Independent Auditor's Report

To the Plan Administrator
SFMB Management, LLC Cash Balance Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SFMB Management, LLC Cash Balance Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of SFMB Management, LLC Cash Balance Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note J to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SFMB Management, LLC Cash Balance Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SFMB Management, LLC Cash Balance Pension Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SFMB Management, LLC Cash Balance Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SFMB Management, LLC Cash Balance Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other

than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).²

SFMB MANAGEMENT, LLC CASH BALANCE PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE A- DESCRIPTION OF PLAN

The following description of the SFMB Management, LLC Cash Balance Pension Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The terms "Company" and "Plan" shall refer to SFMB Management, LLC, and the Cash Balance Pension Plan, respectively.

General:

The Plan is a cash balance defined benefit pension plan providing retirement, disability, and death benefits to all eligible employees. The plan sponsor is SFMB Management, LLC (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The plan includes all full-time employees who have completed one year of service, beginning on the date of hire and are age twenty-one years or older. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee oversees governance of the Plan's investments, monitors investment performance, and reports to the Plan's Board of Trustees.

On April 1, 2021, the Company elected to freeze the Cash Balance Pension Plan. As part of this "freezing" amendment, no employees may commence initial participation in the Plan on or after April 21, 2021. In addition, compensation pay credits as described below, were reduced to zero during the Plan's frozen status. Also, effective January 1, 2021, any Top-Heavy minimum will be provided under the SFMB Management, LLC 401(k) Savings Plan.

Participant's Accounts:

Under the Plan provisions, amounts are credited by the Company to the participants' hypothetical accounts. The accounts are allocated compensation credits and interest credits on an annual basis.

The retirement benefit is the actuarial equivalent of the hypothetical account balance derived from annual Pay Credit and Interest Credits (but not less than the Top-Heavy defined benefit minimum benefit).

As noted above, the Company elected to freeze the Plan, and no compensation pay credits were allocated during 2022 and 2023.

Participants' hypothetical accounts receive Interest Credits, at the end of each year. The applicable Interest Credits are the lesser of 5% or the 30-year Treasury rate for December of the previous Plan Year, but not less than 3.5%.

NOTE A- DESCRIPTION OF PLAN (CONTINUED)

Funding Policy:

Every pension plan must have a procedure for establishing a funding policy for plan objectives. A funding policy relates to how much money is needed to pay promised benefits. The funding policy of the Plan is that the Company will periodically contribute amounts at least equal to the amounts required to meet the minimum funding standards of ERISA. As of December 31, 2023 and 2022, the Plan Actuary determined that the Company's minimum required funding contribution was \$87,353 and \$173,072, respectively.

Pension plans also have investment policies. These generally are written guidelines or general instructions for making investment management decisions. The investment policy of the Plan is designed to achieve a long-term rate of return sufficient to meet the actuarial requirements of the Plan. The Company intends to realize its return objectives by investing in a diversified portfolio of equity, fixed income, and money market instruments that will provide a balance of current income and capital appreciation while maintaining adequate liquidity for future benefit payments.

Although it has not expressed any intention to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions set forth in ERISA.

Pension Benefits:

Benefits are determined based on the participant's hypothetical account balance. Plan participants are eligible for their plan benefit after terminating employment with vested rights. Participants become vested in the Plan upon completion of 3 or more years of service or attainment of the later of age 65 or the fifth anniversary of the first day of the Plan Year in which the employee commenced participation in the Plan. If employees terminate before rendering 3 years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the Company's contributions. Upon termination of employment, participants have the option of receiving their vested benefit in various optional forms.

Death and Disability Benefits:

If an active employee dies or becomes disabled, a benefit equal to the value of the employee's accumulated benefit is paid on behalf of the participant.

NOTE B- SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and

NOTE B- SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and the insurance company. See Note E for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits:

Benefit payments to participants are recorded upon distribution.

Administrative Expenses:

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events:

The Plan has evaluated subsequent events through April 15, 2025, the date the financial statements were available to be issued.

NOTE C - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service that employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances-retirement, death, disability, and termination of employment-are included, to the extent they are deemed attributable to employee

**NOTE C - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS
(CONTINUED)**

service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of January 1, 2023, and January 1, 2022 were (a) life expectancy of participants (the RP 2014 combined Mortality table for males and females, projected to 2023 was used), (b) retirement age assumptions (the assumed average retirement age was 65), and (c) investment return. The effective interest rates used to discount the obligation for 2023 and 2022 were 3.66% and 3.50%, respectively.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2023 and January 1, 2022. Had the valuations been performed as of December 31, the Plan Actuary estimates the present value to be \$4,713,712.

The following details the accumulated plan benefits:

Actuarial present value of accumulated benefits	January 1, 2023	January 1, 2022
Vested benefits:		
Participants currently receiving payments	\$ -	\$ -
Other participants	<u>4,544,895.00</u>	<u>4,365,948</u>
	4,544,895.00	4,365,948
Nonvested benefits	<u>2,387.00</u>	<u>30,797.00</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 4,547,282</u>	<u>\$ 4,396,745</u>

The changes in accumulated plan benefits are as follows:

	Year ended December 31, 2022
Actuarial present value of accumulated plan benefits at beginning of year	\$ 4,396,745
Increase (decrease) during the year attributable to:	
Interest due to the decrease in the discount period	163,039
Actuarial gains	<u>(12,502)</u>
Net increase	<u>150,537</u>
Actuarial present value of accumulated plan benefits at end of year	<u>\$ 4,547,282</u>

NOTE D- PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and terminate the Plan subject to the provisions of ERISA. Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guarantee Corporation ("PBGC") at that time. Some benefits may be fully or partially provided by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE E- FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled Separate Accounts: Valued based on underlying investments which have quoted market prices in exchange and active markets, which represent the net asset values of shares held by the Plan at year end and are classified as Level 2.

NOTE E- FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at fair value as of

December 31, 2023	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 3,153,751.00	\$ -	\$ 3,153,751.00
Investments at fair value	\$ -	\$ 3,153,751.00	\$ -	\$ 3,153,751.00

Assets at fair value as of

December 31, 2022	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 2,504,631.00	\$ -	\$ 2,504,631.00
Investments at fair value	\$ -	\$ 2,504,631.00	\$ -	\$ 2,504,631.00

NOTE F- RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term, would be material to the financial statements.

NOTE G- PLAN AMENDMENT

The Plan was restated in accordance with The Pension Protection Act of 2006 (PPA) as amended by the Worker, Retiree, and Employer Recovery Act of 2008 (WRERA). The original effective date was January 1, 2015, and the restated effective date was January 1, 2020. The significant amendment of the Plan relates to providing Top-Heavy defined benefit minimum benefits to Non-Key Employees as well as changes to the Interest Credits and Pay Credits for owners. This amendment was recognized and included with the January 1, 2023 and January 1, 2022 actuarial valuations.

On April 21, 2021, the Company elected to freeze the Cash Balance Pension Plan. As part of this "freezing" amendment, no employees may commence initial participation in the Plan on or after April 21, 2021. In addition, compensation pay credits described in Note A, were reduced to zero

during the Plan's frozen status. Also, effective January 1, 2021, any Top-Heavy minimum will be provided under the SFMB Management, LLC 401(k) Savings Plan. These amendments were recognized and included with the January 1, 2023 and January 2022, actuarial valuations.

NOTE H- TAX STATUS

The Plan obtained its latest opinion letter on March 30, 2018, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan was amended under the terms of the current opinion letter, and the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE I- PARTY IN INTEREST TRANSACTIONS

The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA. In addition, certain plan investments are managed by Empower Retirement, LLC ("Empower"). As Empower is the Custodian for the Plan, these transactions also qualify as party-in-interest transactions. Empower acquired the retirement business of Massachusetts Mutual Life Insurance Company ("Mass Mutual") on December 31, 2020. As of December 31, 2023 and 2022, Empower certified the data summarized in Note J below.

NOTE J- INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Retirement, LLC has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Total investments, at fair value, as shown in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022;
- Total investment income, including net appreciation/depreciation in fair value of investments, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023;
- The Schedule of Assets (Held at End of Year) at December 31, 2023 as shown in the supplemental schedule;

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

NOTE K- SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through April 15, 2025, the date the financial statements were available to be issued. The Plan Sponsor is planning to terminate the Plan by the end of fiscal year 2025.
