## *Report of Independent Auditors*

To the Plan Administrative Committee of the  
OnShift 401(k) Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the financial statements of OnShift 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of April 15, 2024, and the related statement of changes in net assets available for benefits for the period from January 1, 2024 to April 15, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of OnShift 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of April 15, 2024, and for the period from January 1, 2024 to April 15, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion on the 2024 Financial Statements***

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion on the 2024 Financial Statements***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of OnShift 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Emphasis of Mater***

As discussed in Note 6 to the financial statements, management of the OnShift 401(k) Plan resolved to terminate the plan. As of April 15, 2024, all plan assets have been transferred out to the ShiftKey 401(k) Plan. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the 2024 Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about OnShift 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the 2024 Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

***Auditors' Responsibilities for the 2024 Audit of the Financial Statements (continued)***

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of OnShift 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about OnShift 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **1. Description of Plan**

The following description of the OnShift 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

### **General**

The Plan was a defined contribution plan that had been established to provide retirement benefits to eligible employees of OnShift, Inc. (“the Company” or “Plan Sponsor”). The Plan was established January 1, 2011, and was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2023, the Plan Administrator changed the trustee of the Plan to Fidelity Management Trust Company.

Effective January 1, 2024, the Plan was frozen which prevented new participants from being admitted to the Plan and permanently discontinued all future contributions.

### **Transfers Out**

In conjunction with an acquisition of the Plan Sponsor, the Plan was merged into the ShiftKey 401(k) Plan and all assets were transferred out of the Plan. Assets totaling approximately \$9,200,000 were transferred on April 15, 2024. This transaction is reflected as “Transfer out” on the Statement of Changes in Net Assets Available for Benefits.

### **Eligibility**

Prior to January 1, 2024, employees who completed 1 month of service were eligible to participate in the Plan. Leased, short-term part-time, temporary and seasonal employees, and employees covered by a collective bargaining agreement, were not eligible to participate in the Plan. Employees were enrolled in the Plan on the first day of the month coinciding with or the next following date upon meeting the eligibility.

### **Contributions**

#### *Participant Contributions*

Prior to January 1, 2024, participants were allowed to contribute up to 100% of pretax annual compensation, as defined by the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants were also allowed to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants had the option of designating a portion of their elective deferral contributions as after-tax “Roth” contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Prior to January 1, 2024, the Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled into the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

**1. Description of Plan (continued)**

**Contributions (continued)**

*Employer Safe-Harbor Matching Contributions*

The Company made safe-harbor matching contributions equal to 100% of each participant's elective deferrals that did not exceed 4% of the participant's compensation. As a result of the Plan freeze effective January 1, 2024, the Company did not make any contributions for the period January 1, 2024 through April 15, 2024.

*Employer Discretionary Match*

The Company could elect to make discretionary matching contributions to the Plan. The discretionary additional match contribution were computed based on total compensation for the Plan year. No such contributions were made for the period January 1, 2024 through April 15, 2024.

Contributions from Plan participants and the associated matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

**Participant Accounts**

Each participant's account was credited with the participant's contributions, the Company's contributions, and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

**Vesting**

Participants were vested immediately in their contributions and the Company's safe-harbor matching contributions plus actual earnings thereon.

**Notes Receivable from Participants**

Participants borrowed from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the immediate preceding 12 month period. The loans were secured by the balance in the participant's account. The loan interest rate, was determined by the Plan Sponsor as a reasonable rate of interest, as defined. Participants were allowed to have a maximum of one loan outstanding at one time. Loan terms were not allowed to exceed five years, unless for the purchase of a primary residence. Principal and interest was paid ratably through payroll deductions.

**1. Description of Plan (continued)**

**Payment of Benefits**

Upon termination of service due to death, disability or retirement, a participant was allowed to elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant was allowed to receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also permitted hardship distributions to participants that could demonstrate an immediate and heavy financial need. Upon separation with the Company, participants with account balances less than \$5,000, a single lump sum payment was automatically into an individual retirement account of the plan administrator's choosing. The Plan document further stipulated that account balances less than \$1,000 were to be automatically paid to the participant, without consent.

**Forfeited and Unallocated Accounts**

As of April 15, 2024 and December 31, 2023, forfeited nonvested accounts totaled \$0 and \$2,487, respectively. During the period from January 1, 2024 to April 15, 2024, participants forfeited \$0 in previously contributed nonvested amounts. During the period from January 1, 2024 to April 15, 2024, \$0 of forfeited amounts were used to reduce Plan expenses and Company contributions.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP required plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Plan's investment committee determined the Plan's valuation policies utilizing information provided by the investment advisers, trustee and custodian. Refer to Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Period from January 1, 2024 to April 15, 2024*

**2. Summary of Significant Accounting Policies (continued)**

**Notes Receivable from Participants**

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses had been recorded as of April 15, 2024 and December 31, 2023. If a participant ceased to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance was reduced, and a benefit payment was recorded.

**Benefit Payments**

Benefits were recorded when paid.

**Expenses**

The Company paid certain administrative expenses incurred by the Plan. Certain investment and administration fees were deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

**Recently Adopted and New Accounting Principles**

In June 2016, the FASB issued ASU No. 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, and subsequent amendments to the initial guidance, ASU 2019-10. This accounting standard changes the methodology for measuring credit losses on financial instruments and the timing of when such losses are recorded. ASU No. 2016-13 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2022. The Plan adopted the provisions of ASU 2016-13 for the year ended December 31, 2023. The adoption of this standard did not have a material impact on the Plan's financial statements.

**Subsequent Events**

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. There were no items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

**3. Information Certified by the Trustee (unaudited)**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at April 15, 2024 and December 31, 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from January 1, 2024 to April 15, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

As permitted under such election, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

#### 4. Fair Value Measurements

The framework for measuring fair value hierarchy provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1            Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2            Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3            Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 15, 2024 and December 31, 2023.

*Money market fund:* Valued at the daily closing price as reported by the fund. The money market fund held by the Plan was an open-end money market fund that was registered with the Securities and Exchange Commission. This fund was required to publish its daily net asset value ("NAV") and to transact at that price. The money market fund held by the Plan was deemed to be actively traded.

*Mutual funds:* Valued at the daily closing price was reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission ("SEC"). These funds were required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Period from January 1, 2024 to April 15, 2024

**4. Fair Value Measurements (continued)**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 9,723,538	\$ -	\$ -	\$ 9,723,538
Mony market fund	261,129	-	-	261,129
Total assets in fair value hierarchy	\$ 9,984,667	\$ -	\$ -	\$ 9,984,667
Investments measured at NAV <sup>(a)</sup>				-
Total investments, at fair value				<u>\$ 9,984,667</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation.

**5. Related-Party and Party-in-Interest Transactions**

Certain Plan investments were shares of mutual funds provided through or managed by Fidelity Management Trust Company. Fidelity Management Trust Company was the trustee and custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account were net of investment management fees charged by each investment fund under the Plan.

Fees incurred by the Plan for the investment management services were included in net appreciation (depreciation) in fair value of the investment, as they were paid through revenue sharing, rather than a direct payment. During the period from January 1, 2024 to April 15, 2024, the Plan also made direct payments to the record-keeper totaling \$1,265. These costs incurred by the Plan were included in administrative expenses on the statement of changes in net assets available for benefits. The Company pays directly any other fees related to the Plan's operations.

**6. Plan Termination**

On January 1, 2024, in conjunction with the acquisition of the Company, plan management resolved to terminate the Plan. Effective January 1, 2024, all participants with an account balance as of the date herein became 100% vested. All Plan assets have been merged into the ShiftKey 401(k) Plan as of April 15, 2024. Therefore, plan management has determined that the liquidation basis of accounting is not applicable.

NOTES TO FINANCIAL STATEMENTS  
*As of April 15, 2024 and December 31, 2023, and for the  
 Period from January 1, 2024 to April 15, 2024*

**7. Income Tax Status**

The Plan adopted a non-standardized pre-approved profit sharing plan offered by Fidelity Management Trust Company. The submitted plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). The Plan itself has not received a determination letter from the IRS and has been amended since receiving the letter. However, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust was tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**8. Risk and Uncertainties**

The Plan invests in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**9. Reconciliation to the Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

<b>As of</b>	<b>April 15, 2024</b>	December 31, 2023
Net assets per financial statements	\$ -	\$ 10,098,601
Less: employer contributions receivable	-	(63,414)
Net assets per the Form 5500	<u>\$ -</u>	<u>\$ 10,035,187</u>

The following is a reconciliation of the net change per the financial statements to the Form 5500:

<b>For the Period January 1, 2024 through April 15,</b>	<b>2024</b>
Transfer out per the financial statements	\$ (9,178,909)
Add: prior year employer contribution receivable remitted to successor plan	(63,414)
Transfer out per the Form 5500	<u>\$ (9,242,323)</u>
