Independent Auditor's Report

To,
The Participants and the Plan Administrator,
Tata Elxsi 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the accompanying financial statements of Tata Elxsi 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and December 31, 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023, and December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institutions or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institutions or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from qualified institutions as of December 31, 2023, and December 31, 2022, and for the years ended December 31, 2023, and December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's responsibilities for the audit of the financial statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audits of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We

believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed

in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters - supplemental schedules required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2023, and Schedule H, Part IV, Line 4a – Schedule of delinquent participant contributions for the year ended December 31, 2023 (under supplemental information), are presented for purposes of additional analysis and not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that is agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

(All amounts are in United States Dollars unless otherwise stated)

NOTE 1: DESCRIPTION OF PLAN

The following brief description of the Tata Elxsi 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established on January 06, 2012, and restated on January 01, 2022. The Plan is a defined contribution plan covering all eligible employees of the adopting employer, Tata Elxsi Limited (“the Plan Sponsor/ Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Change in trustee and recordkeeper

Effective January 01, 2022, the Plan transitioned trustee services from Ascensus Trust Company (“Ascensus”) to Reliance Trust Company (“Reliance”) and recordkeeping services from Ascensus, LLC to ADP Retirement Services (“ADP”). The Plan assets were transitioned into ADP, and these changes were completed during the Plan year ended December 31, 2022.

Eligibility

All the employees of the Company are eligible to participate in the Plan subject to the eligibility requirements and exclusions mentioned in the Plan document.

Contributions

Eligible employees may contribute up to up to the annual limit determined by the Internal Revenue Code (“IRC”). Effective January 01, 2022, eligible employees may contribute up to 90% of their eligible compensation up to the annual limit determined by the IRC. Additionally, Effective January 01, 2022, the Plan permitted Roth elective deferrals in addition to elective deferrals and rollover contributions. A participant may elect to increase, decrease, or suspend deductions according to procedures established by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. There is an annual limit as to the amount that can be contributed that is determined by the IRC.

Effective January 01, 2022, the Company will make a safe harbor matching contribution equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation.

Participant accounts

Each participant’s account is credited with their deferral contributions, the Company’s safe harbor matching contribution, and Plan earnings or losses offset by withdrawals and Plan administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Upon retirement, disability, death, or termination, a participant or beneficiary will receive a lump-sum distribution.

Tata Elxsi 401(k) Plan

Financial Statements

December 31, 2023, and December 31, 2022

Administration

Tata Elxsi Limited serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions that may affect eligibility for benefits. For the years ended December 31, 2023, and December 31, 2022, the Plan administrator engaged Reliance Trust Company and Ascensus Trust Company, respectively, as trustees and ADP Retirement Services and Ascensus, LLC, respectively, as record-keepers to assist in the administration of the Plan.

Plan expenses

Some expenses incurred for administering the Plan are paid by the Company, and these amounts are excluded from the Plan's financial statements. Recordkeeping fees and participant loan fees (loan setup and loan maintenance fees) are recorded as a reduction of investment income and charged to participant accounts. Expenses relating to investment management are paid directly by the respective investment vehicles and are included in net gains and losses in the fair value of investments.

	Year ended	
	December 31, 2023	December 31, 2022
Recordkeeping fees	743	3,471
Investment advisory and investment management fees	7,292	2,312
Total	8,035	5,783

Vesting

Participants are immediately vested in their own contributions and safe harbor matching contributions, plus actual earnings thereon.

Investment options

Upon enrollment in the Plan, a participant may direct contributions to any of the investment options offered by the Plan. There is no limit to how often a participant may change their investment options.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The loans are collateralized by the balance in the participant's account and bear interest at prime plus 1% on the date of loan origination. Principal and interest are paid ratably through monthly payroll deductions over a period not to exceed five years. If the proceeds are used to construct or rehabilitate a participant's principal residence, the Plan Administrator may permit a longer repayment term. Principal and interest repaid are reinvested based on the participant's present investment allocation selection. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, and their carrying value approximates fair value. As of December 31, 2023, the interest rates on outstanding loans varied from 4.25% to 9.50%. No loans were in default as of December 31, 2023. There was no allowance on notes receivable from participants as of December 31, 2023, and December 31, 2022.

Benefit payments

Benefits are paid upon retirement (age 65), death, disability, or termination of employment. Upon termination of service, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Tata Elxsi 401(k) Plan

Financial Statements

December 31, 2023, and December 31, 2022

Distributions from the Plan will normally be subject to income taxes and, in certain circumstances, may also be subject to IRS penalties unless the distribution is transferred to another qualified plan or individual retirement account.

Hardship withdrawals

A participant may apply to the Plan Administrator for a hardship withdrawal at any time.

This withdrawal must be for an immediate financial need for which funds are not reasonably available from other resources. Hardships include post-secondary educational expenses for the participant or their dependents, medical expenses to the extent not otherwise reimbursed under the Company's medical programs, expenses for the purchase of a principal residence or material alterations thereto, payments to prevent eviction from or foreclosure on a principal residence and burial or funeral expenses for the participant's parent, spouse, children, or dependents.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates in financial statements

The preparation of financial statements in conformity with GAAP requires the use of management estimates. These estimates are subjective in nature and involve assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of investment income and deductions during the plan year. Actual results could differ from those estimates.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of any Plan termination, Plan assets will be distributed in accordance with the Plan document.

Investment valuation and income recognition

Investments in mutual funds and common/collective trusts are valued at quoted market prices or contract value, wherever applicable, as provided by the trustees. Net appreciation (depreciation) in the value of mutual funds and common/collective trusts represents the change in fair value or contract value, wherever applicable, during the year, including realized and unrealized gains and losses. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Basis of fair value measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework

Tata Elxsi 401(k) Plan

Financial Statements

December 31, 2023, and December 31, 2022

provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used to measure investment assets at fair value. There have been no changes in the methodologies used as of December 31, 2023, and December 31, 2022.

Mutual funds: Valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price, which is actively traded.

Common/collective trusts: Units held in common/collective trusts ("CCT") are valued using the NAV practical expedient of the CCT as reported by the issuer of the CCT. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The CCT may be redeemed at NAV daily without restrictions.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Contributions

Participant contributions are recorded in the period the employer makes the payroll deduction.

Tata Elxsi 401(k) Plan

Financial Statements

December 31, 2023, and December 31, 2022

Payment of benefits

Benefits are recorded when paid. Excess participant contributions payable generally represent the distribution of certain assets to employees for the Plan to comply with ERISA nondiscrimination rules.

Corrective distributions

Corrective distributions are those contributions that were ineligible for the Plan year.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability.

NOTE 3: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 4: INFORMATION CERTIFIED BY ASCENSUS TRUST COMPANY AND RELIANCE TRUST COMPANY ("TRUSTEES") (UNAUDITED)

The following is a summary of the Plan's asset information as of December 31, 2023, and December 31, 2022, and for the years ended December 31, 2023, and December 31, 2022, included throughout the Plan's financial statements and supplemental schedules as of and for the year ended December 31, 2023, prepared by or derived from information provided by Reliance Trust Company and Ascensus Trust Company ("trustees") and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustees that the information provided to the Plan administrator by the trustees related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets:

Net gain (loss) on fair value of investments	312,529	(171,091)

NOTE 6: FAIR VALUE MEASUREMENTS

The following tables are presented by level within the fair value hierarchy, the plan investment assets at fair value, as of December 31, 2023, and December 31, 2022. As required by ASC Topic 820, *Fair Value Measurements and Disclosures*, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's policy is to recognize significant transfers between levels at the Plan's year-end. The tables below set forth by level within the fair value hierarchy are a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2023, and December 31, 2022:

NOTE 8: INCOME TAX STATUS

For the years ended December 31, 2023, and December 31, 2022, the Plan Sponsor entered into a non-standardized arrangement of the *ADP, LLC, Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA*. ADP, LLC has received an opinion letter from the IRS dated October 06, 2020, which stated that the form of the non-standardized pre-approved plan and related trust was designed in accordance with applicable sections of the IRC. It is the opinion of the Plan trustee and the Plan's attorney that the Plan is in compliance with all applicable laws and regulations.

U.S. generally accepted accounting principles require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, and December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has

Tata Elxsi 401(k) Plan

Financial Statements

December 31, 2023, and December 31, 2022

recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: PARTY-IN-INTEREST TRANSACTIONS

Ascensus Trust Company and Reliance Trust Company serve as the directed trustees of the Plan. Ascensus LLC and ADP Retirement Services provided record-keeping services to the Plan and may receive payments from some investments; therefore, these transactions qualify as party-in-interest transactions. The Plan has other service providers. Party-in-interest transactions also include loans made to participants.

All these transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 10: DELINQUENT PARTICIPANT CONTRIBUTIONS

Due to unintentional delays, the Company deposited payroll withholdings, including loan repayments, after the time frame deemed to be within DOL regulations for timely remittances. Using the DOL guidelines for late deposits, the Company corrected Plan years 2020 and 2019 delinquent contributions by calculating and remitting lost earnings to the affected participant accounts to compensate those participants during Plan year 2023. The Company will make contributions to the affected participant accounts for Plan year 2021 and 2020, to compensate those participants by remitting lost earnings, using the DOL guidelines for late deposits.

Plan year	Total delayed contributions	Delays corrected	Delays not corrected
2021	\$12,596	-	\$12,596
2020	\$37,165	\$28,061	\$9,104
2019	\$36,487	\$36,487	-

NOTE 11: RECLASSIFICATION

The previous year's figures have been restated, regrouped, reworked, or reclassified wherever required; however, this has no impact on net assets available for benefits.

NOTE 12: SUBSEQUENT EVENTS

The Plan evaluated all events and transactions that occurred after December 31, 2023, through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements.
