Independent Auditor's Report

Plan Committee
Exponential Power 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Exponential Power 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Exponential Power 401k Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Exponential Power, Inc. and Subsidiaries (the Company/Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Committee is responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance.

Eligibility: Employees who have reached age 18 and have completed 30 days of service are eligible for the Plan and Company matching contributions. The Plan provides for eligible employees to enter the Plan on the first day of the month following meeting the eligible requirements.

Contributions: Each year, participants may contribute to the Plan a percentage of their annual compensation, as defined by the Plan, up to the maximum allowed under the Internal Revenue Code (IRC). Upon becoming eligible, participants are automatically enrolled to contribute 2% of their compensation as a pretax contribution to the Plan. Participants may elect to change this percentage at any time. Participants may also make Roth after-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan has elected a safe harbor employer contribution, under which the Company contributes 100% of the first 3% of base compensation and 50% of the next 2% of base compensation that a participant contributes to the Plan. The Company may make discretionary profit sharing contributions at the option of the Company's Board of Directors. No discretionary profit sharing contributions were made during the year ended December 31, 2023. Contributions are subject to certain limitations.

Investment options: Upon enrollment in the Plan, a participant may direct contributions into a variety of investments as more fully described in the Plan's literature. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions, Company safe harbor contributions and allocations of (a) the Company's profit sharing contributions, (b) Plan earnings (losses) and (c) forfeitures of terminated participants' nonvested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which participants are entitled is the benefit that can be provided from the participants' vested accounts.

Vesting: Participants are immediately vested in their voluntary contributions, including rollover contributions, Company safe harbor contributions, and profit sharing contributions plus actual earnings thereon.

Notes receivable from participants: Participants may borrow from their fund account up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable terms range from one to five years or longer if used to purchase a principal residence. The notes receivable are collateralized by the balance in the participant's account and bear interest at 1.00% above the prime rate at the time of loan origination. Principal and interest payments are paid ratably through payroll deductions.

Note 1. Description of Plan (Continued)

Payment of benefits: On termination of service due to death, disability retirement or other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. In addition, hardship distributions out of the participant's account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which participant compensation is paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expense when they are incurred. Delinquent notes receivable from participants are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Sponsor has evaluated subsequent events through April 28, 2025, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Shares of registered investment companies: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective funds: Valued based on the NAV of units of the common/collective funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV.

Note 3. Fair Value Measurements (Continued)

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

	2023			
	Assets Measured at Fair Value			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 21,545,095	\$ -	\$ -	\$ 21,545,095
Investments measured at NAV (a)				1,400,266
Investments at fair value				\$ 22,945,361

	2022			
	Assets Measured at Fair Value			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 17,514,892	\$ -	\$ -	\$ 17,514,892
Investments measured at NAV (a)				912,716
Investments at fair value				\$ 18,427,608

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured using the NAV per share practical expedient: The following tables summarize investments measured at fair value based on NAV per unit as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Units of common/collective funds	\$ 1,400,266	\$ 912,716	\$ -	Daily	5 Days

Change in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan management evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Note 4. Information Certified or Provided by John Hancock Trust Company, LLC (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by John Hancock Trust Company LLC, the trustee, and furnished to the Plan Administrator.

Note 4. Information Certified or Provided by John Hancock Trust Company, LLC (Trustee) (Continued)

The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	2023	2022
Investments, at fair value:		
Shares of registered investment companies	\$ 21,545,095	\$ 17,514,892
Units of common/collective funds	1,400,266	912,716
Notes receivable from participants	281,234	345,653
		2023
Investment income:		
Net appreciation in fair value of investments		\$ 2,692,178
Interest and dividends		533,896
		<u>\$ 3,226,074</u>
Interest on notes receivable from participants		<u>\$ 21,531</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participants' accounts and distributed in such manner as the Plan Sponsor may determine.

Note 6. Income Tax Status

The Plan adopted a nonstandardized form of a pre-approved plan sponsored by John Hancock Retirement Plan Services, LLC, that was qualified, and the trust established under the Plan is tax-exempt under Internal Revenue Code (IRC) 401(a) pursuant to the pre-approved opinion letter dated June 30, 2020. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan has since been amended, and the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party and Party-in-Interest Transactions

Investments are managed by John Hancock Life Insurance Company. These transactions, therefore, qualify as party-in-interest. In addition, certain administrative functions are performed by the Plan Sponsor or employees of the Plan Sponsor for which no compensation is received from the Plan.

Note 8. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Committee
Exponential Power 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Exponential Power 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Exponential Power 401k Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Exponential Power 401k Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Exponential Power, Inc. and Subsidiaries (the Company/Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Committee is responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance.

Eligibility: Employees who have reached age 18 and have completed 30 days of service are eligible for the Plan and Company matching contributions. The Plan provides for eligible employees to enter the Plan on the first day of the month following meeting the eligible requirements.

Contributions: Each year, participants may contribute to the Plan a percentage of their annual compensation, as defined by the Plan, up to the maximum allowed under the Internal Revenue Code (IRC). Upon becoming eligible, participants are automatically enrolled to contribute 2% of their compensation as a pretax contribution to the Plan. Participants may elect to change this percentage at any time. Participants may also make Roth after-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan has elected a safe harbor employer contribution, under which the Company contributes 100% of the first 3% of base compensation and 50% of the next 2% of base compensation that a participant contributes to the Plan. The Company may make discretionary profit sharing contributions at the option of the Company's Board of Directors. No discretionary profit sharing contributions were made during the year ended December 31, 2023. Contributions are subject to certain limitations.

Investment options: Upon enrollment in the Plan, a participant may direct contributions into a variety of investments as more fully described in the Plan's literature. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions, Company safe harbor contributions and allocations of (a) the Company's profit sharing contributions, (b) Plan earnings (losses) and (c) forfeitures of terminated participants' nonvested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which participants are entitled is the benefit that can be provided from the participants' vested accounts.

Vesting: Participants are immediately vested in their voluntary contributions, including rollover contributions, Company safe harbor contributions, and profit sharing contributions plus actual earnings thereon.

Notes receivable from participants: Participants may borrow from their fund account up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable terms range from one to five years or longer if used to purchase a principal residence. The notes receivable are collateralized by the balance in the participant's account and bear interest at 1.00% above the prime rate at the time of loan origination. Principal and interest payments are paid ratably through payroll deductions.

Exponential Power 401k Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: On termination of service due to death, disability retirement or other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. In addition, hardship distributions out of the participant's account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which participant compensation is paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expense when they are incurred. Delinquent notes receivable from participants are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Sponsor has evaluated subsequent events through April 28, 2025, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Shares of registered investment companies: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective funds: Valued based on the NAV of units of the common/collective funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV.

Note 3. Fair Value Measurements (Continued)

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

	2023			
	Assets Measured at Fair Value			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 21,545,095	\$ -	\$ -	\$ 21,545,095
Investments measured at NAV (a)				1,400,266
Investments at fair value				\$ 22,945,361

	2022			
	Assets Measured at Fair Value			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 17,514,892	\$ -	\$ -	\$ 17,514,892
Investments measured at NAV (a)				912,716
Investments at fair value				\$ 18,427,608

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured using the NAV per share practical expedient: The following tables summarize investments measured at fair value based on NAV per unit as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Units of common/collective funds	\$ 1,400,266	\$ 912,716	\$ -	Daily	5 Days

Change in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan management evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Note 4. Information Certified or Provided by John Hancock Trust Company, LLC (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by John Hancock Trust Company LLC, the trustee, and furnished to the Plan Administrator.

Note 4. Information Certified or Provided by John Hancock Trust Company, LLC (Trustee) (Continued)

The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	2023	2022
Investments, at fair value:		
Shares of registered investment companies	\$ 21,545,095	\$ 17,514,892
Units of common/collective funds	1,400,266	912,716
Notes receivable from participants	281,234	345,653
		2023
Investment income:		
Net appreciation in fair value of investments		\$ 2,692,178
Interest and dividends		533,896
		<u>\$ 3,226,074</u>
Interest on notes receivable from participants		<u>\$ 21,531</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participants' accounts and distributed in such manner as the Plan Sponsor may determine.

Note 6. Income Tax Status

The Plan adopted a nonstandardized form of a pre-approved plan sponsored by John Hancock Retirement Plan Services, LLC, that was qualified, and the trust established under the Plan is tax-exempt under Internal Revenue Code (IRC) 401(a) pursuant to the pre-approved opinion letter dated June 30, 2020. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan has since been amended, and the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party and Party-in-Interest Transactions

Investments are managed by John Hancock Life Insurance Company. These transactions, therefore, qualify as party-in-interest. In addition, certain administrative functions are performed by the Plan Sponsor or employees of the Plan Sponsor for which no compensation is received from the Plan.

Note 8. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
