INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
SWBG, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the SWBG, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule that appears on Page 14 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SWBG, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2023 AND 2022, AND FOR THE YEAR ENDED DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the SWBG, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General — The Plan is a defined contribution plan, established on March 1, 2010, covering substantially all employees of SWBG, LLC (the “Company”), who have six months of service, are at least 18 years of age and are not covered by another plan. The Board of Directors of the Company has appointed the 401(k) Investment Committee to control and manage the operation and administration of the Plan. Effective July 1, 2022, the eligibility service requirement was removed.

The Plan had previously appointed Prudential Retirement Insurance and Annuity Company (“Prudential”) to serve as recordkeeper and Prudential Bank & Trust, FSB (“PB&T”) as trustee. PB&T also serves as the custodian of the group annuity insurance contract (“Guaranteed Income Fund” or “GIF”).

On April 1, 2022, Empower Annuity Insurance Company of America (Empower) acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, Empower acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc.: Prudential Retirement Insurance and Annuity Company; Prudential Bank & Trust, FSB; and Global Portfolio Strategies, Inc. On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

Contributions — Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company; and (iii) participant rollovers from another plan.

Each year, participants may contribute a percentage of their base compensation, up to the maximum deferral limit set by the Internal Revenue Service (“IRS”) of their pretax annual compensation, as defined in the Plan. Such contributions are excluded from the participant’s taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. The Plan also permits after-tax (“Roth”) contributions by its participants.

The Company provides matching cash contributions of a discretionary 50% match on the first 4% of eligible pay contributed by the employee. The contribution will be made on an annual basis prior to March 31 of the following plan year for eligible employees who worked greater than 1,000 hours in the year and are active as of December 31.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution and allocation of the Plan earnings, and charged with participant forfeitures, withdrawals and allocations of the Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments — Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. During 2023, the Plan offered 25 mutual funds, a group annuity insurance contract and a collective trust fund as investment options for participants.

Vesting — Participants are vested immediately in their contributions, plus actual earnings thereon. Participants are vested in the Company's contribution portion of their accounts after two years of continuous service. Effective July 1, 2022 for participants hired on or after that date, the participant vesting for the Company's contribution portion was changed to be a 5-year graded with 20% vesting in each year where greater than 1,000 hours are worked.

Notes Receivable from Participants — Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balances, whichever is less. Loans are secured by an assignment of the participant's vested interest in the Plan and bear interest at rates commensurate with the publicly available prime rate at the time funds are borrowed plus 1%. Principal and interest is paid ratably through payroll deductions. Loan terms shall not exceed 5 years; however, terms may extend to 10 years for the purchase of a primary residence. Participants may not have more than one loan outstanding at any time. As of December 31, 2023, participant loans have maturities through 2033 at interest rates ranging from 4.25% to 9.50%.

Payment of Benefits — On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive or to rollover to another qualified plan the lump-sum amount equal to the value of the participant's vested interest in his or her account.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeited Accounts — When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or Plan administrative expenses for the Plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated. At December 31, 2023 and 2022, the available forfeiture balance totaled \$1,055,412 and \$3,038,109, respectively. During the year ended December 31, 2023, the Plan utilized \$2,138,748 of forfeited nonvested accounts to reduce employer contributions and plan related expenses, including \$2,012,714 of forfeited nonvested accounts to reduce the 2022 plan year annual company matching contribution which was funded in March of 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes mutual funds and a group annuity insurance contract. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment

securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

On March 27, 2020, the President signed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") into law. The CARES Act included provisions for eligible defined contribution plans, including availability of qualified coronavirus-related distributions, delay of repayments for existing plan loans, and other relief provisions. These CARES Act provisions were optional and employers were permitted to choose whether, and to what extent, to provide the coronavirus-related distribution and/or loan provisions of the CARES Act. The Plan provided access to the new CARES Act distribution and loan deferral options to participants as soon as was administratively feasible, in accordance with IRS guidance and other applicable requirements.

Investment Valuation and Income Recognition — The Plan's investments, other than the GIF and collective trust fund, are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. The GIF is stated at contract value and are not required to be adjusted to fair value. Contract value is the amount plan participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 5—Guaranteed Income Fund). The collective trust fund is presented at the net asset value ("NAV") of shares held by the Plan at the end of a given year. See Note 4—Fair Value Measurements for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant notes are recorded as distributions based on the terms of the Plan document.

Contributions — Participant contributions are recorded when withheld from compensation. Company matching contributions are recorded in the period in which they become obligations of the Company.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Management fees and operating expenses charged to the Plan for investments in the mutual funds, the GIF is deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2023 and 2022.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of Internal Revenue Code ("IRC") limits. There were no excess contributions payable at December 31, 2023 and 2022.

Subsequent Events — Subsequent events were evaluated through April 30, 2025, the date the financial statements were available to be issued. No such significant events or transactions were identified.

3. CERTIFIED INVESTMENTS

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Annuity Insurance Company, the insurance company sponsor and Empower Trust Company LLC, the trustee.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (“ASC”) 820 *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market, but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. There were no transfers of assets into or out of Level 3 in 2023 and 2022.

Asset Valuation Techniques — Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no material changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds — Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, and therefore are classified as level 1.

Collective Trust Fund — Valued at NAV per share as a practical expedient. In accordance with GAAP, since the collective trust fund is measured using the NAV per share practical expedient, this fund is not classified in the fair value hierarchy.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2023 (in thousands):

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2023 Total
Mutual funds	\$ 243,624	\$ -	\$ -	\$ 243,624
Total assets in the fair value hierarchy	<u>\$ 243,624</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 243,624
Investments measured at net asset value *				<u>\$ 1,079</u>
Total assets at fair value				<u>\$ 244,703</u>

* In accordance with Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC) Subtopic 820-10 "Fair Value Measurement", certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 (in thousands):

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2022 Total
Mutual funds	\$ 217,129	\$ -	\$ -	\$ 217,129
Total assets at fair value	<u>\$ 217,129</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 217,129</u>

5. GUARANTEED INCOME FUND

The Plan entered into a traditional group annuity insurance contract with Empower (previously Prudential), the guaranteed investment contract issuer ("issuer") with a balance of \$11,740 and \$16,709 at December 31, 2023 and 2022, respectively. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIF issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the GIF issuer but may not be less than 1.5%. The crediting rate is reviewed on a semiannual basis for resetting.

The GIF meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by Empower, represents contributions made

under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Limitations on the Ability of the GIF to Transact at Contract Value — The GIF has certain restrictions that affect the ability of the Plan to collect the full contract value, for example, the Plan may not withdraw more than 10% of the beginning of the year balance of the contract without incurring a penalty.

Plan management does not believe there are any events probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

There are not any events that allow the issuer to terminate the contract, and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan offers a guaranteed income fund managed by Empower. Empower was the recordkeeper and sponsor of the GIF as defined by the Plan and, therefore, these transactions qualified as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on the guaranteed income fund. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

Administrative fees paid by the Plan to the trustee and record keeper were approximately \$472,000 for the year ended December 31, 2023.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts. The Plan administrator has considered the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. Additionally, there are currently no audits for any tax periods in progress.

8. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Empower. Empower received an opinion letter from the IRS, dated April 29, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed in compliance with the applicable requirements of the IRC.

9. PLAN LITIGATION

The Plan is subject to a class action that was filed in the United States District Court for the Southern District of California alleging breaches of the fiduciary duties of loyalty and prudence, a failure to

monitor Plan investment and expenses, and a failure to follow the terms of the Plan document. The Plan, the Plan administrator, and the Company have been named as defendants. The lawsuit was settled in 2025 and is awaiting court approval. The amount is not considered material.
