Independent Auditor's Report

To the Plan Administrator
Co-op 401(k) Plan sponsored by Central Farmers Cooperative
Marion, South Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Central Farmers Cooperative Co-op 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of July 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended July 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of July 31, 2024 and 2023, and for the year ended July 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Central Farmers Cooperative Co-op 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Central Farmers Cooperative Co-op 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Central Farmers Cooperative Co-op 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Central Farmers Cooperative Co-op 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year), is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Co-op 401(k) Plan sponsored by Central Farmers Cooperative (The Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions, which is available from the plan administrator.

GENERAL

The Plan is a multiple-employer defined contribution plan sponsored by Central Farmers Cooperative and adopted on January 1, 1951. The Plan covers all employees of the plan sponsor and participating entities, excluding non-salaried employees at convenience stores. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The most recent amendment to the Plan became effective on August 1, 2017.

TRUST

The trustee for the Plan is the Charles Schwab Trust Bank. Charles Schwab Trust Bank administers the Trust subject to direction from the Plan sponsor.

ELIGIBILITY

Generally, an employee of the Company is eligible to enter the Plan for purposes of making elective deferrals and receiving employer profit sharing contribution after they reached the age of 18 and satisfied the minimum eligibility requirement of 90 consecutive days of service. Employees are automatically enrolled at a 6% contribution rate unless they elect a different percentage to contribute or they elect not to contribute at all by completing the necessary non-enrollment form.

ENTRY DATE

Employees may enter the Plan coinciding with the first day of each month of the Plan year following the date they satisfied the eligibility requirements.

CONTRIBUTIONS

Participants may make pre-tax or Roth contributions of up to 50% of their gross earnings each pay period, as defined in the Plan. The Company will match up to 100% of the first 6% of the participant's compensation. At the discretion of Central Farmers Cooperative, a profit sharing contribution may be made to the Plan and allocated to participants based on the eligible compensation.

To be considered eligible for the profit sharing contribution a participant must be an employee of the Company on the last day of the Plan year and have completed at least 1,000 hours of services during the Plan year.

Notes to Financial Statements (Continued)

Note 1: Description of Plan (Continued)

CONTRIBUTIONS (CONTINUED)

The total annual addition to a participant's account is subject to calendar year limits declared annually by the Internal Revenue Service. The limit for 2024 and 2023 was \$69,000 and \$66,000, respectively or 100% of participant's compensation. The annual employee elective contribution is limited to \$23,000 and \$22,500 for the years ended July 31, 2024 and 2023, respectively. Employees age 50 or older may elect to make pretax "Catch-up Contributions" to the Plan maximum of \$7,500, after their initial contributions exceed a Plan or legal limit for both the years ended July 31, 2024 and 2023.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit which a participant is entitled to is the benefit that can be provided from the participant's vested account.

VESTING

A participant is always 100% vested in the employee contributions. A participant is vested in the employer matching and profit sharing contributions according to the following vested schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 or more	100%

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime interest rate quoted in the Wall Street Journal, plus 1% on the date the loan is applied for.

All loans are repaid by payroll deduction in equal amounts over the repayment term, which is generally less than 5 years for a general purpose loan or 15 years for a loan to purchase your primary residence. Participants may not have more than one outstanding loan at any time.

Notes to Financial Statements (Continued)

Note 1: Description of Plan (Continued)

PAYMENT OF BENEFITS

A participant is entitled to benefits based on the occurrence of the following events:

- a. The participant retires, becomes disabled, dies, or otherwise leaves the employment of the employer.
- b. In-service withdrawals at age 59½.
- c. Financial hardship as defined in the Plan document.
- d. Other limited conditions that are more fully explained in the Plan document.

The payment shall be in the form of the following methods as provided by the Plan:

- a. A Single, Lump-sum Payment
- b. Direct Rollover
- c. Recurring Payments
- d. Deferred Payment

FORFEITURES

For the plan years ended July 31, 2024 and 2023 forfeited non-vested accounts totaled \$49,958 and \$465, respectively. These accounts may be used to reduce future employer contributions. For the plan years ended July 31, 2024 and 2023, employer contributions were reduced by forfeitures to the Plan totaling \$50,542 and \$74,333, respectively.

PLAN TERMINATION

The Company reserves the right to amend, modify or terminate the Plan, in whole or in part, at any time at its option. While the employer has not expressed interest to discontinue the Plan, it is not prohibited from doing so subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested (100%) in their accounts. The Plan administrator will determine the timing of the disposition of assets to plan participants and their beneficiaries.

ADMINISTRATIVE EXPENSES

Plan administrative fees are absorbed by the Plan. Legal and accounting fees are absorbed by the Plan sponsor. For the year ended July 31, 2024, administrative fees amounting to \$39,874 were absorbed by the Plan for the services of Milliman USA, and administrative fees amounting to \$2,648 were absorbed by the Plan for the services of Galliard Capital Management, Inc.

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes to Financial Statements (Continued)

Note 2: Summary of Significant Accounting Policies

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes both realized and unrealized investment gains and losses. Dividends are recorded on the ex-dividend date.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of July 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

PAYMENT OF BENEFITS

Benefit payments to participants are recorded upon distribution. As of July 31, 2024 and 2023, net assets available for benefits included no benefits due to participants who had withdrawn from participation in the Plan but have not yet been paid.

Note 3: Related Party and Party-in-Interest Transactions

As described in Note 1, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Notes to Financial Statements (Continued)

Note 4: Information Certified by the Plan Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, Charles Schwab Bank and Charles Schwab Trust Bank, the trustees of the plan, has certified to the completeness and accuracy of:

- Investment and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of July 31, 2024 and 2023.
- Net appreciation/depreciation in fair value of investments, dividends and interest income from notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended July 31, 2024.
- Investments reflected on the schedule of assets (held at end of year).

Note 5: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements (Continued)

Note 5: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Composed primarily of fully benefit-responsive investment contracts that is valued at net asset value (NAV) of units of the bank collective trust. The NAV is used as a practical expedient to estimated fair value. This practical expedient would not be used if it is determined to probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of July 31:

	Assets at Fair Value as of July 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$14,925,837	\$0	\$0	\$14,925,837
Investments Measured at NAV				25,757
Investments at Fair Value				\$14,951,594
	Assets at Fair Value as of July 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$12,534,927	\$0	\$0	\$12,534,927
Investments Measured at NAV				43,084
Investments at Fair Value				\$12,578,011

Investments Measured Using the Net Asset Value per Share Practical Expedient:

The following table summarizes investment for which fair value is measured using the net asset value per share practical expedient as of July 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Notes to Financial Statements (Continued)

Note 5: Fair Value Measurements (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient (Continued):

July 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Wells Fargo/BlackRock Short-Term Investment Fund A	<u>\$25,757</u>	None	Daily	Daily
July 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Wells Fargo/BlackRock Short-Term Investment Fund A	<u>\$43,084</u>	None	Daily	Daily

Note 6: Fully Benefit-Responsive Investment Contracts

The Plan's Trust holds a portfolio of investment contracts that comprises synthetic investment contracts and a guaranteed investment contract – separate account. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	2024	2023
Synthetic Guaranteed Investment Contracts	<u>\$1,095,499</u>	<u>\$1,088,045</u>

Synthetic GICs include wrapper contracts that provide a guarantee that the credit rate will not fall below zero percent. Cash flow volatility (for example, timing of benefit payments) as well as asset performance can be passed through to the Plan through adjustment to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting. Traditional GICs are backed by the general account of the contract issuer. The Fund deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified period.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Notes to Financial Statements (Continued)

Note 6: Fully Benefit-Responsive Investment Contracts (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 7: Reconciliation of Financial Statements to Form 5500

The Co-op 401(k) Plan sponsored by Central Farmers Cooperative Form 5500 Annual Return/Report of Employee Benefit Plan has been prepared on the cash basis of accounting.

The following is a reconciliation of net assets available for benefits per the financial statements at July 31, 2024 and 2023 to Form 5500:

	2024	2023
NET ASSETS AVAILABLE FOR BENEFITS		
Per Financial Statements	\$16,106,617	\$13,728,905
Adjustment from Contract Value to Fair Value	(46,601)	(71,505)
	<u>\$16,060,016</u>	<u>\$13,657,400</u>
Per Form 5500		

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the period ended July 31, 2024 to Form 5500:

NET INCREASE IN NET ASSETS AVAILABLE FOR BENEFITS	
Per Financial Statements	\$ 2,377,712
Change in Fair Value from Contract Value	<u>24,904</u>
	<u>\$ 2,402,616</u>
Per Form 5500	

Note 8: Tax Status

The Plan has adopted a prototype non-standardized profit sharing plan sponsored by Co-op 401(k) Plan. The Internal Revenue Service has issued an opinion by letter dated on June 30, 2020 that the form of the plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code (IRC). The Company believes that the plan currently is designed and is being operated in compliance with the applicable requirements of the IRC and that, therefore, the plan continues to qualify under IRC section 401(a), and the related trust continues to be tax exempt as of July 31, 2024. Therefore, no provision for income taxes is included in the plan's financial statements.

Notes to Financial Statements (Continued)

Note 8: Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions' however there are currently no audits for any tax periods in progress.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10: Subsequent Events

The Plan has evaluated subsequent events through April 3, 2025 the date the financial statements were available to be issued. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
