## INDEPENDENT AUDITORS' REPORT

**To the Trustees of  
Gordon Feinblatt 401(k) Plan  
Baltimore, Maryland**

### *Opinion*

We have audited the financial statements of Gordon Feinblatt 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of July 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended July 31, 2024 and 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Gordon Feinblatt 401(k) Plan as of July 31, 2024 and 2023, and the changes in net assets available for benefits for the years ended July 31, 2024 and 2023 in accordance with accounting principles generally accepted in the United States of America.

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gordon Feinblatt 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gordon Feinblatt 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gordon Feinblatt 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gordon Feinblatt 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### ***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**GORDON FEINBLATT 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
*July 31, 2024 and 2023*

**NOTE A – DESCRIPTION OF PLAN**

The following brief description of the Gordon Feinblatt 401(k) Plan (the Plan), formerly known as the GFRH&H 401(k) Plan, is provided for general information purposes only. Participants should refer to the plan agreement for complete information.

**1. General**

The Plan is a defined contribution plan covering substantially all employees of Gordon Feinblatt, LLC (the Sponsor). The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for the oversight of the Plan. The Plan Trustees are comprised of three members, who are partners in the Sponsor. The Trustees determine the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan adopted provisions of the CARES, the SECURE Act and the SECURE 2.0 Act and the Plan document will be formally amended by December 31, 2029 in accordance with the legislation.

**2. Eligibility Requirements**

Each employee or member regularly scheduled to work at least 30 hours per week is eligible to participate as of the entry date coincident with, or following their date of hire and attainment of age twenty-one. An employee or member regularly scheduled to work less than 30 hours per week shall become an eligible participant as of the entry date coincident with, or following completion of one year of service and attainment of age twenty-one. Eligible employees and members may enter the Plan on February 1 or August 1 of each year.

**3. Contributions**

Each year, eligible participants may contribute up to the maximum allowed by the Internal Revenue Service (IRS) of annual pretax compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various options offered by the Plan.

The Sponsor may elect to make discretionary matching contributions. For the years ended July 31, 2024 and 2023, the Sponsor elected to contribute an amount equal to 50% of the employee's pre-tax contribution up to a maximum of 5% of their eligible compensation. Sponsor contributions are invested in the same investment options and allocation percentages as the participant's contributions.

## **NOTE A – DESCRIPTION OF PLAN – Continued**

### **4. Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of the Sponsor's contribution and Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **5. Earnings**

At the end of each business day, the record keeper makes an itemized valuation of all investment funds and determines the net income or loss of each investment fund. The portion of the participant's account invested in an investment fund shares proportionately in the investment earnings or losses of that fund.

### **6. Vesting**

Participants are vested immediately in their contributions plus actual earnings thereon. Participants vest in Sponsor matching contributions based on years of service as follows:

<u>Years of service</u>	<u>Vested interest</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Distribution of the participant's vested account balance will be made as soon as practicable after the valuation date following termination of their employment.

### **7. Forfeited Accounts**

Any participant who terminates employment without being 100% vested in their employer matching account conditionally forfeits their unvested portion of the employer's matching contribution. The forfeiture becomes permanent if the participant incurs five consecutive years of non-employment with the Sponsor. Otherwise, the participant may regain the forfeiture if they renew employment with the Sponsor before the five-year period concludes.

Forfeited amounts are first applied to restore any participant accounts previously forfeited but who have reentered the Plan within the five-year period. Any remaining forfeited amounts are then used to reduce the employer matching contribution required for the Plan year. At July 31, 2024 and 2023, forfeited non-vested account totals were \$-0- and \$6, respectively. During the years ended July 31, 2024 and 2023, \$-0- and \$6 were used to reduce Sponsor contributions, respectively.

## **NOTE A – DESCRIPTION OF PLAN – Continued**

### **8. Retirement Benefits**

#### Normal Retirement:

Participants are eligible to retire at or after their 65th birthday.

#### Postponed Retirement:

Participants who continue employment with the Sponsor beyond their normal retirement date may continue to participate. Benefits will be distributed as soon as practicable after the valuation date following their actual retirement date.

### **9. Death Benefits**

Upon the death of a participant, their designated beneficiary is entitled to the value of their account balance. The beneficiary of a married participant is the spouse unless the spouse has filed a written consent to the contrary with the Plan Administrator. Payment will begin within one year after date of death or deferred to the date the participant would have reached 65 years of age.

### **10. Payment of Benefits**

Upon retirement, death, or total and permanent disability of a participant, or upon participant's termination of employment with the employer, the participant or their beneficiary is entitled to distribution of their account. Benefit payments are only paid in lump sum payments and are recorded when paid. During the year ended July 31, 2021, as a response to COVID-19, Congress passed legislation that included relief for participants of benefit plans in the CARES Act and the SECURE Act. The Plan adopted the provision of the CARES Act and SECURE Act which allowed qualified individuals to receive payments of benefits up to \$100,000 without the 10% penalty for a specified period of time ending on December 31, 2020. As of December 31, 2023, the payback period allowed by the CARES Act has expired and no participants elected to pay back their qualified distributions.

### **11. Plan Termination**

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the trust will continue as before with participants' account balance payable in the same manner as if the Plan had not terminated, or participants' accounts may be distributed to participants.

### **12. Notes Receivable from Participants**

Participants may borrow from their vested account balance. Notes bear a reasonable rate of interest as determined by the plan administrator based on the prevailing rates for similar notes which range from 4.25% to 9.50%. The minimum amount to borrow is \$1,000, and the maximum amount is limited to the lesser of (1) \$50,000 reduced by the excess, if any, of the highest outstanding balance of notes receivable from the Plan to a participant, or (2) one-half the vested balance of a participant's account. The loans are secured by the participants vested balance.

## **NOTE A – DESCRIPTION OF PLAN – Continued**

### **12. Notes Receivable from Participants – Continued**

All notes must be repaid within five years unless the note is used to buy, construct or substantially renovate the participant's primary home. A participant's vested account balance will be reduced by the amount of the unpaid note balance if not paid in full within one calendar quarter after employment separation. The Plan adopted provisions of the CARES Act and the SECURE Act which allowed qualified individuals to borrow from their fund accounts equal to the lesser of \$100,000 or 100% of their vested account balance.

## **NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements.

### **1. Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

### **2. Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustees. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **3. Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of July 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### **4. Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements.

## **NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**

### **4. Administrative Expenses – Continued**

Certain fees related to the administration of participant transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

### **5. Payment of Benefits**

Benefits are recorded when paid.

### **6. Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimated.

### **7. Subsequent Events**

The Plan has evaluated subsequent events through May 14, 2025, the date the financial statements were available to be issued.

## **NOTE C – TAX STATUS**

The Internal Revenue Service (IRS) has determined and informed the Sponsor by a letter dated September 27, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS and state taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **NOTE D – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## **NOTE E – FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2024 and 2023.

*Registered investment companies and common stock:* Valued at the closing price reported on the active market in which the individual securities are traded.

*Money market funds:* Valued at quoted market prices on the active market on which the shares are traded.

**NOTE E – FAIR VALUE MEASUREMENTS – Continued**

The following table is set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2024 and 2023:
