## INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees and Management  
**Summit Credit Union**  
**Defined Benefit Plan and Trust**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of the Summit Credit Union Defined Benefit Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of July 31, 2024, and the related statements of changes in net assets available for benefits for the year ended July 31, 2024, and the statement of accumulated plan benefits as of July 31, 2023, and the related statement of changes in accumulated plan benefits for the year ended July 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended July 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2024 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Emphasis of Matter on the 2024 Financial Statements**

The Plan has elected to change its reporting period for the statement of accumulated plan benefits and related statement of changes in accumulated benefits. The Plan will report the statement of accumulated benefits as of July 31, 2023, and the statement of changes in accumulated benefits for the year then ended. Our opinion is not modified with respect to that matter.

### **Basis for Opinion on the 2024 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the 2024 financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2024 financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Summit Credit Union's ability to continue as a going concern for one year after the date the 2024 financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2024 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the 2024 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2024 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these 2024 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2024 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matters – 2024 Supplemental Schedules Required by ERISA**

The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the 2024 financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2024 financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2024 financial statements or to the 2024 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Auditor's Report on the 2023 Financial Statements

The 2023 financial statements of Summit Credit Union Defined Benefit Plan and Trust were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated May 8, 2024, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS JULY 31, 2024 AND 2023

---

### Note 1 – Description of the Plan

#### General

Summit Credit Union Defined Benefit Plan and Trust (the Plan) is a defined benefit pension plan established by Summit Credit Union (the Credit Union) on August 1, 1986. The Plan is a non-contributory defined benefit pension plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

#### Administration

The Credit Union is the Plan Sponsor and named Plan Administrator. The Plan Administrator is responsible for oversight of the Plan. The Credit Union has established a Retirement Committee, who determines the appropriateness of the Plan's investment offerings and monitors investment performance and fees and reports to the Plan's Board of Trustees. The Board of Trustees is responsible for oversight of the Plan. The Plan's custodian is Matrix Trust Company (Matrix Trust). The custodian holds all of the Plan's assets and executes all of the Plan's transactions. The Plan also retained CMFG Retirement Plan Services (CMFG) to provide participant recordkeeping and administrative services.

#### Eligibility

The Plan covers substantially all employees of the Credit Union. Employees are eligible to participate in the Plan after they have completed six months of credited service and have attained the age of 20.

#### Pension Benefits:

##### ***Normal Retirement Benefits:***

At normal retirement age (65), with five years of participation, participants will be entitled to receive a Normal Retirement Benefit. Normal Retirement Benefit will be equal to a participant's Accrued Benefit. The actuarial equivalent of the hypothetical account is the amount of the monthly retirement benefit commencing on the participant's normal retirement date, that is equal to the actuarial equivalent of the balance of the participant's hypothetical account as of the participant's normal retirement age; taking into account all hypothetical allocations through the determination date and interest credits through such participant's normal retirement age, using the interest credit rate for subsequent periods through such participant's normal retirement age. A participant's hypothetical account is the sum of the following amount under (a) and (b) below as of the date of determination:

- a. Accrued Benefit will be based upon a retirement benefit formula (computed to the nearest \$5.00) equal to 1.3% of a participant's Average Compensation multiplied by the Years of Service (up to a maximum of 25 years). Vesting for Accrued Benefit is based on Years of Service.
- b. Participants will become 100% vested upon completion of five years of credited service. Payment of benefits will begin as soon as practicable following your Normal Retirement Date.

Effective March 1, 2020, the Plan was amended and changed the normal retirement benefit formula to include classifications based on years of service as of March 1, 2020. Normal Retirement Benefit now includes Straight Life, Life and 5, 10, 15 and 20 years certain.

***Early Retirement Benefits:***

Early retirement benefits are equal to the participant's vested accrued benefit reduced by 5/9th of 1% for each month early retirement precedes normal retirement up to 60 months, and 5/18th of 1% for each complete calendar month in excess of 60 months that the early retirement date (first day of the month coinciding with or next following the date on which a participant attains early retirement age 55 and the completion of at least 5 years of service) precedes the normal retirement date or the actuarial equivalent of the participant's accrued benefit payable at the normal retirement date if such benefit is distributed in a form other than a non-decreasing life annuity payable for a period not less than the participant's life expectancy.

***Late Retirement Benefits:***

The benefits provided at a late retirement date generally takes into account the requirement that the participant continues to earn or "accrue" benefits past the normal retirement age. The calculation of your late retirement benefits is based on complex Internal Revenue Service (IRS) regulations which would generally provide, for each plan past normal retirement age, a late retirement benefit equal to the greater of the following:

- a. The retirement benefit you have actually earned or "accrued" as of the end of the plan year in which you actually retire.
- b. The actuarial equivalent of the benefit you were entitled to as of the close of the plan year immediately preceding your actual retirement.

***Death and Disability Benefits:***

The death benefit is the "minimum spouse's death benefit" as defined in the Plan document. If death occurs, the amount paid to the surviving spouse is equal to the present value of the Accrued Death Benefit. The disability benefits are equal to the participant's early retirement benefit. Active employees who become totally disabled receive annual disability benefits that are equal to the early retirement benefit without regard to age and service requirements. Disability benefits are paid until normal retirement age, at which time disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age with their annual compensation remaining the same as at the time they became disabled. Disability shall be determined under the Social Security Act.

**Vesting:**

Vesting in the plan is based on years of continuous service. Upon completion of 5 years of service, employees will become fully vested in the Plan.

**Note 2 – Summary of Significant Accounting Policies**

**Basis of Accounting**

The Plan's financial statements have been prepared on the accrual basis of accounting. Income from investments is recorded when it is earned. Contributions are recorded when authorized and in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

## NOTES TO FINANCIAL STATEMENTS JULY 31, 2024 AND 2023

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results may differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and certifying entities. See Note 4 for discussion of fair value measurements.

The purchase and sale of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits expected to be paid to: (i) retired or terminated vested participants or their beneficiaries and (ii) present employees, and (iii) present participants or their beneficiaries. Benefits under the Plan are based on the employee's 36 consecutive calendar months included in the employee's entire period of employment, which produces the highest average of which the benefit information is presented.

Benefits payable under all circumstances (retirement, death, and termination of employment) are included in the computation to the extent they are considered attributable to employee service rendered at the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated Plan benefits. The actuarial present value of accumulated Plan benefits is determined by an actuary from CMFG and it is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of July 31, 2023 were (a) life expectancy of participants (Mortality) based upon mortality rates from the RP-2014 combined tables projected by Scale MP-2021, (b) investment return (3.0%), (c) assumed average salary increases (4.5%), (d) withdrawal rates based on T7 turnover table, (e) discount rate (5.4%).

The foregoing actuarial assumptions are based on the presumption that the Plan will continue indefinitely. If the Plan was terminated, different actuarial assumptions might be applicable in determining the actuarial present value of accumulated Plan benefits. The computations of actuarial present value of accumulated Plan benefits were made as of August 1, 2023. Had the valuation been performed as of July 31, 2023, there would be no material differences.

## NOTES TO FINANCIAL STATEMENTS JULY 31, 2024 AND 2023

---

### Payment of Benefits

Benefits payments to participants and beneficiaries are recorded at the time of distribution.

### Fees and Expenses

As provided in the Plan document, administrative expenses may be paid either by the Plan or by the employer. Expenses paid by the employer are excluded from these financial statements. Expenses paid by the Plan are included in the Statement of Changes in Net Assets Available for Benefits.

### Reclassifications

Certain 2023 financial statement amounts have been reclassified to conform with classifications adopted in the current year. This reclassification did not have any change on net income or net assets available for benefits.

### Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including May 14, 2025, which is the date the financial statements were available to be issued. On December 19, 2024, the Plan approved an amendment to allow lumpsum distribution options effective January 1, 2025. In addition, effective January 1, 2025, the Plan increased the limit of mandatory distributions from \$5,000 to \$7,000 for terminated participants who have failed to complete a Retirement Plan Distribution Form within 30 days.

### **Note 3 – Unaudited Information Certified by the Custodian**

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by the Plan's Investment Custodian, Matrix Trust Company, as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying Statements of Net Assets Available for Benefits as of July 31, 2024 and 2023,
2. All investment activity reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended July 31, 2024 and 2023,
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of July 31, 2024 and the Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended July 31, 2024.

### Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of July 31, 2024 and 2023.

Registered investment companies: Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. They are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Deposit administration group annuity contract – guaranteed account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. In determining the reasonableness of the methodology, the Retirement Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are substantiated utilizing available market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gain/losses (realized and unrealized) included in change in net assets for the period are reported in net appreciation and depreciation in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

**Note 5 – Funding Policy and Administrative Fees**

The Plan is funded by contributions made by the Credit Union. The Credit Union's funding policy is to, at a minimum, make contributions to the Plan sufficient to meet the minimum funding requirements of ERISA, plus such additional amounts, if any, as actuarially determined. The Credit Union made contributions of approximately \$500,000 and \$552,000 for the years ended July 31, 2024 and 2023, respectively. The contributions satisfied the minimum funding requirements of ERISA for the years ended July 31, 2024 and 2023.

# SUMMIT CREDIT UNION DEFINED BENEFIT PLAN AND TRUST

## NOTES TO FINANCIAL STATEMENTS JULY 31, 2024 AND 2023

---

In order for CMFG to provide administrative services to the Plan, it charges, an amount necessary to cover certain expenses. Administrative expenses are paid from Plan assets. Certain administrative functions are performed by officers and employees of the Credit Union. Administrative expenses, including salaries and overhead, are paid directly by the Credit Union. Expenses that are paid directly by the Credit Union are excluded from these financial statements. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

### **Note 6 – Investment Contract**

The Plan has a deposit administration group annuity contract with CMFG, where the underlying investment is a guaranteed account. CMFG maintained the contributions in an unallocated fund to which it added interest at 1.95% and 1.90% during the years ended July 31, 2024 and 2023, respectively. Participant withdrawals and administrative expenses are reduced from the account. The interest rate is guaranteed for each specific year and is subject to change each preceding year.

### **Note 7 – Party-in-Interest Transactions**

Certain Plan investments are managed by CMFG, who is the Plan's record keeper. The Plan Administrator has also engaged Members Capital Advisors, Inc. to provide fund advisory services. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the record keeper from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

### **Note 8 – Plan Termination**

In the event the Plan terminates, the rights of all participants to benefits accrued to the date of such termination or discontinuance, to the extent funded, shall be nonforfeitable. Accordingly, the net assets of the Plan will be allocated in accordance with the Plan document and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits to former participants who have retired under the Plan prior to its termination.
- b. Benefits to participants who have reached the Plan's normal retirement date but have not retired on the date of termination.
- c. Benefits to participants who have not reached normal retirement date, in order that each participant will attain the normal retirement date. The benefit will be based on the accrued benefit at the time of termination.
- d. Any excess of funds will revert to the Credit Union.

# SUMMIT CREDIT UNION DEFINED BENEFIT PLAN AND TRUST

## NOTES TO FINANCIAL STATEMENTS JULY 31, 2024 AND 2023

---

Benefits to be provided via annuity contracts purchased prior to the termination date would be excluded for allocation purposes. Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for the accumulated benefit obligation and may also depend on the financial condition of the Credit Union and the level of benefit guaranteed by the PBGC.

### **Note 9 – Plan Amendment Tax Status**

The Plan utilizes a volume submitter Plan, which has been filed with the IRS and has received a determination letter dated February 28, 2023, that the Plan and the related trust are designed with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan permitted provisions of SECURE Act 2.0 during the year ended July 31, 2024. Written amendments to the Plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidelines.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **Note 10 – Risks and Uncertainties**

The Plan invests in various investments which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits. Plan contributions are made, and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change.

Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.
