BlueLinx Corporation Hourly Retirement Plan
Marietta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of the BlueLinx Corporation Hourly Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 (in liquidation), and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from qualified institutions as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting on the 2023 Financial Statements

As further discussed in Note 11 to the financial statements, the Administrative Committee of BlueLinx Corporation Hourly Retirement Plan approved a plan of liquidation on November 18, 2022, and management determined liquidation is imminent. As a result, BlueLinx Corporation Hourly Retirement Plan changed its basis of accounting to the liquidation basis of accounting used in presenting the 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2023, and Schedule H, Line 4j - schedule of reportable transactions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

2023 Supplemental Schedules Required by ERISA (cont.)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements of the Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report, dated August 20, 2024, indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agrees to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the BlueLinx Corporation Hourly Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a noncontributory defined benefit pension plan covering certain hourly employees of BlueLinx Corporation (the Employer or Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Termination

On November 18, 2022, the Company passed a resolution to terminate the Plan. Effective December 31, 2022, the Plan adopted an amendment to terminate and liquidate the Plan. No participants were allowed to enter the Plan after the date of Plan termination. All participants were fully vested in their account balances, and the account balances will be liquidated and distributed to participants as soon as administratively practicable after that time.

Contributions

The Company contributed amounts that were necessary to maintain the Plan on a sound actuarial basis and to meet the minimum funding standard prescribed by law. The minimum funding requirements of ERISA were met in 2023 and 2022. The Company made contributions of \$6,900,000 and \$0 for the year ended December 31, 2023 and 2022, respectively.

Pension Benefits

Normal retirement commenced on the first day of the month on or after the date on which a participant had attained the age of 65. The Plan permitted early retirement for any participant who had attained age 55 and had at least five years of vesting service, as defined by the Plan document. The normal retirement benefit was reduced by 0.5% for each month the early retirement date precedes age 62.

Normal retirement benefits were based on an annuity for life, as defined in the Plan document, if the participant was not married. Married retirees automatically received their pension retirement benefits in the form of a joint and survivor (spouse) annuity, actuarially reduced from the normal benefit, unless an election was made to receive the benefit in another form. If the actuarial value of a participant's total vested pension at the time the participant retired or terminated employment was less than \$5,000, the actuarial value was paid in a single lump-sum.

As of July 31, 2019, the Plan was amended and frozen to all employees. Subsequent to the amendment date, no additional benefits have been earned by employees.

During 2023, the Plan offered a voluntary lump sum option to participating active employees and participants with deferred benefits due to the Plan termination as described in Note 11. Following the voluntary lump sum window, annuity contracts were purchased, for approximately \$64 million, on behalf of all remaining participants that elected not to take a voluntary lump sum payment. The purchase of the annuity contracts is included in benefit payments in the statement of changes in net assets available for benefits as of December 31, 2023. The first payment to annuitants began on February 1, 2025.

Pre-Retirement Survivor Annuity Benefit

The spouse of an active or terminated participant with a vested benefit was entitled to a pre-retirement survivors benefit payable in the event of the participant's death prior to actual retirement.

1. Description of the Plan (cont.)

Disability Benefits

The monthly disability benefit equaled a participant's accrued normal and past service retirement benefits (actuarially unreduced) computed as of the commencement of his/her total disability. These monthly payments were reduced by the amount received by the participant under provisions of the applicable state workers compensation act (or under any insurance adopted by the Company in lieu thereof). Benefits ceased upon recovery or at age 65, when normal retirement benefits and any past service retirement benefits became payable.

A participant was eligible for disability benefits when: (a) the participant had at least five years of benefit service or at least 10 years of vesting service including not less than one year of benefit service (b) the participant was totally disabled; and (c) the participant remained disabled and no longer actively works as an employee on the first day of the month following completion of six months of total disability.

Death Benefits

When an active participant died after completing five years of benefit service, the beneficiary received the pre-retirement survivor annuity benefit. The beneficiary may have elected to receive 36 monthly payments equal to the retirement benefits to which the participant would have been entitled at age 65, based upon benefit service and past service, determined at the time of death. If a retired or disabled participant who elected not to receive a joint and survivor annuity died before receiving 36 monthly benefit payments, the beneficiary continued to receive payments until 36 payments have been made.

Vesting

Prior to the termination date, participants became 100% vested upon completion of five years of vesting service, attainment of age 65 while still an employee of the Company, or satisfying the early retirement criteria, as defined by the Plan document. If a participant terminated employment before satisfying these vesting requirements, he/she forfeited the right to receive the benefits accumulated.

Administrative Expenses

The Company serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions, which may affect eligibility for benefits. Administrative expenses, including trustee fees, are paid by the Plan.

2. Summary of Significant Accounting Policies

Basis of Presentation

The 2023 and 2022 financial statements have been prepared under the liquidation basis. This basis was adopted when liquidation was deemed imminent in accordance with Accounting Standards Update ("ASU") 2013-07, Liquidation Basis of Accounting. Plan management determined that liquidation was imminent upon adoption of the resolution to terminate the Plan on November 18, 2022. Under the liquidation basis of accounting, assets are measured at their net realizable value, estimated by fair value reduced by surrender charges, penalties and redemption charges, and disposal expenses, to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process. Liabilities are measured using the accrual basis of accounting, including any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

2. Summary of Significant Accounting Policies (cont.)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities were recorded on a trade-date basis. Interest income (loss) was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses in investments sold as well as held during the year. See Note 6 for further discussion of fair value measurements.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (Note 7) represented estimated future periodic payments, including lump-sum distributions, to be made in accordance with the Plan's provisions with respect to service which employees have rendered to the valuation date or freeze date. It included benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. The accumulated plan benefits were based on earnings and/or years of credited service designated by the Plan document and were in effect at the valuation date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date or freeze date.

Benefits Paid

Benefits are recorded in the year in which they are paid.

3. Funding Policy

Company contributions that meet the funding requirements of ERISA are determined by actuarial valuations and are made to the Plan in amounts expected to be sufficient to provide the Plan with assets to pay estimated pension benefits to Plan participants.

Contributions to the Plan were determined based upon calculations made by the actuary and were designed to annually fund current normal cost and to amortize the unfunded liability, which resulted in annual contributions equal to or in excess of the minimum funding requirements.

4. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Bank (Principal) has certified that the financial information included in the financial statements and supplemental schedules as of December 31, 2023 and 2022, and for the years then ended, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss), except for the real estate investment disclosed in Note 5 and any related unrealized gain (loss), included in the accompanying financial statements and supplemental schedules as of December 31, 2023 and 2022, and for the years then ended, are covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. Real Estate Investment

In April 2013, the Company contributed Company-owned real property in two locations to the Plan. The Plan obtained an independent appraisal of the property, and based on these appraisals, the Plan recorded the contribution (the fair value of the properties) at \$6,770,000. The Plan entered into leases for the contributed properties for 20 years. The annual rent for the year ending December 31, 2022 was approximately \$763,000. An independent fiduciary managed the properties on behalf of the Plan, and the fiduciary negotiated the terms of the leases. Management believed that the contribution of the properties to the Plan and subsequent leaseback of those properties was exempt from the prohibited transaction prohibitions pursuant to Section 408(e) of ERISA and Section 4975(d)(13) of the IRC. On December 14, 2022, the two properties were sold for an aggregate amount of \$11,150,000 with a realized gain of \$364,645, net of expenses and release of security deposits. The leases were terminated as a result of this sale.

6. Fair Value Measurement

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

6. Fair Value Measurement (cont.)

Basis of Fair Value Measurement (cont.)

Money Market Fund - Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-ended mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund held by the Plan is deemed to be actively traded and is categorized as a Level 1 in the tables below.

Common Collective Trusts - The common collective trusts were valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the common collective trusts was based on information using the audited financial statements of the common collective trusts at year-end. The investment income (loss) is allocated to the Plan based on its proportionate share of the net assets of the fund. The Plan did not hold any common collective trusts at December 31, 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methods or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

<i>December 31, 2023</i>	Level 1		Level 2		Level 3		Total
Money market fund	\$	2,129,083	\$	-	\$	-	2,129,083
Total investments at fair value	\$	2,129,083	\$	-	\$	-	2,129,083
<i>December 31, 2022</i>	Level 1		Level 2		Level 3		Total
Money market fund	\$	15,217,942	\$	-	\$	-	15,217,942
	\$	15,217,942	\$	-	\$	-	15,217,942
Common collective trusts measured at NAV*							65,970,033
Total investments at fair value					\$		81,187,975

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022.

<i>December 31, 2022</i>	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 65,970,033	n/a	Daily	Daily

7. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits was determined by an independent actuary and represented the amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits of the Plan as of January 1, 2022, is as follows:

<i>January 1,</i>		<i>2022</i>
Vested benefits		
Participants currently receiving payments	\$	57,958,949
Other participants		25,054,690
		83,013,639
Non-vested benefits		-
Total	\$	83,013,639

Changes in the actuarial present value of accumulated plan benefits are as follows:

<i>January 1,</i>		<i>2022</i>
Actuarial present value of accumulated plan benefits, January 1	\$	79,883,826
Benefits paid		(5,866,196)
Benefits accumulated and actuarial experience		(1,467,798)
Change in actuarial assumptions		5,846,763
Interest due to the decrease in the discount period		4,617,044
Actuarial present value of accumulated plan benefits, January 1 of following year	\$	83,013,639

Significant actuarial assumptions and the method used in the valuations as of January 1, 2022, are as follows:

Mortality	BlueLinx Custom Table with MP-21 Projection for annuitants, and RP14 Base Table with MP-21 Projection for non-annuitants
Discount rate	5.20% compounded annually
Retirement age	100% retirement at age 65
Cost method	Unit Credit

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. As described in Note 11, the decision to terminate the Plan was made after the January 1, 2022 valuation date. The computations of the actuarial present value of accumulated plan benefits were not made as of January 1, 2023. Had the valuations been performed as of that date, there would be no material differences.

8. Party-In-Interest Transactions

Certain investments are managed by Willis Towers Watson Public Limited Company, which is related to the Plan's actuary. Principal and its affiliates perform services, sell products and maintain certain investments of the Plan for which fees are charged to the Plan. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

9. Tax Status

The Plan was amended and restated effective January 1, 2017. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated February 13, 2018, that the amended and restated Plan and its underlying trust qualify under the applicable provisions of the Internal Revenue Code (IRC) and, therefore, are exempt from federal income taxes. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress except as noted above.

10. Risks, Uncertainties, and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties, inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

At December 31, 2023, 100 percent of the Plan's investments were invested in the Principal/Blackrock Short-Term Investment Fund SI. At December 31, 2022, approximately 23 percent of the Plan's investments were invested in IR+M Intermediate Corporate Collective Class B Fund and approximately 34 percent of the Plan's investments were invested in Willis Towers Watson Group Trust Long Credit Fund.

11. Plan Termination

The Administrative Committee of BlueLinx Corporation Hourly Retirement Plan approved a plan of liquidation on November 18, 2022, and the Plan terminated on December 31, 2022. On that date, the accrued benefits of all participants became 100% vested. Plan participants with an accrued lump sum benefit below \$5,000 will automatically receive a lump sum payment shortly after the election period and will not be eligible to receive an annuity. Plan participants with an accrued lump sum benefit greater than \$5,000 will be given the opportunity to elect to receive a lump sum payment from the Plan. The remaining Plan participants will receive annuity payments through the purchase of the group annuity contract.

12. SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements.

13. Subsequent Events

Management has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through May 21, 2025, which is the date the financial statements were available to be issued.

14. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

<i>December 31,</i>		2023		2022
Net assets available for benefits per the financial statements	\$	779,580	\$	78,354,246
Add: accrued expenses		825,330		2,757,035
Net assets available for benefits per Form 5500	\$	1,604,910	\$	81,111,281

The following is a reconciliation of net decrease per the financial statements to net loss per Form 5500:

<i>December 31,</i>		2023		2022
Net decrease per financial statements	\$	(77,574,666)	\$	(26,635,656)
Accrued expenses		(1,931,705)		2,757,035
Net loss per Form 5500	\$	(79,506,371)	\$	(23,878,621)
