Plan Administrator and Management of
El Paso Pain Center Defined Benefit Plan & Trust

We have audited the financial statements of El Paso Pain Center Defined Benefit Plan & Trust ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), for the period January 1, 2024 to July 31, 2024, and we will issue our report thereon dated May 15, 2025. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated February 3, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note A to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the period January 1, 2024 to July 31, 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the actuarial present value of accumulated plan benefits is based on participant data, benefits data and estimated future benefits. We evaluated the key factors and assumptions used to develop the actuarial present value of accumulated plan benefits in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure in Note A to the financial statements which described the termination of the Plan effective March 31, 2023 and the liquidation of the Plan during 2024.

The disclosure of the fair value of investments which is described in Note C to the financial statements is based on market valuations that affect Plan assets on a daily basis.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No misstatements were detected.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated May 15, 2025.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Plan Administrator and Management of El Paso Pain Center Defined Benefit Plan & Trust and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator
El Paso Pain Center Defined Benefit Plan & Trust
El Paso, Texas

Opinion

We have audited the accompanying financial statements of El Paso Pain Center Defined Benefit Plan & Trust (the "Plan"), which comprise the statements of net assets available for plan benefits and accumulated plan benefits as of July 31, 2024 and December 31, 2023 and the related statements of changes in net assets available for plan benefits and accumulated plan benefits for the period January 1, 2024 to July 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits and accumulated plan benefits of the Plan as of July 31, 2024 and December 31, 2023, and the changes in its net assets available for plan benefits and accumulated plan benefits for the period January 1, 2024 to July 31, 2024, in accordance with accounting principles generally accepted in the United States.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of El Paso Pain Center Defined Benefit Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note A, effective March 31, 2023, El Paso Pain Center, P.A. (the Company) terminated the Plan. The Company completed the liquidation of the Plan during the period January 1, 2024 to July 31, 2024.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

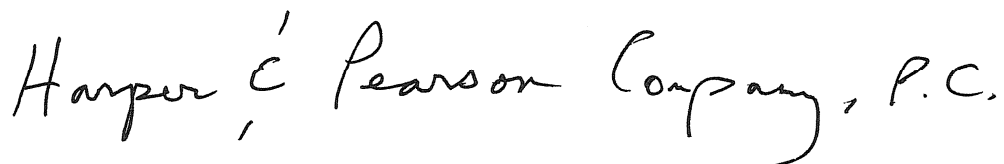

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of reportable transactions is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS
JULY 31, 2024 AND DECEMBER 31 2023

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Plan - El Paso Pain Center Defined Benefit Plan & Trust (the Plan) is a defined benefit retirement plan of El Paso Pain Center, P.A. (the Company). The Plan was adopted January 1, 2014 and restated January 1, 2019. The Company serves as the Plan Sponsor for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 and all subsequent rulings issued by the Department of Labor.

Effective March 31, 2023, the Company terminated the Plan. The Company completed the liquidation of the Plan during 2024. The Plan has opted to apply the practical expedient addressed in FASB ASC 205-30 which allows the financial statements to be presented on a GAAP or modified cash basis instead of the liquidation basis since the impact of the financial statements is not materially different as of July 31, 2024 and December 31, 2023.

Eligibility - Employees of the Company are eligible to participate beginning each January 1 or July 1 which coincides with the attainment of one year of service or 1000 hours of service.

Credited and Vesting Service - Vesting is at a rate of 20% each year after two years of vesting service with 20% vested in the second year. Vesting service is computed using an elapsed time method. Vesting service is computed using an elapsed time method. Vesting for the Plan is as follows:

After 2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Contributions - Contributions to the Plan are made by the Company. Contributions by employees are not currently permitted. The contributions are actuarially determined in an amount sufficient to satisfy the minimum funding standards of the Employee Retirement Income Security Act of 1974 (ERISA) and the Full Funding Limitation (FFL) of the Internal Revenue Service. The FFL is equal to the amount necessary to fully fund the Plan. The Plan period from January 1, 2024 to July 31, 2024 required no minimum contribution.

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. As discussed in Note E, effective April 3, 2023, the Plan was frozen to new entrants hired on or after this date.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and the actuarial present value of accumulated plan benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income, expenses and the changes in the actuarial present value of accumulated plan benefits during the reporting period. Actual results could differ from those estimates.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

Basis of Accounting and Valuation of Investments - The accompanying financial statements are prepared on the accrual basis of accounting. Purchases and sales of investments are recorded on trade date basis and dividend and interest income are recognized when earned. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Administration - Two employees of the Company serve as trustees of the Plan. The Plan is administered by management of the Company. Substantially all expenses for the period January 1, 2024 to July 31, 2024 were paid by the Company.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future benefit payments attributable, under the Plan's provisions, to service that employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits has been determined by an independent actuary, and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the benefit information date and the expected payment dates.

The significant actuarial assumptions used in calculating the actuarial present value of accumulated plan benefits as of July 31, 2024 and December 31, 2023 are as follows:

Interest rates:	5.00%
Mortality rate:	G94 GAR, Unisex, projected to 2002 using scale AA
Accrual Method:	Unit Credit

Payments of Benefits - Benefit payments to participants are recorded upon distribution. The normal form of benefit is a life annuity with a survivor annuity of 50% of the amount payable during the joint lives of the participant and spouse.

Federal Income Tax - The Internal Revenue Service informed the Plan Administrator, by letter dated March 30, 2018, that the Plan constitutes a qualified trust under Section 401(b) of the Internal Revenue Code, and the Plan is tax exempt.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of July 31, 2024, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2021 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent Events - The Plan has evaluated subsequent events through May 15, 2025, the date the financial statements were available to be issued. No subsequent events occurred, which required adjustment or disclosure to the financial statements at July 31, 2024.

NOTE B INVESTMENTS

All investments are recorded at fair value. The following table summarizes the investments of the Plan as of July 31, 2024 and December 31, 2023:

	2024	2023
Common stocks	\$ -	\$ 1,812,980
Interest-bearing cash	-	57,417
	\$ -	\$ 1,870,397

NOTE C FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access.

Level 2 – Other significant observable inputs (including quoted prices in active and inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

EL PASO PAIN CENTER DEFINED BENEFIT PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
JULY 31, 2024 AND DECEMBER 31 2023

NOTE C FAIR VALUE DISCLOSURES (CONTINUED)

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation technique used for investments measured at fair value. There have been no changes in the technique used during 2024 and 2023.

Common stocks and interest-bearing cash are valued at the market value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of investments are categorized as follows at July 31, 2024 and December 31, 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Common Stocks	\$ -	\$ -	\$ -	\$ -
Interest-bearing cash	-	-	-	-
Total Investments at Fair Value	\$ -	\$ -	\$ -	\$ -
	2023			
	Level 1	Level 2	Level 3	Total
Common Stocks	\$ 1,812,980	\$ -	\$ -	\$ 1,812,980
Interest-bearing cash	57,417	-	-	57,417
Total Investments at Fair Value	\$ 1,870,397	\$ -	\$ -	\$ 1,870,397

There were no significant transfers in and/or out of the fair value categories during 2024 and 2023.
