INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants of A.S.C.I. Profit Sharing Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of A.S.C.I. Profit Sharing Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of October 10, 2023, and the related statement of changes in net assets available for benefits for the period then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of October 10, 2023, and for the period then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit section:

- The amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2022 Financial Statements

The statement of net assets available for benefits as of December 31, 2022 was compiled by us; we did not audit or review the statement and, accordingly, do not express an opinion on the 2022 financial statements.

**A.S.C.I. PROFIT SHARING SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
OCTOBER 10, 2023 AND DECEMBER 31, 2022**

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the A.S.C.I. Profit Sharing Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

(a) General

The Plan, established on October 1, 1985, was amended and restated on January 1, 2022, is a defined contribution plan covering all eligible employees of Advanced Systems Concepts, Inc. (the “Employer” or “Plan Sponsor”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Effective August 31, 2023, the Plan merged into the Redwood Software, Inc. 401(k) Plan and assets totaling \$5,805,165 transferred to the Redwood Software, Inc. 401(k) Plan on October 10, 2023.

(b) Eligibility

Substantially all employees of the Employer were eligible immediately to participate in the Plan following age 21 years old.

(c) Contributions

Participants were able to contribute a portion of their annual compensation (as defined by the Plan Agreement) on a pre-tax basis and after-tax Roth basis up to limitations established within the Internal Revenue Code (“IRC”). Participants who had attained age 50 before the end of the year were eligible to make catch contributions.

The Plan had a safe harbor matching employer contribution that calculated not less than 3% of Plan compensation. The Company may also make non-elective employer contributions. During 2023, the Company did not elect to make a non-elective employer contribution.

(d) Investment Options

Participants were able to direct the investment of their contributions into investment options offered by the Plan.

(e) Participant Accounts and Vesting

Each participant's account was credited with the participant's contributions and an allocation of the Employer's matching contributions and Plan earnings. Allocations were based on participant deferral contributions or annual compensation, as defined. The benefit to which a participant is entitled was the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

(e) Participant Accounts and Vesting (Continued)

Participants were immediately vested in their contributions, safe harbor employer matching contributions and any earnings thereon. Non-elective employer contributions and the earnings thereon were subject to the following graduated vesting schedule:

<u>Vesting Service (Years)</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	50%
4	60%
5	100%

(f) Forfeitures

Forfeitures of Employer contributions were used to pay Plan expenses or offset future Employer contributions to the Plan. The forfeiture balance was insignificant at October 10, 2023 and December 31, 2022 (unaudited).

(g) Notes Receivable from Participants

Eligible participants were able to borrow an amount up to the lesser of 50% of the participant's vested account balance or \$50,000. Each participant is limited to two outstanding notes receivable at a time. The notes receivable from participants were collateralized by the balance in the participants' accounts. Principal and interest was paid ratably through payroll deductions.

(h) Payment of Benefits

A participant's contributions and company contributions were able to be withdrawn upon termination of service, death, disability, retirement, age 59.5 or proof of hardship. A participant would receive their benefits as a lump sum amount equal to the value of the participant's vested interest in his or her account, unless they elected to receive their benefits in the form of installments.

(i) Administrative Expenses

Administrative expenses of the Plan were paid by the Employer. Expenses that related solely to a participant were assessed against such participant as provided in the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan followed accounting standards set by the Financial Accounting Standards Board (“FASB”). The FASB sets accounting principles generally accepted in the United States of America (“GAAP”).

(b) Contributions

Contributions from Plan participants and the matching contributions from the Company were recorded in the year in which the employee contributions were withheld from compensation.

(c) Use of Accounting Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(d) Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of October 10, 2023 and December 31, 2022 (unaudited). If a participant ceased to make loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

(e) Valuation of Investments and Income Recognition

The investments of the Plan were reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the “exit price”).

Purchases and sales of securities were recorded on a trade date basis. Dividends were recorded on the ex-dividend date. Interest income was recorded on the accrual basis. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

(f) Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Payment of Benefits

Benefits were recorded when paid.

NOTE 3 – INVESTMENTS (Unaudited)

The Plan Administrator had elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Equitable, the trustee, provided certification that the financial information included in the financial statements as of October 10, 2023 and for the period then ended provided to the Plan was complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements as of October 10, 2023, and for the period then ended, was covered by such certification and has not been audited by independent auditors.

NOTE 4 – FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Basis of Fair Value Measurement (Continued)

Following was a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 (unaudited).

Mutual Funds

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value ("NAV") as of December 31, 2022 (unaudited). It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

Total Plan's investments within the fair value hierarchy were Level 1 and \$3,995,954, as of December 31, 2022 (unaudited)

NOTE 5 - GUARANTEED INTEREST OPTION

The Plan had a fully benefit-responsive group variable annuity contract with Equitable, which was called the Guaranteed Interest Option ("GIO"). Equitable maintained the contributions in a general account, which was credited with earnings and charged for participant withdrawals and administrative expenses.

Because the GIO was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. The GIO was presented on the face of the Statement of Net Assets Available for Benefits at contract value. Contract value represents contributions made under the GIO, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limited the Plan's ability to transact at contract value with Equitable. Such events included the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believed that the occurrence of events that would cause the Plan to transact at less than contract value was not probable. Equitable may not terminate the contract at any amount less than the contract value.

Equitable was contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate was based on a formula agreed upon with Equitable. Such interest rates were reviewed on a monthly basis for resetting. The crediting rate of the product was established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate of 1.00%, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the GIO was derived by averaging the monthly gross interest rates for the fund over the year.

NOTES TO FINANCIAL STATEMENTS
OCTOBER 10, 2023 AND DECEMBER 31, 2022**

NOTE 5 - GUARANTEED INTEREST OPTION (Continued)

The are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the GIO at December 31, 2022 (unaudited) was \$308,018.

NOTE 6 – INCOME TAX STATUS

The Plan was based on the Non-Standardized Pre-Approved Profit Sharing Plan with CODA, which received a favorable opinion letter from the Internal Revenue Service (“IRS”), dated June 30, 2020 stating the Plan and related trust were designed in accordance with the provisions of the Internal Revenue Code (“IRC”). Accordingly, the trust’s net investment income was exempt from income taxes. The Plan had been amended since receiving the opinion letter. The Plan Administrator believed that the Plan was designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes had been included in the Plan’s financial statements.

NOTE 7 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allowed for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. These parties included investment advisory, recordkeeping and accounting services.

All investments were managed by Equitable, the trustee and contract holder of the Plan. These transactions qualified as party-in-interest transactions. Notes receivable from participants were also defined by ERISA as party-in-interest transactions.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 9 – SECURE ACT 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator determined the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions became effective in 2024 and thereafter. Accordingly, there was no material impact to the Plan’s 2023 financial statements.

NOTE 10 – SUBSEQUENT EVENTS

Management has reviewed subsequent events through May 19, 2025, the date the financial statements were ready to be issued.
