Audit and Risk Committee or the Plan Trustees:
Spencer Savings Bank, SLA Savings Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Spencer Savings Bank, SLA Savings Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets Held at End of Year as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Spencer Savings Bank, SLA Savings Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

December 31, 2021 and 2020

(1) Plan Description

The following description of the Spencer Savings Bank, SLA Savings Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for further information.

(a) General

Spencer Savings Bank, SLA (the Company or Plan Sponsor) established the Plan on January 1, 1988, as a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). Employees (not including leased employees, union employees, and nonresident aliens with no U.S. earned income sources) become eligible to participate in the Plan on the first day of the month immediately following the satisfaction of the Plan's age and service requirements. Employees may participate in the Plan by making elective deferrals after reaching age 21 and completing three months of service. Eligible employees are automatically enrolled in the Plan with a 3% contribution rate that will automatically increase by 1% annually, up to a maximum of 6%, unless participants elect otherwise.

Employees are eligible to receive matching Company contributions after reaching age 21 and completing one year of service.

(b) Contributions

- (1) Participant Contributions – Participants may elect to have up to 100% of compensation contributed to this Plan on a pretax salary reduction basis. A participant may elect to defer a percentage of their compensation subject to certain Internal Revenue Code (IRC) limitations, which is \$19,500 in calendar year 2021. If a participant is age 50 or older, the participant may make additional pretax deferral contributions of up to \$6,500 in year ended December 31, 2021. The Salary Deferral Contribution Account is always fully vested.
- (2) Rollover Contributions – Participants are permitted to rollover amounts representing distributions from other qualified plans.
- (3) Employer Contributions – Participants become eligible for matching contributions on the first day of the month coinciding with or next following the date on which such requirements are satisfied. For each Plan year, the Company shall contribute, with respect to each participant, a matching contribution equal to the following:
 - i. For a participant who has not reached the fifth anniversary of the date of hire, fifty percent (50%) of such participant's salary deferral contribution (up to a maximum of 10% of compensation) made to the Plan.
 - ii. For a participant who has reached the fifth anniversary of the date of hire, one hundred percent (100%) of such participant's salary deferral contribution (up to a maximum of 10% of compensation) made to the Plan.

SPENCER SAVINGS BANK, SLA SAVINGS RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

- (4) Participant Accounts – Individual accounts are maintained for each participant. Each participant's account is credited or debited with the participant's contributions and withdrawals, as applicable, and allocations of (a) the Company contributions and (b) plan earnings, and may be debited with an allocation of plan losses and administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(c) Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 24 pooled separate accounts (PSAs) and a guaranteed investment account (GIA) provided through a group annuity contract as investment options for participants during the year ended December 31, 2021. Participants may change their investment options at any time.

(d) Vesting

Participants become 20% vested in the matching Company contribution portion of their accounts after completion of two years of service, increasing 20% for every year of service completed thereafter and become 100% vested in their benefits after completion of six years of service.

(e) Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over an agreed-upon period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan complies with the automatic rollover provisions under Section 401(a)(31)(B) of the IRC as amended by the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA). The Plan requires that if a participant does not elect to have a mandatory distribution greater than \$1,000 paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator. If the participant's total vested benefit is \$1,000 or less as of the distribution date, the entire vested benefit will be distributed in a lump sum, even if there is no consent to the distribution.

(f) Forfeitures

The amount in a participant's account that is not vested shall be considered forfeited as of the last day of the Plan year within which the participant terminated employment. Such forfeited amounts shall be used to reduce future Company matching contributions. During the year ended December 31, 2021, \$26,871 were considered forfeited. The amount of unused and available forfeited amounts as of December 31, 2021 and 2020 was \$37,428 and \$21,125, respectively. During the year ended December 31, 2021, \$11,933 was used from the forfeiture account to reduce the Company's matching contributions. The forfeitures are invested in a guaranteed investment account.

SPENCER SAVINGS BANK, SLA SAVINGS RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(g) *Notes Receivable from Participants*

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with a reasonable interest rate at the time funds are borrowed. For the years ended December 31, 2021, and December 31, 2020, the interest rates on all outstanding loans ranged from 4.25% to 6.50%. Principal and interest is paid ratably through payroll deductions. Loans must be repaid within five years of the original date of the loan.

(h) *Administrative and Investment Management Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction investment return and included in the investment income reported by the Plan.

(2) *Summary of Significant Accounting Policies*

(a) *Basis of Accounting*

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

The Plan's investments, other than the fully benefit responsive investment contract (FBRIC), are stated at fair value. The Pooled Separate Accounts (PSAs) are valued at the net asset value as reported by the investment manager. The net asset value is based on the quoted market prices of the underlying assets. Net appreciation in PSAs is the change in value of those units. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's GIA, which is an insurance contract with Massachusetts Mutual Life Insurance Company (Mass Mutual), is valued at contract value by aggregating the total contributions made to the investment, adding interest earned to date, less any benefit payments and administrative expenses incurred to date, adjusted for transfers in and out of the GIA by participants. Participation in the GIA is expressed in units. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Interest income from the GIA is recorded on the accrual basis.

Purchases and sales of securities are recorded on a trade-date basis.

SPENCER SAVINGS BANK, SLA SAVINGS RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

(e) Benefit Payments

Benefit payments to participants are recorded upon distribution.

(3) Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820 provides the framework for measuring fair value that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts (PSA) – The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices, which are based on the performance of underlying assets. Each of the pooled separate accounts held by the Plan is a passively managed fund that invests in a single open-ended mutual fund. The underlying investment composition of the pooled separate accounts as of December 31, 2021 and 2020 was approximately 61% and 64% equity index funds, and 31% and 28% target date funds, and 8% and 8% fixed income securities, respectively. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

SPENCER SAVINGS BANK, SLA SAVINGS RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Financial assets measured at fair value on a recurring basis are summarized below:

	Fair value measurement using		
	Quoted prices in active markets for identical assets/ liabilities (Level 1)	Significant other observable inputs (Level 2)	Balance
Investments as of December 31, 2021:			
Pooled separate accounts*	\$ —	—	31,674,209
Total investments	\$ —	—	31,674,209
Investments as of December 31, 2020:			
Pooled separate accounts*	\$ —	—	27,629,752
Total investments	\$ —	—	27,629,752

*- These investments are valued at NAV as a practical expedient and are therefore excluded from leveling in the ASC 820 table. They are included in the total column to aid in reconciling to the Statements of Net Assets Available for Benefits.

There were no transfers or reclassifications of investments between levels within the fair value hierarchy during the year ended December 31, 2021, and, there were no changes in valuation methodologies used to measure the fair value of the Plan's investments as of December 31, 2021 and 2020 and for the year ended December 31, 2021.

(4) Guaranteed Investment Contract with Insurance Company

The Plan contains a traditional guaranteed investment contract that is a fully benefit-responsive investment contract with Mass Mutual (Issuer). Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The minimum interest rate guaranteed per the contract is 3.00% per year.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract value of the investment contracts were \$14,416,158 and \$13,519,903 at December 31, 2021 and 2020, respectively. In accordance with the provisions of the Plan, issuers of these investment contracts must have a credit rating of AA – or better under the fund manager's

SPENCER SAVINGS BANK, SLA SAVINGS RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

investment rating system. Accordingly, there are no reserves against contract value for credit risk of the contract issuer or otherwise. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

The GIA permits the insurance company to terminate the agreement under certain circumstances. Examples of circumstances which would allow the issuer to terminate the contract include the Plan's election to terminate the contract, the Plan's loss of its qualified status, or there is termination or partial termination of the Plan. There are no further conditions that would limit the Plan's ability to transact at contract value. Currently, management believes that such events or termination of the contract is not probable.

(5) Party-in-Interest Transactions

All of the Plan investments are units or shares managed by Mass Mutual, and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Expenses paid by the Plan for record keeping services amounted to \$8,095 for the year ended December 31, 2021 and are also considered party-in-interest transactions. All other Plan administrative expenses, including usage of the Plan Sponsor's facilities and resources, are paid by Spencer Savings Bank, SLA, the Plan Sponsor, as provided in the Plan document. Loans to Plan participants also constitute party-in-interest transactions and any indirect expenses paid via deductions in income to the investments.

On December 31, 2020 Empower Retirement acquired the retirement business of Mass Mutual life insurance company; thus plans that utilized custodial services and that were issued an insurance product by Mass Mutual were accordingly provided these services by Great West Trust Company (GWTC) and MassMutual, respectively.

(6) Plan Termination

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination or partial termination, participants will become 100% vested in their accounts.

(7) Administration of Plan Assets

The Plan is administered by the trustees of the Plan. Mass Mutual provides recordkeeping services for the Plan.

(8) Federal Tax Status

Mass Mutual Financial Group, the prototype plan sponsor, has obtained an opinion letter dated November 14, 2022, in which the Internal Revenue Service stated that the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code. The Company adopted the new prototype plan effective February 1, 2022.

The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

SPENCER SAVINGS BANK, SLA SAVINGS RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2018.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, liquidity, and risks pertaining to global events. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and affect the amounts reported in the Statements of Net Assets Available for Benefits.

(10) Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants was obtained by management and agreed to or derived from information certified as complete and accurate by GWTC and MassMutual as on December 31, 2021 and for the year then ended and by Great-West Life & Annuity Insurance Company, as agent for Mass Mutual as on December 31, 2020.

(11) Subsequent Events

The Plan administrator has performed an evaluation of events that have occurred subsequent to December 31, 2021 through April 10, 2025, the date the financial statements were available to be issued. As a result of the Company's acquisition of Mariner's Bank, Mariner's Bank 401k plan, as a part of the Pentegra Defined Contribution Plan for Financial Institutions (the "Pentegra DC Plan") merged with the Plan on April 27, 2022, resulting in assets of \$1,197,372 (unaudited) transferred into the Plan. During the subsequent events period the plan switched the custodian from Empower/Mass Mutual to Principal in April 2022.
