INDEPENDENT AUDITORS' REPORT

To the Trustee and Plan Administrator of the
Essex Technology Group, Inc. Employee Stock Ownership Plan

Disclaimer of Opinion on the 2018 Financial Statements

We were engaged to audit the accompanying financial statements of Essex Technology Group, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974. The financial statements comprise the statements of net assets (deficit) available for benefits as of December 31, 2018, and the related statement of changes in net assets (deficit) available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

We do not express an opinion on the financial statements of Essex Technology Group, Inc. Employee Stock Ownership Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2018 Financial Statements

The Plan's records and procedures are not adequate to assure the completeness of participants' data on which participant allocations are determined, and we were unable to perform any other auditing procedures with respect to participants' data maintained by the plan sponsor.

Responsibilities of Management for the 2018 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Essex Technology Group, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2018 Financial Statements

Our responsibility is to conduct an audit of Essex Technology Group, Inc. Employee Stock Ownership Plan's financial statements in accordance with auditing standards generally accepted

in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Essex Technology Group, Inc. Employee Stock Ownership Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other Matters

2018 Supplemental Schedules Required by ERISA

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2018 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

2017 Financial Statement

Plan management is responsible for the accompanying financial statement of Essex Technology Group, Inc. Employee Stock Ownership Plan (an employee benefit plan subject to the Employee Retirement Income Security Act of 1974), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any assurance on these financial statements.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following description of the Essex Technology Group, Inc. Employee Stock Ownership Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Essex Technology Group, Inc. (Company) established the Essex Technology Group, Inc. Employee Stock Ownership Plan (Plan) effective as of January 1, 2007. The Plan operates as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations there under of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by an ESOP Committee appointed by the Company's board of directors. The Company's board of directors has appointed an independent third-party as the Plan's trustee.

On December 31, 2008, the Plan purchased 800,000 shares of the Company's common stock which is held in a trust established under the Plan. The stock was purchased at a price of \$1.25 per share, for an aggregate purchase price of \$1,000,000.

On January 29, 2009, the Plan purchased 2,909,092 shares of the Company's common stock which is held in a trust established under the Plan. The stock was purchased at a price of \$1.375 per share, for an aggregate purchase price of \$4,000,002 which was paid with a loan from the Company.

The loans are collateralized by the unallocated shares of common stock. The Company has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2018 and 2017, and for the year ended December 31, 2018, present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated common stock (allocated), and (b) common stock not yet allocated to employees (unallocated).

Effective September 26, 2018, the Company entered into a merger agreement resulting in all of the outstanding capital stock of Essex Technology Group, Inc. being exchanged for contingent consideration in the form of an earn out. The agreement requires that certain EBITDA targets be met for each year over a three year period. The targets were not met for years one or two. For year three the target was met and a receivable of \$222,000 was included in the statement of net assets available as of December 31, 2018.

In connection with the merger agreement, the Plan's independent trustee and administrative committee initiated the planning process for terminating the ESOP and distributing all assets to the participants. This process will extend into future years as the final distributions will not be made

prior to the receipt of a favorable determination from the IRS with respect to the amendment and termination of the ESOP. As of the effective date of the sale the Plan ceased to be a stock bonus plan under Section 401(a) of the Code and an employee stock ownership plan under Section 4975(e)(7) of the Code Section 407(d)(6) of ERISA, but shall continue as a profit sharing plan under Section 401(a) of the Code until all funds have been distributed, transferred or paid out of the Trust. The Plan no longer will hold any shares of Company Stock, and there will not be any Acquisition Loans or Financed Shares under the Plan. All distributions under the Plan will be paid in cash.

The termination restricts any new employees from entering the Plan, no further Company contributions will be made to the Plan, and it also resulted in all participant account balances becoming fully vested. All plan benefits will be distributed in accordance with the termination provisions of the Plan.

Eligibility

Employees of the Company are generally eligible to participate in the Plan after a year of service, providing they worked at least 500 hours during such Plan year and are not leased employees, nonresident aliens, or union employees. Participants who do not have at least 500 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its loan. Employee contributions are not permitted.

Payment of Benefits

The Plan provides for the distribution of the participant's account upon normal retirement, disability, death, or termination of employment. If the participant separates from service by reason of death, disability, or retirement, the Trustee will commence distribution of the participant's vested account balance not later than one year after the close of the Plan year in which the event occurs. For termination of employment, distribution of a participant's account balance will commence during the year following the year that includes the participant's third consecutive break in service years. Distributions shall be paid as a lump sum for accounts less than \$5,000 or in substantially equal, annual installments over a period of five years, plus one year for each \$210,000 or fraction thereof by which the value of the account exceeds \$1,070,000.

DECEMBER 31, 2018 AND 2017

Administrative Expenses

As provided in the Plan Agreement, administrative expenses may be paid either by the Plan or by the Company. The Company paid all operating expenses for the Plan for the year ended December 31, 2018.

Voting Rights

All Company stock held by the Trust is voted by the Trustee. In the event of any corporate matter which would constitute a merger, consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all assets, each participant who has been allocated shares of stock may instruct the Trustee as to the voting of those shares. The Trustee shall vote any unallocated shares held by the Trust as well as any allocated shares for which a participant has failed to give timely voting direction.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

As of September 26, 2018, all participants became 100% vested in their funds as a result of the merger agreement and Plan termination, disclosed in Note 1.

DECEMBER 31, 2018 AND 2017**

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution. The election to diversify must be made within 90 days after the close of the Plan year to which the direction applies.

Forfeited Accounts

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. There were no forfeitures allocated to participants during December 31, 2018. There were no forfeited non-vested accounts to be allocated to participant accounts in future years as of December 31, 2018.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As discussed in Note 1, the Company has entered a merger agreement and the Plan's independent Trustee and Administrative Committee are currently in the process of terminating the Plan and distributing all assets to the participants. As a result, the Plan has changed its basis of accounting to the liquidation basis of accounting in the 2018 financial statements. The estimated net realizable value of Plan investments as of December 31, 2018 would be equivalent to fair value and no material adjustment was required due to the change in basis of accounting.

ESSEX TECHNOLOGY GROUP, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (“allocated”) and (b) stock not yet allocated to employees (“unallocated”), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. See Note 4 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through April 22, 2018, the date the financial statements were available to be issued and concluded there were no events that require recording or disclosure in the financial statements as of December 31, 2018.

NOTE 3 - INVESTMENTS

The following is a summary of the fair value of investments. All investments are non-participant directed.

Estimated fair value	\$ 353,394	\$ 91,697

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**ESSEX TECHNOLOGY GROUP, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2018	
	Level 3	Total
Investment in Essex Technology Group, Inc. common stock	\$ -	\$ -
Total assets at fair value	\$ -	\$ -
	2017	
	Level 3	Total
Investment in Essex Technology Group, Inc. common stock	\$ 445,091	\$ 445,091
Total assets at fair value	\$ 445,091	\$ 445,091

Following is a description of the valuation methodologies used for assets measured at fair value.

The Essex Technology Group, Inc. common stock held by the Plan is reported at fair value based upon an appraisal. This appraisal was based upon a combination of the market and income valuation techniques as illustrated in the following table.

Instrument	Principal Valuation Technique	Unobservable Inputs
Essex Technology Group, Inc. common stock	Income	EBITDA Net income Weighted average cost of capital Discount rate Discount for lack of marketability
	Market	Public comparable Revenue multiples EBITDA multiples Discount for lack of marketability

ESSEX TECHNOLOGY GROUP, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

The valuation process involves the selection of an appraiser. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution. Plan management reviews and approves the report. The trustee is responsible for determining the share price.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - LOAN PAYABLE

In 2009, the Plan entered into a \$4,000,002 loan agreement with the Company. The proceeds of the loan were used to purchase Company common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. In connection with the merger disclosed in Note 1, the Company has agreed to release the Plan's obligation on the remaining outstanding balance of the loan and to cancel the note. In consideration of the Company's cancellation of the note, the Plan has agreed to return the remaining 764,140 shares of common stock of the Company owned by the Plan that have not yet been allocated.

NOTE 6 - RELATED PARTIES AND PARTIES IN INTEREST TRANSACTIONS

The Plan invests in Company common stock and has a loan with the Company. These are related party and party in interest transactions. As described in Note 1, the Company may pay plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 8 - PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Plan Administrator directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or their beneficiary at the time prescribed by the Plan terms and the IRC. Participants will become 100% vested if the Plan is terminated or partially terminated.

As described in Note 1 effective September 26, 2018, all of the issued and outstanding common stock of the Company held by the Plan have been disposed of in a merger. The purchase consideration has been recorded as a receivable. As of September 26, 2018, plan participants became fully vested in accrued benefits of the plan. Plan assets will ultimately be distributed to the ESOP participants in accordance with Plan provisions.

NOTE 9 - TAX STATUS

The Plan has not received a determination letter from the IRS yet is operating under the assumption that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
