INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Alatus Aerosystems 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Alatus Aerosystems 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits in liquidation as of April 30, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits in liquidation for the final period ended April 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 30, 2024 and December 31, 2023 and for the final period ended April 30, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note 1 to the financial statements, the Plan Administrative Committee terminated the Plan effective July 15, 2023, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from an ongoing basis used in presenting the prior financial statements to the liquidation basis used in presenting these financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

ALATUS AEROSYSTEMS 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

APRIL 30, 2024

NOTE 1 – Description of the Plan

The following description of the Alatus Aerosystems 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan which covered substantially all employees of Alatus Aerosystems and Aero Master Forming (collectively, the Company) who had completed two months of service and were age 18 or older. Certain collective bargaining unit employees, nonresident aliens, reclassified employees, leased employees, and residents of Puerto Rico were excluded from the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrative Committee was responsible for oversight of the Plan, determined the appropriateness of the Plan's investment offerings, and monitored investment performance.

Plan Termination

In June 2023, the Plan Administrative Committee approved a resolution to terminate the Plan effective July 15, 2023. In connection with the Plan termination, the Plan was frozen to new entrants, all contributions and loan repayments ceased, and all employees became 100% vested in their accounts. Plan assets were distributed in full during the final period ended April 30, 2024.

Contributions

Prior to July 15, 2023, participants could contribute up to 100% of pre-tax annual compensation, as defined in the Plan. In addition, participants could elect to make after-tax contributions (Roth) to the Plan of up to 100% of eligible compensation. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan. Prior to July 15, 2023, the Company could make discretionary matching and/or profit-sharing contributions to the Plan at the option of the Company's Board of Directors. The Company's contributions were invested as directed by the participant. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

ALATUS AEROSYSTEMS 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
APRIL 30, 2024

NOTE 1 – Description of the Plan (Continued)

Participant Accounts

Each participant's account was credited with the participant's contributions and the Company's discretionary matching and profit-sharing contributions and qualified nonelective contributions. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contribution portion of their accounts was based on years of continuous service. A participant was 100% vested after three years of credited service.

Effective with the plan termination amendment on July 15, 2023, all participants became 100% vested in their accounts.

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account. The loan interest rate was set at 2% above the prime rate, as defined. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant could elect to receive either a lump-sum amount or a partial payment equal to the value of the vested interest in the participant's account.

NOTES TO THE FINANCIAL STATEMENTS
APRIL 30, 2024

NOTE 1 – Description of the Plan (Continued)

In-Service Withdrawals

Participants who were at least 59-½ years of age were entitled to receive a distribution of all or any portion of their vested account balance, excluding earnings.

Hardship withdrawals, which met a hardship purpose of immediate and heavy financial need, were permitted as provided in the plan agreement. Such amounts could be drawn from a participant's vested account balance and could be subjected to certain income tax penalties.

Forfeited Accounts

At December 31, 2023, forfeited nonvested accounts totaled \$57,917. Forfeited nonvested accounts could be used to pay administrative expenses or to reduce employer contributions. During the final period ended April 30, 2024, forfeited nonvested accounts of approximately \$54,000 were used to pay administrative expenses and approximately \$5,000 of forfeited nonvested accounts were used to reduce other employer contributions. There were no forfeited nonvested accounts at April 30, 2024.

NOTE 2 – Summary of Accounting Policies

Basis of Accounting

As described in Note 1 to the financial statements, the Plan was terminated on July 15, 2023. As a result, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), the Plan used the liquidation basis of accounting. The use of the liquidation basis of accounting did not have a significant impact on the accompanying financial statements.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrative Committee determined the Plan's valuation policies utilizing information provided by the investment advisers, the custodian, and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses had been recorded as of December 31, 2023.

Payment of Benefits

Benefits were recorded when paid.

Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment-related expenses were included in net appreciation of fair value investments.

Subsequent Events

The Plan has evaluated subsequent events through May 19, 2025, the date the financial statements were available to be issued.

NOTE 3 – Certified Investments

The plan administrator elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company and Newport Trust Company, LLC (collectively, Ascensus), the custodian of the Plan, have certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends and interest

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 – Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Money market fund: Valued at cost plus accrued interest, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value measurements at December 31, 2023.

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,005,784	\$ -	\$ -	\$ 14,005,784
Money market fund	274,552	-	-	274,552
Investments at fair value	<u>\$ 14,280,336</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,280,336</u>

NOTE 5 – Related-Party and Party-in-Interest Transactions

Certain plan investments were held by Ascensus. Ascensus was the custodian of the Plan and Vanguard Group Inc. was the recordkeeper of the Plan, therefore, these transactions qualified as party-in-interest transactions. Fees incurred by the Plan for investment management services were included in net appreciation in fair value of the investment, as they were paid through revenue sharing, rather than a direct payment.

Vanguard Group Inc. and Ascensus received direct compensation of \$24,683 and \$22,793, respectively, for administrative services, which was paid by the participants through the Plan. The Plan also paid \$13,823 and \$49,500 in investment advisory and audit fees, respectively, to other parties-in-interest. The plan sponsor paid directly any other fees related to the Plan’s operations.

NOTE 6 – Tax Status

On June 30, 2020, the IRS stated that the non-standardized pre-approved profit-sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

NOTE 6 – Tax Status (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 to the Form 5500:

Net assets available for benefits per the financial statements	\$ 14,408,805
Less other employer contribution receivable as of December 31, 2023	<u>(55,198)</u>
Net assets available for benefits per the Form 5500	<u>\$ 14,353,607</u>

The following is a reconciliation of net decrease per the financial statements for the final period ended April 30, 2024 to the Form 5500:

Net decrease per the financial statements	\$ (14,408,805)
Add other employer contributions as of December 31, 2023	<u>55,198</u>
Net loss per the Form 5500	<u>\$ (14,353,607)</u>
