Plan Administrator
Guayaki Yerba Mate 401(k) Plan
Venice, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the financial statements of the **Guayaki Yerba Mate Co. LLC 401(k) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2023 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the 2023 financial statements, is complete and accurate.

Disclaimer of Opinion on the 2023 Financial Statements

We do not express an opinion on the accompanying financial statements of the **Guayaki Yerba Mate Co. LLC 401(k) Plan**. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2023 financial statements.

201 East Pine Street, Suite 801, Orlando, FL 32801

Basis for Disclaimer of Opinion on the 2023 Financial Statements

Guayaki Yerba Mate Co. LLC 401(k) Plan does not have sufficient accounting records and source documents relating to certain participant accounts as of December 31, 2022. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying 2023 financial statements may have been affected by these conditions.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the 2023 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the 2023 financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2023 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Our responsibility is to conduct an audit of the ***Guayaki Yerba Mate Co, LLC 401(k) Plan's*** financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these 2023 financial statements.

We are required to be independent of the ***Guayaki Yerba Mate Co. LLC 401(k) Plan***, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

2023 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of and for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

2022 Statement of Net Assets Available for Benefits

The accompanying December 31, 2022 statement of net assets available for benefits and the related notes to the statement were compiled by us. We performed the compilation engagement in accordance with *Statements on Standards for Accounting and Review Services* promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the December 31, 2022 statement of net assets available for benefits, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any assurance on this statement.

GUAYAKI YERBA MATE 401(k) PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following description of the **Guayaki Yerba Mate Co. LLC 401(k)** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Guayaki ("GSRP" or the "Company") and The Yerba Mate Co. LLC ("YMCO" or the "Adopting Employer") who have six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2023, the plan sponsored by YMCO was merged into the Plan.

For the period January 1, 2023 through July 31, 2023, the assets were held by and recordkeeping was performed by Ascensus Trust Company ("Ascensus"). For the period August 1, 2023 through December 31, 2023, the assets were held by and recordkeeping performed by John Hancock Trust Company, LLC ("John Hancock"). The Company is the administrator of the Plan (the "Plan Administrator"). Ascensus and John Hancock holds all assets of the Plan in accordance with the service provider contract with the Company. The Investment Committee is responsible for oversight of the Plan and the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may elect to contribute up to 100% of annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code (the "Code"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. The Company makes a Safe Harbor matching contribution of 100% of participants' deferrals up to 5% of their eligible compensation. The Company may also make discretionary profit sharing contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

During 2023, the Company made Qualified Non-elective Contributions ("QNEC") to the Plan to 1) correct prior year missed deferral and matching contributions plus lost earnings for certain YMCO employees and 2) conform the GSRP matching contribution to that of the YMCO participants.

GUAYAKI YERBA MATE 401(k) PLAN

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of any Company profit sharing contributions (when made) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Participants who initiate a loan or benefit payment are charged a fee for that transaction. Allocations may be based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferrals and Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions is based on years of continuous service. A participant vests 33% each year until fully vested after the completion of three years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balances in the participants' accounts. The loan interest rate, determined as loans are requested, is set at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, financial hardship, retirement or any other distributive event, as defined in the Plan agreement, participants or their beneficiaries may receive an amount equal to the value of the participant's vested interest in their account in a lump-sum payment or in various installment annuities. The Plan also allows distributions on attainment of 59 1/2 years of age equal to the value of the participant's vested interest in their account.

Forfeited Accounts

If a participant is not fully vested on their termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer cash contributions with any remaining amounts first used to pay Plan expenses and then allocated among the accounts of participants. Employer cash contributions were reduced by approximately \$25,800 from forfeited nonvested accounts during 2023. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$4,757 and \$101, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

GUAYAKI YERBA MATE 401(k) PLAN

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in accordance with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to Plan administration, and audit and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to certain distribution types.

Notes to Financial Statements

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to the most recent statement of net assets available for benefits presented herein, through the date these financial statements were available to be issued.

3. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net change in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to and derived from information certified as complete and accurate by Ascensus and John Hancock.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

GUAYAKI YERBA MATE 401(k) PLAN

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Collective investment trusts ("CIT"): Valued at the net asset value ("NAV") of units of a collective trust fund, is classified as "other" and is not assigned a level in the fair value hierarchy. The NAV as provided by the trustee of the CIT, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Mutual funds: Shares held in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities & Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments measured at fair value at December 31:

2023	Level 1	Level 2	Level 3	Other (1)	Total
Collective investment trusts	\$ -	\$ -	\$ -	\$ 9,171,974	\$ 9,171,974
Mutual funds	970,493	-	-	-	970,493
Total investments at fair value	\$ 970,493	\$ -	\$ -	\$ 9,171,974	\$10,142,467
2022	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 4,344,527	\$ -	\$ -	\$ -	\$ 4,344,527

(1) Certain investments are measured at NAV per share (or its equivalent) on a non-active market and have not been classified in the fair value hierarchy and are presented in the column titled "Other" above. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

GUAYAKI YERBA MATE 401(k) PLAN

Notes to Financial Statements

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets into or out of Level 3 in 2023 or 2022.

Investment Type	2023			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trusts	\$ 9,171,974	\$ -	Daily	12 months

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in funds and accounts that are managed by Ascensus or John Hancock or their subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Ascensus or John Hancock by participants. The Plan paid for third party administrator fees and investment advisory fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. TAX STATUS

The Plan uses a prototype plan document sponsored by FIS Business Systems, Inc. The prototype plan document has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

As noted in the Operational Defects note below, the Plan may be subject to penalties imposed by the Department of Labor ("DOL") and the IRS due to certain operational matters. These penalties can include monetary fines and, in severe cases, jeopardize the Plan's tax-qualified status, potentially leading to adverse tax consequences for both the Plan and its participants.

GUAYAKI YERBA MATE 401(k) PLAN

Notes to Financial Statements

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Subsequent to year end, the Adopting Employer downsized its workforce which may result in a partial plan termination.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company was untimely in remitting certain participant contributions (and loan repayments) on certain dates in 2020 through 2023. Late remittances of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. Although the Company has remitted the delinquent participant contributions and loan repayments, the Company will reimburse the Plan for any lost earnings in 2025.

9. RISKS AND ECONOMIC UNCERTAINTIES

The Plan invests in various investment securities with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan's investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

10. OPERATIONAL DEFECTS

The Plan Administrator is required to retain records supporting the Plan's activity and to complete the required filing of Form 5500 annually with the DOL to report the financial condition, investments, participant balances and operations of the 401(k) plan. The Plan Administrator was unable to provide certain participant records, resulting in a modified audit opinion on the December 31, 2023 financial statements. In addition, potential errors were noted in various deferral calculations and employee contributions were not remitted timely to the Plan in numerous instances. As a result, the Plan may be subject to penalties imposed by the DOL and the IRS. These penalties can include monetary fines and, in severe cases, jeopardize the Plan's tax-qualified status, potentially leading to adverse tax consequences for both the Plan and its participants. The Plan Administrator is taking corrective actions and is committed to record retention to avoid future issues.
