Independent Auditor's Report

To the Administrative Committee of
Distributed Solutions, Inc. 401(K) Rate Group Profit Sharing Plan and Trust
Reston, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of Distributed Solutions, Inc. 401(K) Rate Group Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of September 30, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section—

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Distributed Solutions, Inc. 401(K) Rate Group Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Distributed Solutions, Inc. 401(K) Rate Group Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Distributed Solutions, Inc. 401(K) Rate Group Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Distributed Solutions, Inc. 401(K) Rate Group Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor’s Report on the 2023 Financial Statements

The financial statements of Distributed Solutions, Inc. 401(K) Rate Group Profit Sharing Plan and Trust as of September 30, 2023, were audited by Burdette Smith & Bisch, LLC (BSB). BSB combined with PBMares, LLP effective October 1, 2024. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated March 12, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, was presented, in all material respects, requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor’s rules and Regulations for the information in the 2023 supplemental schedule qualified institution agrees to, or is derived from, in conformity with the Department of Labor’s rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by an qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - Description of Plan

The following description of the Distributed Solutions, Inc. 401(K) Rate Group Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan nonstandard adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Distributed Solutions, Inc. and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The custodian of the Plan is Empower Trust Company, LLC which is responsible for holding Plan assets. Empower also serves as the Plan record keeper. Individuals of the Company serve as the Plan's trustees.

Participant Contributions

An eligible employee is any person who is age 21 or older, and is an employee at Distributed Solutions, Inc. who has obtained one month of continuous service. Each year, participants may make salary reduction contributions, including Roth, up to 100% of their compensation each pay period subject to the limitations of the Internal Revenue Code (IRC). Employees are automatically enrolled into the Plan at 3% of pretax annual compensation unless the employee signs a declination of participation in the Plan.

Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as rollover contributions. Participants are immediately vested in their salary reduction and rollover contributions plus actual earnings thereon.

Company Contributions

Company matching contributions are discretionary. For the year ended September 30, 2024, no such matching contributions were made.

The Company may also make additional contributions to the Plan at its sole discretion for eligible employees. To be eligible for this additional nonelective contribution an employee must work 1,000 hours and be employed on the last day of the Plan year. These contributions are allocated to the participant's account based on an integrated allocation formula. For the year ended September 30, 2024, no such additional contributions were made.

Vesting

Participants immediately vest in their voluntary contributions, rollover contributions, plus earnings thereon. Participants vest in the Company contributions portion of their account plus earnings thereon, based on years of continuous service. The Company contributions become fully vested upon attainment of normal retirement age, total disability, death, or 33% per each year of service starting after the second year until fully vested after the fourth year.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contribution, rollovers (transfers in from other qualified plans), the Company matching contribution, and allocations of (a) Company discretionary contributions (if any), (b) Plan earnings, (c) realized and unrealized gains and losses on investments, and (d) administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - Description of Plan - continued

Payment of Benefits

Participants are eligible for retirement benefits upon attaining the age of 65 or early retirement defined as age 59 and half. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or installments over a period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or elect a direct rollover distribution. However, if the total value of the vested balance is \$5,000 or less, the entire vested balance will be distributed in a lump sum payment. Benefit payments to participants are recorded when paid.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw part or all their vested account balances while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties.

Forfeited Accounts

Terminating participants forfeit the non-vested portion of the participants' employer contributions. Forfeitures can be used to reduce the administrative expenses first; any remaining amounts are used to reduce the Company's contributions to the Plan. At September 30, 2024 and 2023, forfeited non-vested accounts totaled \$11,394 and \$23,120, respectively. Subsequent to yearend the forfeiture account was reallocated to participant accounts.

Investment Options

Participants are afforded several investment options covering a wide range of investment objectives and risk. Participants may allocate their contributions across these options in any proportion they wish and can change this allocation at any time. Transfers of account balances between elected investment options may also be made every day.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Recognition

In accordance with the policy of stating investments at current market value, net realized and unrealized appreciation and depreciation are reflected in the statement of changes in net assets available for Plan benefits. Earnings from investments are recorded as earned using the accrual method of accounting. Dividends are recorded on the ex-dividend date.

NOTE 2 – Summary of Significant Accounting Policies, continued

Administrative Expenses

The Company may elect to pay the administrative expenses of the Plan. If not paid by the Company, administrative expenses are required to be paid by the Plan. All such costs and expenses will, unless allocable to the accounts of participants, be charged against the accounts of all participants on a pro-rata basis or in such other reasonable manner as may be directed by the Company. Certain accounting and administrative functions of the Plan are performed by employees of the Company at no cost to the Plan.

In addition, certain investment-related expenses are included in net appreciation of fair value of investments presented in the accompanying state of changes in net assets available for benefits.

Investment Valuation

Accounting Standards Codification 820, *Fair Value Measurements* (ASC 820) establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. ASC 820 provides a three-tiered fair value hierarchy with Level 1 representing quoted prices for identical assets or liabilities in an active market and Level 3 representing a valuation methodology based on unobservable inputs significant to the fair value measurement. Under ASC 820, Level 2 valuation methodologies include: 1) quoted similar assets or liabilities in an active market, 2) quoted identical or similar assets or liabilities in an inactive market, 3) inputs other than quoted prices that are observable for the asset or liability, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

The Plan discloses its financial instruments, where it is practicable to estimate, at fair value. For the registered investment companies, quoted market prices are the basis for the fair value of investment securities. Market values are determined using the last reported sales price on the last business day of the Plan year. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Plan contributions are invested under a Group Annuity Contract issued by Empower Retirement. Empower Retirement performs the functions of receiving contributions from the Trustees, valuing the Plan's assets, and making payment of benefits, as directed by the Trustees. Valuation of accounts under the Plan is based on the unit system of accounting. Available investment options include funds held in the Key Guaranteed Portfolio Fund at Empower Retirement's Benefit-Responsive Investment Contract and Mutual Funds. All investments are participant directed. The Plan's investments are stated at fair value except for its benefit-responsive investment contract which is reported at contract value.

NOTE 2 – Summary of Significant Accounting Policies, continued

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025.

Subsequent Events

The Plan has evaluated subsequent events through April 30, 2025, the date the financial statements were available to be issued. The Plan has determined that there are no subsequent events pursuant to the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

NOTE 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of September 30, 2024 and 2023.
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended September 30, 2024.
- Investment information included in the schedule of assets (held at end of year) as of September 30, 2024, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – *Fair Value Measurements*

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods could produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DISTRIBUTED SOLUTIONS, INC.

401(K) RATE GROUP PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – *Fair Value Measurements, continued*

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of September 30, 2024 and 2023:

	September 30, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,410,144	\$ -	\$ -	\$ 12,410,144
Investments at fair value.....	\$ 12,410,144	\$ -	\$ -	\$ 12,410,144

	September 30, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,823,911	\$ -	\$ -	\$ 9,823,911
Investments at fair value.....	\$ 9,823,911	\$ -	\$ -	\$ 9,823,911

NOTE 5 – *Group Annuity Contract Investments at Contract Value*

The Plan has a fully benefit-responsive group annuity contract with an insurance company, which is called the Key Guaranteed Portfolio Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the Plan’s ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2024 and 2023 was 1.38% and 1.16%, respectively. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan’s quarterly interest rates. The average for 2024 and 2023 was 1.38% and 1.13%, respectively.

The contract value of the insurance contract held by the Plan was \$352,507 and \$356,982 at September 30, 2024 and 2023, respectively.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 – Tax Status

The trust established under Distributed Solutions, Inc. 401(K) Rate Group Profit Sharing Plan and Trust is an adoption of The Retirement Advantage Inc. prototype profit sharing plan. The Plan is designed to be qualified under the Internal Revenue Code (IRC) as exempt for Federal income taxes. The Retirement Advantage Inc. prototype profit sharing plan has received a favorable determination letter from the Internal Revenue Service, dated June 30, 2020, that the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, Plan management believes that the Plan, as currently designed, is being operated in compliance with the applicable requirements of the IRC.

Management evaluated the Plan’s tax positions under guidance from the Financial Accounting Standards Board and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 7 – Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan’s termination, participants will become fully vested in their accounts.

NOTE 8 – Excess Participant Contributions Payable

At September 30, 2024 and 2023, a payable of \$13,926 and \$22,174, respectively, is recorded for amount refundable by the Plan and paid to participants in 2024 and 2023, respectively, for contributions made in excess of amounts allowed by the Internal Revenue Service.

NOTE 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of contributions per the financial statements to the Form 5500 at September 30, 2024:

Participant Contributions- financial statements	\$	750,780

NOTE 10 – Related Party and *Parties-In-Interest Transactions*

Certain Plan investments are mutual funds and general accounts managed by Empower. Such transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 11 – *Risk and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
