Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **WEYRICH CRONIN & SORRA**

(2) EIN: **81-4643077**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		☒	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Independent Auditors' Report

To the Investment Administration Committee and Participants of
Vibrantz Corporation Pension Plan for Legacy Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of the Vibrantz Corporation Pension Plan for Legacy Employees (formerly the Ferro Corporation Pension Plan for Legacy Employees), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Independent Auditors' Report (continued)

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2023 Financial Statements* section:

- The amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2023 financial statements related referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Vibrantz Corporation Pension Plan for Legacy Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vibrantz Corporation Pension Plan for Legacy Employees' ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vibrantz Corporation Pension Plan for Legacy Employees' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vibrantz Corporation Pension Plan for Legacy Employees' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the 2023 Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and supplemental schedule of reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Other Matters (continued)

Auditor's Report on the 2022 Financial Statements

The financial statements of the Ferro Corporation Pension Plan for Legacy Employees as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 16, 2023, indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all, material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplement schedules, other than the information in the 2022 supplemental schedules that agrees to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Effective date and plan year	Original plan: May 1, 2012 Restated plan: January 1, 2023 Plan year: the twelve-month period commencing each January 1 and terminating each subsequent December 31
Status of the plan	Open to new entrants with ongoing accruals
Definitions	
• Accrued Benefit	A Participant's Normal Retirement Benefit payable at his Normal Retirement Date based on his Years of Credited Service as of the date for which the Accrued Benefit is being determined.
• Actuarial Equivalent	1994 Group Annuity Reserving Table and the 30-year Treasury security for the month of September of the Plan Year preceding the Plan Year of Commencement.
• Average Monthly Compensation	Average Monthly Earnings as an Employee during the highest 5 consecutive years out of the last 10 years.
• Year of Credited Service	A Year of Credited Service means the twelve month period of time beginning on the date of participation in the plan. Non-successive periods of service and less than whole year periods of service will be added together, pursuant to plan rules. Service earned in the Evonik Degussa Corporation Hourly Retirement Plan prior to the Effective Date of the Plan is included in Years of Credited Service.
• Year of Vesting Service	A Year of Vesting Service is any Plan Year during which an employee completes 1,000 hours of service. 190 hours of service is earned with each month or partial month of service
• Eligibility	All Union employees of Chromaflo Technologies Corporation employed at the Lockland, Ohio location are eligible to participate in the Plan following the completion of one year of service.

Schedule SB, Part V — Summary of Plan Provisions**NORMAL RETIREMENT**

- **Eligibility** The first of the month coincident with or next following the attainment of age 65.
- **Benefit** The Normal Retirement Benefit is a benefit payable monthly for life in an amount equal to Years of Credited Service times the benefit rate, as shown below.

Participants that become an eligible employee at the Lockland, Ohio location in the Evonik Degussa Corporation Hourly Retirement Plan before October 10, 2001, the following table applies:

<u>Retirement on or After</u>	<u>But Before</u>	<u>Benefit Rate</u>
5/1/2012	12/31/2012	\$ 55.00
1/1/2013	12/31/2013	56.00

1/1/2022	12/31/2022	53.25
1/1/2023		53.75

The Benefit Rate used is the rate in effect at the participant's actual termination date. The participant's Accrued Benefit is reduced by the benefits payable under the Evonik Degussa Corporation Retirement Plan. The Evonik Degussa Corporation Retirement Plan Accrued Benefit is the benefit earned through December 31, 2010.

DEFERRED VESTED

- **Eligibility** A Participant who terminates employment for reasons other than Disability, Retirement or Death will be Vested in his Accrued Benefit upon the earlier of attainment of 5 years of Vesting Service or attainment of Normal Retirement Age (age 65) while an employee.

Schedule SB, Part V — Summary of Plan Provisions

• Benefit	Years of Credited Service accrue after Normal Retirement Date. The Accrued Benefit is the greater of the amount calculated at the benefit rate in effect at actual retirement and the actuarial equivalent benefit as of the participant's Normal Retirement Date.
EARLY RETIREMENT	
• Eligibility	First day of the month on or after attainment of age 55 and completion of 10 years of service.
• Benefit	Benefit can commence on first day of the month on or following Early Retirement Date. The Accrued Benefit is reduced by 6% per year for the first 3 years and 4% per year for the next 7 years prior to the participant's Normal Retirement Date.
DISABILITY	
• Disability Eligibility	Total and permanent disability for at least 6 months after 10 years of service.
• Disability Benefit	Commences first of month on or next following the date Participant is certified disabled. Benefit is equal to Accrued Benefit at date of termination of employment due to disability without reduction.
DEATH BENEFIT	
Company paid Qualified Pre-Retirement Spouse benefit	
• Automatic form for unmarried participants	5 year Certain and Life
• Automatic form for married participants	Joint and 50% survivor annuity.
• Other Optional Forms	Life annuity; Joint and 50%, 75% or 100% Survivor; 5 or 10 years certain and life annuity. Amount of an alternative form of benefit (other than a lump sum) which has a value equivalent to the benefit or benefits otherwise payable under the plan, computed using the 1994 Group Annuity Reserving Mortality Table and the annual rate of interest on 30-year Treasury securities for the month of September of the Plan Year immediately preceding the Plan Year in which a participant commences benefits.
MISCELLANEOUS	
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2023, the limit is \$265,000.

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as effective January 1, 2023, are included in this valuation.

- **Most recent plan amendments included:** Amendments adopted by the valuation date or effective by the end of the plan year are included in this valuation.
- **Plan amendments excluded:** None

Schedule SB, Part V — Summary of Plan Provisions

- **Late retirement increases:**
 - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½. This valuation includes increases for current participants over age 70.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Sections 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60 percent of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.
- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits:** This valuation does not value the plan's unpredictable contingent event benefits because the likelihood of an event is de minimis.

Plan Provision Changes Since Prior Valuation

Maximum benefit amounts under IRS rules were updated from 2022 to 2023.

Effective January 1, 2023, the benefit rate for the former Chromaflo plan was increased from \$60.25 to \$60.75 for participants who were eligible to participate in the plan before October 10, 2001 and from \$53.25 to \$53.75 for participants who became eligible for the plan after October 10, 2001.

The Chromaflo Technologies Corporation Defined Benefit Pension Plan for Employees Represented by International Brotherhood of Teamsters, Truck Drivers, Chauffeurs and Helpers was merged into the Ferro Corporation Pension Plan for Legacy Employees effective December 31, 2022. The name of the plan was subsequently changed to Vibrantz Corporation Pension Plan for Legacy Employees.

Rationale for Economic Assumptions

- **Discount Rate** – These are the IRS prescribed rates. The plan sponsor elected this methodology from alternative IRS prescribed options.
- **Mortality sponsor elections** – These are the current IRS prescribed table and mortality improvement projection scale. The plan sponsor elected this methodology from alternative IRS prescribed options.
- **Expected investment return** – This is based on a 65% historical and 35% forward-looking blend of the capital market assumptions published in Mercer Investment Consulting’s Capital Market Outlook dated October 2022 for the plan’s target asset mix, net of an adjustment of 9 basis points for investment expenses assumed to be paid from plan assets, rounded to the nearest 25 basis points.
- **Expenses** – Expenses are based on year-by-year experience for actual administrative expenses paid from plan assets. Adjustments are made for any known significant changes.

Rationale for Demographic Assumptions

- **Retirement Age** – Retirement age assumption was updated based on the results of an experience study conducted during 2019 using data from the January 1, 2015 through January 1, 2019 valuations. The plan sponsor believes that this period will be representative of anticipated future experience.
- **Turnover Rates** – Turnover rates have been developed based on the historical experience of the plan. The turnover rates were reviewed based on an experience study conducted in 2019 using data from the January 1, 2015 through January 1, 2019 valuations. This assumption provided similar results to actual experience of the plan, thus no update was made. The plan sponsor believes that this period will be representative of anticipated future experience.
- **Retirement Rates** – Retirement rates have been developed based on the historical experience of the plan and the retirement subsidies the plan offers at various ages. The retirement rates were reviewed based on an experience study conducted in 2019 using data from the January 1, 2015 through January 1, 2019 valuations. This assumption provided similar results to actual experience of the plan, thus no update was made. The plans sponsor believes that this period will be representative of anticipated future experience.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

- **Disability Rates** – Based on the 1985 Pension Disability Study rates, applicable to the populations of each former plan. Annual review of the experience has shown that these rates provide similar results to the actual rates of disability experienced under the plan.
- **Percent Married/Spouse Age Difference** – The assumptions regarding percent married/spouse age difference at benefit commencement were updated based on the results of an experience study conducted during 2019 using data from the January 1, 2015 through January 1, 2019 valuations. The plan sponsor believes that this period will be representative of anticipated future experience.
- **Form of Payment Election** – The assumptions regarding form of payment election at benefit commencement were updated based on the results of an experience study conducted during 2019 using data from the January 1, 2015 through January 1, 2019 valuations. The plan sponsor believes that this period will be representative of anticipated future experience.
- **Retirement rates, turnover rates, percent married/spouse age difference, and form of payment election for the former Chromaflo plan participants** – Assumptions provided by the prior actuary based on plan's anticipated future experience. We will compare actual experience with prior actuary's assumptions to assess reasonability and will consider updating assumptions in the future.

ACTUARIAL METHODS FOR FUNDING**Asset Methods**

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data for only those employees who have completed the plan's eligibility requirements and are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** Liabilities and assets from insurance contracts have been included in the valuation.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual are the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- This plan provides benefits that are not a function of a participant's accrued benefit or years of service. This benefit is allocated to funding target based on the ratio of the participant's service at the beginning of the plan year to their service at each decrement age and is allocated to target normal cost based on the proportionate benefit attributable to the increase in the participant's service and compensation during the plan year.
- This plan provides disability/death benefits that are only partially based on a participant's accrued benefit or years of service. This benefit is allocated to funding target based on the accrued benefit on the valuation date plus a portion of the excess of the benefit over the accrued benefit multiplied by the ratio of the participant's service at the beginning of the plan year to their service at each decrement age. This benefit is allocated to target normal cost based on the proportionate benefit attributable to the increase in the participant's service and compensation during the plan year.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, Line 32 — Schedule of Amortization Bases

The total shortfall amortization charge is the sum of the individual shortfall amortization installments for each plan year since the IRC Section 430 changes made by ARPA took effect for the plan. Although an individual shortfall amortization installment can be negative, the combined shortfall amortization charge cannot be less than \$0.

Shortfall bases				
Year established		Outstanding balance	Years remaining	2023 Installment
2023	\$	13,525,156	15	\$ 1,238,643
Total	\$	13,525,156		\$ 1,238,643

Schedule SB, Line 25 – Change in Method

This was the first year that Mercer performed the actuarial valuation for the former Chromaflo plan participants under the plan. Last year's valuation of the Chromaflo plan participants (under the former Chromaflo plan) was done by Gallagher. This change qualified for automatic IRS approval. No other method changes have occurred since the January 1, 2022 valuation.

Schedule SB, Line 24 — Change in Actuarial Assumptions

Actuarial assumption changes since prior valuation

Funding

- Interest discounts and mortality rates were updated from 2022 to 2023 in accordance with PPA.
- The expected administrative expenses added to the normal cost increased from \$1,900,000 to \$1,800,000.
- The expected investment return was changed from 6.25% to 7.00%.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

To the Investment Administration Committee and Participants of
Vibrantz Corporation Pension Plan for Legacy Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of the Vibrantz Corporation Pension Plan for Legacy Employees (formerly the Ferro Corporation Pension Plan for Legacy Employees), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Independent Auditors' Report (continued)

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2023 Financial Statements* section:

- The amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2023 financial statements related referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Vibrantz Corporation Pension Plan for Legacy Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vibrantz Corporation Pension Plan for Legacy Employees' ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vibrantz Corporation Pension Plan for Legacy Employees' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vibrantz Corporation Pension Plan for Legacy Employees' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (continued)

Auditors' Responsibilities for the Audit of the 2023 Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and supplemental schedule of reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Other Matters (continued)

Auditor's Report on the 2022 Financial Statements

The financial statements of the Ferro Corporation Pension Plan for Legacy Employees as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 16, 2023, indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all, material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplement schedules, other than the information in the 2022 supplemental schedules that agrees to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Vibrantz Corporation Pension Plan for Legacy Employees (formerly Ferro Corporation Pension Plan for Legacy Employees) (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

- A. General - The Plan was established on October 31, 2017, as a result of a spin-off from the Ferro Corporation Pension Plan and is a frozen defined benefit pension plan sponsored by Ferro Corporation under which certain salaried and hourly rate employees at various facilities of the Company have frozen accrued benefits. Assets and benefit obligations were transferred to the Plan from the Ferro Corporation Pension Plan (the predecessor plan) as part of a spin-off. Participants and beneficiaries meeting certain requirements were transferred to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. During April 2022, Ferro Corporation, Prince International Corporation and Chromaflo Technologies were acquired by Vibrantz Corporation (the Company or Employer). The Plan previously held Ferro Corporation stock as a Plan investment. As a result of the acquisition the Ferro Corporation stock was removed as an investment option and the stock was sold. Effective December 31, 2022 (merger date), the Plan was amended to merge the Chromaflo Technologies Corporation Defined Benefit Plan for Employees Represented by International Brotherhood of Teamsters, Truck Drivers, Chauffeurs and Helpers (Chromaflo Plan) into this Plan. Effective January 1, 2023, the Plan name changed to Vibrantz Corporation Pension Plan for Legacy Employees. Effective June 21, 2023, the Plan entered into a Master Trust Agreement with U.S. Bank National Association whereby the Plan and two defined benefit plans sponsored by Prince International Corporation would be maintained under a master trust agreement known as the Master Trust for Vibrantz Pension Plans. Assets from all plans were transferred to the Master Trust in August 2023. Additionally, the Chromaflo Plan assets were transferred into the Plan in August 2023 when all assets were transferred to the Master Trust. The Chromaflo Plan assets are included in Chromaflo transfer in receivable on the statements of net assets available for benefits at December 31, 2022. The Plan was most recently amended and restated effective January 1, 2023 to incorporate the four prior amendments to the October 31, 2017 Plan document, reflect the merger of the Chromaflo Plan into the Plan, and reflect the acquisition of Ferro Corporation.
- B. Eligibility - Any employee hired on or after April 1, 2006 shall not become an active participant in the Plan as the Plan is frozen to new participants.

1. Description of the Plan (continued)

- C. Pension Benefits – Plan participants stopped accruing benefits at various dates prior to January 1, 2011. Under terms of the Plan document, participants are eligible for monthly normal retirement benefit payments upon retirement after reaching age 65, or they may retire on or after age 55 (age 60 at the Baton Rouge, Niagara Falls and Nashville facilities) and receive early retirement benefits provided they are credited with at least 10 years of credited service (15 years of credited vesting service at the Niagara Falls and Nashville facilities). Normal monthly benefits are determined by multiplying the number of years of credited service by a monthly benefit factor.

The Plan was amended, effective April 15, 2020, to allow distributions to eligible participants who have attained age 59 ½ and who have not separated from employment at the time of such distribution (subject to Department of Labor regulations related to disability claims).

Prior to January 1, 2011, the predecessor plan provided for disability benefits for active participants who terminated employment due to permanent and total disability. A range of five to fifteen years of credited vesting service, depending on the facility, were needed to become vested in accrued benefits under the Plan.

If a participant eligible for vested benefits dies before benefit payments begin, the surviving spouse may be entitled to a death benefit equal to the survivor portion under the Plan's joint and 50% survivor annuity. Any active participant who became eligible for disability retirement payments under the Plan prior to January 1, 2022, receives disability benefits that are equal to his or her accrued benefit as of the time of disability.

If a participant terminates employment, and the present value of his or her vested accrued benefit on his or her severance date does not exceed \$1,000, the Plan will distribute the present value of such vested accrued benefit to the participant.

2. Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Vibrantz Benefits Plan Investment Admin Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments, as presented in the statements of changes in net assets available for benefits, includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits (see Note 6) are estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and accumulated plan benefits for active employees are based on employees' compensation during their years of credited service. Benefits payable under all circumstances—retirement, death, disability and termination of employment—are included in accumulated plan benefits to the extent they are deemed attributable to employee service rendered to the valuation date.

Payment of Benefits - Benefits are recorded when paid.

2. Significant Accounting Policies (continued)

Expenses - The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in the administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

3. Funding Policy

Employer contributions are made in amounts sufficient, on an actuarial basis, to fund at a minimum, the Plan's normal cost on a current basis and to fund the actuarial liability for past service costs in accordance with Department of Treasury Regulations. The Employer's contributions to the Plan during the year ended December 31, 2022 satisfied the minimum funding requirements established by ERISA and did not exceed the Employer's maximum allowable contributions for that Plan year. The Employer recorded a contribution receivable to the Plan of \$1,450,000 for the year ended December 31, 2023. The unpaid minimum required contribution after considering this receivable was \$92,417 as of December 31, 2023 as a result of changes to the actuary's original calculation. The Employer plans to contribute required funding amounts in future years.

5. Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable for the asset or liability, significant to the fair value measurement, and include situations where there is little, if any, market activity for the asset or liability. The inputs into the determination of fair value are based upon the best information in the circumstances and may require significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements
December 31, 2023 and 2022

5. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Level 1 Fair Value Measurements

Money market fund: Equivalent to cash and valued at \$1 per share, which approximates fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments Measured at Net Asset Value

Common collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Pooled separate accounts are held in investment contracts with the custodian and are invested according to the stated objectives of the various accounts. The principal is not guaranteed. The pooled separate accounts are valued at the NAV, which is based on the market value of its underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

VIBRANTZ CORPORATION PENSION PLAN FOR LEGACY EMPLOYEES

Notes to Financial Statements
December 31, 2023 and 2022

5. Fair Value Measurements (continued)

Partnerships/joint ventures: Consists of limited partnerships, private investment funds, and other funds and are valued at fair value as determined by the fund managers or general partner using NAV as a practical expedient. In determining the fair value of the funds, the funds' managers or general partner utilizes the estimated fair values of underlying investment entities. In those instances where prices of securities of underlying companies are not readily available, the estimated fair values of the underlying entities are generally determined by the investment managers of the underlying entities. These fair values may be based upon (1) the funds' net capital contribution to the underlying entity and (2) the allocation of undistributed profits and losses, including realized and unrealized gains and losses, as well as management expenses of the funds. The funds' managers may utilize audited financial statements of the underlying entities to determine amounts needed to estimate fair value or, in the absence of audited financial statements, other methods that the manager reasonably chooses. Due to the inherent uncertainty of these estimates, the values of the underlying entities may differ from the values that would have been used had a ready market for these investments existed, and such differences could be material.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses included in the statement of changes in net assets available for benefits for the years ended December 31, 2023 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 at the end of the reporting period. For the year ended December 31, 2023, there were no significant transfers between Level 1 and Level 2 or into or out of Level 3.

5. Fair Value Measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Fair Value Measurements at the End of the Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>December 31, 2023</u>		
Money market fund	\$ 1,795,300	\$ 1,795,300
Total assets in fair value hierarchy	1,795,300	1,795,300
Investments, measured at NAV	189,077,213	
Investments, at fair value	\$ 190,872,513	
<u>December 31, 2022</u>		
Mutual funds	\$ 166,845,771	\$ 166,845,771
Total assets in fair value hierarchy	166,845,711	166,845,711
Investments, measured at NAV	21,008,405	
Investments, at fair value	\$ 187,854,116	

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Pooled separate accounts (a)	\$ 374,252	\$ 565,946	N/A	Daily	30 days
Common collective trusts (b)	154,957,342	20,442,459	N/A	Daily	None
Mercer ERISA Hedge Fund Ltd (c)	17,314,906	- 0 -	None	Quarterly	100 days
Partnerships/joint ventures, other than Mercer ERISA Hedge Fund Ltd. (d)	16,430,713	- 0 -	N/A	Daily	None

(a) The pooled separate accounts invest primarily in equity or fixed income securities based upon the stated objective of each individual investment option.

(b) The collective trusts invest primarily in equity or fixed income securities, with the objective of maintaining exposure to a specific asset class as indicated in the name of each individual fund.

(c) The Mercer ERISA Hedge Fund Ltd. invests with an objective of producing consistent capital appreciation with controlled volatility and reduced risk of major drawdowns by allocating assets across a diversified group of investment managers and investing in less liquid private investment funds that may offer potential for higher long-term returns with diversification benefits.

(d) The partnerships/joint ventures invest primarily in equity or fixed income securities, with the objective of maintaining exposure to the specific asset class as indicated in the name of each individual fund.

6. Investment Contracts with Insurance Companies

The Plan has an investment fixed annuity contract with Prudential Retirement Insurance & Annuity Company (Prudential) totaling \$233,776 and \$352,800 as of December 31, 2023 and 2022, respectively. Prudential maintains the contributions in a general account. Assets contained in the general account consist of an immediate participation guarantee contract, which is invested primarily in publicly traded and privately placed debt securities and mortgage loans. Participants of the guaranteed deposit account receive a book value account interest rate that is determined based on the anticipated market returns in the general fund, in addition to any plan-specific contract charges. The declared interest rates for the years ended December 31, 2023 and 2022 ranged from 3.50% to 5.00% and 1.50% to 2.70%, respectively.

The Plan has an investment group annuity contract with Aetna Life and Casualty Insurance Company (Aetna) totaling \$1,216,789 and \$1,203,245 as of December 31, 2023 and 2022, respectively. Assets contained in the general account consist of an immediate participation guarantee contract, which is invested primarily in publicly traded and privately placed debt securities and mortgage loans. Participants of the fixed income account receive a book value account interest rate that is determined based on the anticipated market returns in the general fund, in addition to any plan-specific contract charges. The average annual effective interest rate for the years ended December 31, 2023 and 2022 was 4.22% and 4.74%, respectively. This rate does not reflect any reduction due to contract service fees.

These investments are reported at contract value.

7. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by an actuary from Mercer and is the amount resulting from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The actuarial assumptions are based on the assumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The information presented below for accumulated plan benefits as of January 1, 2023 and the changes in accumulated plan benefits are obtained from information provided by the actuary as of January 1, 2023 and for the year then ended. There were no significant changes in the Plan's provisions or coverage from December 31, 2022 to January 1, 2023.

7. Accumulated Plan Benefits (continued)

The Plan's actuary has estimated the actuarial present value of accumulated plan benefits as follows as of January 1, 2023:

Actuarial present value of accumulated plan benefits	
Vested benefits:	
Active participating employees	\$ 7,034,754
Retirees and beneficiaries	152,224,254
Deferred vested benefits	<u>31,231,377</u>
	190,490,385
Nonvested benefits	<u>90,824</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 190,581,209</u></u>

The Plan's actuary has estimated the changes in the actuarial present value of accumulated plan benefits as follows for the year ended January 1, 2023:

Actuarial present value of accumulated plan benefits, beginning of year	<u>\$ 206,859,335</u>
Changes during the year attributed to:	
Interest related to decrease in discount period	12,237,037
Benefits paid	(20,430,911)
Change in assumptions	(10,842,915)
Actuarial (gains) losses	930,997
Other changes (mergers and spin-offs)	<u>1,827,666</u>
Net decrease	<u>(16,278,126)</u>
Total actuarial present value of accumulated plan benefits, end of year	<u><u>\$ 190,581,209</u></u>

7. Accumulated Plan Benefits (continued)

Actuarial Assumptions:

Interest Rate	The discount rate for ASC 960, Accounting and Reporting by Defined Benefit Plans was 7.00%. The PPA effective interest rate was 5.45%.
Regular Mortality	Section 430(h)(3) prescribed separate static annuitant and non-annuitant mortality tables. These tables are based on PR-2014 mortality tables projected with improvements beyond 2006 removed with static mortality improvement based on the IRS methodology and projection scale MP-2021.
Compensation Increase	Not applicable.
Retirement Age	Normal retirement age at 63, or in the case of former Chromaflo plan participants, age 65.
Percentage Married	Assumed a range of 50% - 80% of participants are married. Male participants are assumed to be between one and three years older than their spouses and female participants are assumed to be between one and three years younger than their spouses.

The changes in assumptions since the prior valuation are as follows:

- The discount rate increased from 6.25% as of January 1, 2022 to 7% as of January 1, 2023.
- The projection scale was updated from MSS-2021 to MS-2022 to reflect an additional year of SSA data published in the 2022 Trustees Report.

8. Tax Status

The Plan obtained its latest determination letter on July 13, 2018, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since the determination letter was received, the Vibrantz Benefits Plan Investment Admin Committee believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

The Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. All employees are 100% vested in their accumulated retirement benefits upon the Plan's termination. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, and the Plan document.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. There is a statutory ceiling which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

10. Related Party and Party-In-Interest Transactions

The Plan was invested in shares of mutual funds of SEI, which was the trustee of the Plan at the beginning of the Year. Prudential Retirement Insurance & Annuity Company and Aetna Life and Casualty Insurance Company are custodians and manage certain plan assets. Mercer is the plan actuary and manages certain plan investments. The Company provides certain accounting and administrative services to the Plan for which no fees are charged. The Plan has a number of services providers. Such providers are parties-in-interest under ERISA. Such transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

VIBRANTZ CORPORATION PENSION PLAN FOR LEGACY EMPLOYEES

Notes to Financial Statements
December 31, 2023 and 2022

11. Risks and Uncertainties (continued)

Interest rate risk refers to the impact of interest rate changes on the Plan's financial position. Interest rate changes directly impact the fair value of fixed income securities held in the Plan. Interest rate changes also have an indirect impact on the other plan investments. Market risk is the risk that the market value of an investment will fluctuate as a result of changes in market price. Credit risk arises from the potential for an issuer or other counterparty to default on its contractual obligations to the Plan. Investments are recorded at fair value. This represents the maximum credit risk exposure of the Plan.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

12. Subsequent Events

The Plan has evaluated subsequent events through April 30, 2025, the date the financial statements were available to be issued.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
