INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
JL Audio 401(k) Plan
Miramar, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of JL Audio 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 3, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period from January 1, 2024 through June 3, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 3, 2024 and December 31, 2023, and for the period from January 1, 2024 through June 3, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger

As described in Note 1 to the financial statements, the Plan merged into the Garmin International, Inc. Retirement Plan effective June 3, 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

(Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

JL AUDIO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
June 3, 2024 and December 31, 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the JL Audio 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established effective January 1, 1997.

The Plan is a defined contribution 401(k) plan covering all employees who have two months of service and are age eighteen or older. An employee shall become a participant on the first day of the month coinciding with or following the date the employee completes the age and service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Contributions to the Plan consist of the following:

1. Voluntary participant deferral contributions with a minimum of 1% of annual compensation and up to the maximum established by Internal Revenue Service but not to exceed 85% of annual compensation. Deferrals can be made as either pre-tax or Roth after-tax contributions.
2. Effective January 1, 2018, JL Audio, Inc. ("the Company") amended the Plan to permit employer contributions at the discretion of the JL Audio, Inc. 401(k) Plan Committee. The Company made matching contributions to the Plan equal to 25% of the first 6% of participant compensation contributed to the Plan for the year ended December 31, 2024. Nonelective contributions may be permitted at the discretion of the JL Audio, Inc. 401(k) Plan Committee. No additional contributions were authorized for the 2024 Plan year.
3. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Plan also includes an auto-enrollment feature whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate initially set at 2% of eligible compensation. Once automatically enrolled, participants will have their deferral rate increase by 1% each year until it reaches a maximum of 10% of eligible compensation, unless elected otherwise by individual plan participants.

Contributions are subject to certain limitations. Plan participants direct the investment of their contributions and the employer matching contributions and profit-sharing contributions into the various investment options offered by the Plan.

There were no contributions to the plan during the period from January 1, 2024, through June 3, 2024.

Participant Accounts: Each participant's account is credited with the participant's contribution, matching contribution, and allocation of (a) the Company's discretionary contributions, if any, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

JL AUDIO 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
June 3, 2024 and December 31, 2023

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting: Participant elective contributions are 100% vested at all times. Participants' share of Company contributions and earnings are subject to the following vesting schedule:

<u>Year of Service</u>	<u>Percent Vested</u>
Less than 1	0
1, but less than 2	20
2, but less than 3	40
3, but less than 4	60
4, but less than 5	80
5 or more	100

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the greater of \$50,000 or 50% of their vested account balance. The loan term may not exceed 5 years, except for a loan to purchase a primary residence, which may not exceed 30 years. The loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is repaid in equal installments through payroll deductions.

Payment of Benefits: A participant's (or, in the event of the participant's death, his or her beneficiary) form of payment depends on the participant's vested account balance. If the participant's vested account balance does not exceed \$5,000, the Plan permits a lump sum payment or eligible rollover distribution. If the participant's vested account balance exceeds \$5,000, the Plan permits payment under one of the following methods:

1. Lump sum.
2. Installment payments over a certain period until age 70½.
3. Eligible rollover distribution.

Upon meeting certain criteria specified in the Plan document, a participant may elect to receive an in-service withdrawal of his or her account, or portion of his or her account. A participant may receive a hardship distribution, may withdraw all or a portion of an after-tax account and rollover account at any time, and may take an in-service withdrawal of all or a portion of his or her account held in the Plan upon attainment of age 59 ½.

Forfeited Accounts: Forfeitures of Company contributions are used to offset future employer matching contributions and nonelective contributions of the Plan and then used to reduce administrative expenses. For the period from January 1, 2024 through June 3, 2024, no forfeited Company contributions were used to reduce the employer matching contributions.

Administrative and Investment Management Expenses: The Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

Plan transfer due to merger: Effective June 3, 2024, the Plan was merged into the Garmin International, Inc. Retirement Plan (Garmin Plan). In connection with the merger, all assets of the Plan were transferred to the Garmin Plan on June 3, 2024. All participants of the Plan became participants of the Garmin Plan effective January 1, 2024.

NOTES TO FINANCIAL STATEMENTS
June 3, 2024 and December 31, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Payment of Benefits: Benefits are recorded when paid.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and a reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowances for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Interest income from notes receivable from participants, reported on the statement of changes in net assets available for benefits, was \$19,609 for the period from January 1, 2024 through June 3, 2024.

Investment Valuation and Income Recognition: The Plan's investments, other than fully benefit responsive investment contracts, are reported at fair value as further described in Note 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risk and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 3 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated November 14, 2022 indicating that the prototype plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

(Continued)

NOTE 3 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 3, 2024 and December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 4 - CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at June 3, 2024 and December 31, 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period January 1, 2024 to June 3, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (ETC) and Massachusetts Mutual Life Insurance Company.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurement levels are recognized by the Plan as of the end of the reporting period.

NOTE 5 - FAIR VALUE MEASUREMENT (Continued)

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at June 3, 2024 Using			
	<u>Total</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ -	\$ -	\$ -	\$ -
Total	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

	Fair Value Measurements at December 31, 2023 Using			
	<u>Total</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 22,105,249	\$ 22,105,249	\$ -	\$ -
Total	<u>\$ 22,105,249</u>	<u>\$ 22,105,249</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 6 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(Continued)

NOTE 7 - INVESTMENT CONTRACTS WITH INSURANCE COMPANY

During 2017, the Plan entered into a traditional fully benefit responsive investment contract with Massachusetts Mutual Life Insurance Company ("MassMutual"). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The crediting interest rate for the MassMutual contract ranges between 1 percent and 2 percent and under the terms of the existing contract, the crediting interest rate is currently reset on a semi-annual basis. Changes in future crediting interest rates may affect the amount reported on the statement of net assets available for benefits representing the adjustment for the portion of net assets attributable to fully benefit-responsive investment contract from fair value to contract value.

Certain events limit the ability of the Plan to transact at contract value with MassMutual. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business. Such events also include: (1) removal from the Plan of one or more groups or classifications of participants; (2) partial or complete plan termination; or (3) plan disqualification. The contract was liquidated in connection with the merger into the Garmin Plan. In connection with the liquidation, the Plan incurred a \$26,144 surrender charge which is included in administrative expenses in the statement of changes in net assets available for benefits for the period ended June 3, 2024.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. ETC, served as trustee of the Plan and, therefore, the Plan's payments of trustee fees to ETC qualify as party-in-interest transactions. The Plan holds a guaranteed investment contract with MassMutual. Fees paid to MassMutual and investments with MassMutual qualify as a party-in-interest transactions. Certain other administrative and professional fees were paid by the Company. Fees paid by the Plan to other service providers also qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest investments.

NOTE 9 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through May 1, 2025, which is the date the financial statements were available to be issued.
