Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of Central Carolina Air Conditioning Co., LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Carolina Air Conditioning Co., LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

401(k) PLAN

Notes to Financial Statements

NOTE 1 - Description of the Plan

The following description of the Central Carolina Air Conditioning Co., LLC (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined-contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan sponsor determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in the safe harbor Company-match-contribution portion of their accounts plus actual earnings thereon. Any discretionary matching or other employer contribution vests on a six-year graded schedule. A participant is 100 percent vested if while employed with Central Carolina Air Conditioning Co., LLC, the employee dies, becomes disabled or reaches early retirement age.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance not to exceed \$50,000. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1% as determined on the first business day of the month before the loans originated by the Plan Administrator, and range from 4.25% - 9.50%. Principal and interest are paid ratably through weekly or monthly payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive a lump-sum payment. In-service distributions may be made to participants who have reached 59 1/2 years of age. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Forfeited Accounts - Forfeitures from non-vested participant accounts may be used to offset future Company contributions or pay administrative expenses. During the years ended December 31, 2023 and 2022, no forfeitures were used for such purposes. Forfeited non-vested accounts totaled \$8 at December 31, 2023. No amounts were held in forfeited non-vested accounts at December 31, 2022.

401(k) PLAN

Notes to Financial Statements

NOTE 1 - Description of the Plan (Continued)

Contributions - Each year, participants may contribute a portion of pre-tax annual compensation or after-tax annual compensation subject to a maximum amount as provided by the Secretary of the Treasury. Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options offered through the Plan. The Company contributes \$1 for every \$1 contributed to the Plan by each participant up to three percent of each participant's compensation then \$0.40 for every \$1 contributed to the Plan by each participant that exceed three percent of each participant's compensation but not in excess of five percent of each participant's compensation. The employer may make a discretionary profit-sharing contribution to be allocated to each eligible participant. No profit-sharing contributions were made for the years ended December 31, 2023 and 2022.

NOTE 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable - Amounts payable to participants as of the end of the plan year for contributions in excess of amounts allowed by the IRS and not repaid by March 15 following the plan year end are recorded as a liability with a corresponding reduction to contributions. The plan distributed excess contributions to the applicable participants prior to March 15, 2024 and 2023, respectively.

Investment Valuation and Income Recognition - Investments held by a defined contribution plan are required to be reported. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

NOTE 2 - Summary of Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan sponsor and are not included in the accompanying financial statements. Fees related to the administration of notes receivables from participants and participant withdrawals are charged directly to the participant's account and are included in administrative expenses. Expenses not paid by the Plan Sponsor are paid using the Plan's Assets and will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocation depends on the nature of the expense itself.

NOTE 3 – Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's trustee, American Trust Custody, has certified that the investments and related income reflected in the accompanying financial statements and supplemental schedule are complete and accurate.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for the identical assets or liabilities in active markets that the Plan has the ability to access.

(Continued)

CENTRAL CAROLINA AIR CONDITIONING CO., LLC
401(k) PLAN

Notes to Financial Statements

NOTE 4 - Fair Value Measurements (Continued)

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Reported at fair value using net asset value per share (or its equivalent) as a practical expedient and not classified in the fair value hierarchy in accordance with ASC Subtopic 820-10. The fair values presented in the hierarchy tables are intended to permit reconciliation of the fair value hierarchy to the investments at fair value as presented in the Statements of Net Assets Available for Benefits.

The preceding methods may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2023, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 - Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2023 and 2022, respectively. There are certain participant redemption restrictions for the investments with respect to exchanges in investment options. Transferred investment funds must be held in a non-competing investment option for 90 days before subsequent transfer to a competing fund can occur. There are no participant redemption restrictions over withdrawals for this investment; the redemption notice period is applicable only to the Plan.

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

NOTE 5 - Tax Status

The Plan, which is a prototype, obtained its latest determination letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. . Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not the position would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Notes to Financial Statements

NOTE 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 10 - Subsequent Events

Subsequent Events - For the year ended December 31, 2023, the Company evaluated subsequent events for potential recognition and disclosure through April 22, 2025, the date the financial statements were available to be issued.

NOTE 11 – Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by American Trust Custody, their subsidiaries, and/or affiliated companies. Therefore, these transactions qualify as party-in-interest transactions.

American Trust Custody and its subsidiaries provide certain services to the Plan. The Plan receives revenue sharing payments from mutual fund service providers, which are used to offset fees paid by the Plan. Fees in excess of the revenue sharing credits are allocated to participants and expensed.

All of the party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 12 - Restatements and Reclassifications

The 2022 Statement of Net Assets Available for Benefits was revised to reflect receivables for employer and employee contributions originally included in investments at December 31, 2022. See Note 6 for the reconciliation of the financial statements to Form 5500.

In addition, the 2022 Statement of Net Assets Available for Benefits was revised to separately state cash and equivalents and investments measured at net asset value that were previously included in the total investments measured at fair value. See Note 4 for discussion of fair value measurements.

The effect of the restatement had no impact on total assets or the change in net assets as of and for the year ended December 31, 2022.
