Independent Auditors' Report

To the Retirement Committee of
TriNet Select 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of TriNet Select 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRINET SELECT 401(K) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

The following description of the TriNet Select 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

(a) General and Administration

The Plan was established on March 26, 1997 by Ambrose Employer Group, LLC, acquired by TriNet HR IV, LLC, as a multiple-employer defined contribution plan that permits participants to make elective deferrals under Internal Revenue Code Section 401(k).

The Plan is a multiple-employer defined contribution plan which is offered to the employees of participating client employers (collectively, the “Employers”). A participating client employer is a company that has entered into a co-employment arrangement with the Company. The Plan covers employees who are not subject to collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The TriNet Retirement Committee is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

Effective January 1, 2017, the Plan Sponsor was changed to TriNet HR IV, LLC (the “Company” or the “Sponsor”).

The Plan operated under an agreement with Massachusetts Mutual Life Insurance Company Retirement Services Business (“MMRS”) to act as recordkeeper of the Plan. On December 31, 2020, Empower Retirement, LLC (“Empower”) acquired the retirement business of MMRS. As part of the acquisition, an affiliate of Empower, Great-West Life & Annuity Insurance Company (GWL&A), has been granted power of attorney over the group annuity contract issued by MMRS, which governs operations of the guaranteed investment contract. During 2022, GWL&A’s name was changed to Empower Life & Annuity Insurance Company of America (“EAIC”).

At December 31, 2023 and 2022, all investments and related investment activity, except for the guaranteed investment contract, was certified by Empower Trust Company “ETC”), as trustee.

Effective January 1, 2021, the Plan adopted the amended and restated Empower Retirement, LLC Cycle 3 Pre-Approved Defined Contribution Plan document.

(1) **Description of Plan - Continued**

(a) **General and Administration - Continued**

In March 2022, the Securing a Strong Retirement Act of 2022 (“Secure Act 2.0”) was signed into law. Under the provisions of the Secure Act 2.0, effective for plan years beginning after December 31, 2024, new 401(k) and 403(b) plans must automatically enroll eligible employees at deferral rates between 3% and 10%, increasing by 1% each year, to a maximum of at least 10%, but no more than 15% of eligible compensation. Although the Plan was established prior to this legislation, under the terms of the Secure Act 2.0, participating employers who join the Plan subsequent to December 29, 2022 or later and have no current plan that was established prior to December 29, 2022 are subject to this automatic enrollment provision starting in 2025.

(b) **Mergers and Transfers**

The Plan permits mergers and transfers of assets into and out of the Plan, providing that affected participants would receive a benefit immediately after the merger or transfer equal to or greater than the benefit the affected participants would have received immediately before the merger or transfer.

(c) **Eligibility**

Employees are eligible to participate in the Plan on the business day coinciding with or the next day following the later of (i) the Employee’s first day of employment or (ii) the date on which the Employee attains the age of 20. Participants may immediately enter the Plan on the day coinciding with or following completion of the eligibility requirement.

(d) **Contributions**

Participants may elect to contribute up to 100% of their pretax compensation (in multiples of 1%) or a flat dollar amount up to limits allowed by the Internal Revenue Service. Eligible employees may also elect Roth after-tax contributions and catch-up contributions, up to Internal Revenue Service limits. The Employers may, at their discretion, make matching contributions to the Plan as defined by the terms of their respective participation agreements.

The Plan accepts rollover contributions from other qualified plans.

(e) **Participant Accounts**

Participant accounts are credited with participant contributions and an allocation of the Employers’ contributions and plan earnings and expenses. The benefit to which a participant is entitled is equal to the vested value of their account.

(f) **Vesting**

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on the election of participating employers.

TRINET SELECT 401(K) PLAN

(1) Description of Plan - Continued

(g) Investment Options

Plan assets are invested in registered investment companies, a guaranteed investment contract, self-directed brokerage accounts and common trust funds. Upon enrollment in the Plan, a participant may direct employee contributions in any of the available investments. Participants are allowed to execute investment transfers between the Plan's investment options on a daily basis.

(h) Payment of Benefits

At age 59½ and thereafter, active employees can withdraw any portion of their vested balance at any time. Participants, while employed, may make withdrawals against their vested account balance in accordance with the Plan, which generally requires the demonstration of financial hardship.

Upon termination, retirement, death, or disability, participants or their beneficiaries may elect to receive a lump sum amount equal to the value of the vested interest in their account. Any non-vested balances are forfeited. Terminated participants may also elect to maintain their accounts in the Plan.

The Plan operates under the provisions of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act which increased the age for required minimum distributions from age 72 to age 73 for individuals who turned 73 during calendar year 2023.

(i) Forfeited Accounts

Any non-vested amounts in a terminated participant's account are forfeited by the participant and transferred to a forfeiture account. Forfeitures shall be used to pay plan expenses or to reduce the Employers' future contributions. Approximately \$716,000 of forfeited non-vested accounts were utilized during the year ended December 31, 2023 to pay plan expenses and reduce employer contributions. At December 31, 2023 and 2022, forfeited non-vested accounts available for use totaled approximately \$1,408,000 and \$2,019,000, respectively.

(j) Notes Receivable from Participants

Participants may borrow money from their vested account balance for any reason. The maximum amount available for loans is the lesser of \$50,000 or 50% of the participant's vested account balance. The minimum amount for a loan is \$1,000. The participant shall be charged with any costs associated with processing of the loan.

Loan repayments must have a definite repayment period not to exceed five years unless the loan is for the purchase of a principal residence, in which case the repayment period must not exceed Internal Revenue Service limits.

TRINET SELECT 401(K) PLAN

Notes to Financial Statements - Continued

(1) Description of Plan - Continued

(j) Notes Receivable from Participants - Continued

Participant loans, including interest thereon, are taxable to the participant upon default, as well as subject to applicable excise penalties. Loans are collateralized by the balance in the participant's account and bear interest at any reasonable rate (prime plus 1% in 2023 for loans taken by participants through Empower). The Plan honors rates on notes receivables from participants transferred in from other plans. At December 31, 2023, rates ranged from 3.25% to 9.5%.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Investment Valuation and Income Recognition

Investments in registered investment companies are stated at fair value based on quoted market prices. Investments in self-directed brokerage accounts are valued based on the underlying investments held by the Plan at the end of the year.

Collective trust funds ("Funds") are maintained on a unit value/share value basis as reported to ETC from the fund house or investment provider, and therefore valued at net asset value ("NAV") of shares held by the Plan at the end of the year. Participants do not have beneficial ownership in the specific underlying securities or other assets in the Funds but do have an interest therein represented by units valued daily. The Legal & General S&P 400, 500 and 600 DC Funds managed by Legal & General Investment Management America Inc. work to replicate applicable indexes such as the S&P 500 index by investing in underlying assets with similar objectives and investment strategies. The Vanguard Target Retire Date Funds (2020 - 2070 Trust Select) are managed by Vanguard Equity Index Group and seek to provide capital appreciation and current income consistent with its current asset allocation, investing in other Vanguard mutual funds and trusts according to an asset allocation strategy designed for investors planning to retire and leave the workforce within a few years of the denoted fund date.

The Funds earn dividends and interest which are automatically reinvested in additional units and participants earn appreciation/ (depreciation) on their units as the underlying investments in the trust are publicly traded US equities. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant. The Funds have no unfunded commitments and redemption notice and frequency period is daily.

The guaranteed investment contract is a fully benefit-responsive investment contract and is valued at contract value (see Note 10).

TRINET SELECT 401(K) PLAN

Notes to Financial Statements - Continued

(2) Summary of Significant Accounting Policies - Continued

(c) Administrative Expenses

Management fees and operating expenses are paid out of the Plan.

During 2023, the Plan's administrative expenses totaled approximately \$1,829,000 including approximately \$1,723,000 paid to recordkeeper for services provided, and approximately \$106,000 for other expenses such as investment advisory and audit fees. All administrative expenses paid during the year were paid out of the Expense Budget Account.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the related changes therein. Actual results could differ from those estimates.

(e) Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

(3) Asset Transfers and Mergers

Qualified plans sponsored by certain Employers may be merged into the Plan in conjunction with such Employers' adoption of the Plan. New participant accounts are then created for such participants in the Plan.

In addition, the account balances of participants employed by certain Employers who terminate their co-employment arrangements with the Company during the year may be transferred out of the Plan through mergers with, or creation of, other qualified plans.

Total assets transferred into the Plan from Employers in 2023 totaled approximately \$79,500,000. Assets transferred out of the Plan from Employers in 2023 totaled approximately \$131,500,000.

(4) Income Tax Status

The Plan has adopted a plan document sponsored by Empower, which obtained its latest opinion letter on April 7, 2021, in which the Internal Revenue Service stated that the plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Service. The plan document has been amended since receiving the opinion letter. However, the Company and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

TRINET SELECT 401(K) PLAN

Notes to Financial Statements - Continued

(4) **Income Tax Status - Continued**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) **Party-in-Interest Transactions**

Notes receivable from participants are managed by Empower. While this activity qualifies as party-in-interest activity as defined in Section 3(14) of ERISA, it is expressly exempted from the prohibited transaction rules. Participant loan transactions are considered to be party-in-interest transactions, because they are transacted with plan participants.

Certain administrative expenses are paid to Empower and the Plan Sponsor and administrator (Note 2(c)) and as such are considered party-in-interest transactions.

(6) **Plan Termination**

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. In the event of termination, the guaranteed investment contract is subject to a market valuation adjustment.

(7) **Risks and Uncertainties**

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) **Information Prepared and Certified by Trustee and Custodian**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TRINET SELECT 401(K) PLAN

Notes to Financial Statements - Continued

(8) **Information Prepared and Certified by Trustee and Custodian - Continued**

Accordingly, ETC and EAIC, trustee and custodian, respectively, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value
- Guaranteed investment contract, at contract value
- Notes receivable from participants
- Net appreciation from fair value of investments
- Interest and dividend income
- Interest income on notes receivable from participants
- Schedule of Assets (Held at End of Year)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

(9) **Fair Value Measurements**

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

TRINET SELECT 401(K) PLAN

Notes to Financial Statements - Continued

(9) Fair Value Measurements - Continued

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: valued at quoted market prices in an exchange and active markets, which represent the net asset values of shares held by the Plan at year end.

Self-Directed Brokerage Accounts: valued based on quoted market prices in an exchange or active market or using readily available pricing sources for comparable instruments.

Collective Trusts Funds: valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Description	Assets Measured at Fair Value at December 31, 2023	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

(9) Fair Value Measurements - Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Description	Assets Measured at Fair Value at December 31, 2022	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Collective trust funds at NAV	1,385,014,629 (a)			
Total investments at fair value	\$ 1,866,643,446			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value ("NAV") per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(10) Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive separate account guaranteed investment contract ("SAGIC") with MassMutual Life Insurance Company (managed by Great West Investments). The SAGIC is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under terms of the SAGIC group annuity contract, participants may direct plan-permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC at contract value. The crediting rate is calculated quarterly based on a formula established by the contract issuer but shall not be below 0%. Interest is accrued monthly and credited quarterly to the SAGIC and participants.

Because the SAGIC is fully benefit-responsive, contract value is the relevant measurement for the SAGIC. Contract value, as reported to the Plan by Great West Investments, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

TRINET SELECT 401(K) PLAN

Notes to Financial Statements - Continued

(10) **Fully Benefit-Responsive Investment Contract - Continued**

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the plan document (including complete or partial termination or merger with another plan.); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

(11) **Delinquent Participant Contributions**

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all participant contributions to the Plan, contributions of \$599 were not remitted within the Plan's remittance parameters for the year ended December 31, 2023. The Plan remitted the lost earnings to the Plan in 2024 for the delinquent contributions identified. All applicable excise taxes were paid, as applicable.

(12) **Subsequent Events**

The Plan's management has evaluated events and transactions for potential recognition or disclosure in the financial statements through April 30, 2025, the date the financial statements were available to be issued.
