INDEPENDENT AUDITOR'S REPORT

To the Trustee of
The Fort Walton Machining 401(k) Plan
Fort Walton Beach, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Fort Walton Machining 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Fort Walton Machining 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Fort Walton Machining 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Fort Walton Machining 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Trustee of
The Fort Walton Machining 401(k) Plan

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Fort Walton Machining 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Fort Walton Machining 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Trustee of
The Fort Walton Machining 401(k) Plan

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

THE FORT WALTON MACHINING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of The Fort Walton Machining 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution plan covering substantially all full-time employees of Fort Walton Machining, Inc. (the “Company”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). A related employer, EAS Doors and Windows, has also adopted the Plan.

Contributions:

Participants may contribute up to 50% of their gross annual compensation, subject to certain limitations. Participants may make after-tax Roth 401(k) contributions to the Plan. Participants who have attained age 50 by year-end may also make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Upon completion of one year of service, the Company may make discretionary matching contributions based on a percentage of each participant’s elective deferral contributions. Catch-up contributions are not matched. For the year ended December 31, 2023, the Company made discretionary matching contributions equal to 25% of each participant’s contributions up to 6% of the participant’s compensation. The Company may make qualified nonelective contributions to the Plan for all nonhighly compensated employees, up to 5% of their eligible compensation. The Company may also make discretionary profit sharing contributions that are allocated to all active participants on the last day of the Plan year. There were no qualified nonelective contributions or profit-sharing contributions to the Plan for the year ended December 31, 2023.

Participant Accounts:

Each participant’s account is credited with the participant’s contribution, the Company’s contribution, if any, and allocations of Plan earnings, and charged with withdrawals, administrative expenses, and allocations of Plan losses. Allocations are based on participant earnings or account balances, as defined. Participants may choose to invest their accounts in various investment options established by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

THE FORT WALTON MACHINING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting:

Participants are immediately vested in their contributions and the Company's qualified nonelective contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service with more than 1,000 hours of service in each year. However, participants become 100% vested in employer matching contributions if employed on or after normal retirement age or if employment is terminated due to disability or death.

Investment Options:

Participants may choose from several investment options which are offered by the Plan. Those investment options consist of mutual funds, a common collective trust fund, and a fixed annuity contract.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by any existing loan balance. Loan terms may range from one to five years, or up to 15 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. Loan balances considered uncollectible are deemed as distributions to participants.

Payment of Benefits:

Upon attainment of age 59½, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution or a partial distribution, with two partial distributions allowed in a 12-month period. Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution. Withdrawals from a participant's rollover contribution account may be made at any time. A participant may also request a distribution in case of hardship as detailed in the Plan provisions.

Forfeited Accounts:

At December 31, 2023 and 2022, there were no forfeited non-vested accounts. Forfeitures are used to reduce employer contributions or are allocated among participants. During 2023, employer matching contributions were reduced by \$79 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan. Interest income on notes receivable from participants is recorded when it is earned.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Administrative expenses are paid by the Plan or the Company as provided in the Plan document.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events:

Management has evaluated subsequent events through April 14, 2025, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements*, defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. The guidance establishes a fair value hierarchy about the assumptions used to measure fair value and clarifies assumptions about risk and the effect of a restriction on the sale or use of an asset.

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Three levels of inputs may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a plan’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The financial instrument’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following valuation methodologies are used for financial instruments measured at fair value:

Mutual funds: Valued at the quoted net asset value (“NAV”) of shares held by the Plan at year-end.

Fixed annuity contract: Valued based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Common collective trust fund: Valued at the NAV of units held by the Plan at year-end. The NAV is used as a practical expedient to estimate fair value. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months’ notification to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the NAV as determined by the investment manager. The NAV is used as a practical expedient to estimate fair value. Participant transactions may occur daily at the reported NAV, with no advance notice requirements.

NOTE 4 - FIXED ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan provides an investment option to invest in the Empower Investments Fixed Account, which is a fixed annuity contract issued by Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America maintains the contributions in a general account that is credited with a guaranteed and fixed rate of return. The contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The interest rate is reviewed quarterly for resetting.

THE FORT WALTON MACHINING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 4 - FIXED ANNUITY CONTRACT WITH INSURANCE COMPANY (Continued)

The fixed annuity contract is included in the financial statements at fair value as it is not fully benefit-responsive. The fixed annuity contract promises contract value for a benefit event, such as a termination, death, disability or retirement. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. A participant may transfer their account balance to any other investment option offered under the Plan at any time with no restrictions or penalties. However, certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. If there is an employer-initiated event, such as but not limited to a merger, acquisition or partial Plan termination, a book value payment is made to the Plan sponsor over a period of 12 or 36 months, depending on market conditions. Alternatively, the Plan sponsor can be paid in an immediate lump sum, subject to a market value adjustment.

NOTE 5 - INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED INFORMATION)

Principal Life Insurance Company and Principal Trust Company held the Plan's investment assets and executed transactions therein through February 2023. Subsequent to February 2023, Empower Annuity Insurance Company of America holds the Plan's investment assets and executes transactions therein. Financial information relating to the Plan's assets held by the custodians as of December 31, 2023 and 2022, and for the year ended December 31, 2023, is included in the accompanying financial statements and is based on information provided by the custodians. This information, which has not been audited by independent auditors, is summarized below:

NOTE 6 - RELATED PARTY TRANSACTIONS

The Plan's investments included pooled separate accounts and a common collective trust fund managed by Principal Life Insurance Company. Principal Life Insurance Company was a custodian for the Plan through February 2023 and, therefore, these transactions qualify as party-in-interest transactions. Investments managed by Principal Life Insurance Company totaled \$3,154,490 as of December 31, 2023.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 - INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company received its latest opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. The prototype plan document has been amended since receiving the opinion letter; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - NON-EXEMPT PARTY-IN-INTEREST TRANSACTIONS

During 2023 and 2022, the Company had unintentional delays in submitting participant contributions in the amount of \$2,232 to the custodians. These delinquent contributions constitute prohibited transactions, and the Company has made and will make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays totaling \$44.

THE FORT WALTON MACHINING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 11 - CHANGE IN CUSTODIAN

In February 2023, the custodian of the Plan was changed and the Plan's assets were transferred to Empower Annuity Insurance Company of America. In addition, the Plan's investment options changed and participants' accounts were converted to the new investment options.

NOTE 12 - SUBSEQUENT EVENTS

Subsequent to December 31, 2023, management determined an operational error was present. The error occurred due to a misstatement in the Plan document, which indicated that 401(k) deductions would be withheld from employee bonus checks. Management's standard practice, which has always been followed, is not to withhold 401(k) deductions from bonus checks. All employees have been aware of this practice, and no withholdings have ever been made from bonuses. After this discrepancy was identified, management utilized the IRS Self-Correction Program ("SCP") to resolve the issue. Under the SCP, management updated all documentation and distributed a memo to all employees to provide clarification on the issue. Management believes all necessary steps have been taken to ensure compliance and rectify any discrepancies identified in accordance with applicable guidelines, and that their actions are sufficient and appropriate to remedy the operational error.
