Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: CROWE PR PSC

(2) EIN: 66-0539048

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount

INDEPENDENT AUDITOR'S REPORT

**To the Board of Trustees of
Universidad Politécnica Retirement Plan
San Juan, Puerto Rico**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Universidad Politécnica Retirement Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of July 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended July 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Universidad Politécnica Retirement Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of July 31, 2024 and 2023 and for the year ended July 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Universidad Politécnica Retirement Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Universidad Politécnica Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Universidad Politécnica Retirement Plan's** internal control. Accordingly, no such opinion is expressed.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Universidad Politécnica Retirement Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedules Required by ERISA (Continued)

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UNIVERSIDAD POLITÉCNICA RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF JULY 31, 2024 AND 2023 AND FOR THE YEAR ENDED JULY 31, 2024

1. DESCRIPTION OF PLAN

The following description of Universidad Politécnica Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General - On May 21, 2019, the Universidad Politécnica de Puerto Rico, Inc. (the University) adopted a qualified profit-sharing plan in the form of the BPAS Master Prototype Defined Contribution Cash or Deferred Arrangement Profit Sharing Plan (BPAS Master Plan) for the purpose of providing retirement benefits to its employees and to encourage and assist them in adopting a regular savings program by means of payroll deduction through a plan that qualifies under applicable laws of the Commonwealth of Puerto Rico. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan covers all Puerto Rico full-time and part-time employees that work at least 1,000 hours during the plan year at the University, completed nine months of service, and are age 21 or older. The Plan was established on August 1, 2003, and is subject to the provisions of the ERISA. The Board of Trustees is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions - Under Section 1108 of the Puerto Rico Internal Revenue Code of 2011 (the Code), as amended, the deferred contribution limit amounts to \$15,000 in 2024 and 2023. The Code also allows the participant to invest up to \$5,000 in a qualified IRA account without considering the contributions made to the 401(k) plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to a maximum of \$1,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The University matched employees' contributions in an amount equal to 40 percent of the participant's pre-tax contribution to a maximum of 8 percent of eligible compensation. Effective May 2, 2022, the University increased the matching contribution by an amount equal to 50 percent of the participant's pre-tax contribution to a maximum of 7 percent of eligible compensation. Participants direct their contributions into various investment options offered by the Plan.

Participant Accounts - Each participant account is credited with the participant's contributions and University's matching contributions, as well as allocations of the University's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the University's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan rate will be the highest prime rate published in the "Money Rates" section of the Wall Street Journal when the loan is made. Principal and interest are paid ratably through monthly payroll deductions and must be paid within five years for general purposes and twenty-five years for principal residence loans. The participant may have only one outstanding loan at a time. As of July 31, 2024, the note receivable from participants amounted to \$1,662. There was no note receivable from participants as of July 31, 2023.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

AS OF JULY 31, 2024 AND 2023 AND FOR THE YEAR ENDED JULY 31, 2024

1. DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits - On termination of service, a participant depending on the account balance, may elect to receive or defer an amount equal to the value of the participant's vested interest in his or her account either in a lump-sum amount or installments until exhausted. In certain events, the participant may withdraw funds from their account while under the employment of the University (refer to In-Service Withdrawals). For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts - As of July 31, 2024 and 2023, forfeited nonvested accounts totaled \$17 and \$16, respectively. These accounts will be used to reduce future employer contributions. For July 31, 2024, the forfeited contributions amounted to \$1,214 to meet the non-discrimination test.

In-Service Withdrawals - In-Service Withdrawals are only allowed in case of financial hardship that may include, among other the following events: (a) purchase of principal residence; (b) emergency medical cost of the participant or an immediate family member; (c) education of participant or immediate family member; and (d) funeral expenses of an immediate family member. This includes a penalty of a minimum of one year without contributions.

Investment Options - Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-three mutual funds and an investment contract with an insurance company, as investment options for participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis of accounting. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

UNIVERSIDAD POLITÉCNICA RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

AS OF JULY 31, 2024 AND 2023 AND FOR THE YEAR ENDED JULY 31, 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions and Benefits - Contributions are included in income during the period in which the work is performed. Benefits to members are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the University and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation of the fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Date of Management's Review of Subsequent Events - Subsequent events were evaluated through May 14, 2025, which is the date the financial statements were available to be issued. The Plan has determined that there are no events occurring in this period that require disclosure in or adjustment to the accompanying financial statements.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

AS OF JULY 31, 2024 AND 2023 AND FOR THE YEAR ENDED JULY 31, 2024

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2024 and 2023.

Mutual funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, and accordingly, presents limited risk of being sold at an amount different from NAV per share.

Collective investment trusts

Also known as CITs, is a group of pooled accounts held by a trust company. The financial institution groups assets to develop a single larger, diversified portfolio, to benefit from the economics of scale. The Plan invests in CIT's A2 funds, which are a group of assets contributed for retirement, profit sharing, stock bonus, or other entities exempt from federal income tax. CITs are funds not regulated by the Securities Exchange Commission (SEC) or the Investment Act of 1940 but operate instead under the regulatory authority of the Office of the Comptroller of the Currency (OCC). The trust, acting as a fiduciary, has a legal title to the asset in the fund. However, those participating in the fund own any benefits of the fund's assets. They are, in effect, the beneficial owners of the asset.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2024 and 2023:

2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes the changes in the fair value of investments classified within Level 3 of the fair value hierarchy for the years ended July 31, 2024 and 2023:

	2024	2023
Investment Contract with Insurance Company

Loan activity	(46)	-
Transfers other	(180,391)	(36,639)
Ending balance	\$ 1,368,346	\$ 1,449,357

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has selected the method of compliance permitted by 29 CFR 2520-103-5(c) of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA Section 103(a)(3)(c). Accordingly, BPAS has certified the completeness and accuracy of all investments and investments transactions reflected as of July 31, 2024 and 2023, and for the year ended July 31, 2024. Said investment information is presented in the accompanying statements of net assets available for benefits, the Schedule H, line 4i - Schedule of Assets (Held at End of Year) (2024 only), and the related investment activity reflected in the statement of changes in net assets available for benefits for the year then ended July 31, 2024.

5. FULLY BENEFIT-RESPONSIVE CONTRACT WITH UNIVERSAL LIFE INSURANCE COMPANY

In May 2019, the Plan entered into a fully benefit-responsive investment contract with Universal Life Insurance Company (Universal). Universal maintains the contributions in an unallocated fund to which it adds interest at a rate of 2 percent. This investment choice is not guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. This is an investment in the general account of Universal and the value is guaranteed by Universal as a going concern. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value. Although plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, Universal may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

5. FULLY BENEFIT-RESPONSIVE CONTRACT WITH UNIVERSAL LIFE INSURANCE COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan's sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from Puerto Rico income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without consent of the issuer.

As of July 31, 2024 and 2023, the Plan's balance of investment contracts was \$1,368,346 and \$1,449,357, respectively.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the University has the right under the Plan Agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the University may determine.

7. TAX STATUS

The University adopted the BPAS Master Prototype Defined Contribution Plans (BPAS Master Plan) effective May 21, 2019. BPAS Master Plan has already obtained a favorable determination letter dated April 2, 2014, from the Puerto Rico Treasury Department as to its qualified status under Section 1081.01 of the Internal Revenue Code for a New Puerto Rico, as amended, and the Regulations issued thereunder. To maintain the tax-exempt status, the Plan must comply with certain Minimum Coverage and Nondiscrimination tests. The Plan complied with said test requirement, after using the available correction method, as of July 31, 2024 and 2023.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Department of Treasury. The Plan is subject to routine audits by its taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan is not currently under income tax examination.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

9. PARTY IN INTEREST TRANSACTIONS

Management of the Plan has not identified any party in interest transactions.
