(1) Name: **BODWELL VASEK WELLS DESIMONE LLP**

(2) EIN: **85-3678722**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X

REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator and Committee of the
eVerge Interests, Inc. Employee Stock Ownership Plan

Opinion

We have audited the financial statements of eVerge Interests, Inc. Employee Stock Ownership Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, information regarding the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("DOL Rules"). Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL Rules.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL Rules.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 and 2023

A. Description of the Plan

General

The following brief description of the eVerge Interests, Inc. Employee Stock Ownership Plan (the “Plan” or “ESOP”) is provided for general information purposes only. Participants should refer to the plan agreement for a complete description of the ESOP’s provisions.

The amended and restated provisions of the Plan became effective as of January 1, 2003. The Plan was subsequently amended and restated January 1, 2014, and January 1, 2022. Upon restatement in January 2022 the Plan became frozen, suspending any further contributions and cash distributions. The Plan was designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (“IRC”) and was subject to the applicable provisions of Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration of the Plan is the responsibility of eVerge Interests, Inc. (the “Company”). A committee, appointed by the Company’s board of directors, has the duty and responsibility for directing the administration of the Plan. The committee is comprised of members of the Company’s board of directors, participants, or employees of the Company. The Trustee of the Plan is Esteban Neeley.

Eligibility and Participation

The Plan primarily enables eligible employees of the Company and its subsidiary (eVerge Group, LLC) to accumulate an indirect ownership interest in the Plan assets. Certain employee eligibility requirements, including annual employment duration, exist for participation in the Plan.

Participants who have attained age 21 and who have completed one year of service are eligible to participate in the Plan.

Contributions

The Company may make discretionary employer contributions to the Plan as authorized annually by its Board of Directors either in cash, Company stock, or a combination of both. Participants must be: (1) employed on the last day of the year, and complete 1,000 hours of service during the year, in order to share in the allocation of contributions for the applicable Plan year. For the years ended December 31, 2024 and 2023 there were no discretionary contributions authorized or made to the Plan.

EVERGE INTERESTS, INC.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

A. Description of the Plan – continued

Participant Accounts

The ESOP is a defined contribution plan under which separate individual accounts are established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of common stock released by the ESOP administrators from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees as of the last day of the Plan year and has accumulated 1,000 or more hours of service during the Plan year will receive an allocation.

Vesting

Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

Benefit Payments

The Plan provides that distributions to participants or their designated survivors must begin no later than one year after the close of the Plan year in which the participant separates from service from the employer due to death, disability, or after attaining normal retirement age. If a participant separates from service from the employer for any other reason, and the participant is not reemployed by the end of the fifth Plan year following the Plan year from which they separated from service, distribution of their account will commence as soon as administratively feasible during the sixth Plan year following the Plan year in which they separated from service. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Effective January 1, 2022, the Plan was frozen, and cash benefit payments were suspended.

EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS (continued)

A. Description of the Plan – continued

Forfeitures

Forfeitures of the non-vested portion of a terminated participant's account are reallocated to eligible participants based on the participant's eligible compensation as a percent of total eligible compensation of all participants during the Plan year. Forfeitures reallocated to participants for the years ended December 31, 2024 and 2023 were \$0. There were no forfeitures used to pay Plan expenses during the years ended December 31, 2024 and 2023. There are no unallocated forfeitures at December 31, 2024 or 2023.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution or a direct transfer to another Company qualified plan. The election to diversify is made within ninety days after the close of each Plan year and based upon the shares of employer stock in the participant's account at year-end.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan’s valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

**EVERGE INTERESTS, INC.
EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS (continued)

C. Fair Value Measurement

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Common stocks are valued based on independent valuation using an appraised value method. See valuation methodologies below.

The Plan uses a combination of the income and market valuation methodology for the fair value measurements and adjusts that value for a lack of marketability with a premium for control. The Plan endeavors to use the best information available in arriving at fair value, and Plan management reviews the valuation process on an annual basis with the assistance of an independent third-party valuation firm. Accordingly, valuation techniques that maximize the use of observable inputs are favored.

There have been no changes in the methodologies used at December 31, 2024. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Common stock	\$ -	\$ -	\$ 1,583,948	\$ 1,583,948
Total investments at fair value	\$ -	\$ -	\$ 1,583,948	\$ 1,583,948

**EVERGE INTERESTS, INC.
EMPLOYEE STOCK OWNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS (continued)

C. Fair Value Measurement – continued

	2023			
	Level 1	Level 2	Level 3	Total
Common stock	\$ -	\$ -	\$ 970,030	\$ 970,030
Total investments at fair value	\$ -	\$ -	\$ 970,030	\$ 970,030

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2024 and 2023, there were no significant transfers between levels.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31:

	2024	2023
Beginning balance	\$ 970,030	\$ 905,746
Unrealized gains relating to instruments still held at the reporting date	613,918	64,284
Ending balance	\$ 1,583,948	\$ 970,030

The following table presents additional information about valuation methodologies and unobservable inputs used for investments that measured at fair value and categorized within Level 3 as of December 31, 2023:

Instrument	Fair Value	Valuation Technique	Unobservable Input

NOTES TO FINANCIAL STATEMENTS (continued)

C. Fair Value Measurement – continued

The following table presents additional information about valuation methodologies and unobservable inputs used for investments that measured at fair value and categorized within Level 3 as of December 31, 2022:

<u>Instrument</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Unobservable Input</u>
Common Stock	\$ 970,030	Income	Discounted net cash flow
		Market	Guided public company multiples

D. Tax Status

The Plan obtained its latest determination letter dated March 14, 2018, in which the Internal Revenue Service (“IRS”) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter.

Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

E. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant’s accounts will become 100% vested.

NOTES TO FINANCIAL STATEMENTS *(continued)*

F. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

Certain Plan investments are shares of common stock of eVerge Interests, Inc. eVerge Interests, Inc. is the sponsor for the Plan and, therefore, these transactions qualify as party-in-interest transactions. In connection with the periodic distribution of benefits, the Plan can receive an advance from the Company to fund the distribution of benefits to participants in cash. The Company will offset the liability with future contributions to the Plan. During 2024 and 2023 no contributions were made to the Plan.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through May 27, 2025, the date the financial statements were available for issuance.
