INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Southeast Milk, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Southeast Milk, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of January 30, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period ended January 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Southeast Milk, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of January 30, 2024 and December 31, 2023, and for the period ended January 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Southeast Milk, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeast Milk, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southeast Milk, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeast Milk, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Period) as of January 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Administrative Committee of the
Southeast Milk, Inc. 401(k) Profit Sharing Plan

Page 4 of 4

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The Southeast Milk, Inc. 401(k) Profit Sharing Plan (the “Plan”) is organized as a defined contribution plan under Section 401(k) of the Internal Revenue Code and covers substantially all eligible employees of Southeast Milk, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established effective January 1, 1985. The Plan has been restated and amended throughout the years, with the most recent restatement effective January 1, 2015, and the most recent amendment effective January 1, 2019. The following is provided only for general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Setting Every Community Up for Retirement Enhancement Act (SECURE Act), which was enacted on January 1, 2020, contained various provisions for all retirement plans and required significant changes to plan administration and recordkeeping. On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included numerous optional employee benefit plan provisions to assist plan sponsors and participants. The Company elected in 2020 to opt into the CARES Act provisions, except for the provision pertaining to participant loans. The Company expected to formally amend the Plan by December 2025 for the SECURE Act and CARES Act changes that were implemented; however, the Plan merged into a Pooled Employer Plan effective January 1, 2024, and ceased to exist after all assets were transferred to the new custodian on January 30, 2024.

Eligibility

Employees, except for excluded employees, are eligible to participate in the Plan on the first day of any month after they have completed three months of service.

Contributions

The Company merged into a Pooled Employer Plan effective January 1, 2024; therefore, there were no contributions to the Plan in 2024. As defined in the Plan document, participants could make contributions up to a maximum allowed by law. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan offered a variety of mutual funds and a stable value collective fund as investment options for participants. The Company had the ability to make matching contributions and a discretionary contribution as determined by the Company. In 2024, there were no participant contributions, and therefore, the Company did not make any matching contributions. For 2023, the Company elected to match 100% of employee contributions up to the first 4%. The Company did not elect to make a profit sharing contribution for 2024 or 2023.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings and charged with withdrawals and allocations of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1 - Description of Plan, (Continued)

Vesting

Participants are immediately vested in their contributions and company matching contributions, plus or minus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus or minus actual earnings thereon is determined under the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant will become 100% vested under any of the following circumstances:

- Death before retirement date.
- Disability before retirement date.
- Attainment of normal retirement age.

In addition, a participant is immediately 100% vested in any amount which has been transferred or rolled over into the Plan from another qualified employee benefit plan.

In the event a participant's employment is terminated for reasons other than retirement, disability or death, such participant is entitled to a termination of employment benefit in an amount equal to his vested interest as of the date of distribution of his benefit.

In the event of a termination of the Plan, the participants shall have fully vested interests in the amounts credited to their respective accounts at the time of such termination.

Forfeitures

The nonvested portion of a participant's account is forfeited upon termination of employment with the Company. The Plan states to first use forfeitures to reinstate forfeited account balances of reemployed participants, and any remaining forfeitures shall then be allocated at the sole discretion of the Company to reduce employer contributions, pay administrative expenses of the Plan, or to allocate to the employer contribution accounts of eligible participants. For the period ended January 30, 2024, there were no forfeitures. There were unallocated forfeitures totaling \$4,386 at December 31, 2023, which were included in the transfer of assets to the Pooled Employer Plan.

Payment of Benefits

On termination due to death, disability, or regular retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period not to exceed the participant's life expectancy.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested interest in the plan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined by the Company. All loans are to be repaid within five years except for home loans to acquire or construct a principal residence, which must be repaid within twenty years. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. There were no loans outstanding as of January 30, 2024.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The custodian sets aside and invests the assets attributable to the investments, which consist of various publicly traded mutual funds and a stable value collective fund at January 30, 2024 and December 31, 2023. The Plan's investments are stated at fair market value at December 31, 2023. All Plan assets were transferred to the Pooled Employer Plan on January 30, 2024.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Expenses

All expenses of administration may be paid out of the Plan unless paid by the Company. The Plan and the Company have paid the general expenses of the administration of the Plan. Investment related expenses are included in net investment appreciation.

Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through the date the financial statements were available to be issued, or April 30, 2025. No subsequent events have been recognized or disclosed.

Note 3 - Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified by Voya Institutional Trust Company (the custodian of the Plan) as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes investments at fair value of \$0 and \$7,392,721, and notes receivable from participants of \$0 and \$214,644, at January 30, 2024 and December 31, 2023, respectively, and related income of \$108,563 for the period ending January 30, 2024.

The related income of \$108,563 consists of the following: net appreciation in the fair value of investments of \$104,129 and dividends of \$4,434.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the assets or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 30, 2024 and December 31, 2023.

SOUTHEAST MILK, INC. 401(k) PROFIT SHARING PLAN

Note 4 - Fair Value Measurements, (Continued)

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Stable value collective trust fund: Valued based on market value and invests in fixed income instruments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets in the Plan as of January 30, 2024. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Assets at Fair Value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 5,675,289	\$ 0	\$ 0	\$ 5,675,289
Stable value collective fund	<u>0</u>	<u>1,717,432</u>	<u>0</u>	<u>1,717,432</u>
Total assets at fair value	<u>\$ 5,675,289</u>	<u>\$ 1,717,432</u>	<u>\$ 0</u>	<u>\$ 7,392,721</u>

The Plan's policy is to recognize transfers into and out of levels as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2023, there were no significant transfers into or out of levels 1, 2, or 3.

Note 5 - Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts. The Plan merged into a Pooled Employer Plan effective January 1, 2024 and transferred all of its assets to the Pooled Employer Plan on January 30, 2024. As a result of the transfer, the Southeast Milk, Inc. 401(k) Profit Sharing Plan ceased to exist. The transfer of assets was considered a merger of the Plan with another plan and not a termination of the Plan.

Note 6 - Income Taxes

The Plan obtained its latest determination letter on November 6, 2015, in which the Internal Revenue Service stated that the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan's administrator and the Plan's tax counsel believe that the Plan was designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan was qualified, and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the

Internal Revenue Service. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of January 30, 2024 and December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 7 - Risks and Uncertainties

The Plan invested in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. All of the Plan assets were transferred to the Pooled Employer Plan on January 30, 2024.

Note 8 - Related Party and Party-In-Interest Transactions

Parties-in-interest include fiduciaries of the Plan, any person who provides services to the Plan, the employer, and certain other parties. Transactions during the year with parties-in-interest included the following:

The employer, Southeast Milk, Inc. provided certain accounting, administrative, and investment management services to the Plan for which no fees are charged. Furthermore, Voya Institutional Trust Company (Voya) the custodian of the Plan, held the Plan investments and Voya provided investment advisory and recordkeeping services to the Plan. An ERISA attorney also provided legal services for the Plan. Investment and administrative fees incurred by the Plan totaled \$8,320 and \$61,589 for the period ended January 30, 2024 and the year ended December 31, 2023, respectively.

Note 9 - Partial Plan Termination

As a result of reductions of the Company's workforce in 2022 and 2023, the Plan experienced partial plan terminations as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Company. If a partial plan termination occurs, full vesting in the employer's contribution is required for the affected participants, but the remaining participants' vesting continues to be determined per the plan provisions.

All affected employees who were participants in the Plan were fully vested in their account balances at the date of the partial plan terminations.

Note 10 - Transfer of Assets

The Plan was merged with a Pooled Employer Plan effective January 1, 2024, and all assets, totaling \$7,531,524, were transferred out of the Plan on January 30, 2024.
