Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued (or, when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements,

whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - 2022 Financial Statements

The statement of net assets available for plan benefits as of December 31, 2022 was compiled by us and, accordingly, we do not express an opinion or provide any assurance about whether it is in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN INCLUDING SUMMARY OF THE SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the Pasadena Chamber of Commerce Member Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions. Copies of the Plan documents are available from the Human Resources Department.

General

The Plan was adopted on January 1, 2018, for employees of the participating employers. Participating employers include Pasadena Private Wealth, Les Jardins Au Bout Du Monde, Inc, E.W. Merritt, Alliant Technology Group, Vision Imaging Supplies, Hancock A/C & Heating, Mid-Valley Harvest, MSB Constructors, Cutting Edge Precision, Welakahao Catamaran, Inc., Tillage Management, Inc., KRC Safety, and AVS Engineering (collectively, the "Participating Employers"). The Plan is intended to constitute as a multiple employer plan. Each Participating Employer elects their own provisions related to eligibility, contributions, notes receivable from participants, and payments of benefits. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

Only those employees of any Participating Employer who are designated by the Participating Employer in its adoption agreement as eligible employees shall be eligible to participate in the Plan. Participating Employers may define eligibility requirements based on factors such as age, service, or employee type. Eligible employees shall be eligible to make participant contributions and receive allocations of employer contributions if and to the extent specified in the applicable adoption agreement or otherwise provided by the Plan.

Contributions

Eligible participants may elect to have a percentage of their eligible compensation, as defined by the Plan and Participating Employer adoption agreement, contributed as a pre-tax or Roth contribution. Participating Employers may elect safe harbor or non-safe harbor contribution provisions as well as compensation definitions. Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Under the terms of the Participating Employers adoption agreements, the Participating Employers may elect to make safe harbor contributions, matching contributions, nonelective contributions, or profit-sharing contributions to the Plan. For the year ended December 31, 2023, the Participating Employers contributed \$153,618, \$131,443, and \$290,124 for safe harbor contributions, matching contributions, and profit-sharing contributions, respectively.

1. DESCRIPTION OF THE PLAN INCLUDING SUMMARY OF THE SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Participant accounts

Each participant's account is credited with their contribution and an allocation of the Plan's earnings or losses is charged with an allocation of administrative expenses. Allocations are based on participant earnings or losses on account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions. The Participating Employer contributions vest based on years of continuous service.

Benefit payments

Upon retirement, disability, or termination of service, a participant may elect to receive a lump-sum cash payment equal to the value of his or her vested account. Benefits are paid directly by the trustee and are recorded when paid.

Benefit obligations

In conformity with guidance for accounting and disclosure by employee benefit plans, benefit obligations to terminated employees who have withdrawn from participation in the Plan are not accrued in the statements of net assets available for plan benefits; rather, such amounts are disclosed in the notes to the financial statements. There were no such benefit obligations as of December 31, 2023.

Notes receivable from participants

Participants may borrow a minimum of \$1,000 up to the lesser of 50% of their vested balances or \$50,000. Notes are available from the participant's vested portion of their account balance and are secured by such vested balance. Interest is determined based on the prime rate plus 1%. Participants' notes receivable are for fixed terms, requiring regular periodic repayment by payroll deductions. A note receivable becomes immediately due and payable upon a participant's termination of employment, death, or disability. The notes receivable is valued at their outstanding balance plus accrued interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023.

Expenses

Certain expenses of maintaining the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

PASADENA CHAMBER OF COMMERCE MEMBER RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN INCLUDING SUMMARY OF THE SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative expenses

Expenses related to the administration of the Plan are generally absorbed by the Plan and/or Company. For the years ended December 31, 2023 the Plan paid \$43,142 in administrative expenses.

Use of estimates and basis of accounting

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from the estimates. The financial statements have been prepared using the accrual basis of accounting.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for Plan benefits.

Investment valuation and income recognition

Investments are reported at fair value except for fully benefit-responsive investments which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. TAX STATUS

The Plan adopted the Millennium Pension Services, Inc. Non-Standardized Prep-Approved Profit Sharing Plan with CODA Volume Submitter Plan document. The Plan has obtained an Internal Revenue Service ("IRS") opinion letter dated June 30, 2020. There have been amendments to the Plan subsequent to the letter. The Participating Employers believe that the Plan is currently designed and being operated in compliance with the applicable tax-exempt requirements of the IRS Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

PASADENA CHAMBER OF COMMERCE MEMBER RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

2. TAX STATUS (CONTINUED)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Participating Employers have analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Participating Employers have elected the method of annual reporting compliance permitted by 103(a)(3)(C) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following information included in the financial statements and supplemental schedule of assets held at the end of the year was provided and certified by Transamerica Financial Life Insurance Company, Inc. (Transamerica) as of December 31, 2023 and for the year then ended as complete and accurate. This includes the cost and market values of the investments, the activity therein, and the unrealized appreciation. The following is a summary of the information included in the Plan's financial statements that was prepared by the trustee and furnished to the Participating Employers.

Assets available for Plan benefits at December 31, 2023:

Pooled separate accounts	\$ 5,886,247
Group annuity contract	<u>\$ 211,610</u>
Notes receivable from participants	<u>\$ 18,639</u>
Additions to net assets:	
Net realized and unrealized gain on investments	\$ 799,500

4. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall become fully vested in their account balances and the net assets of the Plan will be allocated to the participants in accordance with the terms of the Plan.

PASADENA CHAMBER OF COMMERCE MEMBER RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

5. RELATED PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by Transamerica Company. Transamerica is the trustee for the Plan as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. The Plan sponsor/Company pays administrative expenses and qualifies as party-in-interest transactions.

6. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures* established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

6. FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023:

- Pooled Separate Accounts are measured at fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 5,886,247	\$ -	\$ -	\$ 5,886,247
Total assets in the fair value hierarchy	\$ 5,886,247	\$ -	\$ -	\$ 5,886,247

7. GROUP ANNUITY CONTRACT

The Plan holds a fully benefit-responsive group annuity contract with Transamerica Life Insurance Company that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield based on interest credited to participants was 2.01% for 2023. The contract value of the group annuity insurance contract was \$211,610 as of December 31, 2023. Interest is credited on contract balances using a single "portfolio rate" approach.

PASADENA CHAMBER OF COMMERCE MEMBER RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

7. GROUP ANNUITY CONTRACT (CONTINUED)

Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Such interest crediting rates are reviewed on a semi-annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the Trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events that allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

DECEMBER 31, 2023

8. NONEXEMPT PROHIBITED TRANSACTIONS

During the year ended December 31, 2023, there were instances where Participating Employers failed to timely remit employee deferral contributions to the Plan for certain payroll periods within the time frame prescribed by the Department of Labor. These are deemed prohibited transactions in accordance with ERISA and the IRC.

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 06, 2025, the date on which the financial statements were available to be issued.

Employee Benefits Committee
Pasadena Chamber of Commerce Member Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Pasadena Chamber of Commerce Member Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023, the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued (or, when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements,

whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - 2022 Financial Statements

The statement of net assets available for plan benefits as of December 31, 2022 was compiled by us and, accordingly, we do not express an opinion or provide any assurance about whether it is in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN INCLUDING SUMMARY OF THE SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the Pasadena Chamber of Commerce Member Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions. Copies of the Plan documents are available from the Human Resources Department.

General

The Plan was adopted on January 1, 2018, for employees of the participating employers. Participating employers include Pasadena Private Wealth, Les Jardins Au Bout Du Monde, Inc, E.W. Merritt, Alliant Technology Group, Vision Imaging Supplies, Hancock A/C & Heating, Mid-Valley Harvest, MSB Constructors, Cutting Edge Precision, Welakahao Catamaran, Inc., Tillage Management, Inc., KRC Safety, and AVS Engineering (collectively, the "Participating Employers"). The Plan is intended to constitute as a multiple employer plan. Each Participating Employer elects their own provisions related to eligibility, contributions, notes receivable from participants, and payments of benefits. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

Only those employees of any Participating Employer who are designated by the Participating Employer in its adoption agreement as eligible employees shall be eligible to participate in the Plan. Participating Employers may define eligibility requirements based on factors such as age, service, or employee type. Eligible employees shall be eligible to make participant contributions and receive allocations of employer contributions if and to the extent specified in the applicable adoption agreement or otherwise provided by the Plan.

Contributions

Eligible participants may elect to have a percentage of their eligible compensation, as defined by the Plan and Participating Employer adoption agreement, contributed as a pre-tax or Roth contribution. Participating Employers may elect safe harbor or non-safe harbor contribution provisions as well as compensation definitions. Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Under the terms of the Participating Employers adoption agreements, the Participating Employers may elect to make safe harbor contributions, matching contributions, nonelective contributions, or profit-sharing contributions to the Plan. For the year ended December 31, 2023, the Participating Employers contributed \$153,618, \$131,443, and \$290,124 for safe harbor contributions, matching contributions, and profit-sharing contributions, respectively.

1. DESCRIPTION OF THE PLAN INCLUDING SUMMARY OF THE SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Participant accounts

Each participant's account is credited with their contribution and an allocation of the Plan's earnings or losses is charged with an allocation of administrative expenses. Allocations are based on participant earnings or losses on account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions. The Participating Employer contributions vest based on years of continuous service.

Benefit payments

Upon retirement, disability, or termination of service, a participant may elect to receive a lump-sum cash payment equal to the value of his or her vested account. Benefits are paid directly by the trustee and are recorded when paid.

Benefit obligations

In conformity with guidance for accounting and disclosure by employee benefit plans, benefit obligations to terminated employees who have withdrawn from participation in the Plan are not accrued in the statements of net assets available for plan benefits; rather, such amounts are disclosed in the notes to the financial statements. There were no such benefit obligations as of December 31, 2023.

Notes receivable from participants

Participants may borrow a minimum of \$1,000 up to the lesser of 50% of their vested balances or \$50,000. Notes are available from the participant's vested portion of their account balance and are secured by such vested balance. Interest is determined based on the prime rate plus 1%. Participants' notes receivable are for fixed terms, requiring regular periodic repayment by payroll deductions. A note receivable becomes immediately due and payable upon a participant's termination of employment, death, or disability. The notes receivable is valued at their outstanding balance plus accrued interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023.

Expenses

Certain expenses of maintaining the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

PASADENA CHAMBER OF COMMERCE MEMBER RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN INCLUDING SUMMARY OF THE SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative expenses

Expenses related to the administration of the Plan are generally absorbed by the Plan and/or Company. For the years ended December 31, 2023 the Plan paid \$43,142 in administrative expenses.

Use of estimates and basis of accounting

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from the estimates. The financial statements have been prepared using the accrual basis of accounting.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for Plan benefits.

Investment valuation and income recognition

Investments are reported at fair value except for fully benefit-responsive investments which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. TAX STATUS

The Plan adopted the Millennium Pension Services, Inc. Non-Standardized Prep-Approved Profit Sharing Plan with CODA Volume Submitter Plan document. The Plan has obtained an Internal Revenue Service ("IRS") opinion letter dated June 30, 2020. There have been amendments to the Plan subsequent to the letter. The Participating Employers believe that the Plan is currently designed and being operated in compliance with the applicable tax-exempt requirements of the IRS Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

PASADENA CHAMBER OF COMMERCE MEMBER RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

2. TAX STATUS (CONTINUED)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Participating Employers have analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Participating Employers have elected the method of annual reporting compliance permitted by 103(a)(3)(C) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following information included in the financial statements and supplemental schedule of assets held at the end of the year was provided and certified by Transamerica Financial Life Insurance Company, Inc. (Transamerica) as of December 31, 2023 and for the year then ended as complete and accurate. This includes the cost and market values of the investments, the activity therein, and the unrealized appreciation. The following is a summary of the information included in the Plan's financial statements that was prepared by the trustee and furnished to the Participating Employers.

Assets available for Plan benefits at December 31, 2023:

Pooled separate accounts	\$ 5,886,247
Group annuity contract	<u>\$ 211,610</u>
Notes receivable from participants	<u>\$ 18,639</u>
Additions to net assets:	
Net realized and unrealized gain on investments	\$ 799,500

4. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall become fully vested in their account balances and the net assets of the Plan will be allocated to the participants in accordance with the terms of the Plan.

PASADENA CHAMBER OF COMMERCE MEMBER RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

5. RELATED PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by Transamerica Company. Transamerica is the trustee for the Plan as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. The Plan sponsor/Company pays administrative expenses and qualifies as party-in-interest transactions.

6. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures* established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

PASADENA CHAMBER OF COMMERCE MEMBER RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

6. FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023:

- Pooled Separate Accounts are measured at fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 5,886,247	\$ -	\$ -	\$ 5,886,247
Total assets in the fair value hierarchy	\$ 5,886,247	\$ -	\$ -	\$ 5,886,247

7. GROUP ANNUITY CONTRACT

The Plan holds a fully benefit-responsive group annuity contract with Transamerica Life Insurance Company that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield based on interest credited to participants was 2.01% for 2023. The contract value of the group annuity insurance contract was \$211,610 as of December 31, 2023. Interest is credited on contract balances using a single "portfolio rate" approach.

PASADENA CHAMBER OF COMMERCE MEMBER RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

7. GROUP ANNUITY CONTRACT (CONTINUED)

Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Such interest crediting rates are reviewed on a semi-annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the Trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events that allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

8. NONEXEMPT PROHIBITED TRANSACTIONS

During the year ended December 31, 2023, there were instances where Participating Employers failed to timely remit employee deferral contributions to the Plan for certain payroll periods within the time frame prescribed by the Department of Labor. These are deemed prohibited transactions in accordance with ERISA and the IRC.

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 06, 2025, the date on which the financial statements were available to be issued.
