INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Stafflink Outsourcing Retirement Savings Plan
Sunrise, Florida

Opinion

We have audited the accompanying financial statements of Stafflink Outsourcing Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Stafflink Outsourcing Retirement Savings Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stafflink Outsourcing Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stafflink Outsourcing Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may be come due to such participants.

To the Trustees
Stafflink Outsourcing Retirement Savings Plan

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stafflink Outsourcing Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stafflink Outsourcing Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly

To the Trustees of the
Stafflink Outsourcing Retirement Savings Plan

to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

STAFFLINK OUTSOURCING RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Stafflink Outsourcing Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document and adoption agreements for a more complete description of the Plan's provisions.

General – The Plan was formed effective January 1, 1999 by Stafflink Outsourcing, Inc. (the “Plan Administrator”). The Plan is a multiple-employer defined contribution plan as described in section 413(c) of the Internal Revenue Code. The Plan is sponsored by Stafflink Outsourcing, Inc. and its Affiliates (the Company). The Company is a professional employer organization. The Company and each client-employer of the Company (Employers) have their own adoption agreement to the Plan. The Plan generally covers all employees of the Company and the Employers who have completed the service and age requirements selected in the adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act (“SECURE Act”) of 2019 which contained significant retirement reform legislation. Many of the provisions of the SECURE Act are effective on January 1, 2020 and require significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States, which was declared a global pandemic by the World Health Organization in March of 2020, has caused business disruption through mandated closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) which included numerous employee benefit plan provisions to assist plan sponsors, plan administrators, and participants.

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as “SECURE 2.0”. These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2023 and beyond. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect. The provisions will require significant changes to plan administration and recordkeeping.

Eligibility – The Plan covers all employees, as defined in the Plan, of the adopting employers (the “Employers”) who have completed the age and service requirements selected by the Employer in the Adoption Agreement. New Employers entering the Plan may initially waive the eligibility requirements for employees employed by the Employers as of the date entering the Plan. Participation occurs on the first of any month after completing each Employers’ age and service requirements.

Employee Contributions – Participants may elect to contribute from 1% to 98% of their eligible pre-tax compensation, after-tax compensation (Roth contributions), or any combination thereof for the years ended December 31, 2023 and 2022, as defined in the Plan, up to a maximum of

STAFFLINK OUTSOURCING RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

\$22,500 and \$20,500, respectively. Participants who have attained age 50 during the Plan year may make an additional elective deferral contribution of \$7,500 and \$6,500 for the years ended December 31, 2023 and 2022, respectively. The percentage may be changed as of any subsequent Plan entry date. Any such change will apply only after its effective date, and after it is executed and filed with the Plan Administrator. Fund allocations may be changed at any time without a charge.

Employers' Contributions – Discretionary employer-provided matching contributions may be made to the Plan. The match, if any, will be a specified percentage of the elective contributions the employee makes to the Plan. The Employers will determine the amount of the discretionary contributions, if any, they will make each Plan year. Employers can also elect to make a 401(k) safe harbor plan design contribution which aids the companies in passing discrimination testing required by ERISA. Discretionary employer-provided non-elective (profit sharing) contributions may also be made to the Plan. Allocation of these contributions to participants will be made in accordance with the formula selected by the Employers as defined in the Plan.

The total of employer and employee contributions is limited to the lesser of \$66,000 and \$61,000 or 100% of the participant's eligible pre-tax compensation for the years ended December 31, 2023 and 2022, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution and, if applicable, employer-provided matching contributions, Plan earnings (losses), and charged with management or service fees and allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. Additional administrative fees are charged by the custodian upon fund withdrawal. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participant contributions are 100% vested. Each adopting employer selects among three options for vesting of employer contributions. Under the first option, employer contributions are 20% vested after two years of service, and 20% for each additional year of service. Under the second option, employer contributions are not vested until after three years of service at which time the contributions are 100% vested. The third option is full and immediate vesting, or any accelerated vesting that vests sooner than the first option. Automatic 100% vesting occurs upon attainment of normal retirement age (65), upon retirement due to disability, upon death, and upon termination of the Plan.

To have a year of service for vesting purposes, employees must complete at least 1,000 hours of service during the Plan calendar year. See each respective employer's adoption agreement for any variations in the time of service requirement.

Investment Options – Participants may direct contributions to any of the investment options offered by the Plan. The investment options include money market funds and various stock and bond funds. The fund values are computed daily by the custodians and reflect changes in the unit values of the investments.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants – Participants can borrow up to 50% from the vested balance of their fund account with a minimum of \$1,000 up to a maximum of \$50,000. Note terms range from one to five years or up to 15 years for the purchase of a principal residence. Participants can only have two notes outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with the Plan's prevailing rates at the time the note is approved. Principal and interest are paid ratably through payroll deductions. In accordance with CARES Act provisions, the maximum borrowing limit was increased to 100% from the vested balance of the participant's account up to a maximum of \$100,000 for loans issued between March 27, 2020 and September 22, 2020. The legislation also provided that any loan repayments due between March 27, 2020 and December 31, 2020 can be delayed for up to one year and the five-year repayment period will disregard the 2020 Plan year.

Payment of Benefits – Upon retirement or separation from service with the Employers, the participant may elect to receive a single lump-sum cash payment. Also, upon reaching age 59½, participants may receive a lump-sum cash payment for any portion of their vested accounts on a yearly basis. Until a participant actually retires from the employment of the participant's employer, the participant shall continue to be treated in all respects as a participant.

Hardship Distributions – Hardship distributions can only be made to the extent that there is a financial hardship, as defined in the plan document and in accordance with IRS rules.

Forfeited Accounts – As of December 31, 2023 and 2022, forfeited non-vested accounts were \$36,818 and \$54,067, respectively. These accounts can be used to reduce future Employers' contributions or pay for Plan expenses. During the year ended December 31, 2023, \$60,744 was paid from forfeited non-vested accounts for Plan expenses and \$23,845 was paid from forfeited non-vested accounts for Employer-matching contributions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting, except that benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS (CONTINUED)

Withdrawals and Exchanges – Withdrawals and exchanges between investment fund options by participants are recorded based upon the specific proceeds and cost of the investment at the date of withdrawal or exchange.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative Expenses – Certain administrative expenses are paid by the Plan Administrator. Management fees, asset fees, and account administrative fees are paid by the participants. Expenses that are paid by the Plan Administrator are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Date of Management’s Review of Subsequent Events – The Plan has evaluated subsequent events through April 24, 2025, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

STAFFLINK OUTSOURCING RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability; and• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	<p>Inputs to the valuation methodology are unobservable and significant to the fair value measurement.</p>

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Level 1 Fair Value Measurements:

Mutual Funds: Shares of registered investment companies are valued at the daily quoted net asset value closing price of the shares as reported by the fund at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

NOTE 4 - TAX STATUS

The master prototype plan from which the Plan was drafted received a favorable determination from the Internal Revenue Service on June 30, 2020. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed to operate and is currently being operated in compliance with all applicable provisions of the Internal Revenue Code. Therefore, management believes that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 5 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Employers has the right under the Plan to discontinue their contributions at any time. In addition, although they have not expressed any intent to do so, the Trustees has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Slavic Integrated Administration, Inc. (“SIA”), the Plan’s third-party administrator receives fees for recordkeeping services along with participant account administrative and asset fees. The total fee paid by the Plan for the year ended December 31, 2023 was \$197,087.

Slavic Mutual Funds Management Corporation (“SMF”), which is owned by the stockholders of SIA, is the investment advisor to the Plan. Participants, if they elect this service, are charged a quarterly advisor fee. The total fee paid by the Plan for the year ended December 31, 2023 was \$1,601.

The Plan Administrator charges the Plan to cover various Plan administrative expenses. The Plan administrative expenses are remitted to the Plan Administrator through a quarterly fee. For the year ended December 31, 2023, the annual expense reimbursement was \$58,680.

In addition, the Plan has an investment advisory agreement with BKS Financial Investments, LLC. The agreement calls for advisor fees to be remitted to BKS Financial Investments, LLC through a quarterly fee. For the year ended December 31, 2023, the annual advisor fee was \$89,540.

The party-in-interest transactions above are exempt from prohibited transaction rules of ERISA.

NOTE 7 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Plan Administrator is required to segregate and deposit participant contributions to the Plan at the earliest date that they can be reasonably segregated from its general assets but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. Participant contributions, including loan repayments, remitted to the Plan beyond the time frame set forth by this criteria are considered a prohibited transaction.

For the year ended December 31, 2023, cumulative participant contributions totaling \$42,985 were remitted to the Plan beyond the period prescribed by these regulations. Although the participant contributions were remitted to the Plan, due to ERISA reporting requirements, they are listed as prohibited transactions on supplemental Schedule 2 to the financial statements.

The Plan administrator made an interest payment of \$1,507 to compensate the Plan for lost investment earnings relating to these prohibited transactions.
