INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Tyler Beverages, Inc. 401(k) Plan
Tyler, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Tyler Beverages, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended September 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards ("GAAS") will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tyler Beverages, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tyler Beverages, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of September 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Compiled Financial Statements

Plan management is responsible for the statement of net assets available for benefits as of September 30, 2022 of the Tyler Beverages, Inc. 401(k) Plan. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the financial statement

TYLER BEVERAGES, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2023 AND 2022 (COMPILED)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Tyler Beverages, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan adopted on October 1, 2008, covering all employees of the Plan Sponsor, Tyler Beverages, Inc. (the "Company" or the "Employer"), who have satisfied eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Eligible employees are permitted to make tax-deferred contributions under section 401(k) of the Internal Revenue Code (IRC). The Company is permitted to make three forms of contributions to eligible participants under the provisions of the Plan: 1) a safe-harbor contribution (effective January 1, 2015), 2) a discretionary matching contribution, and 3) a discretionary profit-sharing contribution.

ELIGIBILITY

Employees become eligible to participate in the Plan (including making salary deferrals and participating in Employer safe-harbor and discretionary matching contributions) on the first day of each calendar month coinciding with or next following the date the employee completes 90 days of service.

To be eligible for the Employer discretionary profit-sharing contributions, participants must complete at least 3 months of service with 190 hours in each month, except in the case of the participant's death, total and permanent disability.

CONTRIBUTIONS

Participants may elect to contribute amounts up to 100% of eligible compensation as defined by the Plan, not to exceed the limit imposed by the IRC. Pursuant to IRC 414(v), participants that reach age 50 before the close of the Plan year may make catch-up contributions. Rollover contributions from qualified plans are allowed. Participants direct the investment of their contributions into various investment options offered by the Plan. For 2023, no discretionary matching contributions were made. Effective January 1, 2015, the Plan was amended to add an employer safe harbor matching contribution of 100% of the participant's elective deferrals up to 4%.

The Company's discretionary profit-sharing contribution is allocated to eligible participants based on each participant's compensation for the Plan year to the total eligible compensation of all participants for the Plan year. For the year ended September 30, 2023, no discretionary profit-sharing contribution was made.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, the Employer's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan as defined in the Plan document. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately 100% vested in their elective deferral contributions, rollover contributions, Employer's profit-sharing contributions and the Employer's safe harbor contributions, including any actual earnings on these contributions.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

PAYMENT OF BENEFITS

Participants are entitled to the benefits that can be provided from their vested individual account balances upon retirement, death, disability, or termination. In-service distributions are permitted only from fully vested sources. Payment is required to be made as soon as administratively feasible after one of these events occurs. The vested portion of the participant's benefits may be distributed to the participant or his beneficiary in the form of a single lump-sum payment, partial withdrawals or installments (for required minimum distributions), or as a direct rollover to an individual retirement account. Vested balances less than $5,000 at termination of employment are paid as a lump sum.

FORFEITURES

Under the provisions of the Plan, participant balances are 100% always vested and there are no forfeitures within the Plan.

PLAN ADMINISTRATOR

The Plan Administrator is responsible for the overall administration of the Plan. This includes maintaining the Plan in compliance with applicable laws and regulations, ensuring that contributions are made in accordance with the Plan document, and overseeing the investment of Plan assets. The Plan Administrator has the authority to interpret the Plan's provisions and to resolve any questions arising in connection with the administration, interpretation, and application of the Plan. The Plan Administrator may delegate certain administrative functions to third-party service providers.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan have been prepared on the accrual basis of accounting.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of participant loans and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in the fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets held at end of year, including investments held at September 30, 2023, and net appreciation (depreciation) in fair value of investments and interest and dividend income for the year ended September 30, 2023, was obtained from data that has been prepared and certified as complete and accurate by Transamerica.

Investments at fair value	$ 4,417,296
Investment income	$ 398,147

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to related information included in the 2023 financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2023.

Pooled Separate Accounts: The fair value of pooled separate accounts is based on their accumulation unit value (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is established when a new fund starts and is determined daily based on the net asset value of shares of the underlying fund. The AUV is used as a practical expedient to estimate fair value. The redemption frequency and notice periods of each of these pooled separate accounts is daily, and there are no redemption restrictions on unfunded commitments.

NOTE 4 - FAIR VALUE MEASUREMENTS - CONTINUED

In accordance with accounting principles generally accepted in the United States of America, certain investments that were measured at net asset value per share practical expedient (or its equivalent) have not been classified in the fair value hierarchy.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of September 30, 2023:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Septmeber 30, 2023:				
Pooled separate accounts	$ 4,417,296	N/A	Daily	Daily
September 30, 2022:				
Pooled separate accounts	$ 3,747,947	N/A	Daily	Daily

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. As such, Transamerica, the custodian, is considered a party-in-interest. The Plan holds units of certain pooled separate accounts issued and managed by the custodian. Therefore, these investments qualify as party-in-interest transactions. Fees paid to the custodian and other service providers are party-in-interest transactions and are included in administrative expenses or net appreciation of fair value of investments in the statement of changes in net assets available for benefits. Fees paid by the Plan for the investment management services totaled $4,404 for the year ended September 30, 2023. All such party-in-interest transactions are covered by an exemption from the "prohibited transactions" provisions of ERISA and the IRC.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan with respect to either a portion or all of the participants by delivering to the custodian written notice of such termination. In the event of Plan termination, participants will receive 100% of vested balances in their accounts.

NOTE 7 - TAX STATUS

The Plan Sponsor has adopted a prototype plan which received a favorable tax determination letter from the Internal Revenue Service dated March 31, 2014, which states that it qualifies under Section 401 of the IRC and is therefore not subject to tax under present income tax law. Although the Plan has been restated since receiving the determination letter, the Plan Administrator and tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing authorities, however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through May 9, 2025, the date the financial statements were available to be issued.
