Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **WEYRICH, CRONIN & SORRA**

(2) EIN: **81-4643077**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	☒	☐	771781

Plan Administrator and Participants
Vibrantz 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We were engaged to perform audits of the financial statements of Vibrantz 401(k) Plan (formerly the Ferro Corporation 401(k) Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statement comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Vibrantz 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Independent Auditors' Report (continued)

Disclaimer of Opinion on the 2023 Financial Statements

We do not express an opinion on the financial statements of Vibrantz 401(k) Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2023 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2023 Financial Statements

As discussed in Note 1, during 2022, the Plan sponsor acquired Ferro Corporation. Effective July 1, 2023, the Plan sponsor merged the benefit plans from related entities (Prince 401(k) Plan and Chromoflo 401(k)) into the Ferro 401(k) and changed trustees to Empower Retirement. The surviving plan has been renamed Vibrantz 401(k) Plan ("Surviving Plan"). Funds were liquidated from the former trustees on June 30, 2023 and the transfer was received by Empower Retirement, the new trustee, on July 3, 2023.

In part due to the acquisitions and plan merger, the Plan sponsor was unable to provide a full and complete census and non-discrimination testing for the year ended December 31, 2023 has not been completed. In addition, the Plan sponsor was unable to provide certain personnel file records, participant account records, and other information necessary to issue an audit opinion. The Plan sponsor is working to gather this information and hopes to have it at a later date.

Responsibilities of Management for the Financial Statements for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vibrantz 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Report (continued)

Auditor's Responsibilities for the Audit of the Financial Statements of the 2023 Financial Statements

Our responsibility is to conduct an audit of Vibrantz 401(k) Plan 's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Vibrantz 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Independent Auditors' Report (continued)

Other Matter (continued)

Auditor's Report on the 2022 Financial Statements

The financial statements of Ferro Corporation 401(k) Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 16, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VIBRANTZ 401(K) PLAN

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan

The following description of the Vibrantz 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. General - During 2022, Ferro Corporation, Prince Minerals LLC and Chromaflo Technologies Corporation were acquired by Vibrantz Technologies, Inc (the Company, or the Plan Sponsor). Effective July 1, 2023, Prince 401(k) Plan and Chromaflo Technologies Corporation 401(k) Profit Sharing and Trust merged into the Ferro 401(k) Plan and changed trustees to Empower Retirement. The surviving plan was renamed Vibrantz 401(k) Plan, (the Plan). The Plan was most recently amended and restated effective July 1, 2023. The Plan has an income deferral feature under Section 401 of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Vibrantz Benefits Plan Investment Admin Committee oversees governance of the Plan, the appropriateness of the Plan's investment offerings, and monitors investment performance.
- B. Eligibility – For matching and nonelective contributions, immediate eligibility for all nonunion employees, Ferro Orrville union employees, and Prince union employees. For employees covered by the CBA in Lockland, Ohio immediate eligibility as to deferral and matching contributions, but excluded from nonelective contributions. For Ferro Cleveland union employees from Local 1170-2 of the United Steel Paper and Forestry, Rubber Manufacturing, Energy Allied Industrial and Service Workers, International Union, and employed at the 4150 Operations, Electronic Material Division, in Cleveland, Ohio, 60-day requirement for Deferral Contributions, immediate eligibility for Nonelective Contributions but excluded from Matching Contributions.
- C. Contributions - Each year, participants may contribute up to 50% of pretax eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers) and after-tax contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

VIBRANTZ 401(K) PLAN

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan (continued)

Employer contributions consist of the following:

- The Employer contributes 100% of pre-tax contributions up to 6% of eligible compensation that a participant contributes to the Plan.
 - The Employer makes profit sharing contributions for certain collective bargaining unit participants who are not eligible for basic pension contributions and additional Employer contributions for certain collective bargaining units.
 - The Plan formerly received basic pension contributions for certain eligible employees. Effective January 1, 2023, no basic pension contributions shall be contributed to the Plan.
- D. Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- E. Vesting – Participants who came from the Prince 401(k) Plan and Chromaflo Technologies Corporation 401(k) Profit Sharing and Trust were immediately vested as of July 1, 2023. After July 1, 2023, participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. Employer matching and basic pension contributions vest at a rate of 20% per year and are fully vested after five years of credited service. Collectively bargained profit sharing contributions are not vested until a participant obtains two years of credited services, at which time they are fully vested. Collectively bargained other Employer contributions vest immediately.

VIBRANTZ 401(K) PLAN

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan (continued)

- F. Notes Receivables from Participants - Participants may borrow from their participant-directed accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance less the balance of any exiting notes. Note terms can range from up to five years for general purpose notes and ten years for the purchase of a participant's primary residence. Each note is collateralized by the balance in the participant's account and bear interest at the prime rate in effect on the first day of the month in which the note is made. The interest rate is fixed for the term of the note. All interest paid to the Plan with respect to a note is credited to the borrower's account balance. Principal and interest are paid ratably by the participants through payroll deductions.
- G. Payment of Benefits – Benefits are generally paid upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, participants are entitled to receive 100% of their account balance. A participant eligible for a distribution from the Plan may elect to receive an immediate lump sum payment or installment payments as defined in the Plan document. Upon termination of employment, a participant is entitled to receive the vested portion of their account balance. In-service distributions are allowed for participants who have reached age 59 ½ and are 100% vested. Financial hardship withdrawals are permitted, as defined in the Plan document.
- H. Forfeited Accounts and Unallocated Assets - Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to employer discretionary matching and profit-sharing contributions. Forfeitures from non-vested account balances are used to pay plan expenses or reduce Company discretionary matching contributions to the Plan, if any. The plan has also received a contribution of \$2,500,000 (included in employer contributions on the Statement of Changes in Net Assets Available for Benefits) in 2023 representing defined benefit plan assets of a terminated plan of Prince Minerals, LLC that were in excess of the assets needed to pay out plan benefits. These assets were transferred to the Plan and were allocated among eligible participants in 2024. In total, the Plan has assets in the forfeiture / asset holding account totaling \$2,737,144 and \$232,486 as of December 31, 2023 and 2022 respectively. For the year ended December 31, 2023, \$37,410 was used to pay plan expenses. For the year ended December 31, 2022, approximately \$158,000 was used to reduce employer contributions and approximately \$2,400 was used to pay plan expenses.

2. Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Vibrantz Benefits Plan Investment Admin Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants and distributions are included in administrative expenses and charged directly to the participant's account. Expenses for recordkeeping, advisory, and other fees are paid through an allocation to participant accounts and are included in administrative expenses.

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

4. Fair Value Measurements (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable for the asset or liability, significant to the fair value measurement, and include situations where there is little, if any, market activity for the asset or liability. The inputs into the determination of fair value are based upon the best information in the circumstances and may require significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Level 1 Fair Value Measurements

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Consist primarily of common stocks, mutual funds, unit investment trusts, and ETFs which are valued based on readily determinable market prices.

4. Fair Value Measurements (continued)

Investments Measured at Net Asset Value

Common collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value fund: Valued at the NAV of shares in each account held by the Plan at year end. The net asset value is not a publicly-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Fair Value Measurements at the End of Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds	\$ 104,989,426	\$ 104,989,426
Self-directed brokerage accounts	770,832	770,832
Total assets in fair value hierarchy	105,760,258	105,760,258
Investments measured at net asset value	125,262,749	
Investments, at fair value	<u>\$ 231,023,007</u>

4. Fair Value Measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	Fair Value Measurements at the End of Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds	\$ 115,503,878	\$ 115,503,878
Investments measured at net asset value	13,121,340	
Investments, at fair value	<u>\$ 128,625,218</u>	

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

		Fair Value			
Investment		2023	Unfunded Commitmen	Redemption Frequency	Redemption Notice Period
Common collective trusts	(a)	\$ 111,428,259	N/A	Daily	None
Stable value funds	(b)	\$ 13,834,490	N/A	Daily	None

		Fair Value			
Investment		2022	Unfunded Commitmen	Redemption Frequency	Redemption Notice Period
Common collective trusts	(a)	\$ 13,121,340	N/A	Daily	None
Stable value funds	(b)	\$ - 0 -	N/A	N/A	N/A

(a) The collective trusts invest primarily in equity or fixed income securities, with the objective of either maintaining exposure to a particular asset class, or in many cases, maintaining a less risky portfolio as the "target date" named in each fund approaches.

(b) A stable value fund is a fixed-income investment that is backed by insurance guarantees and typically invest in a portfolio of high-quality fixed income securities, often including short-term U.S. government bonds and high-quality corporate bonds.

4. Fair Value Measurements (continued)

Gains and losses included in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 at the end of the reporting period. For the years ended December 31, 2023 and 2022 there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

5. Fully Benefit-Responsive Investment Contracts

The Plan entered into a fully benefit-responsive investment contract with Voya. The Voya Fixed Account is held and backed by investments that are considered to be fully benefit responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, and was 3% for the year ended December 31, 2023. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: 1) an uncured violation of the Plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation and 4) a material amendment to the agreement without the consent of the issuer.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its participation at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Sponsor contributions.

7. Tax Status

The Plan has adopted and is operating under a prototype non-standardized profit sharing plan sponsored by Empower. Empower received an opinion letter dated November 14, 2022 from the Internal Revenue Service that their prototype plan is acceptable under IRC Section 401(a) for use by employers for the benefit of their employees. The Company believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Related Party and Party-in-Interest Transactions

As described in Note 2, the Company pays certain expenses related to plan operations. The Plan has a number of service providers. All of these parties-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

10. Nonexempt Transactions

During 2023, there were certain pay periods where employee withholdings and loan payments totaling \$771,781 were not timely remitted to the Plan by the Company. The Company is planning to make lost earnings to the Plan associated with the untimely remittances. The Company has reviewed procedures and controls, and implemented changes, to mitigate the risk of similar errors in the future.
