separate brokerage account that offers a wide range of investment opportunities including mutual funds and common stocks listed on major U.S. exchanges and fixed-income securities. The fair value of common stocks and other exchange traded investments that are publicly traded is based on the closing price per the principal stock exchange on which they are traded. The fair value of mutual funds is based on the net asset values of shares held at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,697,765	\$ -	\$ -	\$ 3,697,765

5. Related Party and Party-In-Interest Transactions

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to the custodian and third-party administrators totaling \$10,035. These costs incurred by the Plan are included in administrative expense on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan’s operations.

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2022, and December 31, 2021, and for the Period from January 1 2022, February 28, 2022

6. Plan Termination

The Company had the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is wholly or partially terminated, affected participants will become 100% vested in their accounts. In conjunction with the acquisition of the Plan Sponsor. Effective February 28, 2022, all Plan assets were transferred to the Elm Street Plan, as a result, the Plan was deemed effectively terminated. Upon termination, all participants became 100% vested.

7. Income Tax Status

The Plan uses a volume submitter 401(k) savings plan document sponsored by Benefit Plans Administrative Services, LLC ("BPAS"). BPAS received a favorable opinion letter dated March 31, 2014, from the IRS stating that the volume submitter plan document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS and the Plan has been amended since receiving the determination letter. However, plan management believes the Plan, as adopted and amended, is operating within the guidelines of the IRC. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

8. Risk and Uncertainties

The Plan provided various options in any combination of specified investments. The underlying investments may include stocks, bonds, fixed income securities, mutual funds, and other investment securities. Such investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate financial effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.
