INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Johnson Automotive Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Johnson Automotive Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JOHNSON AUTOMOTIVE PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of the Johnson Automotive Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan, established on January 1, 2023, is a defined contribution plan covering substantially all employees of Johnson Automotive and Johnson Management Company (collectively the "Plan Sponsor" or the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility. An eligible participant, as defined by the Plan, is eligible to participate in the Plan upon attainment of age eighteen and the completion of six months of service.

Contributions. Each year, participants may contribute up to 99% of annual compensation, not to exceed the maximum limits set by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions in excess of their regular elective contributions, not to exceed the catch-up limits set by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan allows for the Company to make discretionary match contributions on eligible participant elective deferrals. The matching formula for 2023 was to match \$.25 for every \$1 of eligible participant elective deferrals up to 6% of eligible compensation. If eligible participant elective deferrals exceeded 6% of eligible compensation then the Company matched 1.5% of eligible compensation.

Automatic Deferral Election. The Plan has an automatic enrollment feature. Employees are automatically enrolled in the Plan after obtaining eligibility and 3% of an employee's eligible compensation is contributed to the Plan. The automatic deferral amount will increase by 1% each year up a maximum of 10% of eligible compensation. Employees can elect a different percentage or chose not to defer.

Participant Accounts. Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings. Participants' accounts shall be reduced by any payments made from such accounts and their applicable share of any Plan losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options. Participants direct the investment of their contributions and Company matching contributions into various investment options offered by the Plan. Participants may change their investment options at any time. The Plan currently offers a series of varied risk mutual funds and a common collective trust as investment options for participants.

Vesting. Participants are immediately vested in their elective deferral and rollover contributions in addition to actual earnings thereon. Vesting in the employer's contribution portion, plus actual earnings thereon, is based on years of continuous service. For employer matching contributions and employer discretionary contributions, a participant is 20% vested after two years of service and vests an additional 20% per year thereafter up to 100% vested after six years. Regardless of the vesting schedule, participants become 100% vested if they are still employed with the Company when reaching normal retirement age, as defined in the Plan, or upon disability or death.

Notes Receivable From Participants. Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms may not exceed five years for a general loan and thirty years for residential home loans. Only one loan may be outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at a rate equal to prime rate plus 1%. Principal and interest are paid no less frequently than quarterly.

Payment of Benefits. Participants are eligible for payment of vested benefits upon normal retirement (age 65), early retirement (age 55), disability, death, or termination of employment. Payments may be in the form of a lump-sum distribution of the entire vested balance or single sum distribution of a portion of the vested balance.

Active employees may make withdrawals of all or portion of their account balances subject to certain withdrawal and contribution suspension rules as defined by the Plan. Withdrawals from the accounts are not allowed for participants who are less than age 59.5, except under certain safe harbor hardship withdrawal provisions. Participants may withdraw all or a portion of their account values under a specified hardship withdrawal, as defined by the Plan.

Forfeited Accounts. Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. The nonvested portion of terminated participants' account balances is used to offset various administrative and professional expenses and reduce future employer contributions. During the year ended December 31, 2023, \$54,666 was used to offset expenses and employer contributions. As of December 31, 2023, the Plan's forfeiture balance was \$5,618.

Administrative Expenses. Administrative expenses of the Plan are paid by the Plan or Plan Sponsor, as provided by the Plan document.

2. SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting. The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that could affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants, if deemed to be in default, are reclassified as distributions in accordance with the terms of the Plan document.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits. Benefit payments to participants are recorded when paid.

Income Taxes. The IRS has determined and informed the Plan's volume submitter on October 6, 2020 that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan with cash or deferred arrangement, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is a qualified plan as described in Section 401(a) of the IRC and is therefore exempt from federal and state income taxes. Income generated by activities that would be considered unrelated to the Plan's purpose would be subject to tax which, if incurred, would be recognized as a current expense. No such tax has been recognized for the year ended December 31, 2023.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine tax audits by jurisdictions; however, there are currently no audits for any tax periods in progress.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Reliance Trust Company, the Custodian, as of and for the year ended December 31, 2023:

Mutual funds, at fair value	\$ 26,315,521
Common collective trust, at fair value	\$ 968,419
Notes receivable from participants	\$ 507,604
Net appreciation in fair value	\$ 1,978,177
Interest and dividends	\$ 744,138
Interest earned on notes receivable from participants	\$ 22,413

4. FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Fair Value Measurements:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

JOHNSON AUTOMOTIVE PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Level 3 Fair Value Measurements:

Fair values are based on inputs other than quoted prices included within Level 1 that are unobservable and significant to the fair value measurements.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Mutual funds represent investments with various investment managers. The mutual funds are valued at the daily closing net asset value ("NAV") as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and transact at that price. The mutual funds held by the Plan are deemed actively traded.

Common collective trust: These funds are valued at the NAV per share of the individual collective trusts included in each respective fund, which is based on the fair value of the underlying net assets. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value.

Investments measured at the NAV as a practical expedient at December 31, 2023:

	<u>Value</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust:			
Fixed income	\$968,419	Daily	None

There were no unfunded commitments for this investment as of December 31, 2023.

The objectives for the registered investments measured using the net asset value are as follows:

Fixed income: Invests in a broad range of fixed income securities with high income yields, returns that outpace inflation, or returns that are designed to track a specified inflation index.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

JOHNSON AUTOMOTIVE PROFIT SHARING PLAN

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

<u>Fair Value Measurements Using:</u>				
	<u>Fair Value</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 26,315,521	\$ 26,315,521	\$	\$
Total investments measured at the NAV as a practical expedient*	<u>968,419</u>	<u> </u>	<u> </u>	<u> </u>
	<u>\$ 27,283,940</u>	<u>\$ 26,315,521</u>	<u>\$ 0</u>	<u>\$ 0</u>

* Certain investments measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statements of net assets available for benefits.

Gains and losses (realized and unrealized) included in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023 are reported in net appreciation in fair value of investments.

5. PARTIES-IN-INTEREST:

Certain plan investments may be managed by the Custodian, as defined by the Plan and. These transactions qualify as party-in-interest transactions.

The Plan pays third party administrative fees, investment advisory fees, and custodial fees. Fees paid using Plan assets during the year ended December 31, 2023 for those services totaled \$105,281. These fees were based on customary and reasonable rates for such services. The Plan Sponsor directly pays any other fees related to the Plan's operations. The Plan Sponsor also provides certain accounting and administrative services to the Plan for which no fees are charged.

Certain participants of the Plan have outstanding loans (notes receivable from participants) totaling \$507,604 as of December 31, 2023. These loans are considered party-in-interest transactions.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

8. RECONCILIATION TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the accompanying financial statements at December 31, 2023 to Form 5500:

Net assets available for benefits per the accompanying financial statements	\$ 27,953,927
Employer contributions receivable	(25,443)
Participant contributions receivable	(136,940)
Deemed distributions	<u>(4,510)</u>
Net assets available for benefits per Form 5500	<u>\$ 27,787,034</u>

The following is a reconciliation of the net increase in net assets available for benefits per the accompanying financial statements at December 31, 2023 to Form 5500:

Net increase in net assets available for benefits per the accompanying financial statements	\$ 5,707,355
Employer contributions receivable	(25,443)
Participant contributions receivable	(136,940)
Deemed distributions	<u>(4,510)</u>
Net increase in net assets available per Form 5500	<u>\$ 5,540,462</u>

9. NON-EXEMPT PARTY-IN-INTEREST TRANSACTIONS:

During 2023, there were unintentional delays by the Company in remitting participant contributions in the amount of \$237,966. These delinquent contributions constitute prohibited transactions. Lost earnings on these contributions were not reflected on the accompanying financial statements as they were not considered by Plan management to be material to the financial statements. These delinquent contributions and lost earnings were remitted to the affected participants' accounts in September 2024. See Note 10.

NOTES TO FINANCIAL STATEMENTS

10. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through November 19, 2024, the date which the financial statements were available to be issued.

The delinquent contributions discussed in Note 9 were corrected outside of the Voluntary Fiduciary Correction Program (VFCP) subsequent to year end. The delinquent contributions and lost earnings were remitted to the affected participants' accounts in September 2024.

No additional significant subsequent events have been identified by management.
